FAUchange—Revised September 2012
COURSE NUMBER: NUR 4833 C

COURSE TITLE: Professional Development in Nursing II: Designer of Caring Environments

COURSE FORMAT: Fully online

CREDIT HOURS: 1

COURSE SCHEDULE: Online; Collaborate sessions Tuesday 4:00 – 5:00 p.m. Blackboard;

PREREQUISITES: NUR 4824 C

COREQUISITES: None

FACULTY: Nancey E.M. France RN, PhD
Christine E. Lynn College of Nursing, room 347
nfrance@fau.edu
561-297-2162 (Office)

OFFICE HOURS: Tuesday: 9:30 a.m. – 11:30 a.m.; 2:00 – 4:00 p.m.
Wednesday: 1:00 – 3:00 p.m.
Online office available in the course

COURSE DESCRIPTION:
The professional identity of the nurse as an advocate and a member of the interdisciplinary team is examined using concepts and theories of nursing, chaos and complexity, organizational design, QSEN and IPE competencies as foundational to quality care and patient safety. Explores caring models of leadership, team work, decision-making, and priority setting in nursing situations.

COURSE OBJECTIVES: The six subjectives based on Roach’s (2002) work organize the course objectives. Upon completion of NUR 4824C, the student will be able to create caring nursing responses in:

**Becoming competent**
1. Explore theoretical frameworks and research related to power, change, conflict, and leadership. (Program Outcome 2, 3, 4, 5, 6, 8, 9, 11; Essential I, II, III)
2. Generate a range of strategies to enhance quality, safety and cost-effectiveness in practice including effective team communication and functioning, conflict resolution, and active involvement of patients and families in the process. (Program Outcome 2, 3, 4, 5, 6, 7, 8, 9, 10, 11; Essentials I, II, III, V, VI).
3. Apply decision-making and priority setting models to enhance the quality and safety in selected nursing situations. (Program Outcome 2, 3, 4, 5, 6, 7, 8, 9; Essential I, II, III, IV, IX).

**Becoming compassionate**
4. Differentiate leadership and caring leadership. (Program Outcome 1, 2, 3, 4, 5, 8, 9, 11; Essential II, VIII, IX).

**Demonstrating comportment**
5. Analyze the impact of leadership and communication style on the ability to delegate and manage conflict. (Program Outcome 2, 3, 4, 5, 6, 7, 8, 9, 11; Essential I, II, VIII, IX).
Becoming confident
6. Explore the professional identity of the baccalaureate-prepared nurse as the leader of the team. (Program Outcome 1-12; Essential I - IX).
7. Examine interdisciplinary practice issues, appraise related evidence, and evaluate interdisciplinary outcomes through the lens of caring science. (Program Outcome 2, 3, 4, 5, 6, 7, 8, 9, 10, 11; Essential I, II, III, IV, VI, VII, VIII, IX).

Attending to conscience
8. Analyze how the structure, mission, vision, philosophy, and values of various healthcare delivery systems influence quality care and patient safety. (Program Outcome 2, 3, 4, 5, 6, 8, 9, 10; Essential I - IX).
9. Engage in ethical reasoning and actions to provide leadership in promoting advocacy, collaboration, and social justice as a socially responsible citizen. (Program Outcome 1, 2, 3, 4, 5, 8, 9, 10; Essential I - IX).

Affirming commitment
10. Discuss the professional identity of the baccalaureate prepared registered nurse as a provider of care, manager of care, and member of a profession. (Program Outcome 1-12; Essential IX).
11. Promote the image of nursing by modeling the values and articulating the knowledge, skills, and attitudes of the nursing profession. (Program Outcome 1-12; Essential IX).

TEACHING LEARNING STRATEGIES:
Examination of nursing situations; assigned readings for discussion; group/team problem-solving activities and project; evaluation of outcomes and developing recommendations; self-reflection and evaluation; writing assignments; beginning portfolio development.
### Grading and Evaluation Methods:

</tbody>
</table>

The grading method for this course is Satisfactory (S) and Unsatisfactory (U) grades:

A grade of S signifies that the work is of C quality or better and meets expectations. Each assignment must be of C quality or better in order to earn an ‘S’ for the course.

A grade of U indicates that the work is below expectations and no credit will be given. Any assignment that earns below a C will result in a grade of U for the course.

A grade below C is not passing in the Undergraduate program.

S/U grading is not calculated into the grade point average.

