CASH MANAGEMENT

Procedures for Posting Electronic Payments

This procedure is to be used to record monies that have been sent electronically (wire or ACH) to the Main Depository Account at Bank of America.

All areas will notify the Cash Management area by email when an incoming wire or ACH is expected. To ensure prompt posting of these items, please address the email to the following people:

Jan Pfeifer        jpfeifer@fau.edu
Suzanne Reeves   sreeves1@fau.edu
Gail Gallo        ggallo2@fau.edu

Cash Management will review daily bank transactions to locate the wire transfer. Once the transfer appears on the Bank of America daily transaction report, Cash Management will:

- Print a copy of the supporting bank transaction data.
- Assign a deposit number
- Log the amount and date of the wire or ACH in the current receipt book. These items will have a unique deposit number for easier identification.
- Complete a journal entry (CR05) using the assigned deposit number as the document number.

The deposit number for these items will be:

- BBT (mmyy)    BB&T Rent payments
- BOA (mmyy)    Bank of America Lease Payments
- LO (mmddyy)   C.P. Autodebit
