

OUTDOOR SOCCER RULES

Regular season games canceled due to bad weather or poor field conditions will be rescheduled if possible. All games will be played at the Henderson Fields. Intramural soccer will be played by National Federation High School rules with the following modifications:

RULES

Players/Substitutes

Games will be played with seven players for men's and women's, eight for CoRec. A team must begin play with a minimum of five players for men's and women's, six for Co-Rec.

Substitutes must report to and be recognized by the referee before entering the game. Unlimited substitutions may be made during any goal kick, any scored goal, any injury on the field, and when a player receives a card. The team in possession of the ball for a throw-in may substitute. **If the team in possession of the ball chooses to substitute, the opposing team may substitute at that time.**

There is no limit to the number of substitutions during a game.

Substitutes cannot take penalty kicks. Only a player on the field at the time of the foul may take the penalty kick.

The goalkeeper can switch positions with a player on the field at any time a substitute is allowed, provided the referee is informed before the change is made except on penalty kicks unless visibly injured.

A team MUST substitute for a player who is bleeding. Officials can stop play immediately when there is an immediate dangerous situation/injury.

Time/Periods

Game time--two twenty minute halves with a five-minute half time. The game clock is continuous and will not stop for a ball going out of play.

Teams are not allotted any time-outs. The referee may, however suspend time for injury, etc., if he/she deems it necessary.

GAME TIME IS FORFEIT TIME. Teams should report to the Intramural Staff Assistant a minimum of 15 minutes prior to the scheduled game time to complete the scorecard and checkout jerseys, etc. **Legal team may give short team 10 minutes from game time to field a legal team or take the win by forfeit. Game clock starts at game time if the 10 minutes is awarded.**

Scoring

A goal is scored when the whole of the ball has passed over the goal-line, between the goal posts and under the cross-bar, provided it has not been thrown, carried or intentionally propelled by hand or arm, by a player of the attacking team, except in the case of a goalkeeper, who is within his own penalty area.

A goal **may** be scored during play directly from a:

- a. Direct free kick
- b. Penalty kick
- c. Corner kick
- d. Drop ball
- e. Goalkeeper's throw, punt, or dropkick
- f. Kickoff
- g. Goal kick

A goal **may not** be scored during play directly from a:

- a. Indirect free kick
- b. Throw-in
- c. Free kick into a team's own goal

Ties

A game ending in a tie will be decided by an overtime shootout/penalty kicks. Each team alternates kicks, with **only the eight players from each team who were on the field at the end of regulation being eligible to participate as kicker or keeper**. Every player on the field must attempt a penalty kick before any player can shoot a second time. Goalkeepers WILL shoot penalty kicks. In the event that a player who finished the game on the field becomes injured and cannot participate, substitutions will not be allowed and the shot will automatically be counted as a missed attempt. This also applies to players that received a caution to end regulation. Substitutions for the goalkeeper (not as a shooter) may be made at any time during the shootout so long as the substitute is eligible to participate. Each team shall select five shooters for each round of the shootout. If the game is still tied after the five shooters from each team have kicked, another shootout will take place. The shootout will begin with the player on the field that did not shoot in the first shoot-out and then continue in the same order as before. If a team was playing short, that position in the shooting order will remain empty and will be counted as a miss. **There is no sudden victory in penalty shootouts.**

Once a player who is taking a penalty kick begins his/her approach to the ball, they may not interrupt their movement by faking a kick, stopping or hesitating, then proceeding to kick the ball. Failure to kick the ball as stated in this rule results in a re-kick. **The goalkeeper may move laterally on the goal line.** If the goalkeeper violates the provisions of the penalty kick such as moving off the goal line before the kicker contacts the ball, a re-kick will be awarded if the shot is missed, but the goal will count if made. During regulation, all players other than the goalkeeper and the kicker must be at least **10 yards** from the ball and behind the ball until the kick is taken. Once kicked, it may be played by anyone other than the kicker. The ball must be played by another player before being played again by the penalty kicker.

Players/Equipment

No boots, metal tipped or hard-toed shoes are allowed. Tennis shoes, turf shoes or molded soccer cleats are recommended.

