April 1, 2016

MEMORANDUM

To: Dr. Jerome Haky, Chair
   University Undergraduate Programs Committee
From: Dr. Barbara Ridener, Chair
   Department of Teaching and Learning
Re: Changes to the Bachelor’s Degree in Elementary Education with ESOL Endorsement
Copy: Dr. Russ Ivy, Associate Provost
   Dr. Edward Pratt, Dean of Undergraduate Studies
   Dr. Valerie Bristor, Dean of the College of Education

The Department of Teaching and Learning in the College of Education was awarded a $4.3 million grant by the Florida Department of Education. The purpose of the grant is to create a Center of Excellence for Elementary Education by strengthening and revising the currently existing Bachelor’s Degree in Elementary Education with ESOL Endorsement.

Summary of Requested Changes: Three new content courses for elementary majors in science, mathematics and social studies will be added to the program. These courses will serve as prerequisites to existing methods courses in mathematics, science and social studies. A reading practicum will be added to complete requirements for a reading endorsement at graduation. The currently approved 123 credit (waiver) for program completion will be maintained by either deleting or changing the status of courses that are no longer relevant to state certification requirements. Deleted courses include MUE 4313, PET 4720C, EME 4810, and EDF 3610. EDG 3323 will be changed from 3 credits to 2 credits, EDE 4943 will be changed from 9-12 credits to 5-12 credits and EDE 4945 (spring) will be changed from 6-9 credits to 3-6 credits. Current GPA and Florida Teacher Certification General Knowledge Test requirements for official admission to the program remain in place. Documentation for all of the new courses and course changes described above is included along with this program change request.

In addition to the changes described above, three new required courses will be added, including EME 4312 Educational Technology for 21st Century Teaching, EEX 4616 Classroom Management for Inclusive Elementary Schools, and EDF 3203 Equity Issues in Multicultural Education (CCEI). These courses are currently under development. As a result, these course numbers have been provisionally assigned by the Office of the Registrar. There will be a phase in/phase out transition for students. These courses will be presented for approval during the fall 2016 semester. They are not scheduled to be offered until at least the spring 2017 semester. If needed prior to official approval, all three departments have agreed to offer the required content as special topics courses. The reason for our urgency in requesting university approval before the end of the spring 2016 semester is our need to get program approval from the Florida State Department of Education. We can apply for this state approval only after we have university approval, and then we must have the state approval before we are authorized to offer this degree program to students. We are hoping to submit documentation to the state for approval on July 15th. They only approve quarterly and require 1 month advance notice.

Need: Approval for these changes is needed to enhance FAU’s elementary teacher preparation program by increasing/improving content knowledge in core subject areas (mathematics, science, social studies, and English language arts/reading) for pre-service teachers in order to prepare
candidates for increased classroom success and advanced study. This increase in content knowledge and rigor is particularly important to prepare graduates for success teaching classrooms with continuously increasing rigor of standards and accountability.

Process: After several months of in-depth discussion and consultation with the T&L faculty, as well as representatives from all departments that might be affected by the requested changes, two plans were voted on by the T&L faculty.

**Plan 1** deleted MUE 4313 and PET 4720C and changed the status of EME 4810 and EDF 3610 to restricted electives. Also, this plan added EDG 4419 to the list of restricted electives and lowered the number of credits for EDE 4943 from 9-12 to 6-12 and EDE 4945 (spring term) from 6-9 to 3-6.

**Plan 2** deleted MUE 4313, PET 4720C, EME 4810, EDF 3610 and added three new 2-credit credit courses (under development), including EME 4312, EEX 4616, and EDF 3203. This plan also lowered the number of credits for EDG 3323 from 3 to 2 credits and lowered the number of credits for EDE 4943 from 9-12 to 5-12 and EDE 4945 (spring term) from 6-9 to 3-6.

Faculty of T&L, the department solely responsible for determining the curriculum required to complete the bachelor’s degree in elementary education, voted to support Plan 2 as follows: 20 out of 23 voted, 19 voted in support of Plan 2, and 1 voted in support of Plan 1. Among the T&L faculty who voted, the percentage who voted in support of Plan 2 = 95%.