### Grading Scale:

Satisfactory (S) and Unsatisfactory (U) grades: A grade of satisfactory signifies that the work is of C quality or better and meets expectations. An unsatisfactory grade indicates that the work is below C quality and no credit will be given for the work undertaken. A grade below C is not passing in the Undergraduate program.

### Required Texts:

RECOMMENDED TEXTS:

TOPICAL OUTLINE:

1. BSN as leader
   a. Professional Responsibilities
   b. Managing time and the Nursing Environment
   c. IOM *The Future of Nursing*
   d. IPE competencies
   e. The Nurse as a Communicator
2. Leadership
   a. ANA’s *Principles for Delegation by Registered Nurses to Unlicensed Assistive Personnel*
   b. Understanding the diverse perspectives of the health care team
   c. Decision-making
      i. Decision Making, Problem Solving, and Critical Thinking
      ii. Theoretical Approaches to Problem Solving and Decision Making
      iii. Critical Elements in Problem Solving and Decision Making
      iv. Individual Variations in Decision Making
      v. Overcoming Individual Vulnerability in Decision Making
   d. Ethical foundations of leadership
      i. Types of Ethical Issues
      ii. Ethical Frameworks for Decision Making
      iii. Principles of Ethical Reasoning
      iv. American Nurses Association Code of Ethics and Profession Standards
      v. Ethical Problem Solving and Decision Making
      vi. Ethical Dimensions in Leadership and Management
      vii. Working Toward Ethical Behavior as the Norm
   b. Legal foundations of nursing leadership
      i. Legal Accountability
      ii. Practicing within Regulatory Frameworks
iii. Legal Doctrines and the Practice of Nursing
iv. Professional Negligence
v. Avoiding Malpractice Claims
vi. Incident Reports
vii. Intentional Torts

c. Advocacy
i. Becoming an Advocate
ii. Patient Advocacy and Patient Rights
iii. Whistle-Blowing as Advocacy
iv. Professional Advocacy

2. Complex organizations
a. HMOs, proprietary, academic medical centers, religious, community
b. Magnet organizations

3. Quality and Safety
a. Quality Control
i. Defining Quality
ii. Quality Control as a Process
iii. The Development of Standards
iv. Audits as a Quality Control Tool
v. Quality Improvement Models
vi. Quality Measurement as a Organizational Mandate
vii. Medical Errors: An Ongoing Threat to Quality of Care

b. Defining QSEN
c. QSEN strategies

4. Managing Conflict
a. Categories of Conflict
b. The Conflict Process
c. Conflict Management
d. Managing Unit Conflict Negotiation
e. Alternative Dispute Resolution
f. Seeking Consensus
**COURSE ASSIGNMENTS:**

**NUR 4833L Assignments/Rubrics**

| Praxis Portfolio – Beginning Development (individual assignment) (20 points – this does not follow the discussion board rubric: it is sharing) | a. Choose a format for your portfolio. Remember you will add to this throughout the professional development series and perhaps all your courses in the program. This can be large 3-ring binder or a case with folders.  
b. Use tabs to identify these areas:  
   i. Philosophy/Theory-driven praxis  
   ii. Professional Development  
   iii. Health Care Policy; Social Determinants of Health  
   iv. Evidence-Based Practice  
   v. Practice  
   vi. Standards of Practice  
      • Competencies  
      • IPCP  
   vii. Reflective Practice  

c. Take a picture and post on group’s discussion board thread for this section. How do you think this assignment will benefit you in your career? Did you add any additional tabs? |
|---|---|
| Paper: Philosophy/theory-driven praxis with standards of practice (individual assignment) total 30 points | Using the CON philosophy and organizing framework, identify one caring theory of nursing you might choose to guide your praxis and why; identify standards of practice that are also needed to guide your practice.  
Three-page length maximum (not including references) [individual assignment submit via assignment function in Blackboard] |
| Written assignment: Self-reflection and evaluation (five-page maximum including references or the PKPCT) (individual assignment submit via assignment function in Blackboard) total 25 points | 1. As a leader at the bedside  
2. Current leadership Style  
3. Evaluate yourself on the Barrett’s PKPCT tool  
Based upon your reflection and power analysis, do you have the potential to be a complexity and servant leader? Why or why not?  
4. APA/Scholarship |
| 20 points | 5 points page limit  
5 points APA/scholarship |
<p>| 20 points (5 points each a - d) |</p>
<table>

