INDEPENDENT AUDITORS' REPORT

To the Governing Council, Florida Atlantic University College of Medicine Self-Insurance Program:

Report on the Financial Statements

We have audited the accompanying financial statements of the Florida Atlantic University College of Medicine Self-Insurance Program (the "Program"), an operating unit of the Florida Board of Governors as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Program's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Program as of June 30, 2016 and 2015, and the changes in its financial position and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 15, 2016 on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Program's internal control over financial reporting and compliance.

James Maore : Co., P.L.

Gainesville, Florida August 15, 2016

FLORIDA ATLANTIC UNIVERSITY COLLEGE OF MEDICINE SELF-INSURANCE PROGRAM MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016 AND 2015

This discussion provides an assessment by management of the current financial position and results of operations for FAU College of Medicine Self-Insurance Program (the "Program"). Management encourages readers to consider the information presented here in conjunction with additional information included in the accompanying financial statements and notes to the financial statements.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the Program's basic financial statements, which consists of the statements of net position, statements of revenues, expenses, and changes in net position, and the statements of cash flows. This report also contains other supplementary information in addition to the basic financial statements.

The *statements of net position* present information on all of the Program's assets and liabilities, with the difference between the two reported as the total net position. Increases or decreases in the reported net position may serve as a useful indicator of the Program's financial position.

The statements of revenues, expenses and changes in net position present information showing how the Program's revenues and expenses affected the total net position during the current year. All revenue and expenses are recorded as soon as they have been incurred, regardless of the timing of related cash flows.

The *statements of cash flows* present information regarding the cash receipts and payments that occurred throughout the year. The statements show the cash effects of operating, investing, and financing transactions during a given period.

Summary of Net Position

			2015-20	16			2014-20	15
	2016	2015	Increase (Decrease)	Percent Change	-	2014	Increase (Decrease)	Percent Change
Assets								
Cash and cash equivalents	\$ 934,391	\$ 696,350	\$ 238,041	34.18%	\$	2,206,949	\$ (1,510,599)	(68.45)%
Investments, at fair value	2,555,225	2,483,535	71,690	2.89%		-	2,483,535	100%
Total Assets	 3,489,616	3,179,885	309,731	9.74%		2,206,949	972,936	44.09%
Liabilities								
Unpaid losses and loss								
adjustment expenses	155,231	88,260	66,971	75.88%		228,851	(140,591)	(61.43)%
Accounts payable and accrued								
expenses	3,042	3,000	42	1.40%		3,000	-	-
Total Liabilities	158,273	91,260	67,013	73.43%		231,851	(140,591)	(60.64)%
Net Position	3,331,343	3,088,625	242,718	7.86%		1,975,098	1,113,527	56.38%
Total Liabilities and Net Position	\$ 3,489,616	\$ 3,179,885	\$ 309,371	9.74%	\$	2,206,949	\$ 972,936	44.09%

Assets

Cash and cash equivalents increased \$238,041 during this period primarily due to the FAU Self-Insurance Program participants paying all of their current year's premiums.

FLORIDA ATLANTIC UNIVERSITY COLLEGE OF MEDICINE SELF-INSURANCE PROGRAM MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2016 AND 2015

(Continued)

Liabilities

Unpaid losses and loss adjustment expenses increased \$66,971 during this period largely due to the addition of 28 Internal Medicine residents for the current year's submission to the actuary increasing the incurred but not reported portion of the current outstanding liabilities.

Summary of Revenues, Expenses, and Changes in Net Position

			2015-	2016	_	2014-	2015
	2016	2015	Increase (Decrease)	Percent Change	2014	Increase (Decrease)	Percent Change
Operating Revenue							
Earned premiums, net	\$ 370,356	\$ 174,088	\$ 196,268	112.74%	\$ 141,500	\$ 32,588	23.03%
Investment income	73,297	13,499	59,798	442.98%	4,295	9,204	214.30%
Total operating revenues	443,653	187,587	256,066	136.51%	145,795	41,792	28.66%
Operating Expenses							
Losses and loss adjustment							
expenses	73,901	(24,248)	98,149	(407.77)%	220,950	(245,198)	(110.97)%
General and administrative							
expenses	127,034	98,308	28,726	29.22%	69,690	28,618	41.06%
Total operating expenses	200,935	74,060	126,875	171.31%	290,640	(216,580)	(74.52)%
Increase (decrease) in net position	242,718	113,527	129,191	113.80%	(144,845)	258,372	(178.38)%
Net position, beginning of year	3,088,625	1,975,098	1,113,527	21.92%	1,619,943	355,155	21.92%
Capital contribution	-	1,000,000	(1,000,000)	(100.00)%	500,000	500,000	100%
Net position, end of year	\$3,331,343	\$3,088,625	\$ 242,718	7.86%	\$1,975,098	\$1,113,527	56.38%

Total operating revenues increased 136.51% during this period. The earned premiums increased during 2016 due to the addition of the 36 residents in the Internal Medicine residency program. The investment income increased due to the money being invested in the Vanguard funds for the entire fiscal year, instead of the three and a half months it was invested in 2015.

