If the organization chooses not to purchase commercial insurance coverage for its activities, the organization will be held totally liable for its activities. Any claims that may result will be against the organization, its officers and members and could result in personal liability on the part of the officers and members. Florida Atlantic University cannot defend any organization under its present insurance coverage or defray the costs of defending any lawsuit or claim against an organization, its officers or members. Understanding fully above, the State of Florida and the Florida Atlantic University Board of Trustees and their respective officers, agents and employees are harmless for any activities of an organization.
(b) The University reserves the right to register all student organizations. The Office of Student Development & Activities on each campus serves as the University registrant of all student organizations and maintains current information on each
registered and sponsored student organization, its officers or authorized
representatives, its purpose and its advisor.
(c) It is the policy of Florida Atlantic University that registered student organizations
shall be in full compliance with all federal and state nondiscrimination and equal
opportunity laws, orders and regulations. Registered student organizations will
not practice any discrimination against a member or prospective member on the
basis of race, color, religion, gender, sexual orientation, national origin, ancestry,
age, marital status, disability, unfavorable discharge from the military or status as
a disabled veteran of the Vietnam era, except specifically exempted by law.
(d) All student organizations are under the jurisdiction of the Office of Student
Development & Activities. The responsibility for establishing and enforcing
policy concerning organizations and activities, including the requirement that they
function in accordance with their constitutions, is vested in the Office of Student
Development & Activities. All student organizations are subject to the rules and
regulations governing the University, including but not limited to the Student
Code of Conduct, Honor Code, Alcohol and Drug policy, and all other
organizational Handbooks/Manuals.
(e) Student Organizations or students may not enter into agreements or contracts
which purport to bind the University for any purpose.

(7) Procedure for the Formation of a New Student Organization
(a) Any student(s) wanting to begin a new student organization shall file a “Intent to
Organize” form with the Office of Student Development & Activities on the
campus on which they wish to form.
1. When approved by the Office of Student Development & Activities, the
group may then hold and advertise meetings on campus. This is
considered provisional status.
2. The privilege is granted for a period of six weeks, during which time the
group shall submit a “Petition for Registration.”
3. Failure to submit a “Petition for Registration” within the appropriate
deadline shall deactivate the student organization and the group will not be
able to function as a student organization.
(b) Petition for Registration. The “Petition for Registration” shall be filed as soon as
the membership of the organization is largely complete and within the six week
time frame from the “Intent to Organize.” The Petition for Registration shall
include:
1. The names, signatures and student ID numbers of the two founding
students. These students must be registered students of Florida Atlantic
University.
2. The names, signatures and student ID numbers of the at least 10 students,
including officers (depending on the specific requirements of the campus),
who are members of the student organization.
3. The Student Organization’s Constitution. All registered student
organizations are required to have a constitution. A constitution is a
document that defines the long-term purpose of the organization and the structure of the organization. The constitution should only be changed through a clearly defined amendment process. The process should include advance notice, one week discussion and more than a simple majority vote. The Office of Student Development & Activities must approve all constitutional changes. See the Club & Organization Manual for a guideline for writing a constitution.

4. The student organization’s bylaws/statutes are required. The bylaws/statutes define how an organization carries out business. The bylaws/statutes should define committee structure or other operational aspects of the organization. When these become firmly established in practice they may be inserted in the constitution by amendment. A division of rules and procedures between the constitution and bylaws permits program, budget and committee structure to develop as the group grows.

5. The name and telephone number of the student organization’s selected advisor. The advisor must be a full-time faculty or AMP/SP staff member employed by Florida Atlantic University.

6. If the organization is affiliated with an off-campus organization, the constitution of the parent organization must also be filed.

7. When all of these documents have been reviewed by Student Affairs the group is eligible for the privileges set out in this regulation.

8. The petitioning organization will be notified in writing by the Office of Student Development & Activities or appropriate office of its acceptance or, in cases of denial, the reasons for denial. The petitioning organization may submit an appeal to Student Affairs on the respective campus.

Student organizations need to annually re-register each fall semester or if changes occur to the officers and/or advisor of the student organization. On the third Friday of the fall semester, the Office of Student Development & Activities will deactivate all student organizations that have not re-registered. A deactivated organization will not be able to function as a student organization. This includes receiving funds disbursed from Student Government, reserving space on campus or getting a permit to table or hang a banner. The intent of this rule is to ensure that the University has accurate contact information for each group.

