

STATE OF FLORIDA

**COMPLIANCE AND INTERNAL CONTROLS OVER
FINANCIAL REPORTING AND FEDERAL AWARDS**

In Accordance With OMB Circular A-133

For the Fiscal Year Ended
June 30, 2013

STATE OF FLORIDA
AUDITOR GENERAL
DAVID W. MARTIN, CPA

The Auditor General conducts audits of governmental entities to provide the Legislature, Florida's citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations.

Inquiries regarding financial statement-related findings should be addressed directly to Kathryn Walker, CPA, Audit Manager, by e-mail at kathrynwalker@aud.state.fl.us or by telephone at (850) 412-2781. Inquiries regarding Federal awards findings for State universities or colleges should be addressed directly to James R. Stultz, CPA, Audit Manager, by e-mail at jimstultz@aud.state.fl.us, or by telephone at (850) 412-2869. Please address all other inquiries regarding this report to Jane Flowers, CPA, Audit Manager, by e-mail at janeflowers@aud.state.fl.us or by telephone at (850) 412-2757.

This report and other audit reports prepared by the Auditor General can be obtained on our Web site at www.myflorida.com/audgen; by telephone at (850) 412-2722; or by mail at G74 Claude Pepper Building, 111 West Madison Street, Tallahassee, Florida 32399-1450.

EXECUTIVE SUMMARY

SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

The State of Florida's basic financial statements, as of and for the fiscal year ended June 30, 2013, were fairly presented in all material respects, in accordance with accounting principles generally accepted in the United States. Our report is included in the Florida Comprehensive Annual Financial Report for fiscal year ended June 30, 2013, issued by the Chief Financial Officer.

**SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Internal Control Over Financial Reporting

We noted the following matters involving the internal control over financial reporting and its operation to be a significant deficiency:

- The Agency for Health Care Administration did not appropriately record in the correct funds the receivables resulting from Medicaid overpayments. (Finding No. 2013-001)
- The Agency for Health Care Administration did not correctly identify, calculate, and record all Disproportionate Share Program receivables, revenues, and deferred revenues. (Finding No. 2013-002)
- The Department of Management Services did not separately record employee pension contributions on the financial statements. (Finding No. 2013-003)
- The Department of Management Services did not properly classify its internal service fund's net position. (Finding No. 2013-004)
- The Statewide Financial Reporting Section improperly classified financial activity for a blended component unit as a special revenue fund rather than as an enterprise fund. (Finding No. 2013-005)

We noted the following additional matters that we reported to management but did not consider to be significant deficiencies:

- The Department of Revenue did not record the Medicaid claims amount due from the counties as certified by the Agency for Health Care Administration. (Finding No. 2013-006)
- The Department of Highway Safety and Motor Vehicles inadvertently coded transactions as Accounts payable and accrued liabilities rather than Due to other funds. (Finding No. 2013-007)
- The Agency for Health Care Administration did not record all year-end accounts payable and expenditures in the period the transactions occurred. (Finding No. 2013-008)
- The Department of Education incorrectly recorded Advances to other entities, Investment earnings, and Deferred revenue for the Board of Governors auxiliary debt obligations to be repaid by colleges and universities. (Finding No. 2013-009)
- The Department of Education procedures for preparing the Schedule of Expenditures of Federal Awards data form were not sufficient to ensure amounts reported were accurate. (Finding No. 2013-010)

SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON
INTERNAL CONTROL OVER COMPLIANCE

State agencies, universities, and colleges administered approximately 620 Federal awards programs or program clusters during the 2012-13 fiscal year. Expenditures for the 39 major programs totaled \$32.9 billion, or approximately 95 percent of the total expenditures of \$34.6 billion, as reported on the supplementary Schedule of Expenditures of Federal Awards.

Compliance requirements for Federal awards programs are established in the *OMB Circular A-133 Compliance Supplement*. Types of compliance requirements include: Activities Allowed or Unallowed; Allowable Costs/Cost Principles; Cash Management; Eligibility; Matching, Level of Effort, Earmarking; Period of Availability of Federal Funds; Procurement and Suspension and Debarment; Reporting; Subrecipient Monitoring; and Special Tests and Provisions.

Compliance

The State of Florida complied, in all material respects, with the compliance requirements applicable to each of its major Federal awards programs, except as described in the following instances, which resulted in opinion qualifications:

- For the Supplemental Nutrition Assistance Program (SNAP) Cluster, we were unable to express and did not express an opinion on the Department of Children and Families compliance with the Special Tests and Provisions – EBT Card Security requirement because the Department of Children and Families had not yet provided the information needed to demonstrate whether the State had met the requirement. (Finding No. 2013-011)
- The Department of Education did not correctly allocate IDEA funding under the Special Education Cluster to local educational agencies in accordance with Federal regulations. (Finding No. 2013-023)
- The Department of Education did not meet the Federal maintenance of effort requirement and incorrectly reported the non-Federal share of outlays amount on the Final Financial Status Report submitted in December 2012 for the period July 2010 through September 2012 for the Career and Technical Education – Basic Grants to States Program. (Finding No. 2013-026)
- The Department of Education did not appropriately allocate salary and benefit costs for employees who worked on multiple programs or obtain periodic certifications for employees whose salaries and benefits were paid solely from Rehabilitation Services – Vocational Rehabilitation Grants to States funds. Additionally, the Department of Education did not always ensure that eligibility determinations were made within the time frame required by Program regulations. (Finding Nos. 2013-027 and 2013-028)
- The Department of Children and Families failed to impose Child Support Enforcement sanctions on uncooperative Temporary Assistance for Needy Families (TANF) recipients. (Finding No. 2013-042)

The results of our audit also disclosed other instances of noncompliance pertaining to programs administered by various State agencies, universities, and colleges as described in the SCHEDULE OF FINDINGS AND QUESTIONED COSTS. Some of the instances of noncompliance resulted in questioned costs subject to disallowance by the grantor agency.

Internal Control Over Compliance

We noted numerous matters at various State agencies, universities, and colleges involving internal control over compliance and its operation that we considered to be material weaknesses or significant deficiencies. Material weaknesses and significant deficiencies are described in the SCHEDULE OF FINDINGS AND QUESTIONED COSTS and pertained to several compliance requirements. The following deficiencies in internal control over compliance were considered material weaknesses:

- The Department of Children and Families did not always pay TANF benefits in the correct amounts. In addition, for the TANF Program and Medicaid Cluster, the Department of Children and Families did not always timely process the Income Eligibility and Verification System (IEVS) and non-IEVS data exchange responses received. (Finding Nos. 2013-039 and 2013-053)
- The instances described in the previous paragraphs on compliance for the Rehabilitation Services – Vocational Rehabilitation Grants to States Program (Finding Nos. 2013-027 and 2013-028) and the TANF Program (Finding No. 2013-042) also involved a material weakness in internal control.

SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

The State's Schedule of Expenditures of Federal Awards (SEFA) is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the State's basic financial statements. The State's SEFA does not include the State's blended component units, Workforce Florida, Inc., Scripps Florida Funding Corporation, and Space Florida; discretely presented component units of the State's universities and colleges; or discretely presented component units other than the State's universities and colleges. Information on the SEFA is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (ARRA)

During the 2012-13 fiscal year, the State of Florida received and expended over \$589 million in Federal funding provided pursuant to ARRA. The United States Congress mandated additional reporting and transparency requirements to be met by recipients of ARRA funds, and the Federal Single Audit has been identified as one of the tools used to measure the degree of stewardship and accountability provided by the states for moneys provided under ARRA. Expenditures of ARRA funds are separately identified on the supplementary Schedule of Expenditures of Federal Awards. Programs that included ARRA funds, and for which ARRA-related findings are disclosed in the SCHEDULE OF FINDINGS AND QUESTIONED COSTS, are distinctively identified in the SCHEDULE OF FINDINGS AND QUESTIONED COSTS and the INDEX OF FEDERAL FINDINGS BY FEDERAL AGENCY AND COMPLIANCE REQUIREMENT.

SCOPE

As a condition of receiving Federal funds, the U.S. Office of Management and Budget (OMB) requires, as described in OMB Circular A-133, an audit of the State's financial statements and major Federal awards programs. Pursuant to Section 11.45, Florida Statutes, we conducted an audit of the basic financial statements of the State of Florida as of and for the fiscal year ended June 30, 2013. We also subjected supplementary information contained in the State's Comprehensive Annual Financial Report and the State's Schedule of Expenditures of Federal Awards to auditing procedures applied in our audit of the basic financial statements. Additionally, we audited the State's compliance with governing requirements for the Federal awards programs or program clusters that we identified as major programs for the fiscal year ended June 30, 2013.

OBJECTIVES

The objectives of our audit were:

- The expression of opinions concerning whether the State's basic financial statements were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The expression of an opinion concerning whether the State's Schedule of Expenditures of Federal Awards is presented fairly, in all material respects, in relation to the State's basic financial statements taken as a whole.
- To obtain an understanding of the internal control over compliance for each major Federal awards program, assess the control risk, and perform tests of controls, unless the controls were deemed to be ineffective.

- The expression of opinions concerning whether the State complied, in all material respects, with laws, regulations, and the provisions of contracts or grant agreements that may have a direct and material effect applicable to each of the major Federal awards programs.

METHODOLOGY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, applicable standards contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and OMB Circular A-133.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Florida as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the State's basic financial statements, and have issued our report thereon dated February 21, 2014. Our report includes a reference to other auditors. Other auditors audited the financial statements of the Prepaid College Program Fund, Florida Turnpike System, Hurricane Catastrophe Fund, College Savings Plan and the trust funds maintained by the State Board of Administration to account for the investments of the Florida Retirement System and the Public Employee Optional Retirement Program, the Florida Housing Finance Corporation, Citizens Property Insurance Corporation, component units related to the State's universities and community colleges, and certain other funds and entities as described in our report on the State of Florida's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a

reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in finding Nos. 2013-001 through 2013-005 in the **FINANCIAL STATEMENTS FINDINGS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, administrative rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Additional Matters

We also noted five additional matters involving the State's internal control that we reported to management as finding Nos. 2013-006 through 2013-010 in the **FINANCIAL STATEMENTS FINDINGS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

State of Florida's Response to Findings

State agency responses to the findings identified in our audit are included in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. The State agency responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the State's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

David W. Martin, CPA

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Report on Compliance for Each Major Federal Program

We have audited the State of Florida's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the State of Florida's major Federal programs for the fiscal year ended June 30, 2013. The State of Florida's major Federal programs are identified in the **SUMMARY OF AUDITOR'S RESULTS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

The State of Florida's basic financial statements include the operations of component units which received Federal awards during the fiscal year ended June 30, 2013, that are not included in the State's Schedule of Expenditures of Federal Awards required by OMB Circular A-133. Our audit of Federal awards, as described below, did not include the operations of the blended component units, Workforce Florida, Inc., Scripps Florida Funding Corporation, and Space Florida; discretely presented component units of the State of Florida's universities and colleges; or discretely presented component units other than the State of Florida's universities and colleges. As applicable, Federal awards administered by these component units are the subjects of audits completed by other auditors. Our audit also did not include the operations of the Legislature.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the State of Florida's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and

material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the State of Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the State of Florida's compliance.

Basis for Qualified Opinion on the Supplemental Nutrition Assistance Program (SNAP) Cluster, Special Education Cluster, Career and Technical Education – Basic Grants to States Program, Rehabilitation Services – Vocational Rehabilitation Grants to States Program, and Temporary Assistance for Needy Families (TANF) Program

As described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**, we were unable to obtain sufficient documentation supporting the compliance of the State of Florida with CFDA Nos. 10.551 and 10.561 Supplemental Nutrition Assistance Program (SNAP) Cluster as described in finding No. 2013-011 for Special Tests and Provisions – EBT Card Security, nor were we able to satisfy ourselves as to the State of Florida's compliance with those requirements by other auditing procedures.

As described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**, the State of Florida did not comply with the requirements regarding the following:

Finding No. 2013-	CFDA No(s).	Major Program (or Cluster) Name	Compliance Requirement(s)
023	84.027 and 84.173	Special Education Cluster	Matching, Level of Effort, Earmarking
026	84.048	Career and Technical Education – Basic Grants to States	Matching, Level of Effort, Earmarking and Reporting
027	84.126	Rehabilitation Services – Vocational Rehabilitation Grants to States	Allowable Costs/Cost Principles
028	84.126	Rehabilitation Services – Vocational Rehabilitation Grants to States	Eligibility
042	93.558	Temporary Assistance for Needy Families	Special Tests and Provisions – Child Support Non-Cooperation

Compliance with such requirements is necessary, in our opinion, for the State of Florida to comply with the requirements applicable to the respective Program.

Qualified Opinion on the Supplemental Nutrition Assistance Program (SNAP) Cluster, Special Education Cluster, Career and Technical Education – Basic Grants to States Program, Rehabilitation Services – Vocational Rehabilitation Grants to States Program, and Temporary Assistance for Needy Families (TANF) Program

In our opinion, except for the possible effects of the matter and noncompliance described in the Basis for Qualified Opinion paragraphs, the State of Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Supplemental Nutrition Assistance Program (SNAP) Cluster, Special Education Cluster, Career and Technical Education – Basic Grants to States Program, Rehabilitation Services – Vocational Rehabilitation Grants to States Program, and Temporary Assistance for Needy Families (TANF) Program for the fiscal year ended June 30, 2013.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the State of Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major Federal programs identified in the **SUMMARY OF AUDITOR'S RESULTS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** for the fiscal year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** as:

Finding Nos. 2013-:

018-019	021-022	025	029-031	035-037
039-041	044	046	048-049	051-053
055	058	061-080		

Our opinion on each major Federal program is not modified with respect to these matters.

The State agencies', universities', and colleges' responses to the noncompliance findings identified in our audit are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. The State agencies', universities', and colleges' responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the State of Florida is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State of Florida's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of Florida's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the following findings of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** to be material weaknesses:

Finding No. 2013-	CFDA No(s).	Major Program (or Cluster) Name	Compliance Requirement(s)
027	84.126	Rehabilitation Services – Vocational Rehabilitation Grants to States	Allowable Costs/Cost Principles
028	84.126	Rehabilitation Services – Vocational Rehabilitation Grants to States	Eligibility
039	93.558	Temporary Assistance for Needy Families	Allowable Costs/Cost Principles, Eligibility, and Special Tests and Provisions – Income Eligibility and Verification System
042	93.558	Temporary Assistance for Needy Families	Special Tests and Provisions – Child Support Non-Cooperation
053	93.720, 93.775, 93.777, and 93.778	Medicaid Cluster	Eligibility

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the following findings of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** to be significant deficiencies:

Finding Nos. 2013-:

013-015	017-021	024-026	029-030	033-038
046-049	051-052	055-056	058-060	063-064
072-073	080			

The State agencies', universities', and colleges' responses to the internal control over compliance findings identified in our audit are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. The State agencies', universities', and colleges' responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

David W. Martin, CPA

INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Florida as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the State of Florida's basic financial statements. We issued our Independent Auditor's Report thereon dated February 21, 2014, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Florida's basic financial statements.

The accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is fairly stated in all material respects in relation to the basic financial statements as a whole.

Respectfully submitted,

A handwritten signature in blue ink, reading "David W. Martin".

FINANCIAL STATEMENTS FINDINGS

Our audit of the State of Florida's basic financial statements for the fiscal year ended June 30, 2013, disclosed certain matters that we communicated in the **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***. These findings are categorized in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that findings be categorized in a manner that discloses their significance. The categorizations established and defined by the standards are as follows:

- A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected on a timely basis.
- A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our audit also disclosed *additional matters*, which are issues that, in the auditor's opinion, should be reported, but which do not clearly fit in any of the above-noted designations.

SIGNIFICANT DEFICIENCY

NET RECEIVABLES

Finding Number	2013-001
Opinion Unit	General Fund and Health and Family Services Fund
Financial Statements	Receivables, net; Expenditures, current
Account Title	
SW Fund Number	100000 and 202400
State Agency	Florida Agency for Health Care Administration (FAHCA)
OLO-GF-SF-FID	680000 10-1-000298; 680000 20-2-474001
GL Code	151, 159, and 711
Adjustment Amount	\$51,724,328; \$49,138,112; \$2,586,216
Finding	The FAHCA Bureau of Finance and Accounting (Bureau) did not appropriately record in the correct funds the receivables resulting from Medicaid overpayments.
Criteria	The Florida Department of Financial Services' <i>Reference Guide for State Expenditures</i> requires refunds be restored to the fund from which payment was disbursed.
Condition	The Federal share of the Medicaid overpayments was disbursed from the Medical Care Trust Fund reported within the Health and Family Services Fund and the State share of the overpayments was disbursed from the General Fund. Accordingly, receivables for the overpayments should have been recorded in each respective fund. However, the Bureau recorded receivables for both the Federal and State share of the Medicaid overpayments in the Medical Care Trust Fund.
Cause	The Bureau lacked written fiscal year-end reporting procedures for staff to follow when accruing overpayments.
Effect	<p>Prior to audit adjustment, accounts receivable in the Health and Family Services Fund were overstated by \$51,724,328; the allowance for uncollectibles account was overstated by \$2,586,216; and expenditures were understated by \$49,138,112.</p> <p>Prior to audit adjustment, accounts receivable in the General Fund were understated by \$51,724,328; the allowance for uncollectibles account was overstated by \$2,586,216; and expenditures were overstated by \$49,138,112.</p>
Recommendation	We recommend that the Bureau establish written fiscal year-end reporting procedures to better ensure that receivables resulting from Medicaid overpayments are appropriately recorded in the correct funds.
State Agency Response and Corrective Action Plan	The Agency staff reviewing year-end requirements was new last year. However, current staff, even though new to the Agency, is very familiar with financial statement requirements and will ensure future compliance. The Bureau is working to properly document this process to ensure that appropriate consideration is given to the unique financial statement requirements of each fund.
Estimated Corrective Action Date	April 30, 2014
Agency Contact and Telephone Number	Anita Hicks (850) 412-3815

SIGNIFICANT DEFICIENCY

NET RECEIVABLES

Finding Number	2013-002
Opinion Unit	Health and Family Services Fund
Financial Statements	Receivables, net; Deferred revenues, current; Fees and charges
Account Title	
SW Fund Number	202400
State Agency	Florida Agency for Health Care Administration (FAHCA)
OLO-GF-SF-FID	680000 20-2-339094
GL Code	613, 389, and 151
Adjustment Amount	\$63,191,848; \$48,521,835; \$14,670,013
Finding	The FAHCA Bureau of Finance and Accounting (Bureau) did not correctly identify, calculate, and record all Disproportionate Share Program receivables, revenues, and deferred revenues.
Criteria	Generally accepted accounting principles and the Florida Department of Financial Services Statewide Financial Reporting Section's (SFRS') <i>Statewide Financial Statement Guidance Manual</i> require the recognition of a receivable when the underlying exchange occurs and the recognition of revenues when the resources are both measurable and available. It is SFRS policy to recognize as revenue any amounts earned prior to fiscal year-end and collected within 60 days of the end of the fiscal year. Amounts earned prior to fiscal year-end but collected after 60 days of fiscal year-end are to be recorded as deferred revenue.
Condition	The Bureau recorded certain Disproportionate Share Program fiscal year-end receivables and revenues based on a spreadsheet that contained addition errors. We noted that, due to the errors, receivables were under-reported. We also noted that revenues were recorded based on the data contained in the spreadsheet without consideration of the 60-day collection period and, as a result, revenues were incorrectly classified as deferred revenues.
Cause	When recording receivables and revenues applicable to the 2012-13 fiscal year, the Bureau used amounts from a spreadsheet that contained addition errors. Further, the Bureau did not consider the 60-day collection period prescribed by SFRS policy when determining the amounts to be classified as deferred revenues and revenues.
Effect	Prior to adjustments, Receivables, net were understated by \$14,670,013; Deferred revenues, current were overstated by \$48,521,835; and Fees and charges were understated by \$63,191,848.
Recommendation	We recommend that the Bureau strengthen fiscal year-end reporting procedures to ensure that, among other things, the applicable spreadsheet includes correct calculations for receivables and appropriate consideration is given to the 60-day collection period when recognizing deferred revenues and revenues.
State Agency Response and Corrective Action Plan	<p>The Bureau has developed a process to reconcile the data received from the program office on a quarterly basis. This quarterly reconciliation process will identify errors earlier in the process allowing more time for research and resolution. The Bureau is working on a written procedure for this process.</p> <p>The Agency staff reviewing year-end requirements was new last year. However, current staff, even though new to the Agency, is very familiar with financial statement requirements and will ensure future compliance. The Bureau is working to properly document this process to ensure that appropriate consideration is given to the unique financial statement requirements of each fund.</p>