Total operating expenses increased 171.31% during this period. Although there were claims related payments made during this period, there were no cases closures during the current year. During the previous year, the Program resolved a claim causing the known case reserves for that claim to be decreased, which is the primary reason the losses and loss adjustment expenses resulted in a negative amount for 2015.

Next Year

If premiums increase, they will increase consistently with the projected growth for the FAU College of Medicine and other FAU participants. Operating expenses should remain closely related to the Program's size, volume of activity, and other adjustments consistent with the rate of future growth.

The accompanying notes to financial statements are an integral part of these statements.

(1) Organization and Significant Accounting Policies:

The following is a summary of the more significant accounting policies of Florida Atlantic University Self-Insurance Program (the "Program") which affect significant elements of the accompanying financial statements:

(a) **Organization**—The Florida Board of Governors (the "Board"), pursuant to Section 1004.24, created the Florida Atlantic University ("FAU" or the "University") College of Medicine Self-Insurance Program (the "Program"). The Program's purpose is to provide comprehensive general liability, including professional liability (malpractice) coverage for the educational, research and service programs of the FAU College of Medicine and College of Nursing, and FAU Student Health Services, FAU Counseling and Psychological Services, FAU College of Education and FAU Clinical Practice Organization, Inc.

The Program's Council administers the Program as authorized by Board Rule 10.001 (Self Insurance Programs). The Program is an operating unit of the Board. The Program is a component unit (for accounting purposes only) of FAU. The net position of the program can only be used to pay claims and administrative expenses of the Program, based upon Florida Statute 1004.24(3).

From inception to October 1, 2011, the Program provided the Board and the Trustees with protection of \$100,000 per claim and \$200,000 for all claims arising from a single occurrence; \$100,000 per claim and \$200,000 for all claims arising from the acts and omissions of students of the colleges protected by the Program engaged in assigned activities at affiliated hospitals or other healthcare affiliates, and this student professional liability coverage may be increased subject to a \$1,000,000 limit per occurrence if higher limits of liability are required by an affiliated hospital or healthcare affiliate; \$250,000 per occurrence in the event that the personal immunity to tort claims as described in Section 768.28(9), Florida Statutes, is inapplicable as to an employee or agent of Trustees while such employee or agent functions within the course and scope of his or her employment or agency; and \$250,000 for employees who act as a Good Samaritan or are engaged in approved Community Service. In response to the Florida Legislature increasing the limits of liability contained in s. 768.28, Florida Statutes, effective October 1, 2011, the limits of protection for sovereign immune entities rose to \$200,000 per claim and \$300,000 for all claims arising from a single occurrence. On May 14, 2014, the limits of student coverage were revised to \$1,000,000 per occurrence. Under this claims-incurred policy written directly with the Program participants, protection is provided against claims that arise from incidents occurring during the term of the policies irrespective of the time the claim is asserted.

In 1994, the then Board of Regents promulgated Rule 6C-10.001(4) of the Florida Administrative Code (now Board of Governors Regulation 10.001(2)), which authorized the formation of the Healthcare Education Insurance Company ("HEIC"). HEIC is wholly owned by the Board and is domiciled in Vermont. HEIC writes coverage for the participants in the Program for loss exposure above the Program's retention. HEIC obtains excess loss reinsurance coverage (claims-made basis) from commercial insurance carriers for certain layers of exposure.

(b) **Basis of reporting**—The financial statements of the Program have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under these methods, revenues are recorded when earned and expenses are recognized when they are incurred.

(1) Organization and Significant Accounting Policies: (Continued)

The Program distinguishes operating revenues and expenses from non-operating items. Operating revenues are those revenues that are generated from the primary operations of the Program, including investment income. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the Program. All other expenses are reported as non-operating expenses. For the years ended June 30, 2016 and 2015, all revenues and expenses of the Program were considered to be operating revenues and operating expenses.