(a) Complete the “Student Organization Status Report” form.
(b) Complete the “Roster List” form with a minimum of 8 members.
(c) This shall be considered official registration of the student organization.
(d) The student organization is responsible for notifying the Office of Student Development and Activities of any updates or changes in the operations of the organization.

(9) Qualifications for Student Leaders
(a) All FAU students are eligible for membership in any recognized student organization at FAU, provided that membership requirements of the organization are satisfied.

(d) Students not meeting the eligibility requirements as outlined in this regulation will be required to relinquish their office immediately upon notification (subject to appeal).

(e) The Privilege of Representing our University carries with it the obligation to set a high standard of behavior. It is, therefore, the responsibility of the University President to ensure that student representatives do not continue to represent their institution, when, due to their misconduct, such participation would reflect poorly on their respective institution. Failure to comply with the provision of this section may result in disciplinary action being taken against the student.

(f) To be eligible to hold elected or appointed office in any student organization, a student must meet University standards. These criteria emphasize the necessary balance that should exist between academic standards and commitment to student development, as described in the University’s Mission Statement. To this end, in order for a Florida Atlantic University student, either undergraduate or graduate, to be eligible to hold office/position in a registered student group or organization, a student must:

1. Be enrolled a minimum of six (6) credit hours in the Fall and six (6) credit hours in the Spring semesters, if an undergraduate student;

2. Be enrolled a minimum of three (3) credit hours in the Fall and three (3) credit hours in the Spring semesters, if a graduate student;

5. Be free of any disciplinary sanctions unless an exemption is granted by the Dean of Student Affairs;

6. Student officers must be degree seeking students;

7. Students interested in holding offices who have not completed a full term and do not have a FAU cumulative grade point average must obtain permission from the Office of Student Development and Activities and/or the Dean of Student Affairs Office or designee in order to be eligible;

8. Notwithstanding the other provisions of this section, students in their last semester before graduation are eligible to participate in campus activities if they are enrolled for the required number of credits needed for graduation that semester. This provision shall only apply for one term.
Appeals. Appeals of non-eligibility decisions must be submitted in writing to the Dean on the appropriate campus or Vice President for Student Affairs within three working days of notification of non-eligibility.

1. The appeal must state the grounds for appealing the decision.
2. A response to the students appeal will be given within five (5) working days of notification at which time a hearing may be scheduled.
3. The Eligibility Appeals Board shall be comprised of one student, one faculty member, and one-student affairs staff member. The Vice President for Student Affairs shall appoint this board as needed.
4. An Eligibility Appeals Board decision will be given within five (5) working days of the scheduled student hearing.
5. During the appeal process a candidate, on an interim basis, may be appointed to the position in question in order to fulfill obligated duties.
6. The decision of the Eligibility Appeals Board is final.

If the organization chooses not to purchase commercial insurance coverage for its activities, the organization will be held totally liable for its activities. Any claims that may result will be against the organization, its officers and members and could result in personal liability on the part of the officers and members. Florida Atlantic University cannot defend any organization under its present insurance coverage or defray the costs of defending any lawsuit or claim against an organization, its officers or members. Understanding fully above, the State of Florida and the Florida Atlantic University Board of Trustees and their respective officers, agents and employees are harmless for any activities of an organization.
(b) The University reserves the right to register all student organizations. The Office of Student Development & Activities on each campus serves as the University registrant of all student organizations and maintains current information on each registered and sponsored student organization, its officers or authorized representatives, its purpose and its advisor.
(c) It is the policy of Florida Atlantic University that registered student organizations shall be in full compliance with all federal and state nondiscrimination and equal opportunity laws, orders and regulations. Registered student organizations will not practice any discrimination against a member or prospective member on the basis of race, color, religion, gender, sexual orientation, national origin, ancestry, age, marital status, disability, unfavorable discharge from the military or status as a disabled veteran of the Vietnam era, except specifically exempted by law.
(d) All student organizations are under the jurisdiction of the Office of Student Development & Activities. The responsibility for establishing and enforcing policy concerning organizations and activities, including the requirement that they function in accordance with their constitutions, is vested in the Office of Student Development & Activities. All student organizations are subject to the rules and regulations governing the University, including but not limited to the Student Code of Conduct, Honor Code, Alcohol and Drug policy, and all other organizational Handbooks/Manuals.
(e) Student Organizations or students may not enter into agreements or contracts which purport to bind the University for any purpose.

(7) Procedure for the Formation of a New Student Organization

(a) Any student(s) wanting to begin a new student organization shall file a “Intent to Organize” form with the Office of Student Development & Activities on the campus on which they wish to form.

