Suits

Chest Measurement
Wrap the tape measure around your torso and underneath your arms. Add 1 inch to the total measurement for a more comfortable fit.

Over Arm Measurement
If your over arm measurement is more than 7 inches larger than your chest measurement, your suit size needs to match your over arm measurement.

Shirts

Neck Measurement
Measure around the base of your neck, where a shirt collar normally sits. Take the total circumference and add ½ inch. This number is your neck size.

Sleeve Measurement
Keeping your arm at your side, measure from behind the center of your neck, over the top of your shoulder, down to your wrist.

TIP
Don’t hold in your breath while measuring.