The Program follows GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, which establishes financial reporting standards for state and local governments, including states, cities, towns, villages, and special-purpose governments such as school districts and public utilities and GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, an amendment of GASB Statement No. 34 for public colleges and universities to allow the use of the guidance for special-purpose governments engaged only in business-type activities, engaged only in government activities, or engaged in both governmental and business-type activities in their separately issued reports.

The Program is not regulated by the Florida Office of Financial Regulation and, accordingly, does not report on the basis of statutory accounting principles.

(c) **Cash and cash equivalents**—For purposes of reporting cash flows, cash and cash equivalents include cash, money market funds, and demand deposits with original maturity dates of 90 days or less when purchased.

The Program has demand deposits held at financial institutions that are secured up to FDIC limits. Amounts over FDIC limits are secured by collateral held by the financial institution which is pledged to the State of Florida Public Deposits Trust Fund. These deposits amounted to \$934,391 and \$696,350 as of June 30, 2016 and 2015, respectively.

- (d) **Premiums**—Premiums written directly are earned ratably over the terms of the underlying policies. All renewal policies are written for a one-year term and expire on June 30 of each year.
- (e) Reserves for losses and loss adjustment expenses—The reserves for unpaid losses and loss adjustment expenses ("LAE") include case basis estimates of reported losses, plus supplemental amounts for incurred but not reported losses ("IBNR") calculated based upon loss projections utilizing certain actuarial assumptions and studies of the Program's historical loss experience and industry statistics. Management believes that its aggregate liability for unpaid losses and LAE at year-end represents its best estimate of the amount necessary to cover the ultimate cost of claims based upon an actuarial analysis prepared by a consulting actuary. Considerable uncertainty and variability are inherent in such estimates, and accordingly, the subsequent development of these reserves may not conform to the assumptions inherent in the determination. In addition, both general and medical professional liability are long-tail lines of insurance subject to considerable loss variability attributable to social, economic and legal considerations that are not directly quantifiable. Accordingly, the ultimate liability could be significantly in excess of or less than the amount indicated in the financial statements. As adjustments to these estimates become necessary, such adjustments are reflected in current operations.

(1) Organization and Significant Accounting Policies: (Continued)

- (f) **Income taxes**—The Program is an operating unit of the Board of Governors, the State University System of Florida. Accordingly, the Program is exempt from Federal income taxes. Any taxable income is aggregated at the University level and taxes paid, if any, are paid by the University.
- (g) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period, accordingly, results could differ from those estimates.
- (h) **Fair value of financial instruments**—GASB 72, *Fair Value Measurement and Application*, requires investments to be measured at fair value using valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value. Investments are appropriately classified as Level 1, Level 2 or Level 3, in the fair value hierarchy established by GASB 72, based on the valuation techniques used to measure fair value.

(2) **Investments:**

The Program's investments are recorded at fair value and consist entirely of investments in mutual funds at June 30, 2016 and 2015.

Equity mutual fund investments consist of shares owned in Vanguard International Stock Index Fund and Vanguard Total Stock Market Index Fund. Bond mutual fund investments consist of shares owned in Vanguard Short-Term Bond Index Fund and Vanguard Intermediate Term Bond Index Fund.

The Program categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Entity has the following recurring fair value measurements as of June 30, 2016 and 2015:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held
by the Program are open-end mutual funds that are registered with the Securities and
Exchange Commission. These funds are required to publish their daily net asset value (NAV)
and to transact at that price. The mutual funds held by the Program are deemed to be actively
traded.

(2) **Investments:** (Continued)

The following table summarizes the assets and liabilities of the Program for which fair values are determined on a recurring basis as of June 30, 2016 and 2015, respectively:

	Level 1		Level 2		Level 3			Total
June 30, 2016 Investments Equity mutual funds								
Domestic equity funds	\$	520,249	\$	_	\$	_	\$	520,249
Global equity funds	Ψ	240,823	Ψ	_	Ψ	_	Ψ	240,823

Intermediate term bond funds		371,808		-		-		371,808
Total bond mutual funds		1,794,153		-		-		1,794,153
Total investments at fair value	\$	2,555,225	\$	-	\$	-	\$	2,555,225
June 30, 2015 Investments								
Equity mutual funds	Ф	240.215	Ф		Ф		ф	240.215
Domestic equity funds	\$	249,215	\$	-	\$	-	\$	249,215
Global equity funds Total equity mutual funds		126,532			-			126,532 375,747
Bond mutual funds		375,747						3/3,/4/
Short term bond funds Intermediate term bond funds		1,933,718 174,070		- -		-	<u></u>	1,933,718 174,070
Total bond mutual funds		2,107,788		-		-		2,107,788
Total investments at fair value	\$	2,483,535	\$	-	\$	-	\$	2,483,535