**Rationale for Changes:** The Florida Department of Education (FDOE) has revised the content of the Florida Teacher Certification Examination (FTCE) Elementary Education Subject Area Examination. In addition, due to modifications in the scoring method, fewer students than in past test administrations, have achieved passing scores during their first attempts at completing the required examinations in both elementary education and associated content areas (mathematics, science, social studies, and language arts).

During the previous five administrations of the FTCE, first time overall passing rates ranged from 77% - 90%. However, since the first administration of the examination in spring 2015, only 56.4% of the students taking the FTCE for the first time were able to achieve overall passing scores.

Moreover, 155 students applied to complete their student teaching experience in spring 2016. Student teaching is the capstone class and a degree requirement. Passing the FTCE Elementary Education Examination is required in order to student teach. Out of the 155 students who applied, only 94 (60%) successfully passed all portions of the elementary examination to qualify to student teach. As a result, 61 (40%) of these students were negatively impacted by delaying their graduation, creating financial hardship to retake the examination multiple times, or causing them to pursue a General Studies degree and forego student teaching.

**Additional Rationale for Changes:** Service area school district representatives have indicated the need to provide extensive training in content for new teachers. After much discussion, it has been determined that after completing elementary school themselves, college students rarely experience the content they are expected to teach. This deficit often causes major gaps in the content knowledge required for the in-depth understanding of elementary level content that is essential to their ability to relate standards and sequence content instruction in a logical manner. The current program provides only one methods course in science, mathematics, and social studies. As a result, instructors are now required to devote a disproportionate amount of class time to providing content instruction prior to the much needed instruction in methodology.
Regarding the addition of a reading practicum, principal survey data indicates a significant need for new graduates to demonstrate the abilities to diagnose and remedy deficiencies in reading and mathematics. The majority of deficiencies in mathematics are directly related to problems with reading. With the addition of a reading practicum, the current elementary program will cover all standards required to award the reading endorsement at graduation. Representatives from service area districts have requested that FAU provide the endorsement to mitigate out-of-field teachers and eliminate the need for individual districts to provide courses for the reading endorsement. In addition, if graduates have already completed the endorsement, districts will automatically have an increased pool of candidates for reading position.

**New Courses Submitted with Program Change Memorandum:**

- **MAE 4310**  Mathematics Content and Standards for K-6 Teachers (2crs)
- **SCE 4113**  Science Content and Standards for K-6 Teachers (2crs)
- **SSE 4312**  Social Studies Content and Standards for K-6 Teachers (2crs)
- **RED 4348**  Supervised Literacy Practicum (3crs)

**New Courses Under Development: To be offered for approval the during fall 2016 semester:**

- **EME 4312**  Educational Technology for 21st Century Teaching (2crs)
- **EEX 4616**  Classroom Management for Inclusive Elementary Schools (2crs)
- **EDF 3203**  Equity Issues in Multicultural Education (2crs)

**Revised Courses:**

- **MAE 4350**  Principles and Methods: K-9 School Math (3crs)
- **SCE 4350**  Principles and Methods: K-9 School Science (3crs)
- **SSE 4150**  K-9 Social Studies (3crs)
- **RED 4308**  Reading Development 1: Birth through Grade 3 (3crs)
- **RED 4750**  Reading Development 2: Grade 3 through 8 (3crs)
- **EDG 3323**  Effective Teaching Practices 1 (2crs)
- **EDE 4943**  Student Teaching (one semester, 5-12crs)
- **EDE 4945**  Student Teaching (yearlong, spring semester 3-6crs)

**Deleted Courses:**

- **MUE 4313**  Music: Elementary School (2crs)
- **PET 4720C**  Physical Education: Elementary School (2crs)
- **EME 4810**  Applied Educational Technology (3crs)
- **EDF 3610**  Education in a Multicultural Society (3crs)

**Student Transition into Changed Program:** Students accepted as of fall 2016 will be admitted to the Bachelor’s Degree in Elementary Education with ESOL and Reading Endorsements. Previously admitted students, who have not graduated, will be offered the option to add the four new courses and earn the upgraded degree. All students admitted before the fall 2016 semester will be offered the option to complete the currently offered Bachelor’s Degree in Elementary Education with ESOL Endorsement. All currently enrolled students will be notified and advised regarding the change.

