**SUBJECT: REQUEST FOR APPROVAL OF THE 2011-12 FEES: KAREN A. SLATTERY
EDUCATION RESEARCH CENTER FOR CHILD DEVELOPMENT.**

PROPOSED BOARD ACTION

Review and provide approval of the proposed Karen A. Slattery Education Research Center for Child Development (ERCCD) Fees.

BACKGROUND INFORMATION

The ERCCD combines research and teaching early child development with daily care for the children of students, faculty, staff and members of the public. The Slattery Center falls administratively under the aegis of the College of Education and is operated as an auxiliary enterprise. Financial support comes from several sources: user fees and appropriation of student fees. This presentation provides a brief comparison of Slattery Pre-School qualities compared with traditional child care facilities, a market comparison review and a recommended fee increase for 2011-12. These recommendations are a product of administrative review, parent advisory board approval and an advertised parental input meeting to develop the proposed fee structure for 2011-2012.

The recommendation is to increase fees for all age groupings by \$25 per month. This action is necessary to retain proper child group sizes and other quality components, provide for possible staff increases and support a contingency for facility repairs and emergencies.

This fee was reviewed and approved by the BOT Audit and Finance Committee on April 20, 2011.

IMPLEMENTATION PLAN/DATE

The rate changes requested would become effective on August 1, 2011.

FISCAL IMPLICATIONS

This action balances the budget of the ERCCD auxiliary for the 2011-12 fiscal year.
