- Boca Raton
- Dania Beach: Ocean Engineering
- Davie
- Fort Lauderdale
- Harbor Branch: Marine Research
- Jupiter (includes the Harriet L. Wilkes Honors College)
- Treasure Coast

Florida Atlantic University was founded in 1961 as the first public university in southeast Florida and now offers 170+ undergraduate, graduate, specialist and doctoral degrees. FAU serves more than 28,000 students on seven campuses and sites stretching from Fort Pierce to Davie.*

*FAU undergraduate students must complete their lower-division credits on the Boca Raton campus, with the exception of Harriet L. Wilkes Honors College students. Contact each college for information on specific course offerings.

FLORIDA ATLANTIC UNIVERSITY HIGHLIGHTS

- **Doctor in the house:** FAU's new Charles E. Schmidt College of Medicine accepted its inaugural class in the fall of 2011. The medical program offers the option of a dual M.D./biomedical science Ph.D. in partnership with the Scripps Institute Kellogg School of Science and Technology.
- **Politics in your future:** FAU's Department of Political Science offers many opportunities to intern with elected officials including those in Washington D.C.
- **Buy and sell:** Before Wall Street comes the FAU Trading Room. It affords students the ability to participate in the fast-paced, rapid-fire world of trading and risk management while bridging the gap between classroom learning and business practice.
- **Restoration:** Aid in the restoration of one of the most unique places on Earth, through research and educational opportunities aimed at revitalizing Florida's Everglades.
- **Hoot! Hoot!** Be one of the first to start a stadium wave in our new on-campus football stadium as you cheer our team on to victory.
- **Bottom line:** You can assure yourself of a generous return on investment by studying at FAU's School of Accounting — ranked "Top 10" in the nation.
- **Submerge yourself in the study of Ocean Engineering:** FAU's engineering research center is host of the nation's first ocean engineering degree program, launched in the 1960s, and as home to the Southeast National Marine Renewable Energy Center, which is harnessing the Gulf Stream as an energy resource.
- **Build your future** at FAU's School of Architecture located in downtown Fort Lauderdale. Its location allows the students and the faculty to use the city as an urban laboratory.
- **Diversity:** FAU has one of the most diverse campuses in the state. Many cultures, geographic regions and ethnicities are represented, valued and respected within our inclusive campus community.

- **Believe in helping others:** We offer many volunteer opportunities. Our students have volunteered over 66,000 hours this past year.

HONORS PROGRAMS

For academically outstanding upper-division students we provide many opportunities within the academic departments or the Harriet L. Wilkes Honors College. The programs provide students with exceptional and rewarding learning opportunities with small class size and opportunities to do one-on-one research with distinguished faculty.

- The Harriet L. Wilkes Honors College is a residential college located in Jupiter — 40 miles north of Boca Raton. It provides an all-honors education at an all honors college. Students will receive a B.A. in liberal arts and sciences.
- The College of Business offers the Accounting Scholars Program. Students complete the BBA and master of accounting while also completing the requirements of the Florida Board of Accountancy to sit for the CPA.
- The College of Engineering and Computer Science offers the Innovation Leadership Scholars program, which provides students with invaluable practical experience and access to industry leaders.
- The Dorothy F. Schmidt College of Arts and Letters has honors programs in several majors: communications, history, music, languages, linguistics and comparative literature.
- The Charles E. Schmidt College of Science has honors programs in mathematics, biology, physics and psychology. The programs all require a written honors thesis or project.

Whichever program you choose, you will receive a superior undergraduate education that will prepare you to excel whether you continue on to postgraduate studies or enter the workforce.

HOUSING

Live in modern, suite-style housing available on the Boca Raton and Jupiter campuses or our new silver level, LEED-certified residential complex, Innovation Village (on the Boca Raton campus.) Get more information at www.fau.edu/housing.

CO-OPERATIVE EDUCATION

The Co-operative Education Program allows FAU students to alternate their University education program time with on-the-job experiences directly related to their academic majors in industry, business or government. This program is available to interested students in all colleges at FAU.

INTERSHIPS

Internships are career-related experiences that enhance a student's marketability upon graduation. Internships may be full- or part-time and structured or unstructured; they are found in every type of organization.

DIRECTED INDEPENDENT STUDY

Directed Independent Study (DIS) allows upper-division undergraduate students to earn credit while being part of a University research team. DIS students get hands-on experience conducting scientific research, improve their resume for graduate school and future job searches, and learn more about topics that interest them such as biology, psychology, nursing, neurophysiology, mathematical sciences and criminology to name just a few.

STUDY ABROAD

Through FAU's Office of International Programs, students have the opportunity to study in global locations extending from Europe to Asia to Central America. While abroad, students conduct international research, attend classes and receive specialized training; all while living within a diverse culture. Visit www.fau.edu/goabroad for more information.

VISIT FAU

Our campus visitation program is designed to help you get acquainted with us. An admissions counselor gives the information session and the hour-long walking tour, which is given by a student tour guide, offers you the chance to see our excellent facilities, model residence hall rooms and other services. For more information regarding tours and information sessions, visit www.fau.edu/admissions and click on "Visit Campus." This site will also provide information on local accommodations, directions and other FAU events for all FAU campuses.

TRANSFER SCHOLARSHIP OPPORTUNITIES

Scholarships are awarded on a rolling basis early in the admission process and are limited in number. Meeting minimum requirements does not guarantee a scholarship award. Scholarship application deadlines are March 1 unless otherwise noted.