**Old Catalog Information (Course Description section):** Bachelor of Arts (B.A.) or Bachelor of Arts in Education (B.A.E.) with Major in Elementary Education (K-6) with ESOL Endorsement

Students must be formally admitted into the College of Education prior to enrolling in RED 4308, RED 4552, RED 4750, EDG 3323, EDG 3324 and TSL 4081. During the first week of these
courses, students must show a photocopy of the official program signed by the student and faculty advisor.

**Prerequisite Coursework for Transfer Students**

Students transferring to Florida Atlantic University must complete both lower-division requirements (including the requirements of the Intellectual Foundations Program) and requirements for the college and major. Lower-division requirements may be completed through the A.A. degree from any Florida public college, university or community college or through equivalent coursework at another regionally accredited institution. Before transferring and to ensure timely progress toward the baccalaureate degree, students must also complete the prerequisite courses for their major as outlined in the *Transfer Student Manual*.

All courses not approved by the Florida Statewide Course Numbering System that will be used to satisfy requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

**Course Requirements**

All Elementary Education majors entering the program are required to enroll in courses in a prescribed sequence with specific prerequisites. Students should be programmed as soon as possible to receive appropriate advising. Students must be admitted and programmed prior to the second semester of enrollment. Students who complete all program requirements will be eligible for an ESOL Endorsement upon graduation.

Old Catalog Information (Program Description section): Bachelor of Arts (B.A.) or Bachelor of Arts in Education (B.A.E.) with Major in Elementary Education (K-6) with ESOL Endorsement

Admission Requirements
All students seeking admission to the undergraduate program in Elementary Education must first meet the University's general upper-division admission requirements, as well as the lower-division general preparation requirements listed previously in this College of Education section. In addition, each applicant must:

1. Have attained an overall grade point average of 2.5 or higher;
2. Present passing scores on all sections of the General Knowledge Test;
3. Be recommended for admission to the program by the Department of Teaching and Learning and approved by the Office for Academic and Student Services;
4. Be assigned to and programmed by an academic advisor.

Students must be formally admitted into the College of Education prior to enrolling in RED 4308, RED 4552, RED 4750, EDG 3323, EDG 3324 and TSL 4081. During the first week of these courses, students must show a photocopy of the official program signed by the student and faculty advisor.

Prerequisite Coursework for Transfer Students
Students transferring to Florida Atlantic University must complete both lower-division requirements (including the requirements of the Intellectual Foundations Program) and requirements for the college and major. Lower-division requirements may be completed through the A.A. degree from any Florida public college, university or community college or through equivalent coursework at another regionally accredited institution. Before transferring and to ensure timely progress toward the baccalaureate degree, students must also complete the prerequisite courses for their major as outlined in the Transfer Student Manual.
All courses not approved by the Florida Statewide Course Numbering System that will be used to satisfy requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

**Course Requirements**

All Elementary Education majors entering the program are required to enroll in courses in a prescribed sequence with specific prerequisites. Students should be programmed as soon as possible to receive appropriate advising. Students must be admitted and programmed prior to the second semester of enrollment. Students who complete all program requirements will be eligible for an ESOL Endorsement upon graduation.

**Lower-Division General Preparation Requirements** *(Link is included under EIEIO-ELEM HONORS)*

In addition to FAU general education lower-division preparation, Elementary, Secondary and Exceptional Student Education majors must take the following education prerequisites:

<table>

* Denotes field experience credits.

** Denotes 90 field experience hours.

+ Students must be admitted and programmed into the College of Education prior to enrolling in these courses.