SIGNIFICANT DEFICIENCY**PENSION FUND CONTRIBUTIONS**

Finding Number	2013-003
Opinion Unit	Aggregate Remaining Fund Information
Financial Statements	Pension fund employer contributions – state, Pension fund employer contributions – nonstate, Pension fund employee contributions, Purchase of time by employees
Account Title	
SW Fund Number	737201 and 737203
State Agency	Florida Department of Management Services (FDMS)
OLO-GF-SF-FID	720000-73-2-309001 and 720000-73-2-705001
GL Code	66300, 66400, 66495, and 66499
Adjustment Amount	\$673,213,997; \$135,210,413
Finding	Rather than separately record employee pension contributions, the FDMS recorded the contributions in other financial statement line items.
Criteria	GASB Codification Section Pe5.121 requires defined benefit pension contributions from employers and employees to be displayed separately in the financial statements. Furthermore, GASB Codification Section 2200.198 requires the detailed display requirements of Section Pe5 be applied to statement of changes in (defined contribution) plan net position for pension and other employee benefit trust funds.
Condition	The FDMS recorded employee contributions to the Defined Benefit Pension Plan in the Purchase of time by employees account, while employee contributions for the Defined Contribution Pension Plan were recorded in the Pension fund employer contribution accounts.
Cause	The FDMS had not established general ledger coding to allow for the separate recording of employee pension contributions.
Effect	Subsequent to our audit inquiry, the FDMS established a Pension fund employee contributions account in both the Defined Benefit Pension Plan and the Defined Contribution Pension Plan. Prior to audit adjustment, the Purchase of time by employees account for the Defined Benefit Pension Plan was overstated by \$673,213,997. The Defined Contribution Pension Plan's Pension fund employer contributions account was overstated by \$135,210,413.
Recommendation	We recommend that the FDMS enhance financial reporting procedures to ensure compliance with applicable pension reporting standards.
State Agency Response and Corrective Action Plan	We concur with the Auditor General's Office. The codes have been changed in the accounting records to reflect the proper coding. In addition, we have added these items to our year-end checklist.
Estimated Corrective Action Date	February 10, 2014
Agency Contact and Telephone Number	Mitchell Clark (850) 487-9888

SIGNIFICANT DEFICIENCY**NET POSITION**

Finding Number	2013-004
Opinion Unit	Aggregate Remaining Fund Information
Financial Statements	Net Position: Net Investment in capital assets, Restricted-other, Unrestricted
Account Title	
SW Fund Number	609999
State Agency	Florida Department of Management Services (FDMS)
OLO-GF-SF-FID	720000
GL Code	536, 538, and 539
Adjustment Amount	\$23,060,290; \$114,267,516; \$91,207,226

Finding The FDMS did not properly classify its Communications and Facilities internal service fund's net position in accordance with generally accepted accounting principles (GAAP).

Criteria GASB Codification Section 1800.156 provides that a calculation is needed to determine the net investment in capital assets component of net position. The net investment in capital assets component, net of accumulated depreciation, should be reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of the capital assets, and any unspent debt proceeds. Moreover, GASB Codification Section 1800.157 states that net position should be reported as restricted when constraints placed on net position use are externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments. An example of such constraints is the establishment of a bond reserve from bond proceeds.

Condition For one trial balance, the FDMS did not properly consider the bond reserve and other covenant requirements and related debt (including unspent bond proceeds) when calculating components of net position. As a result, the Net investment in capital assets and Unrestricted accounts were overstated by \$3,567,827 and \$9,375,663, respectively, and the Restricted-other account was understated by \$12,943,490.

For another trial balance, the FDMS did not properly consider the bond reserve and other covenant requirements when calculating components of Net position. As a result, the Net investment in capital assets and Unrestricted accounts were overstated by \$19,492,463 and \$81,831,563, respectively, and the Restricted-other account was understated by \$101,324,026.

Cause The FDMS fiscal year-end reporting procedures were not effective to ensure the appropriate consideration of financial activity when calculating the Net investment in capital assets component of Net position, or to properly determine the amounts related to the restricted and unrestricted components of Net position.

Effect Prior to audit adjustment, the following components of Net position in the Internal Service Funds financial statements were misstated: Net investment in capital assets and Unrestricted were overstated by \$23,060,290 and \$91,207,226, respectively, and Restricted-other was understated by \$114,267,516.

Recommendation We recommend that the FDMS enhance fiscal year-end reporting procedures to ensure the appropriateness of its calculation for Net investment in capital assets and the reporting of the Restricted and Unrestricted components of Net position for the applicable internal service funds.

**State Agency Response and
Corrective Action Plan**

We concur with the Auditor General's Office. The codes have been changed in the accounting records to reflect the proper coding. In addition, we have added these items to our year-end checklist.

SIGNIFICANT DEFICIENCY**FUND CLASSIFICATION**

Finding Number	2013-005
Opinion Unit	Governmental Activities, Business-type Activities, and Aggregate Remaining Fund Information
Financial Statements	Various
Account Title	
SW Fund Number	209999, 509999, 800000, and 900000
State Agency	Florida Department of Financial Services (FDFS)
OLO-GF-SF-FID	400000-20-8-530015, 400000-80-8-530015, 400000-90-9-960222, and 400000-50-8-530015
GL Code	Various
Adjustment Amount	Various
Finding	The FDFS Statewide Financial Reporting Section (SFRS) improperly classified financial activity for a blended component unit of the State of Florida as a special revenue fund rather than as an enterprise fund.
Criteria	GASB Codification Section 1300.109 provides that activities are required to be reported as enterprise funds if laws or regulations require that the activities' costs of providing services be recovered with fees and charges, rather than taxes or similar revenues. The blended component unit had the authority, pursuant to Florida Statutes, to set fees to recover costs. This authority qualified the blended component unit to be classified as an enterprise fund as it collected fees and recovered over \$2.4 million for the 2012-13 fiscal year. Additionally, the audited financial statements and notes thereto identified the blended component unit as an enterprise fund.
Condition	<p>The SFRS established financial statement guidance for State agencies, in the form of a Fund Questionnaire, to assist State agencies in determining the proper fund type. Criteria within the Questionnaire were in the form of a decision tree, leading the respondent to the appropriate fund type to be assigned. Entity financial statements, including notes thereto, were also available to assist the respondent in completing the Questionnaire. Once the respondent completed the Questionnaire, they were to submit it to the SFRS for review and approval and the assignment of fund-type coding.</p> <p>We noted that the fund type determination made on the Questionnaire was incorrect and was subsequently approved by the SFRS in error.</p>
Cause	The SFRS' review of the documentation received to support the classification of the blended component unit did not identify inconsistencies in the documentation. As a result, the SFRS incorrectly approved a special revenue fund classification when the blended component unit's activities were required to be reported as an enterprise fund.
Effect	Prior to audit adjustment, the Net position for the Nonmajor Governmental Funds (special revenue fund) was overstated by \$18,506,901. Additionally, related capital asset and liability accounts for Governmental Activities were overstated by \$75,143,830 and \$4,530,367, respectively. The Net position for Business-type Activities was understated by \$89,120,364.
Recommendation	We recommend that the SFRS strengthen review procedures to ensure that funds are correctly classified during the preparation of the State's financial statements.

State Agency Response and Corrective Action Plan	Concur. SFRS will strengthen review procedures to ensure that funds are correctly classified during the preparation of the State's financial statements.
Estimated Corrective Action Date	June 30, 2014
Agency Contact and Telephone Number	Gina Ballard, Financial Administrator, Statewide Financial Reporting Section (850) 413-5687

ADDITIONAL MATTER

OTHER LOANS AND NOTES RECEIVABLE, NET

Finding Number	2013-006
Opinion Unit	General Fund and Aggregate Remaining Fund Information
Financial Statements	Deferred revenues, current; Other loans and notes receivable, net, Due from other funds; Fees and charges; Due from other governments; Due to other funds
Account Title	100000 and 749999
SW Fund Number	
State Agency	Florida Department of Revenue (FDOR)
OLO-GF-SF-FID	730000-74-1-000405 and 730000-74-2-144001
GL Code	163, 165, 253, 356, 389, 613, and 711
Adjustment Amount	\$4,565,437; \$57,597,278
Finding	The FDOR General Tax Administration, Refunds and Distribution Process (Revenue Accounting) did not record the Medicaid claims amounts due from the counties as certified by the Florida Agency for Health Care Administration (FAHCA).
Criteria	Chapter 2012-33, Laws of Florida, amended Section 409.915, Florida Statutes, to require that unpaid Medicaid claims amounts due from the counties be certified to the FDOR for collection. Therefore, the FDOR Revenue Accounting was responsible for ensuring that outstanding FAHCA-certified Medicaid claims amounts due from the counties were properly recorded during the year-end financial reporting process.
Condition	Pursuant to State law, once the FAHCA certified Medicaid claims amounts as due from the counties, the FDOR Revenue Accounting was responsible for collecting the amounts through receipt of payments from the counties or reductions to the counties' revenue-sharing distributions. Although some Medicaid claims amounts due from the counties had not been collected at June 30, 2013, the FDOR Revenue Accounting did not record the outstanding Medicaid claims amounts as a receivable during the year-end financial reporting process.
Cause	The FDOR Revenue Accounting established year-end financial reporting procedures that included a checklist designed to ensure that all appropriate amounts were properly included in the FDOR's year-end financial reports. However, the checklist had not been revised, as a result of the law change, to include the county Medicaid claims amounts certified by the FAHCA to the FDOR for collection and due at fiscal year-end. Supervisory review of the checklist did not detect the omission.
Effect	<p>Prior to audit adjustments, in the General Fund, the Other loans and notes receivable, net and Deferred revenues, current accounts were understated by \$57,597,278 and the Due from other funds and Fees and charges accounts were understated by \$4,565,437.</p> <p>Prior to audit adjustments, in Agency Funds, the Due from other governments and Due to other funds accounts were both understated by \$4,565,437.</p>
Recommendation	To ensure accurate financial reporting, we recommend that the FDOR Revenue Accounting appropriately update the checklist for all year-end activities, including any new statutory requirements, and that a more thorough supervisory review be established.
State Agency Response and Corrective Action Plan	We concur with the finding and have updated Revenue Accounting's checklist for the year-end activities which includes the review of any legislative changes that might affect year-end financial statement accrual adjustments. In addition, the Financial Systems and Analysis section has added as part of the annual financial statement checklist a review of any new revenues or distributions to ensure that any necessary associated accruals have been recorded. This secondary review

will provide additional assurance that all appropriate amounts are properly included in the FDOR's year-end financial reports.

ADDITIONAL MATTER

DUE TO OTHER FUNDS

Finding Number	2013-007
Opinion Unit	General Fund and Aggregate Remaining Fund Information
Financial Statements	Accounts payable and accrued liabilities, Due to other funds, Due from other funds, Licenses and permits, Fees and charges, Investment earnings, Fines, forfeits, settlements and judgments
Account Title	
SW Fund Number	100000 and 209999
State Agency	Florida Department of Highway Safety and Motor Vehicles (FDHSMV)
OLO-GF-SF-FID	000000-1-10-000001 and 760000-20-2-488001
GL Code	31100, 35600, 16300, 61200, 61300, 61500, and 61600
Adjustment Amount	\$22,414,541
Finding	The FDHSMV inadvertently coded transactions totaling \$22,414,541 as Accounts payable and accrued liabilities rather than Due to other funds during the fiscal year-end financial reporting process.
Criteria	The Florida Department of Financial Services Statewide Financial Reporting Section (SFRS) established Statewide financial statement guidance to identify the general ledger codes and account titles for use in recording and classifying financial activity in the States' financial statements. State agencies are responsible for reviewing the coding and classifications to ensure entries are in agreement with SFRS guidance prior to completing fiscal year-end adjusting entries.
Condition	During the fiscal year-end reporting process, FDHSMV staff are to identify financial activity representing collected licenses, fees, and charges that are to be transferred to the General Fund and then prepare manual entries to record the amounts to the Due to other funds account as of fiscal year-end. However, we noted that the 2012-13 fiscal year-end manual entries made by FDHSMV staff incorrectly coded \$22,414,541, representing collected licenses, fees, and charges due to the General Fund, as Accounts payable and accrued liabilities rather than Due to other funds. In addition, due to this error, Due from other funds and revenue entries were not recorded in the General Fund for corresponding amounts.
Cause	FDHSMV staff inadvertently used the incorrect general ledger codes when making the manual entries. Supervisory review did not detect the use of the incorrect general ledger codes.
Effect	Prior to audit adjustment, for the Motor Vehicle License Clearing Trust Fund (a nonmajor governmental fund), Due to other funds account was understated by \$22,414,541 and Accounts payable and accrued liabilities account was overstated by that same amount. For the General Fund, the Due from other funds account was understated and revenues were understated for the same amount.
Recommendation	We recommend that the FDHSMV enhance fiscal year-end financial reporting procedures to ensure the proper coding of year-end manual entries, as well as apply more diligence during supervisory review of those entries.
State Agency Response and Corrective Action Plan	The Department concurs with the audit finding. The procedures for the fiscal year-end closings will be modified to include additional time for a more in-depth analytical supervisory review to prevent this from occurring in the future.
Estimated Corrective Action Date	March 1, 2014
Agency Contact and Telephone Number	Marilyn Tabanelli, Chief, Bureau of Accounting (850) 617-3334

ADDITIONAL MATTER**ACCOUNTS PAYABLE**

Finding Number	2013-008
Opinion Unit	Health and Family Services Fund
Financial Statements Account Title	Accounts payable and accrued liabilities; Expenditures, current
SW Fund Number	202400
State Agency	Florida Agency for Health Care Administration (FAHCA)
OLO-GF-SF-FID	680000-20-2-474001 and 680000-20-2-021010
GL Code	311 and 711
Adjustment Amount	\$2,399,165
Finding	The FAHCA Bureau of Finance and Accounting (Bureau) did not record all year-end accounts payable (liabilities) and expenditures in the period the transactions occurred.
Criteria	Generally accepted accounting principles and the Florida Department of Financial Services (FDFS) Statewide Financial Reporting Section's <i>Statewide Financial Statement Guidance Manual</i> requires the recording of liabilities and expenditures for governmental funds in the period the transactions occurred. Liabilities are to be recorded without regard for the availability of resources to liquidate the liabilities.
Condition	The Bureau did not record all accounts payable and expenditures relating to contractual services received during the 2012-13 fiscal year. Instead, the Bureau recorded accounts payable and expenditures in amounts equal to the remaining available appropriations.
Cause	The Bureau had not established written fiscal year-end reporting procedures and did not follow the <i>Statewide Financial Statement Guidance Manual</i> when recording year-end liabilities and expenditures for contractual services received.
Effect	Prior to audit adjustments, accounts payable and current expenditure accounts for the Health and Family Services Fund were both understated by \$2,399,165.
Recommendation	We recommend that the Bureau establish written fiscal year-end reporting procedures to better ensure that all year-end liabilities and related expenditures are recorded in the period in which the transactions occurred.
State Agency Response and Corrective Action Plan	Certified accounts payables were established by the Bureau of Financial Services; however, payables were inadvertently deleted once it was determined that sufficient certified forward budget was not available to pay the invoices presented. The appropriate way to handle this situation would have been to remove the certified indicator from the payables that exceeded the available balance. This issue will be addressed with staff during accounts payable training. Also, current supervisory staff is very knowledgeable of the certified forward process and will implement a review process that will ensure this will not happen in the future.
Estimated Corrective Action Date	April 30, 2014
Agency Contact and Telephone Number	Anita Hicks (850) 412-3815

ADDITIONAL MATTERS

ADVANCES TO OTHER ENTITIES

Finding Number	2013-009
Opinion Unit	Public Education Fund
Financial Statements Account Title	Advances to other entities, Deferred revenue, Investment earnings
SW Fund Number	200200
State Agency	Florida Department of Education (FDOE)
OLO-GF-SF-FID	480000-20-8-0260001
GL Code	25800, 38900, and 61500
Adjustment Amount	\$43,226,000; \$15,795,839; \$27,430,161
Finding	The FDOE incorrectly recorded Advances to other entities, Investment earnings, and Deferred revenue for the Board of Governors auxiliary debt obligations to be repaid by colleges and universities.
Criteria	Generally accepted accounting principles require advances between funds be recorded as an asset in the fund advancing the funds and as a liability in the fund receiving the funds.
Condition	The FDOE's Advances to other entities account balance should equal the corresponding principal amounts of the bonds payable recorded by the colleges and universities as auxiliary debt obligations. The issuance of new bonds would increase the Advances balance while the payment of bonds would decrease the Advances balance. Amounts received for the payment of interest on the bonds are to be recorded as Investment earnings. Furthermore, the FDOE should record Deferred revenue for the amounts held in the Debt Service Fund that will be used to pay down the colleges and universities' bonds payable in future years. However, we noted that the FDOE did not properly record all Advances to other entities and other related account balances.
Cause	The FDOE did not take into account all applicable Board of Governors bond activity when recording Advances to other entities and other related account balances.
Effect	Prior to audit adjustments, the Public Education Fund Advances to other entities account was understated by \$43,226,000, Deferred revenue was understated by \$15,795,839, and Investment earnings were understated by \$27,430,161.
Recommendation	We recommend that the FDOE consider all applicable Board of Governors bond activity when adjusting the Advances to other entities and other related account balances.
State Agency Response and Corrective Action Plan	The agency agrees with this recommendation. Board of Governors staff will consider all university bond activity in preparing the annual required entries as noted in the finding.
Estimated Corrective Action Date	July 31, 2014
Agency Contact and Telephone Number	Chris Kinsley (850) 245-9607

ADDITIONAL MATTERS

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Finding Number	2013-010
State Agency	Florida Department of Education (FDOE)
Finding	FDOE procedures for preparing the Schedule of Expenditures of Federal Awards (SEFA) data form were not sufficient to ensure amounts reported were accurate. As a result, amounts reported on the State's SEFA were materially misstated before adjustment.
Criteria	OMB A-133§____.310(b), <i>Schedule of Expenditures of Federal Awards</i> To reasonably ensure the accuracy and completeness of the State's SEFA, the Florida Department of Financial Services (FDFS) prepared SEFA Instructions that required State agencies to prepare a SEFA data form and certify its accuracy. Included were specific instructions for each column of the data form. For example, the data form column "Total Expenditures" was to include the amount of the Federal share of expenditures for the period July 1, 2012, through July 30, 2013. The SEFA instructions also required that the column "Sub-granted to Non-State of Florida Entities" include Federal awards provided pursuant to a subrecipient relationship (i.e., subgranted) to entities that were not State of Florida entities. The FDFS accumulated the information reported by the agencies on the SEFA data forms to prepare the State's SEFA.
Condition	For the Child Care and Development Fund (CCDF) Cluster, the FDOE understated amounts reported in one or more SEFA data form columns. Specifically: <ul style="list-style-type: none"> ➤ For CFDA No. 93.575 - Child Care and Development Block Grant, the FDOE reported amounts for "Total Expenditures" that were understated by \$18,801,303 (14.2 percent). ➤ For CFDA No. 93.596 - Child Care Mandatory and Matching Funds of the Child Care and Development Fund, the FDOE reported amounts for "Total Expenditures" and "Sub-granted to Non-State of Florida Entities" that were understated by \$8,505,800 (6.4 percent).
Cause	The FDOE obtained SEFA expenditure data for the CCDF Cluster from the Office of Early Learning (OEL). In providing the amounts to be reported by the FDOE, the OEL failed to include expenditures from all applicable accounts and the FDOE failed to review the data provided by the OEL prior to completing the SEFA data form.
Effect	Absent effective procedures for identifying the Federal share of expenditures and for reviewing the data provided prior to submitting the SEFA data form to the FDFS, inaccurate or incomplete information may be reported on the State's SEFA.
Recommendation	We recommend that the FDOE enhance its procedures to ensure amounts reported on the SEFA data form are complete and accurate and provided in accordance with FDFS instructions.
State Agency Response and Corrective Action Plan	FDOE will add additional review steps in its SEFA reporting process to ensure FDOE is in agreement with the data reported by the Office of Early Learning.
Estimated Corrective Action Date	June 30, 2014, and on-going

THIS PAGE INTENTIONALLY LEFT BLANK.

