Welcome to the Student Success Navigator

The Office of the Provost is pleased to launch this newsletter that is designed to keep you informed about the efforts and initiatives underway to support our students in their personal development, academic success, degree attainment, and professional advancement. We hope to disseminate this information regularly so that you stay up-to-date on tools and services, as well as tips for teaching and learning. If you have suggestions for content we can include in future Navigator issues, contact fa@atlantic.edu or fa@atlantic.edu or see our [online submission form](#).

Did you know?

The Division of Student Affairs is committed to not only helping students but faculty as well. Student Affairs has provided the information you need to help students navigate their ways to success. They've even put it together in a [compendium online guide](#).

The [Student Success Navigator](#) is another handy tool that you can use to direct students to various Student Service and helpful links.

Student Success Tip!

Do you have some helpful tips you would like to share with faculty and staff members to help students learn and successfully complete their courses? Send it to us!

You can email your tips to fa@atlantic.edu or fa@atlantic.edu or fa@atlantic.edu to be included in future newsletters. You can also fill out an [online submission form](#) to share simple and effective strategies. Please keep your tip descriptions to a 150 word maximum.

Tools You Can Use

The [Success Network \(Starfish\)](#) is a retention tool that provides students with a one-stop shop to access campus resources, schedule appointments with faculty, advisors, and support staff, and see course grades from Blackboard. Faculty can use the system to provide support and feedback to their students, and they can alert advisors to reach out to students when needed. This is critical for student success!

The Success Network can be accessed directly through the link above, or through tabs in Blackboard or MyFAU. Once there, click the "Login" and sign in using your MyFAU credentials. To set up your Success Network profile:

1. Sign in
2. Click on your name in the upper-right corner
3. Enter a general overview of what you do and enter a short bio
4. Enter/update a contact phone number that students can use to reach you

For questions, or to set up a walk-through (individually or as part of a group), send an email to fa@atlantic.edu. Written and video resources, and printed manuals can be found in the "Success Network" section of the [Success Network page](#).