Students who complete all program requirements will be eligible for an ESOL Endorsement upon graduation.

**Notes to read CAREFULLY:**

1. EDF 2005, Introduction to the Teaching Profession; EDF 2085, Introduction to Diversity for Educators; and EME 2040, Introduction to Technology for Educators; or community or state college equivalents are program requirements.

2. See the General Education lower-division requirements elsewhere in this catalog.

3. Grading policy: Students must pass ALL teacher preparation courses with a grade of "C" or better. A "C-" is not considered a passing grade, and the course must be retaken.

4. An active LiveText account is a requirement for all program coursework.

5. Out-of-state transfer students must take EDG 3323 and EDG 3324 at FAU.

6. EDG 3323 and EDG 3324 each require **one additional day per week** in a public school setting during the fall and spring semesters.

7. EDG 3323 (summer 1: Boca Raton campus), EDG 3324 (summer 2: Davie campus), TSL 4081 (summer 2) MAY be offered on a **limited basis** in the summer by permission only. Students should plan to enroll in these courses during the fall and spring semesters.

8. EDF 2005 is not offered in the summer term.

9. Students must pass RED 4308 prior to taking RED 4750 and RED 4552. RED 4308 may not be taken concurrently with LAE 4353, RED 4750 or RED 4552. No literacy courses (LAE 4353, RED 4308, RED 4750) may be taken after RED 4552.
10. RED 4750 may be taken concurrently with or prior to RED 4552.

11. Students must pass TSL 4080 prior to taking TSL 4081. TSL 4080 may not be taken concurrently in one semester with TSL 4081.

12. Students must pass EDG 3323 prior to taking EDG 3324. These two classes may not be taken concurrently or out of sequence.

13. EDG 3323 grading policy: If a student earns a "D" or an "F" in the field evaluation component or a "D" or an "F" in the coursework component, then the highest grade the student can receive for the course is a "C-". A "C-" is not considered a passing grade, and the course must be retaken. Students cannot take any effective teaching practice class more than twice.

14. Field experiences in school settings are required in some teacher preparation methods courses.

15. The following must be completed and passed prior to receiving a placement for student teaching: all program courses and other requirements, the professional and subject sections of the FTCE and all appropriate sections of the General Knowledge Test.

16. EDE 4943, Student Teaching, requires that the student is in a public school setting **five full days** a week during the school day in fall or spring semester.

17. Students who choose the one-year student teaching option (EDE 4945) will not enroll in EDG 3324 as its content will be integrated into the fall semester portion of this teaching option. Students will also enroll in RED 4552 and TSL 4081 during the fall semester that they are taking EDE 4945.

18. State of Florida teacher certification requires all applicants to be fingerprinted and screened by the FBI for felony convictions. School districts also require a fingerprint check and screening for school-based clinical teaching assignments. Students with felony records will NOT be permitted to be placed in internship settings and will NOT be permitted to successfully complete the program of studies for their degree and/or certification. Consequently, students with a record of felony conviction(s) will NOT be eligible for admission to a teacher preparation program at Florida Atlantic University.

19. For assistance contact the Office for Academic and Student Services:
   Boca campus, 561-297-3570
   Davie campus, 954-236-1028
   Jupiter campus, 561-799-8135

**New Catalog Information (Program Description section):** Bachelor of Arts (B.A.) or Bachelor of Arts in Education (B.A.E.) with Major in Elementary Education (K-6) with ESOL and Reading Endorsements

**Admission Requirements**
All students seeking admission to the undergraduate program in Elementary Education must first meet the University's general upper-division admission requirements, as well as the lower-division general preparation requirements listed previously in this College of Education section. In addition, each applicant must:

1. Have attained an overall grade point average of 2.5 or higher;

2. Present passing scores on all sections of the General Knowledge Test **and disposition screening**;
3. Be recommended for admission to the program by the Department of Teaching and Learning and approved by the Office for Academic and Student Services;

4. Be assigned to and programmed by an academic advisor. Students must be formally admitted into the College of Education prior to enrolling in RED 4308, RED 4552, RED 4750, EDG 3323, EDG 3324 and TSL 4081. During the first week of these courses, students must show a photocopy of the official program signed by the student and faculty advisor.