FEDERAL FINDINGS AND QUESTIONED COSTS

Our audit findings with regard to compliance and internal controls over compliance with the requirements of major Federal awards programs are disclosed on the following pages. Where applicable and determinable, we have disclosed actual questioned costs where known or likely questioned costs exceeded \$10,000. To identify the nature and significance of each finding, we have identified each finding with one or more of the following designations:

- **Opinion Qualification.** A finding presenting a condition that affects the auditor's ability to give an unqualified opinion on compliance. This would include findings of (a) noncompliance with provisions of laws, regulations, contracts, or grants, the effects of which are material to the respective major Federal award program; or (b) inadequate records that resulted in restrictions being placed on the scope of the audit.
- **Material Noncompliance.** A finding presenting noncompliance with provisions of laws, regulations, contracts, or grants caused by error or fraud, the effects of which are material in relation to a major Federal program taken as a whole.
- **Noncompliance.** A finding presenting noncompliance with provisions of laws, regulations, contracts, or grants caused by error or fraud, the effects of which are material in relation to a type of compliance requirement or applicable audit objective identified in the *OMB Circular A-133 Compliance Supplement*.
- **Material Weakness.** A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A material weakness is considered in relation to a type of compliance requirement or applicable audit objective identified in the *OMB Circular A-133 Compliance Supplement*.
- **Significant Deficiency.** A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A significant deficiency is considered in relation to a type of compliance requirement or applicable audit objective identified in the *OMB Circular A-133 Compliance Supplement*.
- **Questioned Costs.** Costs that are questioned by the auditor because of an audit finding that reported: (a) a violation or possible violation of a provision of a law, regulation, contract, grant, cooperative agreement, or other agreement or document governing the use of Federal funds, including funds used to match Federal funds; (b) costs, at the time of the audit, which were not supported by adequate documentation; or, (c) costs incurred that appeared unreasonable and did not reflect the actions a prudent person would take in the circumstances.
- **Other.** Matters that, in the auditor's opinion, should be reported but do not clearly fit in any of the above-noted designations.

As part of the audit process, our findings were provided to the applicable agencies for management's response. The responses were prepared by agency management and are included with the audit findings. The agency responses include the agency's corrective action plan, a point of contact responsible for ensuring appropriate corrective action, and an estimated corrective action date.

We have presented our findings, generally, by Federal grantor agency and in the order of the Catalog of Federal Domestic Assistance Number (CFDA No.) assigned to each applicable Federal award program. Findings that pertain to multiple programs are generally presented as the first findings within the Federal grantor agency section. In some instances, a finding may pertain to programs provided by more than one Federal grantor agency. In such instances,

the finding is presented within the section for the Federal grantor agency that provided the most funding for the applicable agency. Findings for the Student Financial Assistance Cluster and the Research and Development Cluster are presented within separately marked sections of the report. An **INDEX OF FEDERAL FINDINGS BY FEDERAL AGENCY AND COMPLIANCE REQUIREMENT** is included to assist Federal grantor agencies in identifying applicable findings.

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	2013-011
CFDA Number	10.551 and 10.561
Program Title	Supplemental Nutrition Assistance Program (SNAP) Cluster
Compliance Requirement	Special Tests and Provisions – EBT Card Security
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	N/A
Finding Type	Opinion Qualification
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-001
Finding	The FDCF could not demonstrate that adequate security had been maintained over electronic benefit transfer (EBT) cards.
Criteria	<p>7 CFR 274.1 – <i>Issuance system approval standards</i></p> <p>7 CFR 274.5(c), <i>Record retention and forms security – Accountable documents</i></p> <p>7 CFR 274.8(b)(3), <i>Functional and technical EBT system requirements</i></p>
Condition	<p>The FDCF, as the primary State agency responsible for administering SNAP, is required to establish issuance and accountability systems to ensure that only certified eligible households receive benefits. Additionally, to prevent theft, embezzlement, loss, damage, destruction, and unauthorized transfer, negotiation, or use of EBT cards, the FDCF is required to maintain adequate security, documentation, and records.</p> <p>The FDCF contracts with a service organization for EBT services. In turn, the service organization subcontracts with another provider to, among other things, issue and secure EBT cards. However, our review of the two organizations' Statement on Standards for Attestation Engagements No. 16 (SSAE 16), <i>Service Organizations</i>, reports regarding the FDCF's EBT system disclosed that the reports did not include a description of any procedures performed or conclusions reached regarding the physical security over EBT cards for the period November 1, 2012, through June 30, 2013. Without such information, or the FDCF's performance of other procedures to monitor the effectiveness of the service organization's and provider's controls, the FDCF cannot demonstrate that appropriate security over the EBT cards was maintained.</p>
Cause	The SSAE 16 report provided during audit field work covered only 4 months (July 1, 2012, through October 31, 2012) of the 2012-13 State fiscal year. Another SSAE 16 report provided February 14, 2014, and covering the remaining 8 months of the 2012-13 State fiscal year did not specifically address EBT card security.
Effect	Absent an independent evaluation of the effectiveness of the service organization's specific EBT card security controls, the FDCF has limited assurance that EBT cards were adequately secured in accordance with applicable Federal requirements.
Recommendation	We recommend that the FDCF take appropriate actions to ensure that the service organization's and provider's internal controls related to the physical security of EBT cards are suitably designed and operating effectively.
State Agency Response and Corrective Action Plan	JPMorgan, the service organization that provides the Department's Electronic Benefits Transfer (EBT) services, subcontracts with Fiserv, a service organization, for EBT card production and management. Fiserv is responsible for physical security over EBT cards. As a service organization, Statement on Standards for Attestation Engagement No. 16 (SSAE 16) audits are conducted on Fiserv. Fiserv does not have the same SSAE 16 audit review period as JPMorgan. It ends after that of JPMorgan. Therefore, the SSAE 16 on Fiserv

was not completed at the time the SSAE 16 on JPMorgan was published, nor was it completed by the time of the Audit General audit review.

The SSAE 16 audit report on Fiserv, covering the review period 10/1/2012 - 9/30/2013, was made available to the Department and the Auditor General on February 14, 2014. The report provides information regarding the physical security over EBT cards and covers the remainder of the Auditor General review period 11/1/12 - 6/30/13.

**Estimated Corrective
Action Date**

February 14, 2014

**Agency Contact and
Telephone Number**

Debbie McLemore
(850) 717-4131

Auditor's Remarks

The FDCF indicated in their response that the SSAE 16 report made available on February 14, 2014, "provides information regarding the physical security over EBT cards." The point of the finding is that it does not appear that the referenced report specifically addresses EBT card security.

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	2013-012
CFDA Number	10.557
Program Title	Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	5FL700820 2012 and 5FL700820 2013
Finding Type	Questioned Costs – \$1,051,865.03 (Federal Grant Nos. 5FL700820 2012 \$580,000.43, 5FL700820 2013 \$471,864.60)
Finding	The FDOH did not always maintain appropriate records to support the salary and benefits costs charged to the WIC Program.
Criteria	OMB Circular A-87, Attachment B, Section 8.h., <i>Support of Salaries and Wages</i> FDOH Financial Memorandum FM 12-02, <i>Federal Timekeeping Requirements</i>
Condition	During the 2012-13 fiscal year, the FDOH expended WIC Program funds totaling approximately \$67 million for salary and benefit costs for FDOH employees. For positions where the employee worked on a single Federal program, the FDOH utilized semiannual certifications to support the salary and benefit costs charged to the WIC Program. Our tests of salary and benefit charges to the WIC Program disclosed that the FDOH Bureau of WIC Program Services did not obtain semiannual certifications for 38 Bureau employees who worked 100 percent on WIC Program activities during the period July 2012 through December 2012. The FDOH paid from WIC Program funds, salaries and benefits totaling \$1,051,865.03 for these 38 employees during this period.
Cause	Management within the Bureau of WIC Program Services misinterpreted an FDOH policy change related to the requirements for completion of semiannual certifications for Headquarters staff. In August 2013, subsequent to our audit inquiry, WIC Program management obtained from all Bureau employees certifications that covered the entire 2012-13 fiscal year.
Effect	Absent the certifications, the FDOH cannot demonstrate that the salary and benefits costs charged to the WIC Program were adequately supported.
Recommendation	We recommend that the FDOH follow its established procedures to ensure that the salary and benefit costs charged to the WIC Program are supported by periodic certifications.
State Agency Response and Corrective Action Plan	<p>As stated in the audit finding, the Bureau of WIC Program Services misinterpreted a FDOH policy change related to the FDOH county health department staff completing 100% time reporting as applying to headquarters staff. The misinterpreted policy was first implemented by the Bureau for the July 2012 – December 2012 time period. Semi-annual certifications had been completed for prior time periods and have been reinstituted as a result of this audit.</p> <p>The Bureau of WIC Program Services immediately reinstituted its former office procedure to collect semi-annually the Single Federal Award Certification Form for all Bureau staff working 100% on WIC program activities. As stated in the audit finding, certifications were completed immediately upon notification of the Bureau's misunderstanding of department policy for the July 2012 to June 2013 period. The certification forms for this period are on file in the Bureau. Additionally, Single Federal Award Certification Forms have been completed and are on file for the July 2013 – December 2013 period.</p>

**Estimated Corrective
Action Date**

Completed.

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Finding Number	2013-013
CFDA Number	14.228 and 14.255 (Includes Recovery Act Funding)
Program Title	Community Development Block Grants – State-Administered CDBG Cluster (CDBG)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, and Subrecipient Monitoring
State Agency	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-005
Finding	The FDEO did not ensure that adequate information technology security controls had been established for the e-CDBG application.
Criteria	Information Technology (IT) Best Practices Access Controls: Management should implement and document procedures that provide access control based on an individual's demonstrated need to view, add, modify, or delete data. The risk of inappropriate or unnecessary access to information can be reduced through the use of security controls to ensure that systems are accessible only to authorized users and for authorized uses. Effective access authorization practices include, among other things, the use of access authorization forms to document the user access privileges that management has authorized.
Condition	The FDEO utilized the e-CDBG application to track Federal projects and related activities, including payments to subgrantees totaling \$103,335,662 during the 2012-13 fiscal year and monitoring efforts related to the CDBG Program. The FDEO developed access authorization forms to control access to its various systems. The forms required the requestor to note the level of access to be granted and required signatures documenting who authorized the access. We reviewed access documentation for nine external and one internal e-CDBG application users and, as similarly noted in the prior audit, access authorization forms were only available for the external users. According to FDEO staff, e-CDBG application access is granted to internal users upon FDEO employment.
Cause	The FDEO did not require the authorization or review of internal users' e-CDBG application access.
Effect	Absent appropriate access authorization documentation for all e-CDBG application users, the possibility exists that inappropriate or unnecessary access will be granted and information may be destroyed, disclosed, or otherwise compromised.
Recommendation	We recommend that the FDEO utilize the established access authorization forms to document and ensure that all IT applications are accessible only to authorized users and for authorized uses.
State Agency Response and Corrective Action Plan	To address this audit issue, internal users of the e-CDBG system must have appropriate authorization documentation. Corrective action was taken in January 2014, by requiring all FDEO staff needing access to the e-CDBG system to sign the Department's Security Agreement Form. The Department's Access Control Policy Number 5.05.02.11 requires all active internal users of FDEO's information resources to complete the Security Agreement Form referenced in the policy.

**Estimated Corrective
Action Date**

The corrective action was implemented in January 2014.

Telephone Number**

Bob Dennis, Community Program Manager
(850) 717-8440

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Finding Number	2013-014
CFDA Number	14.228 and 14.255
Program Title	Community Development Block Grants – State-Administered CDBG Cluster (CDBG)
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	B-06-DG-12-0001 2005, B-06-DG-12-0002 2005, B-08-DI-12-0001 2008, B-08-DN-12-0001 2008, B-11-DN-12-0001 2011, and B-10-DC-12-0001 2010
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-006
Finding	FDEO procedures were not sufficient to ensure the results of monitoring visits were timely communicated to subrecipients.
Criteria	24 CFR 84.51, <i>Monitoring and reporting program performance</i> - Recipients are responsible for managing and monitoring each project, program, subaward, function, or activity supported by the award and recipients shall monitor subawards to ensure subrecipients have met the audit requirements.
Condition	<p>The FDEO is responsible for distributing CDBG funds to eligible subrecipients and performing activities necessary to achieve assurance that funds are properly expended in accordance with contract and grant agreement provisions. The FDEO operates three program types under this grant, including Neighborhood Stabilization, Small Cities Grants, and Disaster Recovery. To document the monitoring process, the FDEO has established monitoring procedures which include the use of standard checklists and forms to ensure consistent and adequate oversight of subrecipient local governments' use of CDBG funds. The FDEO had established procedures that required the FDEO to provide subrecipients with a final report following the conclusion of the monitoring site visit for each program type. However, the procedures did not provide a time frame for issuing the final monitoring reports or require that causes for delays in issuing the reports be documented.</p> <p>The FDEO's standard checklists and forms include a Monitoring Summary that outlines the results of the monitoring activities performed as well as a section for documenting supervisory review and approval. We reviewed documentation related to 16 subrecipient monitoring visits and noted that the FDEO did not always timely submit to subrecipient local governments, a final report on the results of monitoring activities performed. Specifically, the FDEO issued the final report for 10 of the 16 monitoring visits 69 to 239 days (average of 143 days) after the visit was conducted.</p>
Cause	The program monitoring procedures for the Small Cities Grants and Disaster Recovery program types did not address the timely submittal of final monitoring reports.
Effect	Absent timely reporting of monitoring activity results, the FDEO has reduced assurance that any needed corrective actions will be timely taken and that CDBG funds are used in accordance with program laws, regulations, and provisions of contract and grant agreements.
Recommendation	We recommend that the FDEO enhance subrecipient monitoring procedures to require the final monitoring report be timely submitted to subrecipients and to require that documentation of the cause for any delays be maintained.
State Agency Response and Corrective Action Plan	During the 2012 audit period, the Disaster Recovery program had several challenges relating to staff turnover. This caused delays in the completion of monitoring reports. Once the oversights were discovered, delayed reports were completed as expeditiously as possible. In other cases, monitoring reports were

delayed when additional information was requested but not received in a timely manner.

Similarly, in the Small Cities program, delays in completing monitoring reports were due to the lack of timely receipt of requested information and staff work load.

FDEO is committed to improving its monitoring review processes. In 2012, the U.S. Department of Housing and Urban Development (HUD) hired technical assistance (TA) providers to assist CDBG program staff with preparing a Policy and Procedures Manual for the disaster recovery program. The TA consultants were also required to evaluate the Small Cities CDBG program to identify areas in which the TA providers believe improvements could be made and develop recommendations for FDEO to consider. As noted in correspondence from HUD dated January 23, 2014, a draft of the Disaster Recovery manual has been prepared but not finalized. HUD and FDEO are in the process of finalizing a new technical assistance agreement that will include the completion of the Disaster Recovery Policy and Procedures Manual and other program evaluation tasks. After the technical assistance tasks are completed, consistent deadlines for completing monitoring reports and follow-up correspondence with subrecipients for all CDBG programs will be incorporated in the appropriate policies and procedures.

Pending formal completion of the appropriate policies and procedures, FDEO has established a 60-day deadline, from the date of the monitoring visit, to complete and mail monitoring reports. A 45-day due date is established for replying to subrecipient responses to the monitoring reports. The current 30-day guideline in the e-CDBG system will be used to remind program staff that monitoring reports which have not been completed are due within next 30 days.

**Estimated Corrective
Action Date**

The corrective action was implemented in January 2014.

**Agency Contact and
Telephone Number**

Bob Dennis, Community Program Manager
(850) 717-8445

U.S. DEPARTMENT OF LABOR

Finding Number	2013-015
CFDA Number	17.225
Program Title	Unemployment Insurance
Compliance Requirement	Reporting and Special Tests and Provisions – Employer Experience Rating
State Agency	Florida Department of Revenue (FDOR)
Federal Grant/Contract Number and Grant Year	N/A
Finding Type	Significant Deficiency
Finding	The FDOR did not adequately monitor the service provider's internal controls related to the collection of data for unemployment taxes.
Criteria	OMB Circular A-133, §__.300(b), <i>Auditee responsibilities</i> – The auditee shall maintain internal control over Federal programs that provides reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs.
Condition	<p>The FDOR contracted with a service provider to make electronic filing programs available to taxpayers for filing unemployment and other tax returns and the related tax payments. For the 2012-13 fiscal year, the FDOR received unemployment tax payments totaling \$1,072,199,873 of which \$403,527,422 (37.6 percent) related to tax returns processed by the service provider. Unemployment tax collections are reported in the ETA 581 <i>Contribution Operations</i> report submitted to the U.S. Department of Labor and are included as a factor in the establishment of individual employers' unemployment tax rates.</p> <p>While the FDOR assessed the accuracy of the service provider's invoices through review of daily reports and applications, the FDOR did not adequately monitor the service provider's internal controls, either internally or by obtaining and reviewing an independent service auditor's report that described the service provider's internal controls and opined on the effectiveness of those controls related to the collection of data for unemployment taxes during the 2012-13 fiscal year.</p>
Cause	The FDOR contract with the service provider for the 2012-13 fiscal year did not contain a requirement for the provider to obtain a service organization control report prepared in accordance with Statement on Standards for Attestation Engagements No. 16 (SSAE 16), <i>Service Organizations</i> . In March 2013, prior to the contract expiration on November 30, 2013, the FDOR released an Invitation to Negotiate that included a requirement for the new service provider to obtain an annual SSAE 16 report.
Effect	Absent an independent review, either through an SSAE 16 engagement or by the FDOR, of the internal controls of the service provider responsible for collecting data for significant amounts of unemployment taxes, the FDOR has reduced assurance that the tax information received is accurate and complete.
Recommendation	We recommend that the FDOR, either through procedures outlined in SSAE 16 or its own monitoring process, ensure service provider internal controls related to the collection of data for unemployment taxes are suitably designed and operating effectively.
State Agency Response and Corrective Action Plan	FDOR's Invitation to Negotiate released in early 2013 included a requirement for the new service provider to obtain an SSAE 16 report. A contract was awarded and signed in late 2013 with an effective date of 1/1/2014. The service provider is currently under engagement with a service auditor to complete the SSAE 16, type II audit. The expected completion date is the end of April. FDOR will review the report and take any appropriate action.