<td>Review the IPCP and QSEN competencies. How do you see the role of the BSN-prepared nurse? Have you seen these followed and/or measured in the clinical setting?</td>
<td>Follow Discussion Board rubric</td>
</tr>
</tbody>
</table>
How many of these national standards have you heard of and/or are familiar with? Have you seen these used or referred to in the clinical setting? | Initial post – by 11:59 p.m.  
10/10/13; post to group members by 11:59 p.m.  
10/13/13 |
| --- | --- | --- |
| IPCP team’s communication and ability to work together to impact outcome measures (QSEN/NDNQI/Core Measures) [group discussion assignment] Week 8 | Discuss how the IPCP team’s communication and ability to work together can impact outcome measures (QSEN/NDNQI/Core Measures)  
• quality,  
• safety and cost-effectiveness  
How can you as the BSN | Follow Discussion Board rubric  
Initial post – by 11:59 p.m.  
10/17/13; post to group members by 11:59 p.m.  
10/20/13 |
| Social determinants of health related to QSEN/NDNQI/Core Measures [group assignment] weeks 9, 10 | Identify a social determinant of health related to QSEN/NDNQI/Core Measures topic. How you would advocate for this person/community at the point-of-care and at the political/legislative level? (be specific – i.e. don’t just say ‘write a letter’, but actually write the letter) | Follow Discussion Board rubric  
Initial post – by 11:59 p.m.  
10/24/13; post to group members by 11:59 p.m.  
10/27/13; working on a specific action together week 10 and submit via assignment function by 11/3/13 11:59 p.m.  
1. decide upon specific action  
2. show how each member of the group will contribute to this follow APA/scholarship  
*Each member of the group must submit the same assignment in order to receive the points. |
| Effects of policy on the quality and safety of care on the unit [group project] (40 points) | Choose a policy (preferably related to the QSEN/NDNQI topic) to review:  
Does this policy enhance the quality and safety of care on the unit for nurses and the interdisciplinary team? Support. (10 points)  
Is it supported by EBP, standards of practice, the nurse practice act, etc.? Support. (10 points)  
How do you know?  
If it isn’t, how does the policy need to be updated? (10 points)  
After it’s updated, what process will be followed to implement it? (5 points)  
APA/scholarship (5 points) | Group project done via discussion board, file exchange, email within the group  
Weeks 11 and 12 – this does not follow the discussion board grading rubric re: initial posting and response to one group mate. What will be examined is how the group works together to accomplish the project. Due date is 11/17/13, 11:59 p.m. Each member of the group must submit the work via the assignment function. The discussion board will be read to support your final document. |
|---|---|---|
| Final project/presentation: total 60 points 50 points – project  
10 points – attended at least two group presentations | Final Group Presentation via Collaborate:  
Present a Nursing situation from QSEN/NDNQI/Core Measures topic [group]:  
a. Fully describe the nursing situation and identify ethical and legal issues that either did arise or could have emerged (20 points)  
b. Describe how you dealt with this. Then present how you might deal with it based on what you have learned. (10 points)  
c. Describe the IPCP environment and your role as center of the team. (Was there an IPCP environment? Who was on the team or should have been?) (10 points)  
What did you or could have safely, legally delegated during | Discussion board to show team discussion/work in each of the 4 areas (it will be set up this way).  
Team will be randomly assigned a date and time to present via collaborate to the entire class. |

COURSE POLICIES & GUIDELINES

COURSE POLICIES AND GUIDELINES

Students are reminded that the College of Nursing Professional Statement and University Policies related to academic integrity applies to all tests, written assignment, verbal communications and other course activities. All policies in the college and university catalogues apply to this course.

1. All course requirements and objectives must be met in order to obtain a passing grade.

2. As the course is taught online via Blackboard, the student is expected to become familiar with Blackboard and have the necessary and appropriate computer technology before the course begins.

3. Attendance: The student is expected to participate in each unit within the time schedule for each unit. Participation in the course is evaluated via active group participation in threaded discussions and assignments, participation in collaborate and time spent in the course. Each group depends upon its members to co-create the teaching/learning environment. Once a discussion board thread is closed, discussions cannot be made up.

4. Students agree that by taking this course all required papers may be subject to submission for textual similarity review for detection of plagiarism. All submitted papers may be included as source documents in the reference database solely for the purpose of detecting plagiarism of such papers.

5. Assignments: All papers are to be submitted via the assignment function on Blackboard and are due by 11:59 p.m. on the date specified on the course schedule or assignment rubric. For every day late, the grade is reduced by one letter grade. After 5 days, the work will not be accepted and a grade of ‘0’ will be recorded. Reminder: each assignment must earn at least a C in order to receive an S and pass the course. All assignments must be created originally for this course. Papers developed in other courses will not be accepted. Students who present a “recycled” assignment as an original work will receive a grade of zero on the assignment and be charged with violation of Academic Integrity, Policy 4.001.

