Subject: Changing prerequisites for courses

Colleagues:

I am attaching:

A summary of the prerequisite changes we want to make in 4 graduate courses (listed last in the attachments);

The course change forms for each;

Syllabi for 2 of them (EDG 6285 and EDG 7251).

Mary Lou informed me that EDG 6935 and EDG 7938, because they are seminar courses (with a "9" as the second number), do not require a syllabus to be attached. That is because they may have shifting topics, in line with seminars across the university.

The changes are, in a nutshell:

3 Courses need to have the prerequisites removed. One of them is a doctoral course and therefore needs to note a prerequisite of admission to a doctoral program (any), and permission of instructor.

1 Course needs to add 4 prerequisites because it is a culminating doctoral course.

Please review the course change forms and the two syllabi and let me know if there are any conflicts with your courses. Take care.

Hello Jim:

After reviewing the changes and course syllabi requested in your message, I do not think they will conflict with the courses or program requirements in the Counselor Education Department.

I reviewed the course prerequisite changes and syllabi for the graduate C&I courses. I do not see any conflict with the courses or curriculum in the ESE Department. Good luck with your revisions.

I hope you can find time to reply to this request, regarding course prerequisites, so that it can be considered at the GPC meeting. A reply by tomorrow afternoon would help that to happen. Thanks, and take care.