(850) 717-7177

U.S. DEPARTMENT OF STATE

Finding Number	2013-016
CFDA Number	19.401
Program Title	Academic Exchange Programs – Scholars
Compliance Requirement	Allowable Costs/Cost Principles
State Educational Entity	University of Florida (UF)
Federal Grant/Contract Number and Grant Year	S-ECAAE-12-CA-043(AR), April 1, 2012 – July 31, 2013 (2012-13 SUSI Grant) S-ECAAE-11-CA-046(DS), March 1, 2011 – July 31, 2012 (2011-12 SUSI Grant)
Finding Type	Questioned Costs – \$54,299 (Federal Grant Nos. S-ECAAE-12-CA-043(AR) \$20,014, S-ECAAE-11-CA-046(DS) \$34,285)
Finding	The institution did not always properly monitor Federal grant expenditures to ensure expenditures were allowable, reasonable, and necessary, and adequately documented.
Criteria	OMB Circular A-110, Subpart C., Sections 23, <i>Cost Sharing or Matching</i> , and 27, <i>Allowable Costs</i> OMB Circular A-21, Section C.4. <i>Basic Consideration, Allocable Costs</i> Institution Directives and Procedures (Finance and Accounting, Part 4E – Employee Reimbursements).
Condition	<p>Our tests of seven travel and expense reimbursements to four employees included two payments, totaling \$56,000, to the Principal Investigator (PI) of the Study of the US Institute on US Foreign Policy (SUSI) grant. The payments, which were paid as expense reimbursements, were actually funds advanced to the PI to pay travel expenses. The institution did not subsequently verify and document that the payments to the PI were used in accordance with terms of the grant agreement as required by the institution's directives and procedures.</p> <p>Based on our findings the institution requested its internal auditor to review SUSI grant administration and expenditures. In a report dated September 17, 2013, the institution's internal auditor identified instances of financial mismanagement, as follows:</p> <ul style="list-style-type: none"> ➤ The program coordinator was paid \$25,680 (including fringe benefits of \$8,506), for 492 overtime hours, at an average hourly rate of \$34.91, for time reported as worked that could not be verified or substantiated (\$8,015, 2011-12 SUSI grant; \$17,665, 2012-13 SUSI grant). Also, the grant was assessed an additional \$8,628 indirect costs (\$2,693, 2011-12 SUSI grant; \$5,935, 2012-13 SUSI grant) on these unverified and unsubstantiated salaries and fringe benefits at the rate of 33.6 percent. ➤ Questionable non-salary expenditures were identified for the 2011-12 and 2012-13 SUSI grant periods, of \$9,306 and \$10,685, respectively, totaling \$19,991. These amounts included \$10,142 for expenditures that were not supported by receipts, \$4,836 for duplicate payments to other employees working for the grant, and \$5,013 for expenditures for items that were not permitted under institution policy or the grant award agreements. ➤ The 2012-13 SUSI grant cost sharing was not appropriately certified by the institution. <p>On November 22, 2013, the institution restored \$34,285 for questioned costs applicable to the 2012-13 SUSI grant based an internal review by Contracts and Grants Accounting and was in the process of determining the best method to restore amounts related to the prior award year.</p>

Cause	<p>The internal auditor's report states that the program coordinator's time was charged to the grant based on a percentage distribution instead of actual hours worked. Hours were initially entered into the institution's payroll system and were not subsequently adjusted.</p>
	<p>The internal auditor's report also stated that the Principal Investigator for the grants drew down Federal funds by requesting advance funding by means of an expense report and deposited the funds into a personal bank account (external account). Expenditures from the external account were not appropriately monitored and were not subject to the approval process established by the institution. Had the advance funding been by a travel authorization, it would have been subject to advance monitoring by the institution's Disbursement Services department. Subsequent to audit inquiry, receipts were provided to Disbursement Services as support for the expenditures and reconciliations were performed of the expenditures from the external account to the advance funding provided to the PIs. The institution's internal auditor disclosed that this lack of monitoring has been going on for five years, when the grant was first awarded to the University.</p>
	<p>The internal auditor's report further stated that the program coordinator for the grant altered the 2012-13 SUSI grant Cost Sharing Certification Form by "whiting-out" the information on the 2011-12 SUSI grant cost share form and handwriting in the 2012-13 SUSI grant cost share information.</p>
Effect	<p>Federal grant funds may have been used for goods or services that are not allowable or reasonable under the terms of the Federal grants, and the institution may not have properly reported its cost share requirements.</p>
Recommendation	<p>The institution should enhance its procedures to comply with grant expenditures allowed and maintain documentation for all charges that substantiate the allowability, reasonableness, and necessity of all expenditures to Federal grants. The institution should also seek clarification from the Federal grantor regarding the resolution of the questioned costs noted.</p>
UF Response and Corrective Action Plan	<p>The University has contacted the Federal grantor and a refund was processed on 1/31/14. The University has a continual improvement process which is strengthening procedures over charging costs to Federal Grants. For instance, the University is currently in the process of hiring a Quality Assurance auditor whose sole responsibility will be post audit reviews of the appropriateness of sponsored program charges. Also, procedures have been enhanced to include a closer, more detailed, review of expenditures at project closeout. In addition, employee reimbursement audit procedures have been strengthened to more closely evaluate similar requests for payments in the future.</p>
Estimated Corrective Action Date	<p>N/A</p>
UF Contact and Telephone Number	<p>Brad Staats, Assistant Vice-President for Contracts & Contracts (352) 273-3136</p>

U.S. DEPARTMENT OF TRANSPORTATION

Finding Number	2013-017
CFDA Number	Various (Includes Recovery Act Funding) (See Finding)
Program Title	Various (See Finding)

State Agency	Florida Department of Transportation (FDOT)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency

Finding

The Electronic Estimate Disbursement (EED) System is a mainframe system used by the FDOT to capture contract payment request transactions from various FDOT systems, validate the transactions, and build payment request records that are submitted for payment to the Florida Department of Financial Services (FDFS), Florida Accounting Information Resource Subsystem (FLAIR). The purpose of the EED System is to increase the accuracy of payment request data; implement edits not available in FLAIR; and reduce the amount of manual work needed to input, submit, and document payments.

In finding Nos. 1 through 7 of our information technology operational audit report No. 2014-088, dated January 2014, we disclosed significant deficiencies related to EED System application and user controls including input, processing, and output controls. In addition, in finding Nos. 8 through 15, we disclosed significant deficiencies related to security controls such as access privileges. Details of the findings and recommendations, as well as FDOT management's response are included in that report.

Programs that include Recovery Act Funding:

20.205, 20.219, and 23.003 – Highway Planning and Construction Cluster

Programs that do not include Recovery Act Funding:

20.500, 20.507, 20.525, and 20.526 – Federal Transit Cluster

U.S. DEPARTMENT OF TRANSPORTATION

Finding Number	2013-018
CFDA Number	20.205, 20.219, and 23.003
Program Title	Highway Planning and Construction Cluster
Compliance Requirement	Reporting
State Agency	Florida Department of Transportation (FDOT)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-011
Finding	The FDOT did not ensure that Highway Planning and Construction Cluster subaward data was timely reported in the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS).
Criteria	2 CFR 170 Reporting Subaward and Executive Compensation Information
Condition	FFATA regulations required the FDOT, as a recipient, to report in the FSRS key data elements regarding its subawards. The FSRS is a reporting tool used to capture and report subaward and executive compensation data and make it available to the public via a single, searchable Web site. FFATA reporting is required for grants or cooperative agreements exceeding \$25,000, effective on or after October 1, 2010, and made with a new Federal Assistance Identification Number on or after that date. Pursuant to Federal regulations, the FDOT should have reported, by the end of the month following the month in which an obligation was made, the key data elements for such grants. During the period July 1, 2012, through June 30, 2013, the FDOT made 162 subawards totaling \$115,752,060 to 90 entities. Our tests of 20 of these subawards disclosed that: <ul style="list-style-type: none"> ➤ The FDOT had reported 12 subawards from 6 to 59 days late. ➤ One subaward was not reported due to an oversight.
Cause	While the FDOT revised its procedures in April 2013, the procedures were not sufficient to ensure that subaward data was timely reported.
Effect	FDOT subaward data was not always timely reported in the FSRS as required by FFATA.
Recommendation	We recommend that the FDOT enhance procedures to ensure that required key data elements are reported timely in the FSRS.
State Agency Response and Corrective Action Plan	The FDOT will continue to enhance procedures to help ensure that key data elements are reported timely in the FSRS. This will include the earlier checking of the FSRS for new entries, and the implementation of a shorter time period for processing and dissemination of that data to the program areas responsible for reporting.
Estimated Corrective Action Date	February 12, 2014
Agency Contact and Telephone Number	Joe Kowalski (850) 414-4864

U.S. DEPARTMENT OF ENERGY

Finding Number	2013-019
CFDA Number	81.041 (Includes Recovery Act Funding)
Program Title	State Energy Program
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Agriculture and Consumer Services (FDACS)
Federal Grant/Contract Number and Grant Year	DE-E0000241 2009
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-016
Finding	FDACS procedures were not adequate to ensure that all subrecipient audit reports were obtained and reviewed in a timely manner. In addition, FDACS staff did not timely review audit reports to determine whether management decisions and corrective actions were required.
Criteria	OMB Circular A-133, §____.400(d), <i>Pass-through entity responsibilities</i> – Pass-through entities are responsible for ensuring that subrecipients expending \$500,000 or more in Federal awards during the subrecipient's fiscal year have met the OMB Circular A-133 audit requirements.
Condition	<p>The FDACS awarded approximately \$57.2 million in Program funding to 63 subrecipients during the period May 30, 2010, through June 30, 2011. The FDACS had established procedures for obtaining OMB Circular A-133 audits from subrecipients that expended \$500,000 or more in Federal funding and for requiring FDACS staff to review the audit reports received; however, the procedures did not include a time frame in which the audit report reviews were to be completed. FDACS staff also maintained audit tracking logs and, in April 2012, sent letters requesting all subrecipients to provide either an OMB Circular A-133 audit report or a signed certification stating that the subrecipient had not expended more than \$500,000 in Federal funding. However, our examination of the audit tracking log for the 2011-12 fiscal year disclosed that, as of June 30, 2013, FDACS staff had received only 17 audit reports and three signed certifications. Also, in response to our audit inquiry, FDACS management stated that actions taken to follow-up with subrecipients who had not submitted an audit report or signed certification had not been documented.</p> <p>We also inquired of FDACS staff and examined the audit tracking log for the 2009-10, 2010-11, and 2011-12 fiscal years and noted that FDACS staff had not reviewed the 70 subrecipient audit reports received as of June 30, 2013, or issued any related management decisions.</p>
Cause	FDACS procedures did not require staff to document attempts to follow-up on audit reports not received or to timely review audit reports upon receipt. Additionally, FDACS management indicated that, due to lack of staff, the audit reports were not timely reviewed upon receipt.
Effect	Absent the timely receipt and review of all required subrecipient audit reports, FDACS management lacked assurance and could not demonstrate that the subrecipients complied with laws, regulations, and provisions of contracts and grant agreements.
Recommendation	We recommend that the FDACS enhance procedures to require documentation of staff efforts to follow-up with subrecipients that do not timely submit audit reports and to ensure that, upon receipt, subrecipient audit reports are timely reviewed and any related management decisions timely issued.

**State Agency Response and
Corrective Action Plan**

We concur with the finding. Procedures are being enhanced to ensure that all sub-recipient audit reports are obtained and reviewed in a timely manner and that efforts to follow-up with sub-recipients are documented in writing. Section IV, Reporting of the OOE's Policies and Procedures For Grant Management outlines the sub-recipient audit review procedures being proposed. It will require audit reports to be reviewed within five (5) months of receipt to the Office. Any required management decisions will be issued within six (6) months of receipt, consistent with the requirements of Office of Management and Budget (OMB) Circular A-133.

The Office of Energy is in the process of completing its review of all A-133 audit reports received for fiscal years 2011 and 2012. The Office will also re-visit the level of response regarding the receipt of sub-recipient audits for fiscal years 2011 and 2012, and increase its efforts to obtain any audits that were not submitted previously. For open grants, management decisions and corrective actions may impact the OOE's approval of subsequent grant payment requests. If the grant is already closed, management decisions or corrective actions may impact the sub-recipient's receipt of OOE financial assistance in the future.

**Estimated Corrective
Action Date**

July 30, 2014

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-020
CFDA Number	Various (Includes Recovery Act Funding) (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Activities Allowed or Unallowed; Allowable Costs/Cost Principles; Cash Management; Eligibility; Matching, Level of Effort, Earmarking; Reporting; and Special Tests and Provisions
State Agency	Florida Northwest Regional Data Center (NWRDC)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-019
Finding	The NWRDC did not have a complete, system-generated record of all hardware and systems software changes and had not documented the testing, approval, and implementation of some systems software changes. Additionally, certain security controls related to user authentication needed improvement.
Criteria	<p>Information Technology (IT) Industry Standards: General Controls</p> <p>Federal Information System Controls Audit Manual (FISCAM), February 2009:</p> <p>3.2 – Access controls provide reasonable assurance that access to computer resources (data, equipment, and facilities) is reasonable and restricted to authorized individuals. Effective security controls include measures to authenticate the identity of system users.</p> <p>3.3 - Configuration management controls provide reasonable assurance that changes to information system resources are authorized and systems are configured and operated securely and as intended. Effective change control procedures help to ensure that all changes are authorized, documented, and tracked. Comprehensive documentation includes documentation that changes were successfully tested and functioned as intended prior to being approved for implementation.</p>
Condition	<p>The NWRDC change management policy includes guidance as to when certain hardware and systems software changes can be made and when weekly change management meetings are to be scheduled. This policy addresses requirements for the authorization and review of hardware and systems software changes. However, in response to our audit inquiry, NWRDC staff were unable to provide a system-generated log of all hardware and systems software changes that had been applied to the NWRDC's internal systems (the computing platforms used in the day-to-day operation and administration of the data center in support of servicing its customer base), open systems (server platforms supporting customer entity services), or the mainframe.</p> <p>Alternatively, NWRDC staff provided us a listing of hardware and systems software change records that had been manually entered into a spreadsheet used for change management activities. However, the NWRDC did not have a mechanism in place to verify that all changes made to a platform were actually entered into the spreadsheet. Notwithstanding the limitations of manually entered change records, we reviewed a sample of 14 changes made to network infrastructure and systems software components recorded on the spreadsheet from September 20, 2012, through March 20, 2013. Our review of 9 of the 14 changes included in our sample disclosed that, for systems software component changes, NWRDC staff were unable to provide documentation substantiating that the changes had been appropriately tested, approved to be moved to the production environment, and moved to the production environment by personnel independent of programming.</p>

Additionally, our audit disclosed certain NWRDC security controls related to user authentication that needed improvement. Security controls are intended to protect the confidentiality, integrity, and availability of data and IT resources. We are not disclosing specific details of the issues in this report to avoid the possibility of compromising NWRDC customer entity data and IT resources. However, we have notified appropriate NWRDC management of the specific issues.

The NWRDC was established as a primary data center to serve as an information system utility for customer entities. The NWRDC provides services for various systems, including the Accessible Web-based Activity and Reporting Environment (AWARE), the Rehabilitation Information Management System (RIMS), the K-12 Student and Staff System, and the Cash Advance and Reporting of Distributions System (CARDS) managed by the Florida Department of Education and the CSE Automated Management System (CAMS) managed by the Department of Revenue. These systems are used in administering aspects of the following major programs:

Programs that include Recovery Act Funding:

84.010 and 84.389 - Title I, Part A Cluster
 84.377 and 84.388 - School Improvement Grants Cluster
 84.395 - State Fiscal Stabilization Fund (SFSF) - Race-to-the-Top Incentive Grants, Recovery Act

Programs that do not include Recovery Act Funding:

84.027 and 84.173 - Special Education Cluster (IDEA)
 84.048 - Career and Technical Education - Basic Grants to States
 84.126 - Rehabilitation Services-Vocational Rehabilitation Grants to States
 84.287 - Twenty-First Century Community Learning Centers
 84.365 - English Language Acquisition Grants
 84.367 - Improving Teacher Quality State Grants
 93.558 - Temporary Assistance for Needy Families (TANF)

Cause

The NWRDC had not developed written procedures addressing the detailed requirements for documenting and tracking the authorization, testing, approval, and implementation of hardware and systems software changes. However, NWRDC management indicated that they were in the process of implementing a new change management system that would address the above-described control issues. Additionally, NWRDC management did not establish adequate security controls.

Effect

The lack of written procedures increases the risk that hardware and systems software changes will not be authorized, tested, approved, and implemented in a consistent manner pursuant to management's expectations. In addition, without a complete, system-generated record of hardware and systems software changes and adequate documentation tracking the change control process, the risk is increased that erroneous or unauthorized changes could be moved into the production environment without timely detection. Also, without adequate security controls related to user authentication, the confidentiality, integrity, and availability of NWRDC customer entity data and IT resources may be compromised.

Recommendation

The NWRDC should supplement its change management policy with written procedures addressing the detailed requirements for documenting and tracking hardware and systems software changes. Additionally, along with the implementation of its new change management system, the NWRDC should implement system-generated logs to document and track all hardware and system software changes that are made to the NWRDC's internal systems, open systems, and mainframe platforms. Furthermore, the NWRDC should maintain documentation that demonstrates the appropriate testing, approval, and

	implementation of systems software changes. The NWRDC also should improve security controls related to user authentication to ensure the continued confidentiality, integrity, and availability of customer entity data and IT resources.
State Agency Response and Corrective Action Plan	<p>NWRDC agrees with these recommendations.</p> <p>As stated in the report, NWRDC was in the midst of implementing a new change control system during the audit. The migration to the new system, based on RemedyForce, was completed in May 2013.</p> <p>As per the previous year's audit report, NWRDC made improvements to its security controls by June 30, 2013. The review conducted under this audit was made before the previous audit recommendations could be carried out. We will compare the recommendations from the overlapping audit reports to ensure that the appropriate security controls are in place.</p>

Agency Contact and Telephone Number	Tim Brown Executive Director, NWRDC (850) 245-3521