1. When approved by the Office of Student Development & Activities, the group may then hold and advertise meetings on campus. This is considered provisional status.

2. The privilege is granted for a period of six weeks, during which time the group shall submit a “Petition for Registration.”

3. Failure to submit a “Petition for Registration” within the appropriate deadline shall deactivate the student organization and the group will not be able to function as a student organization.

(b) Petition for Registration. The “Petition for Registration” shall be filed as soon as the membership of the organization is largely complete and within the six week time frame from the “Intent to Organize.” The Petition for Registration shall include:

1. The names, signatures and student ID numbers of the two founding students. These students must be registered students of Florida Atlantic University.

2. The names, signatures and student ID numbers of the at least 10 students, including officers (depending on the specific requirements of the campus), who are members of the student organization.

3. The Student Organization’s Constitution. All registered student organizations are required to have a constitution. A constitution is a document that defines the long-term purpose of the organization and the structure of the organization. The constitution should only be changed through a clearly defined amendment process. The process should include advance notice, one week discussion and more than a simple majority vote. The Office of Student Development & Activities must approve all constitutional changes. See the Club & Organization Manual for a guideline for writing a constitution.

4. The student organization’s bylaws/statutes are required. The bylaws/statutes define how an organization carries out business. The bylaws/statutes should define committee structure or other operational aspects of the organization. When these become firmly established in practice they may be inserted in the constitution by amendment. A division of rules and procedures between the constitution and bylaws permits program, budget and committee structure to develop as the group grows.

5. The name and telephone number of the student organization’s selected advisor. The advisor must be a full-time faculty or AMP/SP staff member employed by Florida Atlantic University.

6. If the organization is affiliated with an off-campus organization, the constitution of the parent organization must also be filed.
7. When all of these documents have been reviewed by Student Affairs the group is eligible for the privileges set out in this regulation.
8. The petitioning organization will be notified in writing by the Office of Student Development & Activities or appropriate office of its acceptance or, in cases of denial, the reasons for denial. The petitioning organization may submit an appeal to Student Affairs on the respective campus.

(8) Re-Registration of an Existing Student Organization
Student organizations need to annually re-register each fall semester or if changes occur to the officers and/or advisor of the student organization. On the third Friday of the fall semester, the Office of Student Development & Activities will deactivate all student organizations that have not re-registered. A deactivated organization will not be able to function as a student organization. This includes receiving funds disbursed from Student Government, reserving space on campus or getting a permit to table or hang a banner. The intent of this rule is to ensure that the University has accurate contact information for each group.
(a) Complete the “Student Organization Status Report” form.
(b) Complete the “Roster List” form with a minimum of 8 members.
(c) This shall be considered official registration of the student organization.

(d) Students not meeting the eligibility requirements as outlined in this regulation will be required to relinquish their office immediately upon notification (subject to appeal).
(e) The Privilege of Representing our University carries with it the obligation to set a high standard of behavior. It is, therefore, the responsibility of the University President to ensure that student representatives do not continue to represent their institution, when, due to their misconduct, such participation would reflect poorly on their respective institution. Failure to comply with the provision of this section may result in disciplinary action being taken against the student.
(f) To be eligible to hold elected or appointed office in any student organization, a student must meet University standards. These criteria emphasize the necessary balance that should exist between academic standards and commitment to student development, as described in the University’s Mission Statement. To this end, in order for a Florida Atlantic University student, either undergraduate or graduate, to be eligible to hold office/position in a registered student group or organization,
a student must:
1. Be enrolled a minimum of six (6) credit hours in the Fall and six (6) credit hours in the Spring semesters, if an undergraduate student;

4. Be free of any obligation for fees or payments to the University or receive a deferment by the end of the Drop/Add period each semester.
5. Be free of any disciplinary sanctions unless an exemption is granted by the Dean of Student Affairs.
6. Student officers must be degree seeking students by the second semester after taking office.
7. Students interested in holding offices who have not completed a full term and do not have a FAU cumulative grade point average must obtain permission from the Office of Student Development and Activities and/or the Dean of Student Affairs Office or designee in order to be eligible.
8. Notwithstanding the other provisions of this section, students in their last semester before graduation are eligible to participate in campus activities if they are enrolled for the required number of credits needed for graduation that semester. This provision shall only apply for one term.