Visit www.fau.edu/admissions and click on "Scholarships" for the scholarship application, eligibility requirements and additional information.

Honors/Phi Theta Kappa Scholarship

Limited awards of \$3,200 per year for incoming junior transfer students with a minimum 3.5 GPA. Eligible students are graduates of the Honors Program or members in the Phi Theta Kappa chapter at a Florida public community/state college. A letter of recommendation from an Honors or PTK advisor is required. Renewable for up to five semesters.

Community/State College Scholars Award

Limited 2+2 Scholarships of \$3,000 per year. Minimum requirements: transfer from one of Florida's community/state colleges, minimum 3.0 GPA and letter of recommendation from a community/state college advisor. Renewable up to five semesters.

Transfer Educational Achievement Award (TEAA)

\$3,000 awarded annually. Minimum requirements: transfer from one of Florida's community/state colleges, minimum 3.0 GPA and demonstrate financial need. Students must submit the Free Application for Federal Student Aid (FAFSA). Renewable up to five semesters.

Welcome to FAU Scholarship

Limited awards of \$1,000 (\$500 per semester for the fall and spring of the student's first year). Requires full-time enrollment and a minimum GPA of 2.75. Scholarship applications are not required. Eligibility is determined at the time of admission. This is a non-renewable award.

UNDERGRADUATE TUITION AND FEES (Subject to change)

In-state: \$177.65 per credit hour

Out-of-state: \$657.17 per credit hour

APPLICATION PROCESS

Applications are accepted on a rolling basis. Apply early in your last semester before transferring for maximum admission consideration. **Apply now** at www.fau.edu/admissions

APPLICATION DEADLINES

	Fall	Spring	Summer
Transfer	July 1	November 15	April 15
Returning FAU Student	July 1	November 15	April 15
Second Bachelors	July 1	November 15	April 15
International	April 1	October 1	February 15

Many of our communications, including notification of the admission decision, are sent electronically. If you update your email or mailing address, please notify us at admissions@fau.edu. To ensure receipt of our emails, include admissions@fau.edu in your address book.

ADMISSION DECISION

Admission decisions are made on a rolling basis. A decision is generally rendered within 6 to 8 weeks after the file is complete. An official, written notification will be mailed to admitted students only. Students deferred for updated test scores or students not offered admission will be notified through our regular online status check only and not through the mail. To check you application status online, go to www.fau.edu/admissions and click on "Check your Status".

TRANSFER ADMISSION REQUIREMENTS

Admission to the School of Architecture, the Christine E. Lynn College of Nursing and the Harriet L. Wilkes Honors College is considered limited access. Admission to the College of Business, the College of Engineering & Computer Science, the School of Communication and Multimedia Studies and the Department of Music is considered selective. Contact the colleges and departments directly for more information.

All students admitted as freshmen, lower-division transfers or upper-division transfers must satisfy the statewide foreign language admission requirement. Students must complete a two-year foreign language sequence in high school or the equivalent proficiency at the college or university level. American Sign Language satisfies the criteria of a foreign language for the purposes of this requirement. If the foreign language admission requirement is not met at the time of transfer, it then becomes a graduation requirement.

Please note that meeting minimum admissions requirements does not guarantee admission to the University.

Transferring with fewer than 60 credits:

- Cumulative GPA of 2.5 or higher (4.0 scale) on all attempted college work.
- Good academic standing at the last institution attended.
- Meet all freshman admission requirements. See www.fau.edu/admissions/freshmanreq.php  for more information.
- Official transcripts from each institution attended (including high school), official ACT/SAT test scores, and official exam credit (CLEP, AP, etc.).

Transferring with more than 60 credits:

- Cumulative GPA of 2.5 or higher (4.0 scale) on all attempted college work.
- Good academic standing at last institution attended.
- Official transcripts from each post-secondary school attended and official exam credit (CLEP, AP, etc.).

Transferring with an associate in arts degree from a Florida public community/state college:

- Students awarded an associate in arts degree from a Florida public community/state college will be admitted to FAU.
- Admission to FAU does not guarantee admission to one of the limited or selective admission programs. Please contact the department/college directly for specific requirements.

LINK TO FAU

The Link program is a wonderful opportunity for transfer students to continue their college education and receive their bachelor's degree from FAU. The Link program is available to students of Broward College and Palm Beach State College. Benefits include: comprehensive on-site joint advising and priority admission to FAU for students who graduate with their Associate in Arts degree.* For more information, go to www.fau.edu/admissions/link. 

*Consistent with University policy. Limited access and restricted access programs may require an additional admission process.

INTERNATIONAL STUDENT REQUIREMENTS

International student applicants should plan to submit application materials as early as possible since additional processing time is needed. See the "Application Deadline" section for dates. International students must meet the same admissions standards as domestic students with the addition of the following:

- Foreign Credentials: All undergraduate and second baccalaureate students who have completed all or part of their education abroad are required to have their foreign credentials evaluated by an accredited independent evaluation service. For a list of accredited evaluation services, see www.fau.edu/admissions/EvalAgencies 

The evaluation should contain a course-by-course description and a grade point average from each institution attended. Please send official transcripts directly to the evaluation agency.

- Student Visas, I-20: Visit www.fau.edu/iss/index.php  for specific requirements.
