The Mission Statement

The goal of Phi Alpha Theta (PAT) is to increase student involvement in academic endeavors while at the same time providing a socially welcoming atmosphere for historical endeavors. The organization emphasizes the ability of both undergraduate and graduate students to contribute to history by helping and learning from each other. Participation in national and regional academic conferences, co-sponsoring various guest speakers, the annual induction of new members, historical movie nights, and monthly meetings further the both the goals of the organization and individual members. Florida Atlantic University's Chapter of PAT, Xi Omega, is a smaller part of the national organization and as such we offer numerous opportunities for networking and chance for students at all levels of study to present their work in an academic forum.