(g) Appeals. Appeals of non-eligibility decisions must be submitted in writing to the Dean on the appropriate campus or Vice President for Student Affairs within three (3) working days of notification of non-eligibility.
1. The appeal must state the grounds for appealing the decision.
2. A response to the students appeal will be given within five (5) working days of notification at which time a hearing may be scheduled.
3. The Eligibility Appeals Board shall be comprised of two students, two faculty members agreed to by the Vice President of Student Affairs and the Student Body President, and one-student affairs staff member. The Vice President for Student Affairs and Student Body President shall appoint this board as needed.
4. An Eligibility Appeals Board decision will be given within five (5) working days of the scheduled student hearing.
5. During the appeal process a candidate, on an interim basis, may be appointed to the position in question in order to fulfill obligated duties.
6. The decision of the Eligibility Appeals Board is final.

(10) Student Organization’s Event Management and Travel Policy
All activities and trips sponsored by student organizations must be registered with the Office of Student Development & Activities and must comply with policies and procedures set forth in organizational handbooks/manuals.

(11) Student Organizational Code of Conduct and Discipline
(a) All student organizations at FAU must adhere to all University regulations and policies including the Student Code of Conduct and the Office of Student Development & Activities Club & Organization Manual and other manuals including but not limited to Greek Life and Campus Recreation on each campus.

An investigation may take place of the circumstances of the complaint. The complaint regarding a student organization’s conduct must be to the Dean of Student Affairs.
2. The Dean of Student Affairs or designee will determine if there are reasonable grounds to believe that the allegations of the complaint are true, and if true, would constitute a violation of the University’s Student Organizational Code of Conduct. If appropriate, the Dean of Student Affairs or designee shall prepare notice of formal charges.

3. The Organization president or designee shall have at least three academic days from receipt of the Notice to meet with appropriate department director or designee to discuss the charges. The advisor will be encouraged to attend.

4. The appropriate department director or designee will decide one of the following after the date set for the meeting with the Organization president or designee:

If the organization chooses not to purchase commercial insurance coverage for its activities, the organization will be held totally liable for its activities. Any claims that may result will be against the organization, its officers and members and could result in personal liability on the part of the officers and members. Florida Atlantic University cannot defend any organization under its present insurance coverage or defray the costs of defending any lawsuit or claim against an organization, its officers or members. Understanding fully above, the State of Florida and the Florida Atlantic University Board of Trustees and their respective officers, agents and employees are harmless for any activities of an organization.

(b) The University reserves the right to register all student organizations and maintain current information on each registered and sponsored student organization, its officers or authorized representatives, its purpose and its advisor. The Dean of Students will serve as the registrant for Greek organizations. The Office of Student Development & Activities on each campus serves as the University registrant of all other student organizations, and maintains current information on each registered and sponsored student organization, its officers or authorized representatives, its purpose and its advisor.

(c) It is the policy of Florida Atlantic University that registered student organizations shall be in full compliance with all federal and state nondiscrimination and equal opportunity laws, orders and regulations. Registered student organizations will not practice any discrimination against a member or prospective member on the basis of race, color, religion, gender, sexual orientation, national origin, ancestry, age, marital status, disability, unfavorable discharge from the military or status as a disabled veteran of the Vietnam era, except specifically exempted by law.

(e) Student Organizations or students may not enter into agreements or contracts which purport to bind the University for any purpose.
Procedure for the Formation of a New Student Organization

(a) Any student(s) wanting to begin a new student organization shall file a “Intent to Organize” form with the Office of Student Development & Activities on the campus on which they wish to form.

1. When approved by the Office of Student Development & Activities, the group may then hold and advertise meetings on campus. This is considered provisional status.
2. The privilege is granted for a period of six weeks, during which time the group shall submit a “Petition for Registration.”
3. Failure to submit a “Petition for Registration” within the appropriate deadline shall deactivate the student organization and the group will not be able to function as a student organization.

(b) Petition for Registration. The “Petition for Registration” shall be filed as soon as the membership of the organization is largely complete and within the six week time frame from the “Intent to Organize.” The Petition for Registration shall include:

1. The names, signatures and student ID numbers of the two founding students. These students must be registered students of Florida Atlantic University.
2. The names, signatures and student ID numbers of the at least 10 students, including officers (depending on the specific requirements of the campus), who are members of the student organization.
3. The Student Organization’s Constitution. All registered student organizations are required to have a constitution. A constitution is a document that defines the long-term purpose of the organization and the structure of the organization. The constitution should only be changed through a clearly defined amendment process. The process should include advance notice, one week discussion and more than a simple majority vote. The Office of Student Development & Activities must approve all constitutional changes. See the Club & Organization Manual for a guideline for writing a constitution.
4. The student organization’s bylaws/statutes are required. The bylaws/statutes define how an organization carries out business. The bylaws/statutes should define committee structure or other operational aspects of the organization. When these become firmly established in practice they may be inserted in the constitution by amendment. A division of rules and procedures between the constitution and bylaws permits program, budget and committee structure to develop as the group grows.
5. The name and telephone number of the student organization’s selected advisor. The advisor must be a full-time faculty or AMP/SP staff member employed by Florida Atlantic University.
6. If the organization is affiliated with an off-campus organization, the constitution of the parent organization must also be filed.
7. When all of these documents have been reviewed by Student Affairs the group is eligible for the privileges set out in this regulation.

