Subject: Amendment of Regulation 7.001, Equal Employment Opportunity – Affirmative Action

Proposed Board Action
Approval of amendments to FAU Regulation 7.001, Equal Employment Opportunity – Affirmative Action.

Background Information
The Administration is requesting approval to amend FAU Regulation 7.001, Equal Employment Opportunity – Affirmative Action. These amendments will remove outdated language referring to the Board of Regents and to employment classifications and University processes that no longer exist. The amendments also align Regulation 7.001 with recently amended FAU Regulation 5.010, Anti-Discrimination and Anti-Harassment.

Implementation Plan/Date
The regulations will be amended and effective upon adoption by the Board.

Fiscal Implications
N/A

Supporting Documentation: Amended Regulation 7.001
Presented by: David Kian, General Counsel
Phone: 561-297-3007
Florida Atlantic University

(1) The University shall actively promote equal opportunity policies and practices conforming to federal and state laws against discrimination. The University shall not discriminate in offering access to its educational programs and activities or with respect to employment terms and conditions on the basis of race, color, religion, sex, national origin, age, disability, marital status, sexual orientation and veteran status (as protected under the Vietnam Era Veterans’ readjustment Assistance Act). This commitment applies to the University’s relationships with outside organizations, including the federal government, the military, ROTC, and private employers, only to the extent of state and federal requirements.

(2) The University, in affirming equal opportunity practices, is committed to a continuing program of promotion and maintenance of an affirmative action program. The University, as a federal contractor, is required by law to maintain a current affirmative action plan for the University. For further information about that plan, contact the University’s Office of Equal Opportunity Programs.

(1) The following policy for the State University System was adopted by the Board of Regents on December 8, 1974: “The State University System believes in equal opportunity practices which conform to both the spirit and the letter of all laws against discrimination and is committed to non-discrimination because of race, creed, color, sex or national origin. This commitment applies in all areas with students, faculty and other personnel. It is also relevant to those aspects of the University System concerned with the choice of contractors, suppliers of goods and services, and to the use of facilities. The State University System through its education and precept, strives for a society in which opportunity is equalized and supports the development of skills and opportunities of the members of all groups so they may plan responsible and productive roles in society.” Florida Atlantic University is totally committed to the implementation of both the direction and spirit of this policy. That commitment applies to all personnel actions effected at this institution. Affirmative Actions will be taken, as appropriate in order to implement this policy.

(2) The President, as chief administrative officer of the University, the University Provost and the Vice Presidents, as principal administrators in each major organizational element of the University, are primarily responsible for carrying out this policy. Every member of the faculty and the staff of this University who has recommending authority with respect to any personnel action, will be guided by the terms of this policy. The Assistant to the President and Director of Equal Opportunity Programs, through the President is responsible for the development of the University Affirmative Action Plan, for the coordination and implementation of affirmative action programs, for assisting unit and division heads in the development of affirmative action programs, which includes providing information and assistance in recruiting efforts, and for monitoring and evaluating the University-wide affirmative action programs to assure overall effectiveness.
(3) Faculty and administrative and professional personnel actions will be based on merit, qualification, and demonstrated performance and ability, and will evidence no negative impact based on considerations of race, creed, color, sex, age, marital status or national origin, political affiliations, veteran status, or physical or mental handicap—provided such handicap, with reasonable accommodation, does not prevent satisfactory work performance. Affirmative action in the attainment of established goals with respect to appointment, the equalization of salaries, and promotion will be a consideration in each personnel action. When a position becomes vacant in Faculty, or Administrative and Professional, and selected University Support Personnel System classifications, these positions will be open to outside recruitment. Recruitment efforts will be directed at securing applications from qualified minority and female applicants. Qualified internal candidates are encouraged to apply for these positions, however, appointments will not be made to instructional or professional positions until a good faith effort has been made to secure applications from women and persons of minority identification. Public announcements and advertisements of position vacancies will be placed in local, regional, or national media, journals or professional publications, or communications to professional societies, and all will clearly and plainly indicate that “Florida Atlantic University is an Equal Opportunity Affirmative Action Employer.” Each Administrator involved in recruitment will maintain adequate records and keep them available for review by appropriate authority.