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-021
CFDA Number	Various (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Reporting
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-020
Finding	The FDOE did not document the timely reporting of applicable subaward data in the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS) pursuant to Federal regulations.
Criteria	2 CFR 170 - <i>Reporting Subaward and Executive Compensation Information</i>
Condition	<p>FFATA regulations required the FDOE, as a recipient, to report in the FSRS key data elements regarding its subawards. The FSRS is a reporting tool used to capture and report subaward and executive compensation data and make it available to the public via a single, searchable Web site. FFATA reporting is required for grants or cooperative agreements exceeding \$25,000, effective on or after October 1, 2010, and made with a new Federal Assistance Identification Number on or after that date. Pursuant to Federal regulations, the FDOE should have reported, by the end of the month following the month in which an obligation was made, the key data elements for such grants. During the period July 1, 2012, through June 30, 2013, the FDOE made 1,013 subawards totaling \$2,304,754,064 for the following major programs:</p> <ul style="list-style-type: none"> 84.010 – Title I Grants to Local Educational Agencies 84.027 – Special Education Grants to States (IDEA Part B Grants) 84.048 – Career and Technical Education – Basic Grants to States 84.173 – Special Education – Preschool Grants (IDEA Preschool Grants) 84.287 – Twenty-First Century Community Learning Centers 84.365 – English Language Acquisition Grants 84.367 – Improving Teacher Quality State Grants 84.377 – School Improvement Grants 93.575 and 93.596 – Child Care Development Fund Cluster <p>Our review of FSRS information for 25 subawards disclosed that the FDOE had not reported the required data for any of the subawards. In addition, the FDOE could not provide documentation evidencing its good faith effort to upload the subaward information into the FSRS.</p>
Cause	FDOE management indicated that, due to ongoing formatting difficulties and staffing shortages, the data could not be uploaded timely to the FSRS.
Effect	FDOE subaward data was not reported as required by FFATA.
Recommendation	We recommend that the FDOE ensure that all required key data elements are timely reported in the FSRS for subawards from the applicable grants.
State Agency Response and Corrective Action Plan	FDOE has had a great deal of difficulty uploading data into the FSRS as required by FFATA. For the better part of two years, whenever data were uploaded to the system we received numerous error messages. It is our understanding from both USED as well as other states, that these problems have been experienced nationally and not just by Florida. However, just recently, the FDOE has identified methodology for successfully loading the required data into the FFATA reporting system. All subaward data will be fully and accurately uploaded into the system consistent with federal requirements.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-022
CFDA Number	Various (Includes Recovery Act Funding) (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Special Tests and Provisions – Schoolwide Programs
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance
Finding	The FDOE did not notify two local educational agencies (LEAs) of the authority to consolidate Federal, State, and local funds to operate schoolwide programs.
Criteria	34 CFR Section 200.29(e) - <i>Consolidation of funds in a schoolwide program</i>
Condition	<p>An eligible school may use its Title I funds, in combination with other Federal, State, and local funds, in a schoolwide program to upgrade the school's entire educational program and to raise academic achievement for all students. The FDOE is required to notify LEAs of the authority to consolidate funds to operate schoolwide programs. Sources of Federal funds that may be consolidated for a schoolwide program include the major programs listed below:</p> <p>84.010 and 84.389 – Title I, Part A Cluster 84.027 and 84.173 – Special Education Cluster (IDEA) 84.048 – Career and Technical Education – Basic Grants to States 84.287 – Twenty-First Century Community Learning Centers 84.365 – English Language Acquisition Grants 84.367 – Improving Teacher Quality State Grants 84.377 and 84.388 – School Improvement Grants Cluster</p> <p>During the 2012-13 fiscal year, the FDOE awarded Title I funds to 75 LEAs. According to FDOE staff, the most recent notification to the LEAs of the funds consolidation authority was in 2001; however, since 2001, 2 additional LEAs were established, 1 during the 2011-12 fiscal year and the other during the 2012-13 fiscal year.</p>
Cause	The FDOE did not notify recently established LEAs of the authority to consolidate funding to operate schoolwide programs.
Effect	LEAs may not be aware of the authority to consolidate funds to operate schoolwide programs.
Recommendation	We recommend that the FDOE notify the LEAs of the authority to operate schoolwide programs using consolidated Federal, State, and local funds.
State Agency Response and Corrective Action Plan	The two LEAs, the Florida Virtual School and the Lake Wales Charter School System have been advised of the authority to consolidate Federal, State, and local funds in Title I schoolwide programs.
Estimated Corrective Action Date	Completed.
Agency Contact and Telephone Number	Martha K. Asbury, Assistant Deputy Commissioner, Finance and Operations (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-023
CFDA Number	84.027 and 84.173
Program Title	Special Education Cluster (IDEA)
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	H173A100027 2010, H027A120024-12A 2012, and H173A120027 2012
Finding Type	Opinion Qualification and Material Noncompliance
Finding	The FDOE did not correctly allocate IDEA funding to local educational agencies (LEAs) in accordance with Federal regulations.
Criteria	34 CFR 300.705(b) – <i>Allocations to LEAs</i> 34 CFR 300.816 – <i>Allocations to LEAs</i>
Condition	<p>To allocate the base payments for IDEA Part B Grants and IDEA Preschool Grants, Federal regulations require the FDOE to first distribute IDEA funds to the LEAs based on the amount that each LEA would have received from the 1999 fiscal year appropriation for the IDEA Part B Grants, and the 1997 fiscal year appropriation for the IDEA Preschool Grants. The amounts allocated in 1999 and 1997 for the IDEA Part B Grant and IDEA Preschool Grant were \$179,007,131 and \$13,133,108, respectively. If a new LEA is created, the FDOE is to make adjustment by dividing the base allocation for the LEAs that were previously responsible for serving children with disabilities who are now being served by the new LEA among the new LEA and the affected LEAs based on the relative numbers of children with disabilities currently provided services by the LEAs.</p> <p>Our review of the base allocations for the 2010-11 and 2012-13 fiscal years, disclosed that the FDOE did not correctly adjust the base allocations for new LEAs. Specifically:</p> <ul style="list-style-type: none"> ➤ Two LEAs were added to the IDEA Preschool Grant base allocation during the 2010-11 fiscal year. The FDOE adjusted the base allocation proportionally among all LEAs rather than just the LEAs that were previously responsible for serving the children now being served by the new LEAs. The FDOE allocated \$9,868 to the two new LEAs which reduced the base allocation amount for all the other LEAs by \$5 to \$846. ➤ Two LEAs were added to the IDEA Part B Grant base allocation during the 2012-13 fiscal year. The FDOE adjusted the base allocation proportionally among all LEAs rather than just the LEAs that were previously responsible for serving the children now being served by the new LEAs. The FDOE allocated \$27,053 to the two new LEAs which reduced the base allocation amount for all other LEAs by \$6 to \$2,947. <p>Once the base allocation is calculated and adjusted for new LEAs, 85 percent of any remaining IDEA Part B and IDEA Preschool Grant funds are required to be allocated to the LEAs on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within each LEA's jurisdiction. Our review of the 2012-13 fiscal year allocation of IDEA Preschool Grant funds disclosed one instance where the count of children used by the FDOE was incorrect resulting in an under-allocation of \$450 to one LEA and an over-allocation of \$450 to another LEA.</p> <p>The final 15 percent of any remaining IDEA Part B and IDEA Preschool Grant funds are required to be allocated to the LEAs in accordance with their relative numbers of children living in poverty, as determined by the FDOE. To determine</p>

	<p>the number of children living in poverty, the FDOE utilized the Free and Reduced Lunch (FRL) count. This count was determined annually; however, in some instances, schools may elect to offer lunches at no charge regardless of the economic status of the students. This election defines a school as a "Provision 2 school" and prohibits the school from collecting FRL eligibility data on an annual basis. Guidance provided by the USED stated that, when determining Title I eligibility and allocations for a Provision 2 school, LEA officials may assume that the school had the same percentage of students eligible for free and reduced price lunches as it had in the most recent year for which the school collected the eligibility information. Our review of the 2012-13 fiscal year IDEA Part B and IDEA Preschool Grant allocations disclosed that, rather than following USED guidance, the FDOE used the 2010-11 fiscal year FRL count for five LEAs with Provision 2 schools if it was higher than the 2011-12 fiscal year FRL count.</p>
Cause	<p>FDOE management indicated that, when new LEAs were included in the base allocation, they made the decision to divide the base allocation among all LEAs due to difficulties in identifying those LEAs that had previously served the applicable children. Management also indicated that the decision to use a previous year's FRL count rather than the FRL count for the most recent year for Provision 2 schools was made due to the FDOE's reluctance to reduce an LEA's allocation. The use of the incorrect children count in the IDEA Preschool Grant funds allocation was a clerical error.</p>
Effect	<p>The LEAs were not allocated IDEA funds in the correct amounts.</p>
Recommendation	<p>We recommend that the FDOE allocate IDEA funds to the LEAs in accordance with Federal regulations and USED guidance.</p>
State Agency Response and Corrective Action Plan	<p>FDOE will seek guidance from the USED Office of Special Education Programs (OSEP) concerning the unique circumstances which the department faces with respect to its LEAs. Furthermore, FDOE will seek guidance from OSEP on best practices to resolve equity tension which the department encountered as a result of Provision 2 designations and will encounter with the newly implemented Community Eligibility Provision option. Lastly, FDOE has taken the necessary steps to correct the \$450 offsetting allocation which occurred by using an incorrect child count in the calculation of the 2012-13 fiscal year allocation of two IDEA Preschool Grant funds.</p>
Estimated Corrective Action Date	<p>Pending consultation with USED OSEP with the exception of the offsetting allocation which has already been corrected.</p>
Agency Contact and Telephone Number	<p>Martha K. Asbury, Assistant Deputy Commissioner, Finance and Operations (850) 245-0420</p>

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-024
CFDA Number	84.027 and 84.173
Program Title	Special Education Cluster (IDEA)
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	H027A120024-12A 2012 and H173A120027 2012
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-022
Finding	The FDOE could not provide documentation to support all budgeted amounts used in the State-level maintenance of effort (MOE) calculation for the 2012-13 fiscal year.
Criteria	20 USC 1412(a)(18) - <i>Maintenance of State Financial Support</i> - The State may not reduce the amount of State financial support for special education and related services for children with disabilities (or State financial support otherwise made available because of excess costs of educating those children) below the amount of State financial support provided for the preceding fiscal year.
Condition	In previous years, the FDOE demonstrated compliance with the MOE requirement for State contributions to special education programs by calculating the amount expended on special education programs by local educational agencies from one year and comparing it to the prior year expenditures. However, based on clarification provided by the USED, it was determined that the FDOE needed to change the basis for calculating State-level MOE to appropriated or budgeted amounts for special education. On January 14, 2013, the FDOE submitted to the USED a revised calculation for the 2012-13 fiscal year that included a total budgeted amount for MOE of \$707,887,480; however, the FDOE was unable to provide support for budgeted amounts used in the calculation totaling \$74,984,919 (approximately 10.6 percent).
Cause	FDOE staff did not obtain and maintain documentation supporting the MOE calculation.
Effect	Absent support for the calculation of the State-level MOE, the FDOE could not demonstrate compliance with the MOE requirement.
Recommendation	We recommend that the FDOE maintain documentation to support the calculation of the State-level MOE.
State Agency Response and Corrective Action Plan	The revised methodology for calculating the maintenance of effort is required to include estimated budgeted (i.e., appropriated) amounts used to provide special education and related services to students with disabilities from all possible sources - not just education appropriations. As part of the calculation, FDOE reached out to the Division of Blind Services, the Division of Vocational Rehabilitation, the Department of Children and Families, the Department of Juvenile Justice, and the Department of Corrections. It was very difficult for many of these entities to provide an estimate of amounts that were allocated for students with disabilities as their budgets are not constructed in that manner; however, all of the entities involved did provide FDOE with their estimates going back to 2008-09. Unfortunately due to staff turnover and other factors, not all of these entities were able to provide the backup documentation required by the auditors. FDOE will consult with the USED to determine how best to address this issue with respect to prior-year calculations. Going forward, FDOE will request that the entities involved provide us with backup documentation supporting the estimates provided to FDOE. It should be noted that the amount of support provided from the six entities included in the calculation is just over 10% of the

	total amount appropriated for special education and related services.
Estimated Corrective Action Date	June 30, 2014 for future calculations.
Agency Contact and Telephone Number	Martha K. Asbury, Assistant Deputy Commissioner, Finance and Operations (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-025
CFDA Number	84.048
Program Title	Career and Technical Education – Basic Grants to States (CTE)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	V048A120009-12A 2012
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$581,158.93
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-023
Finding	The FDOE did not obtain periodic certifications for employees whose salaries and benefits were paid solely from CTE Program funds. In addition, the FDOE did not fairly state the status of a similar finding in the Summary Schedule of Prior Audit Findings (SSPAF).
Criteria	OMB Circular A-87, Attachment B, Section 8.h., <i>Support of Salaries and Wages</i>
Condition	<p>During the 2012-13 fiscal year, the FDOE expended CTE Program funds totaling \$59,817,583, of which \$1,750,615 represented salary and benefit costs for FDOE employees. Our review of salary and benefits charges to the Program disclosed that the FDOE did not obtain periodic payroll certifications to support salary and benefits totaling \$581,159 for the 12 employees who were paid solely from CTE Program funds.</p> <p>The FDOE's current time distribution system was implemented under a Cooperative Audit Resolution and Oversight Initiative (CAROI) agreement in 1996 with revisions in 1998 that included USED approval of a waiver of the semiannual certification requirements. In February 2008, the USED reviewed the FDOE's time distribution system and made several recommendations for changes to the system, including a recommendation for reinstating the semiannual certification requirement for employees working solely on one program. In a letter to the USED dated May 9, 2008, the FDOE agreed to reinstate the semiannual certification requirement; however, the FDOE had not yet done so.</p> <p>In a program determination letter (PDL) dated October 29, 2013, the USED emphasized that the agreement in May 2008 superseded the 1998 agreement. The USED further noted that they were disappointed by the delay of more than 5 years in reinstating the semiannual certification process, and required the FDOE to implement the 2008 agreement without delay.</p> <p>FDOE indicated in the SSPAF that the prior audit finding related to payroll certifications was fully corrected; however, as described above, the FDOE did not obtain the required periodic certifications.</p>
Cause	Prior to receipt of the PDL, FDOE personnel indicated that they were still in negotiations with the USED regarding revisions to the CAROI agreement. Additionally, the FDOE had obtained a letter from their legal advisor in February 2013, indicating that the recommendations made during the USED review of the time distribution system in February 2008 included recommendations, not binding requirements and, therefore, it was within the FDOE's discretion to determine which recommendations the FDOE might want to adopt.
Effect	Absent the periodic certifications, salary and benefits costs charged to the Program may not be appropriately supported and could be subject to disallowance by the USED.

Recommendation	We recommend that the FDOE obtain semiannual certifications for employees working solely on the CTE Program.
State Agency Response and Corrective Action Plan	FDOE is implementing a process for obtaining semiannual certifications for all employees working solely on a single federal program.
Estimated Corrective Action Date	June 30, 2014
Agency Contact and Telephone Number	Martha K. Asbury, Assistant Deputy Commissioner, Finance and Operations (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-026
CFDA Number	84.048
Program Title	Career and Technical Education – Basic Grants to States (CTE)
Compliance Requirement	Matching, Level of Effort, Earmarking and Reporting
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	V048A100009A 2010
Finding Type	Opinion Qualification, Material Noncompliance, and Significant Deficiency Questioned Costs – \$115,660.13
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-025
Finding	The FDOE did not meet the Federal maintenance of effort (MOE) requirement and incorrectly reported the non-Federal share of outlays amount on the Final Financial Status Report (FSR) submitted in December 2012 for the period July 2010 through September 2012.
Criteria	20 USC 2413 - <i>State Administrative Costs</i> – The State must provide from non-Federal sources an amount that is not less than the amount provided by the State from non-Federal sources for State administrative costs for the preceding fiscal year. 34 CFR 80.41 - <i>Financial Reporting</i>
Condition	For the 2010 Federal grant, the FDOE was required to provide from non-Federal sources \$1,283,204 for State administrative costs. Based on its established procedures, which had been approved by the USED, the FDOE should have calculated the administrative costs using the time and effort percentages from May 2011 personnel activity reports. However, the FDOE revised its methodology, absent USED approval, and calculated the administrative costs by averaging the time and effort percentages from the February 2011 and May 2011 personnel activity reports. By calculating administrative costs using the revised methodology, the FDOE determined that it did not meet the MOE requirement and reported \$1,177,218 for non-Federal share of outlays on the FSR for the period ended September 2012. Subsequent to our audit inquiry, the FDOE recalculated the administrative costs using only the May 2011 personnel activity reports, consistent with the method approved by the USED. Based on this calculation, the FDOE determined that the non-Federal share of outlays totaled \$1,167,544, or \$115,660 (approximately 9 percent) less than the MOE amount required.
Cause	In a letter to the USED dated January 20, 2012, the FDOE requested a change in the calculation methodology used to determine MOE for the Program; however, the USED had not yet responded to the request. The FDOE indicated that they had applied, and would continue to apply, the revised methodology pending the USED's response, because the revised methodology more accurately reflects the State's administrative efforts. In a program determination letter dated October 29, 2013, the USED informed the FDOE that the revised methodology was not approved. The USED also indicated that, until the FDOE submitted a request to adopt a modified procedure, the FDOE should continue to calculate administrative costs with only May personnel activity reports.
Effect	The FDOE cannot demonstrate compliance with the MOE requirement or substantiate that amounts reported on the FSR as administrative expenditures from non-Federal sources were calculated using USED-approved procedures.
Recommendation	We recommend that the FDOE follow the USED-approved procedures for calculating the non-Federal share of outlays amount. We also recommend that the FDOE appropriately revise the FSR for the period ended September 2012.

State Agency Response and Corrective Action Plan	The FDOE has responded to a Program Determination Letter (PDL) including revision to the FSR, re-submittal of the revised methodology and other requested information. To the extent directed by the USED in the PDL, corrective action has been completed. Any further corrective action will be dependent on further direction from USED.
Estimated Corrective Action Date	Pending further direction from USED.
Agency Contact and Telephone Number	Martha K. Asbury, Assistant Deputy Commissioner, Finance and Operations (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-027
CFDA Number	84.126
Program Title	Rehabilitation Services – Vocational Rehabilitation Grants to States (VR)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	H126A120086-12C 2012 and H126A130086-13A 2013 H126A120087-12C 2012 and H126A130087-13A 2013
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness Questioned Costs – \$51,447,790.82 (Federal Share - \$42,368,500.41; Federal Grant Nos. H126A120086-12C \$18,659,507.88, H126A130086-13A \$18,045,045.19, H126A120087-12C \$4,285,818.68, and H126A130087-13A \$1,378,128.66)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-026
Finding	The FDOE Division of Vocational Rehabilitation (DVR) and Division of Blind Services (DBS) did not obtain periodic certifications for employees whose salaries and benefits were paid solely from VR Program funds. Additionally, the DVR did not appropriately allocate salary and benefits costs for employees who worked on multiple programs.
Criteria	OMB Circular A-87, Attachment B, Section 8.h., <i>Support of salaries and wages</i> Agreement between the FDOE and the USED related to the Cooperative Audit Resolution and Oversight Initiative
Condition	<p>During the 2012-13 fiscal year, the FDOE expended VR Program funds totaling approximately \$202 million of which \$55,144,651 represented salary and benefits costs for FDOE employees. Our review of the salaries and benefits charged to the Program disclosed that:</p> <ul style="list-style-type: none"> ➤ The DVR and DBS did not obtain semiannual payroll certifications to support salaries and benefits totaling \$51,397,538.65 for employees paid solely from VR Program funds. DVR procedures did not require the completion of certifications and DBS procedures required employees to complete certifications annually, for the month of September 2012, rather than semiannually as required by the agreement between the FDOE and the USED. ➤ The FDOE utilized payroll data from a Time Tracker Program to reallocate to the appropriate programs the salary and benefits costs for employees who worked on multiple programs. The FDOE performed a time tracking study and reallocation three times a year in January, May, and September. The reallocation was made to adjust payroll expenditures for the applicable 4-month period. For two DVR employees who worked on multiple programs, the FDOE did not properly adjust salary and benefits costs totaling \$50,252.17 that were charged to the VR Program.
Cause	<p>DVR personnel indicated that FDOE management had not provided instruction regarding the completion of payroll certifications. In addition, DVR personnel indicated that, because the two employees' positions were not located at DVR headquarters, the employees' data was not included in the Time Tracker Program so adjustments were not made.</p> <p>DBS personnel indicated that they misinterpreted the agreement between the USED and the FDOE regarding the frequency of payroll certifications.</p>
Effect	Absent periodic payroll certifications and appropriate adjustments for the time of employees who worked on multiple programs, salary and benefits costs charged to the Program may not be appropriately supported and could be subject to disallowance by the USED.