8. The petitioning organization will be notified in writing by the Office of Student Development & Activities or appropriate office of its acceptance or, in cases of denial, the reasons for denial. The petitioning organization may submit an appeal to Student Affairs on the respective campus.

Student organizations need to annually re-register each fall semester or if changes occur to the officers and/or advisor of the student organization. On the third Friday of the fall semester, the Office of Student Development & Activities will deactivate all student organizations that have not re-registered. A deactivated organization will not be able to function as a student organization. This includes receiving funds disbursed from Student Government, reserving space on campus or getting a permit to table or hang a banner. The intent of this rule is to ensure that the University has accurate contact information for each group.

(a) Complete the “Student Organization Status Report” form.
(b) Complete the “Roster List” form with a minimum of 8 members.

(d) Students not meeting the eligibility requirements as outlined in this regulation will be required to relinquish their office immediately upon notification (subject to appeal).
(e) The Privilege of Representing our University carries with it the obligation to set a high standard of behavior. It is, therefore, the responsibility of the University President to ensure that student representatives do not continue to represent their institution, when, due to their misconduct, such participation would reflect poorly on their respective institution. Failure to comply with the provision of this section may result in disciplinary action being taken against the student pursuant to the Florida Atlantic University Student Code of Conduct.
(f) To be eligible to hold elected or appointed office in any student organization, a student must meet University standards. These criteria are separate from and in addition to any criteria for office that a student organization may set for itself, and
emphasize the necessary balance that should exist between academic standards and commitment to student development, as described in the University’s Mission Statement. To this end, in order for a Florida Atlantic University student, either undergraduate or graduate, to be eligible to hold office/position in a registered student group or organization, a student must:

1. Be enrolled a minimum of six (6) credit hours in the Fall and six (6) credit hours in the Spring semesters, if an undergraduate student;

5. Be free of any disciplinary sanctions unless an exemption is granted by the Dean of Student Affairs.
6. Student officers must be degree seeking students.
7. Students interested in holding offices who have not completed a full term and do not have a FAU cumulative grade point average must obtain permission from the Office of Student Development and Activities and/or the Dean of Student Affairs Office or designee in order to be eligible.
8. Notwithstanding the other provisions of this section, students in their last semester before graduation are eligible to participate in campus activities if they are enrolled for the required number of credits needed for graduation that semester. This provision shall only apply for one term.

The Dean of Student Affairs or designee will determine if there are reasonable grounds to believe that the allegations of the complaint are true, and if true, would constitute a violation of the University’s Student Organizational Code of Conduct. Subject: Comment on Change to Proposed Regulation 4.006  

Ladies and Gentlemen:

I would like to explain further my concern with Section 4(e) (4). The Proposed Regulation defines neither the University Center/Student Union nor the future Fitness (Wellness) Center as Student Government activities or entities despite the fact that these facilities are funded greatly or almost entirely with A&S fees.

Under the current language Student Government has no operational influence over these facilities other than through the representation provided by the Student Body President’s membership on the Board of Trustees recognized in Section 3 (c) and (d). Section 3 only allows for Student Government to “make recommendations” “regarding policies, regulations, and operating procedures which significantly affect students…”

My argument is that the language of the Proposed Regulation is too vague and does not specify the manner in which the budgeting and operating decisions for these multimillion dollar facilities will be made. The language also drastically reduces the student input into the decision making process.

During the ongoing constitution rewrite process we have suggested the creation of separate boards consisting of students, faculty, Student Affairs and Operations Management or Campus Recreation staff members that will allocate A&S fees for fixed costs during a “first-pass” budget process and make recommendations to campus based budget committees that will subsequently budget any agency based program elements relating to The University Center/Student Union and the future Campus Recreation fitness center. I think that it would be beneficial to formally recognize and establish the authority of these committees by regulation.

Thank you for taking my comments into consideration.

Sincerely,
