SUBJECT: REQUEST FOR APPROVAL OF FLORIDA ATLANTIC UNIVERSITY’S 2011-12 OPERATING BUDGET.

PROPOSED BOARD ACTION

Provide approval of FAU’s 2011-12 Operating Budget. The Operating Budget consists of Educational and General (General Revenue, Student Fees, and Education Enhancement); Student Financial Aid; Grants and Contracts; Auxiliary Enterprises; Athletics Local; Student Government; and, Concession. Delegate to the University President, the authority to amend these budgets as appropriate during the fiscal year consistent with Legislative, Board of Governors’ and Board of Trustees’ directives and guidelines.

BACKGROUND INFORMATION

The University President is required to prepare an annual budget for approval by the BOT. Authority for the University President to amend the budget is necessary to accommodate changes in revenues, expenditures, statutory budget changes, salary increases, health insurance increases, retirement rate increases, and technical amendments without the need for the Board of Trustees’ approval each time these modifications are made.

This issue was reviewed and approved by the BOT Audit and Finance Committee on June 15, 2011.

IMPLEMENTATION PLAN/DATE

July 1, 2011.

FISCAL IMPLICATIONS

The operating budget governs the University’s expenditures during the year. This budget is required to be approved by the Board of Trustees prior to July 1, 2011.

Presented by: Mr. Dennis Crudele, Senior Vice President for Financial Affairs Phone: 561-297-3266
The 2011-12 Operating Budget of Florida Atlantic University (FAU) is comprised of seven budgetary components:

- Educational and General
- Student Financial Aid
- Contracts and Grants
- Auxiliary Enterprises
- Athletics Local
- Student Government
- Concessions

Within the budget development process, methods and techniques are carefully integrated to ensure effective best practices and to validate that decisions are directly tied to the University’s strategic goals and objectives in a value-maximizing framework. All proposed expenditures are reviewed and evaluated at multiple levels within the organization, from departmental units to the President’s Senior Staff and the Board of Trustees Committees. Finally, the operating budget is formally approved and adopted by the full Board of Trustees.

FAU’s 2011-12 Expenditure Operating Budget totals $609,097,901, a decrease of 1.5 percent over the prior year. In order to accurately reflect total revenues within each budgetary component, the 2011-12 budget reflects transfers between units.
Educational and General: The Educational and General (E&G) Budget supports the academic mission of the university through expenditures for instruction, research, library and learning resources, student services, university support, and physical plant. The E&G Budget totals $241,744,261 in estimated expenditures and reflects a decrease of 6.2 percent over the previous year, attributable to a base reduction of $11,470,532, the fourth base reduction in as many years. Other key components of this budget include an eight percent tuition increase for all undergraduate and graduate students, a seven percent differential tuition for undergraduate in-state students, and the cost to continue prior budgetary appropriations.

Student Financial Aid: The Student Financial Aid Budget is comprised of funding from student financial aid fees, support from federal and state financial aid awards, institutional programs, as well as numerous private scholarships. The Student Financial Aid Budget totals $174,483,578 in projected expenditures, an increase of 4.4 percent over the prior year.
Contracts and Grants: The Contracts and Grants Budget is comprised of funding from many sources, including federal, state and local governmental agencies and private organizations. HBOI expenditures are now reflected in the FAU Grants and Contracts budget. Also included are the A. D. Henderson University School and the FAU Foundation Payroll Clearing Fund. The Contracts and Grants budget totals $61,868,134 in projected expenditures, a slight decrease of over the prior year.

Auxiliary Enterprises: The Auxiliary Enterprises Budget is comprised of over one hundred different business and enterprise operations that are self-supporting through user fees, payments, and charges. The range of business operations includes large auxiliaries such as food service, traffic and parking, housing and smaller operations such as the Department of Ocean Engineering Research Boat, the College of Science Machine Shop, and HBOI auxiliary operations. Also included in this budget are the expenditures and revenues of the new technology fee. The Auxiliary Enterprises Budget totals $102,608,700 in projected expenditures, a decrease of 3.3 percent over the prior year.
Athletics: The Athletics Local Budget is comprised of funding from student athletic fees, ticket sales to athletic events, game guarantees, corporate sponsorships, National Collegiate Athletic Association distributions and private support and gifts. The Athletics Local Budget totals $18,241,864 in projected expenditures, an increase of 30.2 percent over the prior year. The significant increase in expenditures in 2011-12 is due largely to inclusion of the new stadium operation which totals $2,534,843, consistent with the pro forma budget previously approved by the Board of Trustees.

Student Government: The Student Government Budget is comprised of funding from the activity and service fee paid by students and well as other types of club and program income. The Student Government Budget totals $9,651,114 in projected expenditures, a decrease of 2.9 percent over the prior year due to the move of Campus Recreation funds to the Auxiliary Services Fund.

Concessions: The Concessions Budget is comprised of funding derived from concessions operations such as soft drink and snack vending machines. The Concessions Budget totals $500,250 in projected expenditures.

CAPITAL OUTLAY BUDGET
Section 1013.61, Florida Statutes, requires the Florida Atlantic University Board of Trustees to adopt a capital outlay budget for the ensuing year to inform the public of the University’s capital outlay needs. The capital outlay budget is part of the annual budget and shall be based upon the Board’s capital outlay plan. The budget shall designate the proposed capital outlay expenditures by project for 2011-12 from all fund sources, as amended.

The Florida Atlantic University Board of Trustees approved the University’s Capital Improvement Plan as recommended by the Strategic Planning Committee in the Spring 2010. Subsequently the Board of Governor’s approved the FAU fixed capital outlay request for the Public Education Capital Outlay (PECO) projects.

Our request from the Legislature to cover Infrastructure/Utilities/Capital Renewal of $3,251,463 was vetoed by the Governor. There is no allocation of Capital Outlay for FAU in 2011-12, however the Board of Governors will be determining whether to distribute $775,488 to FAU from the PECO Cash Reserve.