6. Regularly scheduled collaborate sessions: The faculty will lead a discussion and answer questions on a regularly scheduled date via collaborate in Blackboard. Although this is not mandatory, students are encouraged to participate. All collaborate sessions are recorded.

7. Online Office: Students are to post their questions re: the course in general or specific assignments in the online office instead of sending individual e-mails to the faculty. If there is a private issue that the student needs to share with the faculty, then e-mail or call.

8. Email will be answered within 24 hours with the exception of the following:
   a. Between Friday 5:00 p.m. and Monday 9:00 a.m.
   b. During holidays and/or when the university is not in session.

9. Web and e-mail etiquette: Communication via the internet and e-mail is more difficult than face-to-face or verbal communication. Please follow these guidelines:
   a. Always provide a greeting and an appropriate sign-off with your signature (or typed name). For example, a greeting might be ‘Good morning, John (fellow classmate)’ or ‘Hello, Dr. France’. An appropriate sign-off might be ‘take care, Sharon’ or ‘thank you, Bill’.
   b. Do not put message in all capital letters or use bolded letters.
   c. Do not provide a knee-jerk response. In other words, read and re-read your e-mail whether you’ve initiated the e-mail or you’re responding to an e-mail before pushing that send button.
   d. It’s a good idea to compose your initial e-mail or response to an e-mail in a word document first – then you can check for grammar, spelling, tone, etc.
   e. If you send an e-mail late in the evening or before the crack of dawn, please do not expect the recipient to immediately respond to you. Under ‘options’ you will see ‘delayed delivery’. This is a very handy function in that while you compose your e-mail at midnight you can set it to be delivered at 8:00 a.m.

10. All students must have an FAU e-mail address and regular access to a computer. All communication to students is through
their FAU email address. You are responsible for checking your FAU email at least three times/week throughout the semester. If you forward emails from your FAU address to another account, you may miss important information. You may obtain an FAU email account at: http://accounts.fau.edu or by going to a computer lab on campus. The faculty will not respond to email from a non-FAU email address.

a. **Use of Electronic and Personal Communication Devices in the classroom.** In order to enhance and maintain a productive atmosphere for education, personal communication devices such as pagers, beepers and cellular telephones are to be disabled in class sessions. Students who are in violation of this may be asked to leave the class and not earn the points for that day.

b. In addition to being a portal for assignments, Blackboard will be utilized as a form of communication. Course announcements will be posted on Blackboard rather than through email. It is the student's responsibility to regularly check the board for class updates/clarifications. If the faculty needs to contact an individual student concerning a course issue, an email may be sent via the FAU email system; otherwise, communication will occur through Blackboard.

*All course requirements and objectives must be met in order to earn a passing grade.*
COLLEGE OF NURSING POLICIES

Policies below may be found in:

a). The faculty reserves the right to make changes in course content and requirements.

c). Florida Atlantic University’s Academic Policies and Regulations
http://www.fau.edu/academic/Registrar/catalogRevs/academics.php and http://www.fau.edu/regulations

CODE OF ACADEMIC INTEGRITY:
The University policy regarding academic integrity is enforced in this course. Students at Florida Atlantic University are expected to maintain the highest ethical standards. Dishonesty is considered a serious breach of these ethical standards, because it interferes with the University mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Dishonesty is also destructive of the University community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see: http://www.fau.edu/regulations/chapter4/4.001_Code_of_Academic_Integrity.pdf

The College of Nursing regards adherence to the Code of Academic Integrity as a professional competency and an expectation of all students. ANY act of dishonesty that violates the code of academic integrity and misrepresents your efforts or ability is grounds for immediate failure of the course.

DISABILITY STATEMENT:
In compliance with the Americans with Disabilities Act (ADA), students who require special accommodations due to a disability to properly execute coursework must register with the Office for Students with Disabilities (OSD) located in Boca Raton – SU 133 (561-297-3880), in Davie – MOD I (954-236-1222), in Jupiter – SR 117 (561-799-8585) or at the Treasure Coast – CO 128 (772-873-3305), and follow all OSD procedures.

INCOMPLETE POLICY:
The Incomplete Grade Policy is enforced. A student who registers for a course but fails to complete the course requirements, without dropping the course, will normally receive a grade of “I” from the course instructor. A student who is passing a course but has not completed all the required work because of exceptional circumstances may, with the approval of the instructor, temporarily receive a grade of “I” (Incomplete). This must be changed to a grade other than “I” within a specified time frame, not to exceed one calendar year from the end of the semester during which the course was taken.