Recommendation	We recommend that the FDOE implement semiannual certifications for all employees who work on a single cost objective. We also recommend that the FDOE take steps to ensure that salary and benefits cost reallocations are correctly made for employees who worked on multiple programs.
State Agency Response and Corrective Action Plan	FDOE is implementing semiannual certifications for all employees working on a single cost objective including DVR and DBS employees. The DVR personnel located in the Turlington building will be included in future time studies so that any necessary salary and benefits adjustments can be made timely.
Estimated Corrective Action Date	June 30, 2014
Agency Contact and Telephone Number	Martha K. Asbury, Assistant Deputy Commissioner, Finance and Operations (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-028
CFDA Number	84.126
Program Title	Rehabilitation Services – Vocational Rehabilitation Grants to States (VR)
Compliance Requirement	Eligibility
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	H126A110086-11G 2011, H126A120086-12C 2012, and H126A130086-13A 2013
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-027
Finding	The FDOE did not always ensure that eligibility determinations were made within the time frame required by VR Program regulations.
Criteria	34 CFR 361.41(b)(1) - <i>Processing Referrals and Applications</i>
Condition	<p>An eligibility determination must be made within 60 days after an individual submits an application for VR services. However, if exceptional and unforeseen circumstances beyond the control of the FDOE preclude making an eligibility determination within 60 days, then the individual and the FDOE can agree to a specific extension of time. FDOE staff documented the agreement of the extension between the individual and the FDOE within case notes included in the individual's case file.</p> <p>Our examination of 40 case records disclosed 7 instances in which the eligibility determinations were made after 60 days or the agreed-to extension of time had elapsed. Specifically, the determinations were made from 47 to 407 days after the applicable dates. In these 7 instances, the FDOE made 3 determinations of eligibility and 4 determinations of ineligibility.</p>
Cause	Until a revision in May 2013, FDOE policies and procedures did not require that, if the eligibility determination was not made within the initial agreed-to extension period, any additional extension periods be documented. In instances where no extension was agreed to, FDOE management indicated that the untimely eligibility determinations were due to counselor error.
Effect	Untimely eligibility determinations delay the start of services for eligible individuals and may delay ineligible individuals from seeking other services.
Recommendation	We recommend that FDOE management take steps to ensure the timely completion of eligibility determinations. Such steps should include emphasizing to counselors the importance of timely eligibility determinations.
State Agency Response and Corrective Action Plan	The FDVR continues to address adherence to the prescribed procedures at annual Supervisors Meetings, at New Counselor Trainings, Area Directors Meetings and Counselor performance reviews. Increased emphasis on compliance is part of the Field Services Operating Procedure (FSOP), Field Services Quality Assurance Monitoring implemented on August 2, 2011. The FDVR requires all new counselors to complete an extensive on-line training. This is to be completed during the first six months of employment or before the next "new counselor training". This on-line training specifically addresses the eligibility requirements.
Estimated Corrective Action Date	The activities are ongoing.
Agency Contact and Telephone Number	Aleisa McKinlay, Director, Division of Vocational Rehabilitation (850) 245-3343

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-029
CFDA Number	84.367
Program Title	Improving Teacher Quality State Grants (ITQ)
Compliance Requirement	Eligibility
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	S367A120009-12A 2013 and S367B120010-12A 2013
Finding Type	Noncompliance and Significant Deficiency
Finding	The FDOE did not correctly allocate ITQ funds to local educational agencies (LEAs).
Criteria	20 USC 6621(a) - <i>Subgrants to local educational agencies</i>
Condition	<p>During the 2012-13 fiscal year, the FDOE allocated \$104,393,088 in ITQ funds to 76 LEAs. ITQ funds totaling \$86.3 million were required to be allocated to the LEAs first based on the amount of funds each LEA received in the 2001 fiscal year. Then the remaining funds (\$18.1 million) were to be allocated by distributing 20 percent (\$3.6 million) based on the population of children in the area served by each LEA and 80 percent (\$14.5 million) based on the number of children from families with incomes below the poverty line in the area served by each LEA.</p> <p>Our review of the FDOE's allocation of ITQ funds to the LEAs disclosed errors in the remaining funds amounts allocated. Specifically, incorrect population counts were used for 4 LEAs and, as a result, the amounts allocated to all of the LEAs were miscalculated. The allocation errors ranged from \$1 to \$8,931 per LEA.</p>
Cause	According to FDOE staff, the use of incorrect population counts was due to employee oversight.
Effect	The FDOE distributed incorrect amounts of ITQ funds to the LEAs.
Recommendation	We recommend that the FDOE appropriately adjust future ITQ fund allocations to correct the errors and establish a process for reviewing the allocation prior to the distribution of funds.
State Agency Response and Corrective Action Plan	FDOE appropriately adjusted the ITQ fund allocations prior to the end of audit field work. Processes are and have been in place for reviewing the allocations prior to distribution of funds. FDOE will, however, enhance its current processes by adding another level of review as well as adding protection features to templates to prevent overwriting and/or deletion.
Estimated Corrective Action Date	June 30, 2014
Agency Contact and Telephone Number	Martha K. Asbury, Assistant Deputy Commissioner, Finance and Operations (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-030
CFDA Number	84.377 and 84.388 (Includes Recovery Act Funding)
Program Title	School Improvement Grants Cluster (SIG)
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	S388A090010A 2009, S377A090010A 2009, S377A100010 2010, and S377A110010 2011
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-028
Finding	The FDOE did not always conduct required monitoring activities as specified in the SIG application.
Criteria	OMB Circular A-133 §.400(d), <i>Pass-through entity responsibilities</i> October 28, 2010, Federal Register <i>School Improvement Grants Application</i> – Establishes a monitoring process that includes an annual review of the progress of each Tier I and II school. The FDOE will review schools before the beginning of the subsequent school year to determine if schools are making progress.
Condition	During the 2012-13 fiscal year, the FDOE expended SIG funds totaling \$87.7 million, of which the FDOE subgranted approximately \$82.1 million to 25 local educational entities (LEAs). The LEAs then granted the SIG funds to 102 schools identified as Tier I or II. As described in the FDOE SIG application, prior to awarding funds for a subsequent year, the FDOE was to annually review the progress of each LEA's Tier I and II schools to determine whether the schools were meeting performance goals. The FDOE developed a Performance Evaluation Rubric (Rubric) to document and measure each school's performance with metrics provided in the Federal Register. During the 2012-13 fiscal year, the FDOE did not complete Rubrics for 62 of the 102 Tier I and II schools that received SIG funds.
Cause	According to FDOE management, due to staff turnover, a decision was made not to require the completion of a Rubric for all Tier I and II schools. For schools without a completed Rubric, an executive summary was prepared by the LEA; however, the executive summary did not provide a measurement of the school's performance using the metrics provided in the Federal Register.
Effect	Absent adequate documentation of Tier I and II school monitoring activities and results, the FDOE cannot demonstrate that the monitoring was sufficient to provide assurance that subrecipients complied with Federal requirements and made appropriate progress.
Recommendation	We recommend that the FDOE evaluate the performance of schools as specified in the FDOE SIG application and complete Rubrics for all Tier I and II schools.
State Agency Response and Corrective Action Plan	The Regional Executive Directors (REDs) of FDOE's Differentiated Accountability field support teams have committed to a completion date of 2/28/14 for the 62 missing rubrics from the 2012-13 school year. REDs will complete similar rubrics for any SIG Cohort 2 schools applying for no cost extensions for the 2014-15 school year prior to award of funding. FDOE plans to integrate progress monitoring rubrics into a new online monitoring system in time for reviewing SIG Cohort 3 continuation awards in the summer of 2015.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-031
CFDA Number	N/A
Program Title	Statewide Cost Allocation Plan (SWCAP)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Management Services (FDMS)
Finding Type	Noncompliance
Prior Year Finding	Questioned Costs – Unknown Report No. 2013-161, Finding No. FA 12-030
Finding	Reconciliations for the 2014 SWCAP disclosed two funds with excessive balances.
Criteria	OMB Circular A-87, Appendix C, Section C – <i>Scope of the Central Service Cost Allocation Plans</i> , and Section G – <i>Other Policies</i>
Condition	<p>The SWCAP is presented in two sections and is to include all central service costs that will be claimed under Federal awards. Section I provides information on central service costs allocated to State agencies. Section II provides information on central services that are billed to user agencies.</p> <p>Since billing rates are based on estimated costs, a comparison of the revenue generated by each billed service to the actual allowable costs of the service is required at least annually for each activity included in Section II. An adjustment is generally required in instances where the fund balance is in excess of a reasonable reserve (i.e., an amount estimated to cover cash expenses for 60 days). Adjustments are generally made through one of the following methods: (a) a cash refund to the Federal Government for the Federal share of the adjustment, (b) credits to the amounts charged to the individual programs, or (c) adjustments to future billing rates. In exceptional cases, the cognizant Federal agency may approve a reserve of more than 60 days. Our review of the 2014 SWCAP disclosed that the FDMS' Purchasing and Communications Trust Funds had excessive balances at June 30, 2012, of \$1,836,000 and \$2,836,000, respectively.</p>
Cause	The FDMS had not adjusted revenues to sufficiently offset unallowable costs or excess fund balances.
Effect	The FDMS may be required to refund money to the Federal Government related to the excessive balances.
Recommendation	We recommend that the FDMS take actions, as appropriate, to prevent excess fund balances.
State Agency Response and Corrective Action Plan	<p>The Department of Financial Services has restated the 2012 SWCAP excessive balance in the 2013 SWCAP for the Communications Trust Fund. This was due to the \$481,024 payment made to the Federal Government (HHS) on June 20, 2013 from the trust fund. With this payment, there is no longer an excessive balance in this fund. In a proactive measure to reduce future excessive balances, telecommunications rates for dedicated toll free were reduced by 4% and switch toll free rates were reduced by 4.4%.</p> <p>The Department of Management Services has submitted a budget amendment to obtain additional spending authority to make a payment of \$2,376,425.46 to the Federal Government (HHS) for the Purchasing Trust Fund. This payment represents the cumulative excessive balances in fiscal years 2011, 2012, and 2013. In addition, DMS is proposing to decrease the 1% fee to .75% effective October 1, 2014 to prevent future excessive balances in the Purchasing Trust Fund.</p>

Finding Number	2013-032
CFDA Number	N/A
Program Title	Statewide Cost Allocation Plan
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Northwest Regional Data Center Florida Southwood Shared Resource Center Florida Northwood Shared Resource Center Other

Finding	In finding Nos. 1, 3, 4, and 5 of our audit report No. 2014-005, <i>Primary Data Centers Cost Allocation Processes</i> , dated August 2013, we disclosed deficiencies related to the data centers' cost allocation methodologies, reconciliation of total actual costs to amounts billed, and, for the Northwood and Southwood Shared Resource Centers, lack of established cost-recovery methodology policies and procedures. Details of the findings and recommendations, as well as managements' responses are included in that report.
----------------	--

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-033
CFDA Number	Various (Includes Recovery Act Funding) (See Finding)
Program Title	Various (See Finding)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Eligibility, Period of Availability of Federal Funds, Procurement and Suspension and Debarment, Reporting, and Special Tests and Provisions
State Agency	Florida Northwood Shared Resource Center (NSRC)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Finding	<p>In finding No. 4 of our operational audit report No. 2013-182, dated May 2013, we disclosed a significant deficiency related to change control procedures at the NSRC. Details of the finding and recommendation, as well as NSRC management's response are included in that report.</p> <p>The NSRC was established as a primary data center to serve as an information system utility for customer entities. The NSRC provides services for various systems managed by the Florida Department of Children and Families, including the Florida Online Recipient Integrated Data Access (FLORIDA) System, the GRANT System, the Information Systems for Allocating Costs-Resources Billing, and the Random Moment Sampling System. These systems are used in administering aspects of the following major programs:</p> <p><u>Programs that include Recovery Act Funding:</u></p> <p>10.551 and 10.561 – Supplemental Nutrition Assistance Program (SNAP) Cluster 10.557 – Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) 93.720, 93.775, 93.777, and 93.778 – Medicaid Cluster</p> <p><u>Programs that do not include Recovery Act Funding:</u></p> <p>93.558 – Temporary Assistance for Needy Families (TANF) 93.566 – Refugee and Entrant Assistance – State-Administered Programs 93.658 – Foster Care - Title IV-E 93.659 – Adoption Assistance 93.667 – Social Services Block Grant 93.959 – Block Grants for Prevention and Treatment of Substance Abuse</p>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-034
CFDA Number	93.558, 93.658, and 93.659
Program Title	Temporary Assistance for Needy Families (TANF), Foster Care – Title IV-E, and Adoption Assistance
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	1302FLTANF 2013 and 1301FL1401 2013
Finding Type	Significant Deficiency Questioned Costs – \$95,319.11 (Federal Share - \$68,249.89; Federal Grant Nos. 1302FLTANF \$19,831.50, 1301FL1401 \$48,418.39)
Finding	The FDCF did not appropriately allocate dependency case management costs to multiple Federal programs.
Criteria	OMB Circular A-87, <i>Cost Principles for State and Local Governments</i> 45 CFR Part 95, Subpart E, <i>Cost Allocation Plans</i>
Condition	<p>According to the FDCF's approved State Fiscal Year 2012-13 Cost Allocation Plan (CAP), the FDCF used various cost allocation methodologies to identify, measure, and allocate all Departmental costs incurred in support of the programs administered by the FDCF. For the child welfare costs that cannot be identified directly with any one program, the FDCF used client eligibility data counts, provided by the Florida Safe Families Network (FSFN), to allocate the costs on a quarterly basis. The FSFN client eligibility data contained In-home, Out-of-Home, and Adoption Client counts and, since the required work effort among the three client groups is different, the FDCF used the Child Welfare League of America (CWLA) standard to weight the case counts to more appropriately reflect the efforts of the FDCF for the different types of clients.</p> <p>During the 2012-13 fiscal year, the FDCF applied 42 Other Cost Accumulator (OCA) cost pools, including various step down cost pools identified by cost objective, to allocate costs totaling \$436,224,631.78 to multiple Federal programs through a step-down allocation procedure. We reviewed one OCA cost pool, which captured the community-based care lead agency (CBC) and CBC provider costs for case management services for the quarters ended December 31, 2012, and March 31, 2013. Our examination of the allocation for the quarter ended December 31, 2012, noted posting errors related to the November 2012 data counts and, as a result, two Federal programs were overcharged and one Federal program was undercharged as noted below:</p> <ul style="list-style-type: none"> ➤ TANF overcharged by \$46,900.72, ➤ Foster Care – Title IV-E overcharged by \$48,418.39, and ➤ Adoption Assistance undercharged by \$119,379.42.
Cause	The FDCF did not review the posting of the FSFN November 2012 data counts for accuracy before allocating the CBC and provider costs.
Effect	Federal programs were incorrectly charged for child welfare costs.
Recommendation	We recommend that the FDCF correct the data count posting errors and make the appropriate allocation adjustments. We also recommend the FDCF implement procedures to perform a review of data accuracy before child welfare costs are allocated to Federal programs.

State Agency Response and Corrective Action Plan	The Department concurs. FDCF has corrected identified data count posting errors and made the appropriate allocation adjustments. FDCF will implement procedures to ensure data accuracy before child welfare costs are allocated to federal programs. Specifically, a supervisory review of the statistical allocations will be performed each month prior to their use for allocation of costs.
Estimated Corrective Action Date	September 2014
Agency Contact and Telephone Number	Mukweso Mwenene (850) 717-4672

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-035
CFDA Number	Various (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Procurement and Suspension and Debarment
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Finding	The FDCF did not always follow established procedures to demonstrate that, prior to entering into a covered transaction with a provider, a determination was made that the provider was not suspended or debarred by the Federal Government.
Criteria	<p>2 CFR section 180.300, <i>What must I do before I enter into a covered transaction with another person at the next lower tier?</i></p> <p>CF Operating Procedure No. 075-2, <i>Contract Management System For Contractual Services</i></p>
Condition	<p>The FDCF is prohibited from contracting with certain providers suspended or debarred by the Federal Government. FDCF procedures require that each provider whose contract includes funding that equals or exceeds \$25,000 in Federal moneys, must certify that they are not presently debarred or suspended by signing the <i>Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Contracts/Subcontracts (Certification)</i> form prior to execution of each contract. Additionally, providers that audit Federal programs must also sign a <i>Certification</i> form, regardless of the contract amount. For 6 of the 28 contracts we tested, the FDCF began making payments before signed <i>Certification</i> forms for the applicable contracts were obtained. For another 2 of the 28 contracts, the FDCF made payments although <i>Certification</i> forms had not been obtained. The expenditures applicable to these contracts totaled approximately \$201.7 million and were funded by the following programs:</p> <p>93.558 – Temporary Assistance for Needy Families (TANF) 93.658 – Foster Care - Title IV-E 93.659 – Adoption Assistance 93.667 – Social Services Block Grant 93.959 – Block Grants for Prevention and Treatment of Substance Abuse</p>
Cause	The <i>Certification</i> forms were not always included in the contract files and, due to staff turnover, FDCF staff could not locate the forms or provide an explanation as to why some forms were unavailable.
Effect	Federal funds may be improperly used to make payments to providers that are suspended or debarred by the Federal Government.
Recommendation	We recommend that the FDCF ensure compliance with procedures requiring a signed <i>Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Contracts/Subcontracts</i> form be obtained for all applicable contracts prior to contract execution.
State Agency Response and Corrective Action Plan	The FDCF Office of Contracted Client Services will work to ensure that <i>Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Contracts/Subcontracts</i> Forms are signed prior to contract execution. Current FDCF written policies require Contract Managers to obtain the required certifications prior to contract execution. FDCF policy requires the use of a Contract/Amendment Routing and Approval Form (CF1121) for contract approvals and signatures. This form contains a designated checkbox listed as

the CF1125 (Debarment Form), in which the reviewer will check the box to ensure all forms are included in the supporting documentation, prior to contract execution. This checkbox provides a level of oversight prior to dissemination of the contract to the provider or vendor.

The Office of Contracted Client Services will provide refresher training to Contract Managers regarding their obligation under current Department written procedures to obtain and include with the CF1121 a signed CF1125 when required, and refresher training to its Contract Administrators to ensure that the signed CF1125 is included with the CF1121 when required, prior to approval of a contract for execution.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-036
CFDA Number	Various (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Reporting and Subrecipient Monitoring
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-037
Finding	The FDCF did not report applicable subaward data in the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS) pursuant to Federal regulations. In addition, the FDCF did not obtain the subrecipient's Dun and Bradstreet Data Universal Numbering System (DUNS) number prior to issuing the subaward.
Criteria	<p>2 CFR 170, <i>Reporting Subaward Executive Compensation Information</i></p> <p>2 CFR 25.110, <i>Types of recipient and subrecipient entities to which this part Applies</i></p> <p>2 CFR 25, Appendix A, Section I.B.2 <i>Requirement for Data Universal Numbering System (DUNS) Numbers</i></p> <p>FDCF Contract Directive for Administration 11-19, <i>Federal Funding Accountability and Transparency Act (FFATA)</i>, Section 10-14 a., dated April 26, 2011, provides that at the time of obtaining the provider signature on qualifying contracts or grants, or at the time of the completion of other attestation or certification forms, Contract Managers will have the provider complete and sign the FFATA Certification of Executive Compensation Reporting Requirements form. This form requires the provider's DUNS number.</p>
Condition	<p>FFATA regulations require the FDCF, as a recipient, to report in the FSRS key data elements regarding its subawards. The FSRS is a reporting tool used to capture and report subaward and executive compensation data and make it available to the public via a single, searchable Web site. FFATA reporting is required for grants or cooperative agreements exceeding \$25,000, effective on or after October 1, 2010, and made with a new Federal Assistance Identification Number on or after that date. Pursuant to Federal regulations, the FDCF should have reported, by the end of the month following the month in which an obligation was made, the key data elements for such grants. We tested 31 subawards and noted that, as of June 30, 2013, the FDCF had not accurately reported data for 7 of the 17 applicable subawards. The expenditures applicable to these 7 subawards totaled approximately \$240.3 million and were funded by the following programs:</p> <p>93.558 – Temporary Assistance for Needy Families (TANF) 93.658 – Foster Care – Title IV-E 93.667 – Social Services Block Grant 93.959 – Block Grants for Prevention and Treatment of Substance Abuse</p> <p>Additionally, the FDCF was required to obtain the subrecipient's DUNS number prior to issuing the subaward. For 5 of the applicable 28 subawards, the FDCF obtained and verified the DUNS numbers from 24 to 315 days after the subawards were issued.</p>
Cause	The FDCF did not have an effective process in place to accurately report all subawards in accordance with FFATA reporting requirements. In addition, FDCF personnel failed to follow established operating procedures regarding the collection of DUNS numbers prior to issuing subawards.