**Prerequisite Coursework for Transfer Students**

Students transferring to Florida Atlantic University must complete both lower-division requirements (including the requirements of the Intellectual Foundations Program) and requirements for the college and major. Lower-division requirements may be completed through the A.A. degree from any Florida public college, university or community college or through equivalent coursework at another regionally accredited institution. Before transferring and to ensure timely progress toward the baccalaureate degree, students must also complete the prerequisite courses for their major as outlined in the *Transfer Student Manual*.

All courses not approved by the Florida Statewide Course Numbering System that will be used to satisfy requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

**Course Requirements**

All Elementary Education majors entering the program are required to enroll in courses in a prescribed sequence with specific prerequisites. Students should be programmed as soon as possible to receive appropriate advising. Students must be admitted and programmed prior to the second semester of enrollment. Students who complete all program requirements will be eligible for both ESOL and Reading Endorsements upon graduation.

**Lower-Division General Preparation Requirements** *(Link should also be included under Elementary)*

In addition to FAU general education lower-division preparation, Elementary, Secondary and Exceptional Student Education majors must take the following education prerequisites:

<table>
<thead>
<tr>
<th>Course Title</th>
<th>Course Code</th>
</tr>
</thead>
<tbody>
<tr>
<td>Introduction to the Teaching Profession</td>
<td>EDF 2005</td>
</tr>
<tr>
<td>Introduction to Diversity for Educators</td>
<td>EDF 2085</td>
</tr>
<tr>
<td>Introduction to Technology for Educators</td>
<td>EME 2040</td>
</tr>
</tbody>
</table>

**Scope and Sequence of Elementary Education Coursework - 63**

*(after lower-division general preparation requirements)*

<table>
<thead>
<tr>
<th>First Semester <em>(prerequisite courses)</em></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Language Arts and Literature: Birth through Grade 8</td>
<td>LAE 4353</td>
</tr>
<tr>
<td>Introduction to Theories and Practices of TESOL</td>
<td>TSL 4080</td>
</tr>
</tbody>
</table>

**Early Program Courses** *(May be taken at any time during junior or senior years.)*

</tbody>
</table>

* Denotes field experience credits.
** Denotes 90 field experience hours.
+ Students must be admitted and programmed into the College of Education prior to enrolling in these courses.

Students who complete all program requirements will be eligible for both ESOL and Reading Endorsements upon graduation.

**Notes to read CAREFULLY:**

1. EDF 2005, Introduction to the Teaching Profession; EDF 2085, Introduction to Diversity for Educators; and EME 2040, Introduction to Technology for Educators; or community or state college equivalents are program requirements.

2. See the General Education lower-division requirements elsewhere in this catalog.
3. Grading policy: Students must pass ALL teacher preparation courses with a grade of "C" or better. A "C-" is not considered a passing grade, and the course must be retaken.

4. An active LiveText account is a requirement for all program coursework.

5. Out-of-state transfer students must take EDG 3323 and EDG 3324 at FAU.

6. EDG 3323 and EDG 3324 each require **one additional day per week** in a public school setting during the fall and spring semesters.

7. EDG 3323 (summer 1: Boca Raton campus), EDG 3324 (summer 2: Davie campus), TSL 4081 (summer 2) **MAY be offered on a limited basis** in the summer by permission only. Students should plan to enroll in these courses during the fall and spring semesters.

8. EDF 2005 is not offered in the summer term.

9. Students must pass RED 4308 prior to taking RED 4750 and RED 4552. RED 4308 may not be taken concurrently with LAE 4353, RED 4750 or RED 4552. No literacy courses (LAE 4353, RED 4308, RED 4750) may be taken after RED 4552.

10. RED 4750 may be taken concurrently with or prior to RED 4552.

11. Students must pass TSL 4080 prior to taking TSL 4081. TSL 4080 may not be taken concurrently in one semester with TSL 4081.

