## AUDIT AND FINANCE COMMITTEE

Thursday, April 19, 2012

**SUBJECT: REQUEST FOR APPROVAL OF PROPOSED 2012-13: ATHLETICS FEE.**

---

### PROPOSED COMMITTEE ACTION

Review and recommend that the Board of Trustees approve the proposed Athletics Fee.

### BACKGROUND INFORMATION

Under Section 1009.24(13)(s), Florida Statutes, the University is authorized to establish an Athletics Fee Committee to recommend any increase in the athletic fee to the Board of Trustees. A committee was appointed and voted unanimously to recommend a \$0.82 per credit hour fee be added to the current athletics fee. The recommended increase is to offset the five percent of student fees which is pledged as a condition of the stadium loan with Regions Bank. In addition, costs continue to rise in a variety of areas including: tuition, fees, room, board and books, medical insurance for student athletes, conference mandated travel, and game related expenses.

As a member of the Sun Belt Conference (SBC), Florida Atlantic University (FAU) sponsors 18 National Collegiate Athletic Association (NCAA) Division I sports. FAU Owls teams compete in football, basketball, golf, soccer, softball, swimming and diving, tennis, indoor and outdoor track, cross country, and volleyball winning more than 20 conference championships in recent years. In men's soccer, the FAU team holds membership in the Mid-American Conference while cheer and dance compete at the national level in their respective organizations. For the most up-to-date information on intercollegiate sports at FAU, visit [www.fausports.com](http://www.fausports.com).

Florida Atlantic University is among the most distinctive universities in the United States in terms of student demographics and diversity, number of campuses, and state college partnerships. A review of athletic programs at FAU reveals a continuation of this excellence will require additional funding to assure that scholarship dollars are available and that student athletes can remain in school.

## IMPLEMENTATION PLAN/DATE

July 1, 2012.

## Executive Summary

### Background

A member of the Sun Belt Conference, Florida Atlantic University sponsors 18 NCAA Division I sports involving 500 student athletes. The Owls compete in football, basketball, baseball, golf, soccer, softball, swimming and diving, tennis, indoor and outdoor track, cross country, volleyball, cheer, and dance, winning 25 conference championships since joining a league. In men's soccer, the Owls are a member of the Mid-American Conference. The cheer and dance teams are also the umbrella of athletics and both compete on a national scale each February.

In 2007, FAU's seven-year-old football team became the youngest in NCAA history to reach and win a bowl game. One year later, the team brought home another stunning victory by winning a second bowl game, providing convincing evidence of its rapid maturation. Opening the \$70 million, 30 seat stadium took the stage in 2011. In 2010, it was baseball that captured center stage with a SBC title and NCAA Tournament berth. Less than 10 months later men's basketball captured the league title with the help of nearly 1,000 students a game cheering for the team. That same ruckus crowd traveled to FIU and to the NIT tournament. The 2012 season opener for baseball was one for the record books. The Owls swept Alabama in a three-game series, becoming the first non-sec team to sweep Alabama at home since 1899. Florida Atlantic University (FAU) is among the most distinctive universities in the United States in terms of student demographics and diversity, number of campuses, and community college partnerships. In October 2010, FAU broke ground on an on-campus football stadium. A review of athletic programs at FAU reveals a continuation of this excellence will require additional funding to assure that scholarship dollars are available and that student athletes can remain in school.

### Proposal

To increase the Student Athletic Fee, by five (5) percent (\$0.82), from \$16.45 to \$17.27 per credit hour.

### Projected Revenue

This increase will generate approximately \$508,400 additional revenue for 2012-13 (annualized).

### Proposed Expenditures

Currently, all students are charged an Athletics Fee for each credit hour in which they are registered. The current fee is \$16.45 per credit hour and **the recommended increase is to offset the 5% of student fees which has been pledged to Regions Bank in the funding of the stadium.** In addition, costs continue to rise in a variety of areas including: tuition, fees, room, board and books, summer school, medical insurance, conference mandated travel, baggage/gas fees, game related expenses (officials, etc.), and contracted salaries/fringe benefit rate.
