POS: Where to Find

- Login to myfau.fau.edu and enter your FAU NetID and password
- Scroll down and click the Academic Success hyperlink bar on the left column
- Scroll down to Graduate Student Resources and click the MyPOS hyperlink bar

POS: What to Enter

- The POS keeps track of ALL courses taken toward fulfilling requirements of a graduate degree program
- The POS must match your actual registration EACH semester and should be updated accordingly
- The first step is to set the major and anticipated graduation term for your current graduate program
- The POS must be in chronological order beginning with the matriculation term (term of entry)
- The POS must fulfill all course/credit requirements for the degree that is being pursued
- The degree requirements for every graduate program are found in the FAU catalog
- Courses can fulfill the following sections: prerequisites/deficiency, completed, current, and future:
 - Prerequisite/Deficiency courses – Do NOT fulfill degree requirements
 - Completed courses – Do fulfill degree requirements and must have grades added
 - Current courses – Do fulfill degree requirements and should add grades as completed
 - Future courses – Do fulfill degree requirements and

POS: Tips and Tricks

- Always hit the save and continue button to save changes
- Use the navigational buttons at the top of the POS – they turn from red to green to indicate completion
- The sorting arrows above each course section on the POS will put them in chronological order
- The edit hyperlink next to each course allows you to make changes to courses already listed:
 - Can be used to add grades, change credit numbers, etc
 - Must hit update hyperlink when finished to save changes
- The Compliance Check looks for errors and issues that must be addressed:
 - If a mistake, go back to Courses to Fulfill Degree section and edit coursework
 - If not a mistake, click Create a Petition to provide a justification for non-compliance issues
- The Notes hyperlink found in the left column, allows you to add notes and/or attach files for any special circumstances, program approvals and/or explanatory situations
