**Department of Computer and Electrical Engineering and Computer Science
Florida Atlantic University
Course Syllabus**

1. Course title/number, number of credit hours	
Component Programming with .NET COP 5595	3 credit hours
2. Course prerequisites, corequisites, and where the course fits in the program of study	
Prerequisites: Graduate standing	
3. Course logistics	
<i>Term:</i> <i>Class location and time:</i>	
4. Instructor contact information	
<i>Instructor's name</i> <i>Office address</i> <i>Office Hours</i> <i>Contact telephone number</i> <i>Email address</i>	
5. TA contact information	
6. Course description	
Microsoft .NET is explored as a component-based platform for programming Web and other applications.	
7. Course objectives/student learning outcomes/program outcomes	
<i>Course objectives</i>	Use the .NET platform as a vehicle to master component-based and object-oriented programming, especially in the modern IT context.
<i>program outcome</i>	An ability to apply design and development principles in the construction of software systems of varying complexity.
8. Course evaluation method	
Five assignments worth 20% each, and a 10 point optional Bonus Assignment.	
9. Course grading scale	
Grading Scale: 90 and above: "A", above 85 but below 90: "B+", 80-85: "B", above 75 but below 80: "C+", 70-75: "C", above 65 but below 70: "D+", 60-65: "D", above 55 but below 60: D-, 55 and below: "F."	
10. Policy on makeup tests, late work, and incompletes	
Assignments are to be submitted on time, with possible point penalties for late submissions. In no case will an assignment be accepted after the graded papers for that assignment have been returned to the students. However, appropriate accommodations will be made for students having a valid medical excuse for being unable to work on an assignment during its two week period.	

**Department of Computer and Electrical Engineering and Computer Science
Florida Atlantic University
Course Syllabus**

Unless there is solid evidence of medical or otherwise serious emergency situation incomplete grades will not be given.

11. Special course requirements

12. Classroom etiquette policy

University policy requires that in order to enhance and maintain a productive atmosphere for education, personal communication devices, such as cellular phones, are to be disabled in class sessions, and laptops are only to be used for note taking and related activities.

13. Attendance policy statement

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of non-attendance. Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations or participation in University-approved activities. Examples of University-approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances and debate activities. It is the student's responsibility to give the instructor notice prior to any anticipated absences and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.

14. Disability policy statement

In compliance with the Americans with Disabilities Act Amendments Act (ADAAA), students who require reasonable accommodations due to a disability to properly execute coursework must register with Student Accessibility Services (SAS) and follow all SAS procedures. SAS has offices across three of FAU's campuses – Boca Raton, Davie and Jupiter – however disability services are available for students on all campuses. For more information, please visit the SAS website at www.fau.edu/sas/

15. Counseling and Psychological Services (CAPS) Center

Life as a university student can be challenging physically, mentally and emotionally. Students who find stress negatively affecting their ability to achieve academic or personal goals may wish to consider utilizing FAU's Counseling and Psychological Services (CAPS) Center. CAPS provides FAU students a range of services – individual counseling, support meetings, and psychiatric services, to name a few – offered to help improve and maintain emotional well-being. For more information, go to <http://www.fau.edu/counseling/>

16. Code of Academic Integrity Policy Statement

Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty is considered a serious breach of these ethical standards, because it interferes with the university mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the university community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see [University Regulation 4.001](#).

**Department of Computer and Electrical Engineering and Computer Science
Florida Atlantic University
Course Syllabus**

17. Required texts/reading

- (1) *Pro C# 5.0 and the .NET 4.5 Framework, 6th Edition*, Andrew Troelsen, Apress, 2012.
- (2) Detailed documents posted on Blackboard.

18. Supplementary/recommended readings

Common Language Infrastructure (CLI), ECMA International, December 2010.

19. Course topical outline, including dates for exams/quizzes, papers, completion of reading

Topics:

1. Architecture of .NET as a component-based platform
2. Component and object-oriented programming with the C# Programming language
3. The Microsoft SQL Server DBMS
4. Embedding SQL in C# using ADO.NET and LINQ
5. Component-based Web programming with ASP.NET Web Forms and ASP.NET MVC
6. Web services with ASP.NET, WCF, and ASP.NET API

Assignments are given every two weeks.