No jewelry is allowed (watches, earrings, necklaces, etc.).

Sweatbands on head or wrist are allowed-elastic type. No hats, bandanas, or other headwear is allowed. Nothing is allowed which has a knot.

Injured players are allowed to wear braces, soft casts and protective coverings provided they are covered with 1/2 inch high density padding or wrapped with a similar material with the same minimum thickness.

However, the referee shall not allow a player to wear anything which he/she deems dangerous (i.e. hard casts and splints are not allowed or anything the supervisor deems as unyielding material/no give).

Balls will be provided by the Office of Campus Recreation. If both teams agree, a different ball can be used. **In addition, game balls will not be provided to participants to warm up.**

Starting the Game: After Goal/After Half-time

A coin toss shall occur before the game. The team winning the toss shall have the option to choose the kick-off or defend a goal.

The game shall be started by a player taking a place-kick (i.e., a kick at the ball while it is stationary on the ground in the center of the field of play) into his opponents half of the field of play. The ball must travel **forward** before it can be played by another player.

Every player shall be in his own half of the field and every player of the team opposing that of the kicker shall remain more than 10 yards from the ball until it is kicked off.

The kicker shall not play the ball a second time until it has been touched or played by another player.

A goal may be scored directly from a kick-off.

After a goal is scored, the game shall be restarted in the same manner by a player of the team losing the goal.

When restarting after halftime, ends shall be changed and the kick-off shall be taken by a player of the team that did not kick off to start the game.

When restarting the game after a temporary suspension of play from any cause not mentioned elsewhere: the team with possession of the ball at the time the suspension of play was called shall be awarded an indirect kick at the point of possession, provided that immediately prior to the suspension the ball had not passed over the touch or goal lines. If neither team had possession of the ball, the referee shall perform a drop ball at the location of the ball when the suspension was called.

When any kick is used to begin play, opposing players must stand at least 10 yards from the ball. During a goal kick the ball is not regarded as in play until it leaves the penalty area.

Ball in/out of play

The ball is out of play:

- (a) When it has wholly crossed the end line or sideline, whether on the ground or in the air.
- (b) When the game has been stopped by the referee.

The ball is in play at all other times from the start of the match to the finish including if it rebounds from a goalpost or crossbar into the field of play.

The lines belong to the areas of which they are boundaries. The sidelines and end lines, therefore, belong to the field of play.

If the defending team has touched the ball last when it crosses the end line, then the attacking team is awarded a corner kick. The ball is placed in the corner of the field (placement on the lines is legal) and kicked into play. If the attacking team touched the ball last when it crossed the goal line end line, then the defending team is awarded a goal kick. The ball is placed anywhere in the goal box and kicked by any defending player.

Both corner kicks and goal kicks are direct kicks.

When the ball passes over the sideline, the opponent of the team that touched it last will be awarded a throw-in at the spot the ball went out of bounds. The ball is put into play by using both hands simultaneously and with equal force. The ball shall be delivered from behind and over his/her head, while keeping both feet on or behind the touchline and in contact with the ground. **If the ball fails to go into play, it is the opponents throw from the point of the infraction.**

A free kick awarded to the defending team within its goal area may now be taken from any point within the goal area. This also applies to goal kicks.

A ball may be dropped in the penalty area, but not in the goal area. A drop occurs when:

The ball goes out-of-bounds off of two players simultaneously and the referee does not know who touched it last.

The ball becomes deflated

There is no clear possession of the ball when an injury occurs. A drop ball is administered 5 yards from the sideline when it goes out-of-bounds on the sideline, 5 yards from the endline outside of the goal area when it goes out-of-bounds on the endline, and at the spot it was blown dead when an injury occurs or when the ball becomes deflated. The official holds the ball at waist level and drops the ball between two opposing players and the ball must touch the ground before being played. If a player touches the ball before it hits the ground, the player is warned and if the same player does this twice, he/she receives a yellow card. A redrop occurs in the above instances.

Offsides

A player is off sides if he/she is nearer to the opponent's goal line than the ball and the opponents second to last defender.

