FLORIDA ATLANTIC UNIVERSITY

Broward Vision Scholarship

Investing IN BROWARD COUNTY’S TALENT
As a **committed partner** in Broward County, **Florida Atlantic University** delivers the educated workforce that meets the demands of a growing and evolving business community. **FAU** is committed to delivering diverse and talented graduates who draw companies to this area — and keep them here.

With more than 44,000 alumni residing in Broward County, **FAU** graduates are part of the heart and soul of this community. Gifts to the Broward Vision Fund are true investments in the future of Broward County.
Established in 2004, the Broward Vision Fund offers scholarships to both current and incoming undergraduate and graduate students who have a minimum 2.5 GPA, and take at least 50 percent of their classes on a Broward campus. Awards are based on merit and demonstrated financial need. The fund’s purpose is to aid students with purchasing books, provide tuition relief, and defray education-related expenses.

The Broward Vision Scholarship reduced my financial burden and allowed me to focus on my schoolwork. I graduated summa cum laude with a double major in political science and multimedia studies. Thanks to the Broward Vision Scholarship, my dreams are a reality.
– Maria Flavia Patino-Paul

As an accounting student, I was required to have costly new editions of all textbooks. The Broward Vision scholarship alleviated the financial burden of paying for my books. Thanks to this scholarship, I was able to focus my energy on studying and achieving my professional goals.
– Saralynn Bastien
Florida Atlantic University’s Broward campuses were created by Florida Statute in the early 1970s to serve the county’s residents with access to courses for completing baccalaureate, master and doctoral degrees. With locations in Davie, Ft. Lauderdale and Dania Beach, FAU’s Broward campuses serve thousands of students, most of whom are Broward residents.

The Broward campuses of FAU conduct world-class, innovative research in numerous areas, such as:

- Everglades restoration & coastal erosion
- Systems for harnessing ocean energy
- Coastline security technologies (in partnership with the U.S. Department of Naval Warfare)
- Freight mobility and logistics
- Environmentally resilient architecture
- BigData

They also house programs from seven of our colleges, including:

- College of Education
- College of Business
- Dorothy F. Schmidt College of Arts and Letters
- Charles E. Schmidt College of Science
- College of Engineering and Computer Science
- Christine E. Lynn College of Nursing
- College for Design and Social Inquiry
Fast **facts** about Broward Campus Students:

- More than 60 percent identify as an ethnic minority
- 65 percent are female
- Average age: 27
- Many balance full-time jobs and families along with their education