Effect	The applicable subaward data was not reported in the FSRS as required.
Recommendation	We recommend that the FDCF ensure that all required key data elements are timely reported in the FSRS. We also recommend that the FDCF ensure compliance with its procedures for obtaining DUNS numbers prior to issuing subawards.
State Agency Response and Corrective Action Plan	<p>In regards to compliance with the Federal Funding Accountability and Transparency Act (FFATA), the Office of Contracted Client Services accumulates data for FFATA reporting on non-CBC and Non-ME providers. The Office of Contracted Client Services has been working to improve the accuracy of its processes in such data collection and will continue to review and refine those processes to ensure the accuracy of the data it is providing for reporting purposes. Updated procedures will be developed and training will be provided to Contract File Administrators.</p> <p>In regards to obtaining provider and vendor Dun and Bradstreet Universal Numbering System (DUNS) numbers on qualifying contracts prior to execution and payment for services, the Office of Contracted Client Services will provide refresher training to Contract Managers regarding their obligation under current Department written procedures to obtain the provider's DUNS number prior to finalizing a contract for execution and refresher training to its Contract Administrators to ensure that the provider's DUNS number is included in the documentation reviewed along with the CF1121 form for approval of a contract for execution.</p>
Estimated Corrective Action Date	<p>FFATA issue - July 1, 2014</p> <p>DUNS issue: April 1, 2014</p>
Agency Contact and Telephone Number	Paul Sexton, Director of Contracted Client Services (850) 922-5216

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-037
CFDA Number	Various (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Finding	FDCF procedures were not adequate to ensure that subrecipient audit reports were reviewed and that determinations were timely made regarding whether management decisions and corrective actions were required.
Criteria	<p>OMB Circular A-133, §__400, <i>Pass-through entity responsibilities</i> - Pass-through entities are responsible for ensuring that subrecipients expending \$500,000 or more in Federal awards during the subrecipient's fiscal year have met the OMB Circular A-133 audit requirements.</p> <p>FDCF Operating Procedure 75-2, <i>Contract Management System For Contractual Services</i>, provides the operating procedures to ensure the FDCF is in compliance with applicable state and federal laws, rules, and regulations governing contracts for services.</p>
Condition	<p>During the 2011-12 fiscal year, the FDCF provided approximately \$1 billion in Federal funds to subrecipients through 427 contracts. The FDCF had established procedures for obtaining audit reports from subrecipients that expended \$500,000 or more in Federal funding. The procedures required the Contract Managers to include in all contracts an attachment communicating the Single Audit Act requirements and requiring that copies of audit reports be directed to the Contract Manager and electronic copies and management letters, if applicable, be provided to the FDCF Office of the Inspector General, Single Audit Unit (SAU). The SAU was to review the audit reports and notify the Contract Manager when the issuance of a Management Decision Letter was necessary. To document the review process, SAU staff were to complete a Desk Review Checklist that included the reporting requirements of OMB Circular A-133. The completed checklist was to be scanned and stored as a working paper in the Integrated Internal Audit Management System (IIAMS), the system used by the FDCF to document audit report review. To facilitate the tracking of each audit report received by the SAU, IIAMS automatically assigned a project number to each audit report.</p> <p>Our examination of documentation related to 32 subrecipients disclosed that the SAU review of seven subrecipient audit reports, required to be filed with the FDCF during the 2012-13 fiscal year, was not documented. Specifically, we noted that:</p> <ul style="list-style-type: none"> ➤ IIAMS did not evidence that two subrecipient audit reports had been provided to the SAU and there was no evidence of SAU review as a completed Desk Review Checklist was not available. Subsequent to our audit inquiry, FDCF staff provided evidence that both audit reports had been obtained, and that one was obtained timely; however, no evidence of SAU review was provided. ➤ For five other subrecipient audit reports with IIAMS-assigned project numbers and received dates from October 2012 through February 2013, a completed Desk Review Checklist was not available, as of November 2013, to evidence the SAU review of the audit reports.

	<p>The applicable subrecipients received funding from the following programs:</p> <p>93.558 – Temporary Assistance for Needy Families (TANF)</p> <p>93.667 – Social Services Block Grant</p> <p>93.959 – Block Grants for Prevention and Treatment of Substance Abuse</p>
Cause	<p>The SAU had no written procedures addressing the receipt and review of subrecipient audit reports. Additionally, according to SAU staff, reviews were prioritized by visually scanning each audit report for findings and, if none were noted, the audit report was entered into IIAMS without a desk review until staff had available time to complete the review.</p>
Effect	<p>The FDCF could not ensure that subrecipient audit reports were received and timely reviewed. In addition, absent timely audit report review, the FDCF could not demonstrate that determinations were timely made regarding whether management decisions and corrective actions were required.</p>
Recommendation	<p>We recommend that the FDCF develop written procedures and take other appropriate actions to ensure that all required subrecipient audit reports are received and properly and timely reviewed and that related management decisions are timely issued.</p>
State Agency Response and Corrective Action Plan	<p>The SAU had one of the two positions assigned to review audits vacant from July 2013 until January 2014. Since the SAU regained full staffing, desk reviews of current fiscal year audits are being completed in a timely manner, and prior year visual reviews are being documented with a completed Desk Review Checklist.</p> <p>The SAU is also currently reviewing all DCF contracts recorded in the CARS database to determine providers currently receiving direct DCF Federal Program and/or State Project funding. Providers with no report on file will be contacted to request an audit, or a certification that no Single Audit was required.</p> <p>The service delivery model utilized in several DCF Program Offices and the automated financial systems used to track Federal Program and State Project expenditures have changed materially in recent fiscal years. The SAU is working to define the scope of its role in the current DCF contracting process. Written procedures will be established to ensure our review of direct subrecipient audits.</p> <p>The Office of Contracted Client Services will provide refresher training to Contract Managers regarding their obligation under current Department written policies to timely forward provider audit reports to the Department's Single Audit Unit.</p>
Estimated Corrective Action Date	<p>June 30, 2014 (Single Audit Unit)</p> <p>April 1, 2014 (Office of Contracted Client Services)</p>
Agency Contact and Telephone Number	<p>Jim Craig, Government Analyst II (850) 717-4175</p> <p>Paul Sexton, Director of Contracted Client Services (850) 922-5216</p>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-038
CFDA Number	Various (Includes Recovery Act Funding) (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Finding	The FDCF did not always follow established policies and procedures for its monitoring activities and the policies and procedures need enhancement.
Criteria	<p>OMB Circular No. A-133 §.400(d) - Pass-through entity responsibilities. A pass-through entity is responsible for monitoring the activities of subrecipients as necessary to ensure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.</p> <p>Section 402.7305(4), Florida Statutes, <i>Department of Children and Family Services; procurement for contractual services; contract management</i></p> <p>CF Operating Procedure No. 75-8, <i>Policies and Procedures of Contract Oversight</i>, establishes uniform policies and procedures for contract oversight.</p>
Condition	<p>During the 2012-13 fiscal year, the FDCF had 622 active contracts totaling \$709,767,622.42. State law requires the FDCF to perform a risk assessment at the start of each fiscal year and prepare an annual contract monitoring schedule that considers the level of risk assigned. It is the goal of the FDCF to conduct on-site monitoring of providers with contracts rated as high risk annually, medium risk every two years, and low risk every 3 years. For each provider that was not monitored on-site during the fiscal year, the FDCF was to perform a desk review. To document the monitoring process, the FDCF established contract oversight policies and procedures which include instructions on preparing monitoring plans, conducting monitoring, and reporting the results. The proposed monitoring plan is to be reviewed and approved by the Contract Oversight Unit manager prior to on-site monitoring. The monitoring tools are to be reviewed and approved by the team leader. Team leaders are to evaluate completed tools and determine if appropriate supporting documentation was obtained. The final phase of on-site monitoring is the preparation and issuance of the Contract Oversight Report summarizing information on noncompliance.</p> <p>During the 2012-13 fiscal year, the FDCF conducted 76 on-site monitoring visits related to 114 contracts and performed desk reviews for 271 contracts. We evaluated FDCF monitoring activities, including FDCF policies and procedures and documentation, for 21 contracts funded by the following programs:</p> <p>93.558 – Temporary Assistance for Needy Families (TANF) 93.566 – Refugee and Entrant Assistance – State-Administered Programs 93.658 – Foster Care – Title IV-E 93.659 – Adoption Assistance 93.667 – Social Services Block Grant 93.959 – Block Grants for Prevention and Treatment of Substance Abuse</p> <p>For the 21 contracts, FDCF monitoring activities included on-site monitoring for 13 contracts, desk reviews for 3 contracts, and efforts to follow up on 5 contracts with corrective actions to be taken during the 2012-13 fiscal year. We noted that:</p> <ul style="list-style-type: none"> ➤ For the 3 contracts with desk reviews, the FDCF could not provide documentation supporting the monitors' conclusions. FDCF policies and

procedures did not require that monitors maintain documentation supporting desk review conclusions.

➤ For the 13 contracts monitored on-site:

- There was no evidence for 12 contracts that the completed monitoring tools had been reviewed by appropriate personnel and the monitors' conclusions were not supported by appropriate documentation.
- Exceptions noted on the monitoring tools for 4 contracts were not included in the monitoring report.

Cause

FDCF policies and procedures did not sufficiently address the review and approval process for conclusions made during on-site monitoring and desk reviews. In addition, FDCF staff did not adequately follow policies and procedures to ensure that conclusions reached during on-site monitoring were adequately documented and exceptions were properly reported.

Effect

Without adequate monitoring documentation, the FDCF has limited assurance, and cannot adequately demonstrate, that Federal awards were used only for authorized purposes in compliance with laws, regulations, and the provisions of contracts.

Recommendation

We recommend that the FDCF enhance policies and procedures to require that conclusions made during desk reviews be supported by sufficient documentation and to better ensure that appropriate and sufficient documentation is maintained to support the review, conclusions, findings, and proper reporting for all on-site monitoring conducted.

**State Agency Response and
Corrective Action Plan**

The Department has redesigned the desk review process to include specific identification of the documents and information reviewed from the contract manager's file in drawing conclusions, such that an auditor could also obtain the same document from the contract file if desired. Individuals involved in the contract, including the contract manager, are surveyed as part of the process, and the returned survey(s) are retained as working papers.

The Department is in the process of updating its monitoring procedures to better address requirements for quality assurance by team leaders, to ensure tools are reviewed and any findings are supported by appropriate documentation. The Department is also modifying the monitoring plan to add a post-monitoring summary where any changes after the on-site visit, such as receipt of documentation from providers resolving findings, is better documented to explain any exceptions on tools that were not included in the monitoring report.

Full implementation of the corrective action will be accomplished following a statewide meeting and training in July 2014.

**Estimated Corrective
Action Date**

In process and completed by July 31, 2014

**Agency Contact and
Telephone Number**

Paul Sexton, Staff Director, Office of Contracted Client Services

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-039
CFDA Number	93.558
Program Title	Temporary Assistance for Needy Families (TANF)
Compliance Requirement	Allowable Costs/Cost Principles, Eligibility, and Special Tests and Provisions – Income Eligibility and Verification System
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	1202FLTANF 2012 and 1302FLTANF 2013
Finding Type	Noncompliance and Material Weakness Questioned Costs – \$414 (Federal Share \$103.50; Federal Grant Nos. 1202FLTANF \$23.25, 1302FLTANF \$80.25)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-040
Finding	TANF benefits were not always paid in the correct amount. In addition, Income Eligibility and Verification System (IEVS) data exchange responses received by the FDCF were not always timely processed.
Criteria	<p>42 USC 1320b-7, <i>Income and eligibility verification system</i></p> <p>45 CFR 205.55, <i>Requirements for requesting and furnishing eligibility and income information</i></p> <p>Sections 414.095 and 414.105, Florida Statutes</p> <p>TANF State Plan Section 5.6 <i>Relative Caregiver Program</i></p> <p>Program Policy Manual Sections 1420.2100 <i>Applying the Family Cap Policy</i> and 2020.0401 <i>Relative Caregiver Payment Standards</i>, and Chapter 3020 relating to Data Exchange Policy</p>
Condition	<p>During the 2012-13 fiscal year, the FDCF made TANF cash assistance payments totaling \$171,075,872. We examined FDCF eligibility and cash assistance payment records for the 2012-13 fiscal year for 60 TANF recipients (participants) and noted three instances where payment amounts were incorrect. Specifically:</p> <ul style="list-style-type: none"> ➤ A child born to a TANF participant more than 10 months from the date of application is subject to a family cap which reduces the additional amount of assistance paid with regard to that child. Our examination disclosed that, because the FDCF did not apply the family cap for 2 participants, the participants were overpaid by \$42 and \$372, respectively. ➤ The FDCF paid a participant \$249 per month, the appropriate payment for a relative caregiver of a child aged 6 through 12 years. However, although the child's 13th birthday was in September 2012, the FDCF did not increase the benefit level to \$298 until November 2012, resulting in an underpayment of \$98. <p>We also examined FDCF IEVS data exchange records for 40 participant cases. Our examination disclosed that, for 10 cases, the FDCF did not process IEVS data exchange responses within the established time frame. Federal regulations require the FDCF to verify certain eligibility information through electronic data exchange with other State and Federal agencies. The FDCF established a 10-day time frame for processing data exchange responses considered verified upon receipt and a 45-day time frame for processing all other data exchange responses. As of September 18, 2013, 5 cases required to be processed within a 10 days were 19 to 220 days late and 5 cases required to be processed within 45 days were 3 to 310 days late.</p>

Cause	Adjustments to payment amounts for determination of family cap applicability and changes in children's ages in relative caregiver cases are manual processes requiring employee action. Due to employee errors, some actions were not appropriately completed or were not timely performed.
Effect	TANF cash assistance payments were made for incorrect amounts. Additionally, the failure to timely review data exchange information may preclude the FDCF from identifying changes in client eligibility status.
Recommendation	We recommend that the FDCF take the necessary steps to ensure that TANF cash assistance payments are made in the correct amounts. In addition, we recommend that the FDCF process data exchange responses and any related eligibility status adjustments within the established time frame.
State Agency Response and Corrective Action Plan	<ol style="list-style-type: none"> 1. A mandatory statewide training for eligibility staff and supervisors will be conducted on family cap policy. 2. Regarding the relative caregiver (RCG) case where the payment did not increase when the child turned 13 years old, effective 12/2012, a system enhancement was put in place to automatically increase the RCG payment when the child turns six or 13 years old. However, the automation of the change in the benefit amount for RCG cases created issues for the corresponding Medicaid coverage. As a result, the Department temporarily suspended the automation pending a fix for the Medicaid coverage issue. Measures were taken to address the Medicaid coverage issue and the reimplementation of the RCG automation is pending successful testing. 3. The two cases with a possible overpayment will be referred to Benefit Recovery. The Department restored benefits on 10/30/13 for the one case with a \$98 underpayment. 4. Regarding the 10 cases with IEVS data exchanges (DE) that were not processed timely, the Department concurs. However, the Department has prioritized the processing of DEs via guidance from policy transmittal I-09-05-0014, which establishes the work priorities. Five of the 10 cases cited were priority DEs. 5. As part of its quality assurance efforts, the Department monitors TANF cases including priority DEs to ensure they are processed timely and accurately and requires corrective action, where necessary. Effective 11/2012, the Department began statewide targeted TANF reviews.
Estimated Corrective Action Date	June 30, 2014
Agency Contact and Telephone Number	<p>Jena Grignon (850) 717-4099 Item 1</p> <p>Lynn Rossow (850) 717-4100 Item 2</p> <p>Cindy Mickler (850) 717-4123 Items 3-5</p>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-040
CFDA Number	93.558, 93.714, and 93.716 (Includes Recovery Act Funding)
Program Title	TANF (Temporary Assistance for Needy Families) Cluster
Compliance Requirement	Reporting
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	G-1102FLTANF 2011 and 1202FLTANF 2012
Finding Type	Noncompliance
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-042
Finding	The FDCF did not file a revised TANF Emergency Fund Request Form (Form OFA-100) to correct inaccurately reported actual expenditures for basic assistance and non-recurrent short-term benefits.
Criteria	Administration for Children and Families TANF Program Instruction Transmittal No. TANF-ACF-PI-2011-07 Instructions for completing Form OFA-100, Emergency Fund Request Form
Condition	To obtain TANF Emergency Fund grants, states must submit a Form OFA-100, TANF Emergency Fund Request Form, and must meet the requirements of the grant category for which funding was requested. The grant categories included funding for caseload increases, increased expenditures for non-recurrent short-term benefits, and increased expenditures for subsidized employment. The amount of the funding awarded was determined using base year data from the 2007 and 2008 Federal fiscal years reported on the Form OFA-100. For the 2009 and 2010 Federal fiscal years, the FDCF was awarded Emergency Fund grants totaling \$180,535,923. The grant amounts expended during the 2011 and 2012 Federal fiscal years totaled approximately \$62.3 million, and \$911,000, respectively. No Emergency Fund grant funds were expended during the 2013 Federal fiscal year. To apply for the TANF Emergency Fund grants, the FDCF submitted a Form OFA-100 for each quarter in which grant funding was requested. According to the Form instructions, expenditures reported for each quarter were required to be updated to reflect the most current data. However, we noted that the FDCF had not submitted a final Form OFA-100 to correct expenditures reported incorrectly in previous years. FDCF management stated that, although they had sought, they had not yet received guidance on filing the final Form.
Cause	FDCF management were awaiting guidance from the Federal Government before submitting the final Form OFA-100.
Effect	The submittal of a final Form OFA-100 with accurate expenditure amounts could result in a revised TANF Emergency Fund grant award amount.
Recommendation	We recommend that the FDCF submit a final Form OFA-100 with accurate expenditure amounts.
State Agency Response and Corrective Action Plan	The Department will submit the final OFA-100 in March 2014.
Estimated Corrective Action Date	03/31/2014
Agency Contact and Telephone Number	Mark Mahoney (850) 717-4734

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-041
CFDA Number	93.558
Program Title	Temporary Assistance for Needy Families (TANF)
Compliance Requirement	Reporting
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	1202FLTANF 2012 and 1302FLTANF 2013
Finding Type	Noncompliance
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-041
Finding	The FDCF reported incorrect information on the ACF-199 TANF Data Reports.
Criteria	42 USC 611, <i>Data collection and reporting</i> 45 CFR 265.3, <i>What reports must the State file on a quarterly basis?</i>
Condition	For the ACF-199 TANF Data Reports for the quarters ended December 31, 2012, and March 31, 2013, we selected, for each report, a sample of 25 cases and examined the related data reported. Our examination disclosed that, for 3 cases included in the December 31, 2012, report and for 1 case included in the March 31, 2013, report, the number of months was not calculated and reported correctly on line 44 – Number of Months Countable toward Federal Time Limit. For 1 case, 1 month that should have been counted was not included in the total number of months reported. For another case, 5 months that should have been counted were not included in the total number of months reported. For the other 2 cases, an additional month was reported.
Cause	When programming the Florida Online Recipient Integrated Data Access system for the 2013 Federal fiscal year, the new month count code was not included. In response to our audit inquiry, FDCF staff indicated that the December 2012 and March 2013 data reports were corrected and resubmitted.
Effect	The ACF-199 TANF Data Reports for the quarters ended December 31, 2012, and March 31, 2013, were submitted with incorrect data shown for the number of months countable toward the Federal time limit.
Recommendation	We recommend that the FDCF ensure that system programming accurately summarizes the required report data.
State Agency Response and Corrective Action Plan	The December 2012 and March 2013 reports were corrected and resubmitted to the ACF on 12/11/2013. ACF is currently unable to send automatic confirmation emails and only notifies the States when there is a failure to upload. As of February 20, 2014, the Department has not received any emails requesting resubmission of these 2 reports for failure to upload. Measures were taken to incorporate the correct code into ongoing programming on 12/10/2013 to ensure accurate report data.
Estimated Corrective Action Date	December 11, 2013
Agency Contact and Telephone Number	Pat W. Brown (850) 717-4087

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-042
CFDA Number	93.558
Program Title	Temporary Assistance for Needy Families (TANF)
Compliance Requirement	Special Tests and Provisions – Child Support Non-Cooperation
State Agency	Florida Department of Children and Families (FDCF) Florida Department of Revenue (FDOR)
Federal Grant/Contract Number and Grant Year	1302FLTANF 2013
Finding Type	Opinion Qualification, Material Noncompliance, Material Weakness Questioned Costs – \$2,379 (Federal Share \$594.75)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-043
Finding	The FDCF failed to impose FDOR Child Support Enforcement (CSE) sanctions on uncooperative TANF recipients.
Criteria	<p>42 USC 608(a)(2), <i>Reduction or elimination of assistance for non-cooperation in establishing paternity or obtaining child support</i></p> <p>45 CFR 264.30, <i>What procedures exist to ensure cooperation with the child support enforcement requirements?</i></p> <p>45 CFR 264.31, <i>What happens if a State does not comply with the IV-D sanction requirement?</i></p> <p>Section 414.095(6), Florida Statutes, <i>Child Support Enforcement</i> – As a condition of eligibility for public assistance, the family must cooperate with the state agency responsible for administering the child support enforcement program.</p>
Condition	<p>Under State and Federal law, the State CSE Program must take action to locate noncustodial parents, establish paternity, and secure child support, medical support, and other benefits for children receiving public assistance. Applicants for and recipients of TANF (participants) must cooperate with the State CSE Program as a condition of eligibility, unless it is determined that good cause for noncooperation exists. Noncooperation without cause is to result in sanctions involving the loss of TANF eligibility.</p> <p>During the 2012-13 fiscal year, the FDCF made TANF cash assistance payments totaling \$171,075,872.70. Also, during the 2012-13 fiscal year, FDOR records indicate that sanction requests for 8,611 participants were transmitted to the FDCF. Our examination of FDCF case records for 35 participants who, pursuant to FDOR records, were uncooperative without good cause, disclosed:</p> <ul style="list-style-type: none"> ➤ Three cases in which FDOR records indicated that a sanction request had been sent to and received by the FDCF but returned to the FDOR with error messages. According to the FDOR staff, the errors were corrected; however, the FDCF could not provide documentation that the corrected sanction requests had been received and reviewed. ➤ Six cases in which FDOR records indicated that a sanction request had been sent to the FDCF; however, the FDCF could not provide documentation showing that the request had been received and reviewed. As a result, for four cases, TANF participants received possible overpayments totaling \$2,379.
Cause	FDCF management indicated that, due to a system problem that occurred prior to May 22, 2013, FDOR sanction requests were not always transmitted to the FDCF.

