How to Submit Grades using eGrades

Grades can be submitted from Canvas directly to Banner using FAU’s Banner grade submission tool “eGrades.” Grades may be submitted, changed, and resubmitted through this tool during the submission period determined by the Registrar. Grades roll to Banner every night approximately at 10:00 PM. Any grade changes after the nightly roll must be made by clicking the Grade Change Request link.

eGrades Submission Instructions:

1. Log into Canvas (canvas.fau.edu) using your FAU netID and password.
2. Use the Dashboard or the All Courses link to access the course you wish to submit grades for.
3. Click on Grade Submission from the course menu. (If you do not see the Grade Submission link, click here.)
4. Click on the blue “Authorize” button.
5. Wait for students to be loaded (if you have a large course, this may take a minute or two).
6. If you recently used eGrades to save or submit grades in your course, you will see links for viewing your Saved Grades or Grading Receipt(s).
7. After students have loaded, specify your grading options:
   A. Select Midterm grading if submitting midterm grades or Final grading if submitting final grades. (Please note: Registrar deadlines still apply)
   B. Choose either Manual Entry or Gradebook to select your grading method.
      1. Manual Entry – allows you to select each student’s grade individually (if selected, click next and skip to step 9).
      2. Gradebook – imports grades from a column in your course’s gradebook which is specified using the dropdown menu below. Your grading scale will be specified on the next page.
   C. Select how eGrades should handle missing grades from the Grade Book.
      1. Treat missing grades as zero means that all non-graded assignments will be counted as a zero and the total column WILL include that column in points possible.
      2. Do not count missing grades will IGNORE all non-graded assignments and the students will not have those assignments counted against their total score.
      3. This option is only enabled when Gradebook is selected.
8. Click Next.
9. View your grading scale and adjust it if necessary. If you specified one in your course settings, it will be applied here. Otherwise, the default grading scale will be used.
   A. Click in the text box to change the numeric value of each letter grade.
   B. To remove a letter grade, uncheck the corresponding box.
   C. If you have adjusted the grading scale and want to revert back to the original, click on Reset Transform.

10. Click on Next.
11. On the Midterm/Final Grading page, you can adjust the grade to be submitted by using the dropdown menu.
   A. To modify a grade, use the dropdown menu.
   B. When you select a grade from the dropdown menu, the row will be highlighted in blue.
   C. If you see “No Grade in Canvas,” you must manually select a grade to be submitted for these students.
   D. Grayed out rows indicate that the student has withdrawn or is not officially registered for the course.
12. **F and I grades** during **FINAL GRADE SUBMISSION**: When a student has an F or I grade during final grade submission, you must complete the additional information box. This does not apply for midterm grade submission.

### F Grades

1. Click on “Click to Finish…”
2. Select Never Attended OR use the Last Date Attended box to select student’s last day of attendance.
3. A **Reason Code** will be automatically chosen for you depending on the previous details. However, please read the notes and double-check that the correct reason code is selected.
4. Click on Okay.

### I Grades

1. Click on “Click to Finish…”
2. Complete the I Contract form.
3. A **Reason Code** will be automatically chosen for you depending on the previous details. However, check that the correct reason code is selected by clicking Instructions.
4. Complete the rest of the form.
5. Click on Okay.

13. After you have confirmed all grades, click **SUBMIT TO BANNER** to send the grades to Banner.

A. **Save**: Clicking on Save will save your progress but **will NOT submit your grades to Banner**. This only allows you to come back at a later time and continue to make edits.
B. **Reset**: Resetting your grade page will remove all prior work and will allow you to start over. To do this, you must type “Yes” and then click the Reset button to proceed.
C. Partial Grade Submission: If you submit grades prior to all rows having a grade selected, only those with a grade will be sent to Banner.
D. To continue working on saved grades OR grades you chose not to submit, click on the **Modify Grades** button.
14. You will be prompted to confirm the number of grades you are submitting. Click **OK** to continue.
15. Wait a moment for grades to be submitted (this can take a minute or two if you have a large course).
16. On the next page, you will see your Banner receipt page. This is the confirmation that your grades were sent to Banner. You should also receive an email with the grade submission.
17. If an error occurs, a student’s row will be highlighted in red and there will be a message under the **Response Code** column for that student. To troubleshoot the error, please refer to the table below.