A player in an offside position is only penalized if, at the moment the ball touches or is played by one of his team, he is, in the opinion of the referee, involved in active play by:

Interfering with play

Interfering with an opponent

Gaining an advantage by being in that position.

A player is not in an offside position when: He is on his own half of the field of play, He is even with his opponent. He is level with the last two opponents

FOULS/MISCONDUCT

Penalties

A **direct free kick** shall be awarded to the offended team from the spot closest to the infraction for the following offenses:

- a. Deliberately kicking or attempting to kick an opponent.
- b. Deliberately tripping an opponent.
- c. Deliberately jumping at an opponent.
- d. Deliberately charging an opponent in a violent or dangerous manner.
- e. Deliberately charging an opponent from behind.
- f. Deliberately striking, attempting to strike, or spitting at an opponent.
- g. Holding an opponent.
- h. Pushing an opponent.
- i. Deliberately handling the ball with hand or arm other than the goalkeeper within his/her own penalty area.
- j. Charging the goalkeeper inside the penalty area unless the goalkeeper is obstructing the opponent or dribbling the ball with the feet. Outside the penalty area, the goalkeeper has no more privileges than any other player.

*Slide tackling is not allowed at any time. Sliding for the ball to keep it in the field of play, to intercept a pass or to score a goal is allowed.

Direct kick penalties called against the defensive team inside their own penalty area (18 yd. line) will result in a penalty kick.

An **indirect free kick** shall be awarded to the offended team from the spot nearest the infraction for the following offenses:

- a. Playing in a manner considered dangerous by the referee, i.e. "dangerous play." (high kicks, playing the ball while lying on the ground).
- b. When not playing the ball, intentionally obstructing an opponent, i.e. "obstruction."
- c. From the moment the goalkeeper takes control of the ball with the hands when playing as a goalkeeper within his/her own penalty area, he/she has six seconds in which to release the ball into play. During that interval, he/she may hold the ball, bounce it, or throw it into the air and catch it. Once the ball has been released into play, the goalkeeper may not touch it again with the hands until it has been played or touched by another player of the same team outside of the penalty area, or by a player of the opposing team either inside or outside of the penalty area.
- d. A goalkeeper shall not deliberately parry the ball and then touch it again with his/her hands before it has been played or touched by another player of the same team outside of the penalty area, or by a player of the opposing team either inside or outside of the penalty area.
- e. Indulging in tactics, which, in the opinion of the referee, are designed merely to hold up the game and thus waste time and so give an unfair advantage to a player's own team.
- f. As the kicker on a kick-off, free kick, corner kick, or goal kick, playing the ball again before it has been touched or played by another player.
- g. **Intentionally obstructing the opposing goalkeeper in an attempt to prevent him/her from putting the ball into play.**
- h. Any infringement by the attacking team during a penalty kick.
- i. If during a throw-in, the thrower plays the ball a second time before it has been touched or played by another player.
- j. Goalkeeper touches the ball with his/her hands if it has been deliberately kicked to him/her by a teammate.

- k. Goalkeeper touches the ball with his/her hands if it has been "passed to" the goalkeeper by a teammate using trickery (i.e. played from the feet to the head and then headed back to the goalkeeper).
- m. **Goalkeeper touches the ball with his/her hands after receiving it directly from a throw-in by a teammate.**
- n. Delay tactics by the goalkeeper-in the referee's opinion, the goal-keeper in possession of the ball with hands or feet must not use delay tactics (waste time) and must play the ball within a reasonable time.

A player shall be **cautioned (yellow card)** for the following offenses:

- a. Leaving or entering the field of play without first getting the signal from the referee.
- b. Persistently infringing the rules of the game.
- c. Showing by word or action dissent from any decision given by the referee.
- d. Being guilty of unsportsmanlike conduct (i.e. unnecessary delay of game, holding a shirt or shorts, intentional handball to stop an attack).
- e. During a free kick, dancing or making gestures in a way to distract an opponent.
- f. Wearing jewelry or improper equipment during the game.