ATTENDANCE POLICY:
Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of nonattendance. Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-approved activities. Examples of University approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances, and debate activities. It is the student’s responsibility to give the instructor notice prior to any anticipated absence and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student’s final course grade as a direct result of such absence.

RELIGIOUS ACCOMMODATION:
In accordance with rules of the Florida Board of Education and Florida law, students have the right to reasonable accommodations from the University in order to observe religious practices and beliefs with regard to admissions, registration, class attendance, and the scheduling of examinations and work assignments. Students who wish to be excused from coursework, class activities, or examinations must notify the instructor in advance of their intention to participate in religious observation and request an excused absence. The instructor will provide a reasonable opportunity to make up such excused absences. Any student who feels aggrieved regarding religious accommodations may present a grievance to the director of Equal Opportunity Programs. Any such grievances will follow Florida Atlantic University’s established grievance procedure regarding alleged discrimination. USE OF STUDENT COURSE MATERIAL The Christine E. Lynn College of Nursing may use students’ course-related materials for legitimate institutional purposes, such as accreditation, university review process, or state board of nursing review process, etc. In such cases, materials will be used within the college and university.

| Weeks 7 - 8 | Health Care Delivery Systems | **(Lab time outside of classroom this week)**  
Interprofessional Collaborative Practice (IPCP) competencies; QSEN competencies (Pre-Licensure KSAS; Graduate KSAS); Standards of Practice  
http://www.aacn.nche.edu/ | Discussion Board; Groups  
Review the IPCP and QSEN competencies. How do you see the role of the BSN-prepared nurse? Have you seen these followed and/or measured in the clinical setting?  
How many of these national standards have you heard of and/or are familiar with? Have you seen these used or referred to in the clinical setting?  
Review the IPE and QSEN competencies. [Discussion board groups]  
Discuss how the IPCP team’s communication and ability to work together can impact outcome measures  
QSEN/NDNQI/Core Measures) quality, safety and cost-effectiveness  
How can you as the BSN influence this and include active involvement of patients and families in the process? [Group] |
| Weeks 9 - 10 | Social determinants of health | Leader at the bedside and at the political/legislative level | Identify a social determinant of health related to QSEN/NDNQI/ Core Measures topic.  
How you would advocate for this person/community at the point-of-care and at the political/legislative level? (Be specific – i.e. don’t just say 'write a letter', but actually write the letter) |
| Weeks 11-12 | Health care policy | EBP  
Standards of Practice  
Nurse Practice Act | Review and update a policy that enhances the quality and safety of care on the unit for nurses and the interdisciplinary team |

Nursing is a discipline of knowledge and professional practice grounded in caring. Nursing makes a unique contribution to society by nurturing the wholeness of persons and environment in caring. Caring in nursing is an intentional mutual human process in which the nurse artistically responds with authentic presence to calls from persons to enhance well-being. Nursing occurs in nursing situations: co-created lived experiences in which the caring between nurses and persons enhance well-being. Nursing is both science and art. Nursing science is the evolving body of distinctive nursing knowledge developed through systematic inquiry and research. The art of nursing is the creative use of nursing knowledge in practice. Knowledge development and practice in nursing require the complex integration of multiple patterns of knowing. Nurses collaborate and lead interprofessional research and practice to support the health and well-being of persons inextricably connected within a diverse global society.

Persons as participant in the co-created nursing situation, refers to individual, families or communities. Person is unique and irreducible, dynamically interconnected with others and the environment in caring relationships. The nature of being human is to be caring. Humans choose values that give meaning to living and enhance well-being. Well-being is creating and living the meaning of life. Persons are nurtured in their wholeness and well-being through caring relationships.

Beliefs about learning and environments that foster learning are grounded in our view of person, the nature of nursing and nursing knowledge and the mission of the University. Learning involves the lifelong creation of understanding through the integration of knowledge within a context of value and meaning. A supportive environment for learning is a caring environment. A caring environment is one in which all aspects of the person are respected, nurtured and celebrated. The learning environment supports faculty-student relationships that honor and value the contributions of all and the shared learning and growth.

The above fundamental beliefs concerning Nursing, Person and Learning express our values and guides the actions of Faculty as they pursue the missions of teaching, research/scholarship and service shared by the Christine E. Lynn College of Nursing and Florida Atlantic University.