The following risks apply to the Program's investments:

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Program's investments in bond mutual funds are subject to interest rate risk. The effective average duration of The Programs investments in bond mutual funds as of June 30, 2016 range from 2.74 years to 6.53 years.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Obligations of the United States government or obligations explicitly guaranteed by the United States government are not considered to have credit risk (by the GASB) and do not require disclosure of credit quality. At June 30, 2016, the Program held bond mutual funds which have underlying investments with quality ratings by nationally recognized rating agencies as shown below.

	Fair Value	AAA/Aaa	AA/Aa A/Ba		A/Ba or Not Rated
Bond mutual funds	\$ 1,794,153	\$ -	\$ 1,422,345	\$ 371,808	\$ -

(2) **Investments:** (Continued)

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the Program will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Exposure to custodial credit risk relates to investment securities that are held by someone other than the Program and are not registered in the Program's name. The Program has not identified any investments falling into this category as of June 30, 2016.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the Program's investments in a single issuer. The Program places no limit on the amount it may invest in any one issuer. Investments that consist of more than 5% of the Program's investments at June 30, 2016 are shown below.

	F	air Value	Percent of Program's Total Investments
Vanguard International Stock Index Fund	\$	240,823	9%
Vanguard Total Stock Market Index Fund		520,249	20
Vanguard Short Term Bond Index Fund		1,422,345	56
Vanguard Intermediate Term Bond Index Fund		371,808	15
	\$	2,555,225	100%

The Program's formal investment policy in place does not specifically address any of the types of risks identified above.

(3) **Insurance Activity:**

Premium activity for the years ended June 30, 2016 and 2015 is summarized as follows:

	 Direct		Ceded		Net	
June 30, 2016 Premiums written	\$ 388,582	\$	18,226	\$	370,356	
Premiums earned	\$ 388,582	\$	18,226	\$	370,356	
June 30, 2015						
Premiums written	\$ 187,544	\$	13,456	\$	174,088	
Premiums earned	\$ 187,544	\$	13,456	\$	174,088	

(3) **Insurance Activity:** (Continued)

The following table provides a reconciliation of the beginning and ending reserve balances for losses and LAE:

Paid related to:				
Current year		-		-
Prior years		6,930		116,343
Total paid losses and LAE		6,930		116,343
Balances at June 30	\$	155,231	\$	88,260

The estimate of the liability for losses and loss adjustment expenses by loss year is subject to change until all claims for each loss year are closed. As a result of changes in estimates and insured events in prior years, the net loss and loss adjustment expenses incurred decreased due to refinements to prior years' ultimate loss projections.

The components of the liability for gross losses and LAE are as follows:

	2016		 2015
Case-basis reserves	\$	10,510	\$ 4,939
Supplemental reserves		144,721	83,321
Total	\$	155,231	\$ 88,260

(4) **Related Party Transactions:**

The total fees charged to the Program were \$103,131 and \$79,087 for the years ended June 30, 2016 and 2015, respectively for administrative services from the UF Self-Insurance Program.

The Program provides liability protection to the Trustees acting on behalf of the FAU College of Medicine, College of Nursing, and the FAU Health Services. Total net earned premiums for the year ended June 30, 2016 and 2015 of \$370,356 and \$174,088, respectively, are all associated with these related entities.

The Program has access to reinsurance coverage provided by the Healthcare Education Insurance Company ("HEIC") for medical professional liability, patient general liability, managed care errors and omissions liability in excess of the retained \$1,000,000 per occurrence for the period from July 1, 2015 to June 30, 2016 on a claims-made basis as follows: \$5,000,000 each loss and in the aggregate for FAU SIP and \$10,000,000 aggregate for FIU, FAU, UCF, and FSU SIPs combined. Total ceded premium of \$18,226 and \$13,456 for the years ended June 30, 2016 and 2015, respectively was paid.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Governing Council, Florida Atlantic University College of Medicine Self-Insurance Program:

We have audited in accordance with auditing standards generally accepted in the United States of American and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Florida Atlantic University College of Medicine Self-Insurance Program (the "Program") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements, and have issued our report thereon dated August 15, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Program's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we do not express an opinion on the effectiveness of the Program's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