PENALTY: A cautioned player shall be substituted for immediately and not return until the next legal substitution opportunity. The restart after a card has been issued shall be an "indirect free kick" awarded to the non-offending team from the spot of the ball when the referee stopped play, unless the game had been stopped for some other reason calling for a different restart. The Intramural Sports Program shall keep a record of yellow cards given in all games. Once a player has earned 2 behavior related yellow cards in the league, he/she must sit out the remainder of the current game and meet with an Intramural Sports Staff member prior to his/her next game. The duration of the player suspension shall be determined by the Intramural Sports Staff member according to existing ejection procedures. In the event that a player receives 2 behavior related yellow cards in the same game, the player will be ejected and the team WILL play shorthanded for the remainder of the game. NOTE: The exception to the cumulative yellow cards rule shall be non-sportsmanship related offenses such as wearing jewelry. Final decisions concerning sportsmanship issues shall be made on site according to the officials and Intramural Staff Assistant.

A player shall be **ejected (red card)** for the following infractions:

- a. Being guilty of violent or serious foul play.
- b. Using foul or abusive language.
- c. Being guilty of misconduct after having received a caution (referee shall show both a yellow and a red card).
- d. A player anywhere on the field (other than a goalkeeper within his/her own penalty area) intentionally handling a ball to prevent it from going into the goal.
- e. An intentional foul by a player against an opponent who is moving toward his/her offensive goal with an obvious opportunity to score.
- f. Slide tackle
- g. Conduct which warrants ejection in the judgment of the referee.
- h. In the event of a fight, any bench personnel that enters the field of play.

PENALTY: A disqualified/ejected player (on the field/in the game) cannot be replaced (no substitution and team must play short for the remainder of the game). Ejected bench personnel or an ejected coach does not reduce the number of players on the field. The restart after a card has been issued shall be an "indirect free kick" awarded to the non-offending team from the spot of the ball when the referee stopped play, unless the game had been stopped for some other reason calling for a different restart.

Advantage clause: The referee shall refrain from penalizing when it would be an advantage to the offending team. When this occurs, the referee will signal that advantage is being called, and give the verbal indication "play on."

As in all intramural sports contests, if a participant is ejected from a contest, he/she is immediately ineligible for further access or competition in any Campus Recreation program or facility until cleared by the Assistant Director for Intramural Sports or his/her designate. It is the participant's responsibility to schedule an appointment with the Assistant Director for Intramural Sports to review his/her behavior and subsequent eligibility to continue in the Intramural Sports Program. Any unsportsmanlike conduct by players or fans may cause a team to be disqualified from further competition. In addition, players, coaches, and spectators may not harass the officials (verbally or physically) after the contest has ended.

Offender(s) are subject to the same penalties and procedures as players being ejected from the contest. Participants should be aware that there is a risk of injury in participation of intramural sports due to the inherent nature of the activity. Individuals are encouraged to have a physical examination and to obtain adequate health and accident insurance prior to participation. Individuals participate in intramural activities at their own risk! **Participants who are bleeding must be removed immediately from the game and may not return until the wound is properly covered. All soiled clothing must be changed before being allowed again in the game. Officials can stop play immediately when there is an immediate dangerous situation/injury.**

No more than two members of the FAU Soccer Club are allowed to play (be on the roster) for an intramural team. The list of team players is available for review at the Campus Recreation Center.

CO-REC SOCCER MODIFICATIONS

Intramural Soccer Rules will apply to Co-Rec Soccer with the following modifications:

RULES

Players

Games will be played with eight players - 4 women and 4 men. A team must begin and end with a minimum of six players (3 men and 3 women). Can play with 4/3 men/women, or 3/4 men/women. Any player may play any position.

Scoring/Ties

A goal scored by a woman counts 2 points and a goal scored by a man counts 1 point, including, tie-breaker and penalty kicks.

Penalty kicks will be used for all games ending with a tie score. The penalty kick procedures are the same as in men's and women's soccer, except out of the five players shooting, two must be of one gender and three must be of the other.

Handling the ball

All throw-ins must be made by female players.

All penalty kicks must be taken by female players. Other direct and indirect kicks may be made by players of either gender.

FAU IS AN EQUAL OPPORTUNITY INSTITUTION
