# I-DEEPLearn SUMMER WORKSHOP

I-DeepLearn invites young women in grades 10-12 during the Fall of 2024 to experience Machine Learning (Artificial Intelligence) and Deep Learning (AI Processing) applications, specifically in healthcare. In this workshop, students will learn about these topics through a dynamic mix of hands-on programming projects and interactive discussions.

## DETAILS

📅 June 17<sup>th</sup> - June 21<sup>st</sup>, 2024

🕒 8:30 AM - 4:30 PM
