FLORIDA ATLANTIC UNIVERSITY
BROWARD CAMPUS

BE DARING. BE bold. BE FAU.

FAU Broward Office of Admissions: 3200 College Avenue, Liberal Arts, Room 112, Davie, FL 33314
954.236.1012 | davieadmissions@fau.edu  @fautransfer
FAU’s Davie campus is located on 38 acres in western Broward County and is the University’s second largest campus after the Boca Raton campus. The Davie campus has served FAU students since 1990 with 2+2 programs working in close partnership with state colleges and other educational institutions. Students may enter a state college as a freshman and transfer to FAU to complete a four year degree in over 27 disciplines. Graduate programs in education, public administration, and business, are available on the Davie campus as well.

The FAU campus in downtown Fort Lauderdale is part of an evolving, dynamic urban community that provides a laboratory for the professional degree program in architecture. The School of Architecture is situated in the Florida Atlantic University/Broward College Higher Education Complex on Las Olas Boulevard.

SeaTech, FAU’s Institute for Ocean and Systems Engineering is located in Dania Beach on eight acres between the Atlantic Ocean and the Intracoastal Waterway with valuable access to the ocean and seawater. SeaTech builds on and complements the academic programs of the Department of Ocean and Mechanical Engineering and forms the means for technology advancement, collaboration with academia, industry and government, and transition of research projects to applications.

### FAU: LINK Transfer Success Program

FAU Link provides an opportunity for transfer students to continue their college education and earn a bachelor’s degree from FAU. Students of Broward College, Palm Beach State College and Indian River State College will have exclusive access to FAU.

Benefits to Joining Link:
1. Guaranteed admission to FAU*
2. Affordable way to earn your degree
3. Enriched academic advising
4. Invitations to FAU academic and social events
5. Tuition waiver opportunities

*Applicants must meet university admissions requirements. Limited access and restricted programs may require additional admissions process.