12. Students must pass EDG 3323 prior to taking EDG 3324. These two classes may not be taken concurrently or out of sequence.

13. EDG 3323 grading policy: If a student earns a "D" or an "F" in the field evaluation component or a "D" or an "F" in the coursework component, then the highest grade the student can receive for the course is a "C-". A "C-" is not considered a passing grade, and the course must be retaken. Students cannot take any effective teaching practice class more than twice.

14. Field experiences in school settings are required in some teacher preparation methods courses.

15. The following must be completed and passed prior to receiving a placement for student teaching: all program courses and other requirements, the professional and subject sections of the FTCE and all appropriate sections of the General Knowledge Test.

16. EDE 4943, Student Teaching, requires that the student is in a public school setting **five full days** a week during the school day in fall or spring semester.

17. Students who choose the one-year student teaching option (EDE 4945) will not enroll in EDG 3324 as its content will be integrated into the fall semester portion of this teaching option. Students will also enroll in RED 4552 and TSL 4081 during the fall semester that they are taking EDE 4945.

18. State of Florida teacher certification requires all applicants to be fingerprinted and screened by the FBI for felony convictions. School districts also require a fingerprint check and screening for school-based clinical teaching assignments. Students with felony records will NOT be permitted to
be placed in internship settings and will NOT be permitted to successfully complete the program of studies for their degree and/or certification. Consequently, students with a record of felony conviction(s) will NOT be eligible for admission to a teacher preparation program at Florida Atlantic University.

Dear Colleagues,

In accordance with recommendations from the Florida Department of Education (FDOE) and school districts within the FAU service area, we are proposing changes to the currently offered Bachelor's Degree in Elementary Education with ESOL Endorsement. The most significant program changes pertain to adding content courses relevant to the needs of elementary teachers in mathematics, science, and social studies. In addition, we are adding a reading practicum (3 other reading courses are already required) that will meet FDOE requirements and qualify our graduates for a Reading Endorsement.

In order to effectively implement the proposed changes, along with the four new courses, six additional courses require changes associated with prerequisites. I am attaching the Program Change Memorandum for your information (rationale, summary of changes, etc.). I would appreciate you reviewing whichever course syllabi you believe are relevant to your departments and providing me with documentation indicating that the content in these syllabi does not conflict with any courses offered by your departments by Wednesday, December 16th.

1. Program Change Memorandum
2. MAE 4310 Mathematics Content and Standards for K-6 Teachers (new course)
3. SCE 4113 Science Content and Standards for K-6 Teachers (new course)
4. SSE 4312 Social Studies Content and Standards for K-6 Teachers (new course)
5. RED 4348 Supervised Literacy Practicum (new course)
6. MAE 4350 Principles and Methods: K-9 School Mathematics
7. SCE 4350 Principles and Methods: K-9 School Science
8. SSE 4150 K-9 Social Studies
9. RED 4308 Reading Development 1: Birth through Grade 3
10. RED 4750 Reading Development 2: Grades 3 through 8
11. EDG 3323 Effective Teaching Practices 1

Regards,
Barbara

Subject: RE: Request for No-Conflict Documentation

I’ve carefully reviewed your proposal and syllabi. Faculty in the ESE Department have also considered the changes and the inclusion of EDF 4419 in your program. I do not see any conflict with the courses or program. The changes you are proposing are based on changing needs and appear to be responsive to the needs of your majors. Good luck!

I don’t see any unintended overlap in the courses or curriculum in the ESE Department. We are supportive of DTL’s program changes. And ESE will design the 2-credit classroom management course as requested. Good luck!

Thanks Barbara,

As you are aware, my department has serious concerns regarding the removal of EDF 3610 from the Elementary Education core program and, instead, listing the course as a potential elective. This concern will be pursued by the department's committee representative in the context of forthcoming UGPC deliberations. I sincerely appreciate your formal notification of the change.

Respectfully,
Emery