Effect	Participants continued to receive TANF cash assistance although they were no longer eligible.
Recommendation	We recommend that the FDCF and the FDOR collaborate to ensure that all sanction requests are properly transmitted and received.
	<u>Florida Department of Children and Families</u>
State Agency Response and Corrective Action Plan	Florida Department of Children and Families (FDCF) Information Technology will make modifications to the current interface to notify Florida Department of Revenue (FDOR) when sanction alerts have been posted and to which case the alert posted. This will allow FDOR to research any sanction request sent to FDCF to which FDOR did not receive notification of posting and in turn contact FDCF for further assistance.
	Also, FDCF will work with FDOR to determine if there are other system modifications that can be implemented to ensure that FDCF is receiving and posting all sanction requests in a timely manner.
Estimated Corrective Action Date	December 31, 2014
Agency Contact and Telephone Number	LaQuetta Anderson (850) 320-9190
	<u>Florida Department of Revenue</u>
State Agency Response and Corrective Action Plan	In May 2013, the FDOR implemented automated system changes to improve the process to report noncooperation. The FDOR is continuing to clean up records created prior to May 2013. We anticipate completing data cleanup by April 2014.
Estimated Corrective Action Date	April 2014
Agency Contact and Telephone Number	Patterson Poulson, Establishment Process Manager (850) 617-8216

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-043
CFDA Number	93.558
Program Title	Temporary Assistance for Needy Families (TANF)
Compliance Requirement	Special Tests and Provisions – Penalty for Refusal to Work
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	1302FLTANF 2013
Finding Type	Questioned Costs – \$100 (Federal Share \$25)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-044
Finding	The FDCF did not always properly impose sanctions on TANF recipients who did not comply with work activity requirements.
Criteria	<p>45 CFR 261, <i>Ensuring that Recipients Work</i></p> <p>42 USC 607(e), <i>Mandatory work requirements, Penalties against individuals</i></p> <p>Section 414.065, Florida Statutes, <i>Noncompliance with work requirements</i></p>
Condition	<p>Under State and Federal law, applicants for and recipients of TANF (participants) are required to engage in work activities and the FDCF is to discontinue cash assistance to those who fail to comply with required work activities and who do not meet a good cause reason. The Florida Department of Economic Opportunity (FDEO) is responsible for developing work activities and notifying the FDCF when participants do not comply with the required work activities. During the 2012-13 fiscal year, the FDEO provided 26,623 sanction requests to the FDCF for participants determined to be noncompliant with work activity requirements.</p> <p>Our examination of FDCF case records for 60 TANF participants disclosed three cases where the FDCF did not properly impose sanctions on participants who did not comply with work activity requirements. For two of the three cases, the FDCF did not timely terminate sanctions resulting in underpayments totaling \$110; however, in the other case, the FDCF failed to impose the minimum 10-day penalty, resulting in an overpayment of \$100.</p>
Cause	FDCF case workers improperly recorded the sanction period in FDCF records.
Effect	When sanction periods are not accurately recorded, participants may receive incorrect amounts of TANF cash assistance.
Recommendation	We recommend that the FDCF ensure that case workers accurately record sanction information in FDCF records.
State Agency Response and Corrective Action Plan	<p>Regarding the three cases cited in error, upon receiving a sanction lift (termination) request, the Department did not properly lift the sanctions in accordance with policy to ensure the correct penalty periods were served.</p> <p>On July 1, 2013, the Department issued Policy Transmittal I-13-07-0010 to remind staff of the correct process to use to timely and properly impose and lift work sanctions.</p> <p>As part of its quality assurance efforts, the Department monitors work sanctions to ensure they are processed timely and accurately and requires corrective action, where necessary. Effective February 5, 2014, the Department added a work sanctions targeted review to the statewide electronic case review system (QMS) for staff to review cases and make corrections where applicable.</p> <p>The one case with a possible overpayment will be referred to Benefit Recovery. A request for the two cases with underpayment will be sent to the local areas to review for possible restoration of benefits.</p>

Telephone Number**Cindy Mickler
(850) 717-4123

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-044
CFDA Number	93.566
Program Title	Refugee and Entrant Assistance – State-Administered Programs (REAP)
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	12AAFL4100 2012
Finding Type	Noncompliance Questioned Costs – \$46,774.40
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-046
Finding	The FDOH did not always correctly allocate salary and benefit expenditures charged to REAP.
Criteria	OMB Circular A-87, Appendix A, Section C, <i>Basic Guidelines</i> , and Appendix B, Section 8.h., <i>Support of Salaries and Wages</i> FDOH Financial Memorandum FM 12-02, <i>Federal Timekeeping Requirements</i>
Condition	<p>The FDOH Refugee Health Program within the Bureau of Tuberculosis and Refugee Health at the FDOH performed medical screenings and immunizations for refugees. During the 2012-13 fiscal year, expenditures for the administration of refugee medical screenings and immunizations totaled \$15,195,323.62 and included salary and benefits costs totaling \$4,800,365.90.</p> <p>FDOH employees use the Electronic Activity Record System (EARS), an automated online time activity recording system designed to capture the time and efforts of direct clinical staff or client care services staff at the local county health departments (CHD). CHD direct services staff are to report in EARS, 100 percent of their activities to meet Federal requirements for periodic certifications.</p> <p>We conducted interviews with five employees (or their immediate supervisors) whose salary and benefits costs were charged to REAP to determine the nature of the duties they performed, the programs that the work activities related to, and the approximate amount of time the employees worked on REAP. In two instances, we noted inconsistencies in the salary and benefit costs charged to REAP in the State's accounting system (FLAIR):</p> <ul style="list-style-type: none"> ➤ For one employee, salary and benefits costs totaling \$46,774.40 were charged to REAP in FLAIR although the applicable EARS reports indicated the employee had not worked on REAP. Documentation supporting the payment indicated that the payment was for back pay stemming from an arbitration decision regarding wrongful termination. Subsequent to our audit inquiry, FDOH management stated they would credit the grant as appropriate. ➤ For another employee, salary and benefits costs totaling \$13,800 were charged to REAP in FLAIR when EARS reports failed to indicate the employee worked on REAP. During a telephone interview conducted with the employee's immediate supervisor, the supervisor indicated the employee had not performed work related to REAP. Subsequent to our audit inquiry, FDOH management indicated the salary and benefits cost should have been recorded for another employee who did work on REAP.
Cause	<p>In the case of the terminated employee, FDOH management made the decision to charge the arbitrated back pay to REAP because the employee's position was 100 percent dedicated to REAP.</p> <p>For the salary and benefits costs recorded for the wrong employee, FDOH management stated there was a communication problem between staff</p>

	<p>responsible for coding and salary allocation. Prior to July 1, 2013, salary allocation was done through a manual process based on the time spent working on the Refugee Health Program and coded to the program. During this time, the Refugee Health Program was a subcomponent of the TB Program in EARS which created confusion among local staff responsible for coding as well as those staff in the fiscal offices responsible for salary allocation. After July 1, 2013, the salary allocation became an automated electronic process based on EARS coding, and when staff are moved to a new program, the allocation should automatically change based on the EARS coding.</p>
Effect	The FDOH allocated salary and benefits costs to REAP that were not substantiated by appropriate records.
Recommendation	We recommend that the FDOH ensure that the salary and benefits costs charged to REAP are appropriate and properly supported.
State Agency Response and Corrective Action Plan	<p>During the audit period, the Refugee Health Program continued to utilize a program subcomponent in EARS, 04R, which was a subcomponent of the Tuberculosis Program's component, 04. The subcomponent was not recognized in FDOH's CONMAN system that automatically allocates salary costs based on EARS time coding. As a result, county health department staff were required to manually allocate salary costs to REAP which led to inconsistency and error in the salary allocation process.</p> <ol style="list-style-type: none"> 1) The Refugee Health Program will be provided a unique program component in EARS. This program component will be recognized in the FDOH Time Coding Manual. The unique program component in EARS will also facilitate the proper allocation of salary costs for staff working in the Refugee Health Program through CONMAN. 2) EARS coding requirements and allowable expenditure criteria (including staff salary) will be placed in the revised Refugee Health Program Guidelines and Program Attachment I. The Refugee Health Program Administrator will send trimester reminders to all Refugee Health Program managers and administrators at county health departments to ensure staff are properly coding their time in EARS and all expenditures charged to the REAP are related to the provision of Refugee Health services. 3) County program expenditures will be reviewed on a trimester basis to evaluate allowable and appropriate expenditures. Staff salary charges will be cross-referenced with EARS coding to ensure proper allocations have been made. 4) Correction of salary allocation errors in Sarasota & Miami-Dade counties.
Estimated Corrective Action Date	<ol style="list-style-type: none"> 1) This was completed and implemented in all local health departments by July 1, 2013. 2) This has been completed. The new program guidelines and Attachment I were sent to all Refugee Health Program contacts and local health department Administrators and Directors on September 23, 2013. Additional budget and expenditure requirements were sent to Refugee Health Program contacts and local health department Administrators and Directors on October 29, 2013. 3) The process for this action has been implemented and will be ongoing. County program budgets were submitted by November 22, 2013 and the first round of trimester expenditure reporting is due February 10, 2014. 4) This has been completed. Salary allocation corrections were made for the Miami-Dade and Sarasota County employees by November 30, 2013. This information and back-up documentation was provided to Auditor General staff during the course of the audit.
Agency Contact and Telephone Number	<p>Kelly Browne (850) 245-4444 x 2306</p>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-045
CFDA Number	93.566
Program Title	Refugee and Entrant Assistance – State-Administered Programs (REAP)
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	1301FLRSOC 2013
Finding Type	Questioned Costs – \$2,636.62
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-045
Finding	Refugee Medical Assistance (RMA) claim payments made to providers were not always paid in accordance with established Medicaid policy.
Criteria	<p>45 CFR 400 Subpart G, <i>Refugee Medical Assistance</i></p> <p>Section 409.908(12)(a) and (b), Florida Statutes, <i>Reimbursement of Medicaid Providers</i></p> <p><i>Florida Medicaid Provider General Handbook, July 2012</i></p>
Condition	<p>The Florida Medicaid Management Information System (FMMIS) is used to process RMA claims submitted by providers. During the 2012-13 fiscal year, the FAHCA paid approximately \$31.5 million to providers for RMA services provided to REAP recipients.</p> <p>We examined a sample of 60 medical service payments (40 fee-for-service claims and 20 capitation) totaling \$12,753.79 and paid during the 2012-13 fiscal year, to determine whether the payments were for allowable activities, paid in the correct amounts, and processed in accordance with established Medicaid policies and procedures. Our tests disclosed that:</p> <ul style="list-style-type: none"> ➤ One RMA fee-for-service claim with a March 27, 2013, date of service and totaling \$27.66 was incorrectly paid to a provider under a terminated provider number. The provider for this claim had been retroactively terminated effective March 14, 2013, but payments made to the provider subsequent to that date were not recovered by the FAHCA. Our query of the FMMIS data disclosed that, during the 2012-13 fiscal year, payments totaling \$254,390.72 were incorrectly made to this provider under two terminated provider numbers. Of this amount, \$2,634.62 was related to RMA claims. ➤ For another RMA fee-for-service claim, the Physician services copayment was not deducted, resulting in questioned costs of \$2. Medicaid policy requires a \$2 copayment by the recipient for Physician services for each provider or group provider per day.
Cause	Controls were not effective to ensure copayments were always deducted and that claim payments incorrectly made to terminated providers were recovered.
Effect	Absent appropriate controls, claims may be processed and paid incorrectly and the errors may escape timely detection by FAHCA personnel.
Recommendation	We recommend that the FAHCA ensure that appropriate controls are in place and operating effectively to ensure that RMA claims are accurately and properly processed and paid.
State Agency Response and Corrective Action Plan	In response to the 1 st bullet - In coordination with multiple Bureaus and the General Counsel's Office, the Agency is in the process of reviewing procedures pertaining to the identification and recovery of amounts due to the Agency from retro-terminated providers. Upon completion of this review, procedures will be implemented to notify these providers of amounts due to the Agency for claims paid for services subsequent to the date for which the provider lost Medicaid eligibility.

In response to the 2nd bullet - The physician service copayments not always applying correctly is a known FL MMIS system issue that has been previously documented. The Agency created a Change Order (CO) #36821 (Claim copayment not being deducted) to address this issue. This system modification is underway and will be completed by July 2014.

**Estimated Corrective
Action Date**

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-046
CFDA Number	93.568
Program Title	Low-Income Home Energy Assistance Program (LIHEAP)
Compliance Requirement	Reporting
State Agency	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	1201FFLIEA 2012
Finding Type	Noncompliance and Significant Deficiency
Finding	The FDEO did not report applicable LIHEAP subaward data in the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS) pursuant to Federal regulations.
Criteria	2 CFR 170 <i>Reporting Subaward and Executive Compensation Information</i>
Condition	FFATA regulations required the FDEO, as a recipient, to report in the FSRS key data elements regarding its subawards. The FSRS is a reporting tool used to capture and report subaward and executive compensation data and make them available to the public via a single, searchable Web site. FFATA reporting is required for grants or cooperative agreements exceeding \$25,000, effective on or after October 1, 2010, and made with a new Federal Assistance Identification Number on or after that date. Pursuant to Federal regulations, the FDEO should have reported, by the end of the month following the month in which the obligation was made, the key data elements for such grants. During the period July 1, 2012, through June 30, 2013, the FDEO reported 106 LIHEAP subawards totaling \$75,676,393, incorrectly including transfers to the Florida Department of Elder Affairs (FDOEA) totaling \$4,861,212. Additionally, the FDEO did not report the 11 subawards made by the FDOEA.
Cause	The FDEO did not have a process in place to ensure compliance with all FFATA reporting requirements.
Effect	Applicable LIHEAP subaward data was not reported as required by FFATA.
Recommendation	We recommend that the FDEO ensure that all key data elements are timely reported in the FSRS.
State Agency Response and Corrective Action Plan	The Bureau of Community Assistance has implemented procedures to ensure compliance with the Federal Funding Accountability and Transparency Act (FFATA) for the Low-Income Home Energy Assistance Program (LIHEAP) federal grant award.
Estimated Corrective Action Date	March 30, 2014
Agency Contact and Telephone Number	Paula Lemmo, Bureau Chief (850) 717-8470

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-047
CFDA Number	93.568
Program Title	Low-Income Home Energy Assistance Program (LIHEAP)
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Economic Opportunity (FDEO)
Federal Grant/Contract Number and Grant Year	1201FLLIEA 2012
Finding Type	Significant Deficiency
Finding	LIHEAP program staff did not timely submit monitoring reports to subrecipients.
Criteria	OMB Circular A-133, §____.400(d)(3), <i>Pass through entity responsibilities</i> – Monitor the activities of subrecipients as necessary to ensure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.
Condition	The FDEO is responsible for distributing LIHEAP funds to eligible subrecipients and performing activities necessary to achieve assurance that funds are properly expended in accordance with contract and grant agreement provisions. To document the process, the FDEO established monitoring procedures for the LIHEAP program requiring that the contract manager provide a monitoring report to the subrecipient no later than 35 days after the monitoring was conducted. During the grant award period from March 1, 2012, through March 31, 2013, the FDEO distributed LIHEAP funding totaling \$73,165,817, to 30 subrecipients. We reviewed documentation related to eight subrecipient monitoring visits and noted that the FDEO did not always timely provide subrecipients with the final report on monitoring activities performed. Specifically, the FDEO issued the final monitoring report for four monitoring visits 40 to 125 days after the visit was conducted.
Cause	According to Program Management, turnover in a key management position and unusual workload contributed to the untimely submitted reports.
Effect	Absent timely reporting of monitoring activity results, the FDEO has limited assurance that any needed corrective actions will be timely taken and that LIHEAP funds are used in accordance with program rules, regulations, and provisions of contract and grant agreements.
Recommendation	We recommend that the FDEO follow established procedures and ensure that monitoring reports are timely submitted to subrecipients.
State Agency Response and Corrective Action Plan	The Bureau of Community Assistance has amended its internal procedures relating to monitoring reports, effective immediately. Information has been added to the monitoring report section of the program monitoring manual, Part 1, Agency Information, to assist contract managers in tracking the due dates for the submission of the initial reports. The due date was amended to 45 days from the first work day after the end of the monitoring visit, which will allow for staff shortages, holidays, unexpected leave, staff working out of office, etc. In addition, upon return from monitoring, the Planning Manager will create a task in Outlook to remind the contract manager of the due date of a draft report in order to avoid a delay in sending out the initial report. Finally, a due date tracking feature has been added to the main Excel tracking spreadsheet used by the Planning Manager to track monitoring.
Estimated Corrective Action Date	Implemented as of February 1, 2014, amendment date of internal procedures.
Agency Contact and Telephone Number	Paula Lemmo, Bureau Chief (850) 717-8470

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-048
CFDA Number	93.767
Program Title	Children's Health Insurance Program (CHIP)
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	05-1205FL5021 2012 and 05-1305FL5021 2013
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$211,802.54 (Federal Share \$149,152.01; Federal Grant Nos. 12-05FL5021 \$24,577.55, 05-1305FL5021 \$124,574.46)
Finding	The FDCF did not ensure that capitation payments made to managing entities (MEs) for the Behavioral Health Network (BNET) program were accurate.
Criteria	OMB Circular A-87, Attachment A, Section C, <i>Basic Guidelines</i> 42 USC 1397ee(a)(1) – CHIP funds may be used for child health assistance.
Condition	<p>The FDCF contracted with 7 MEs to provide administration, management, support, and oversight of the BNET program. The MEs subcontracted with community-based organizations to provide behavioral health services to eligible children. Each month, the MEs submitted a capitation payment request to the FDCF for BNET program services provided to eligible enrolled children. The BNET capitation rate in effect during the 2012-13 fiscal year was \$1,000 per eligible enrolled child per month. During the 2012-13 fiscal year, the FDCF made BNET capitation payments totaling approximately \$11.8 million to the MEs. Our review of ten BNET capitation payments totaling \$391,603.54 disclosed that:</p> <ul style="list-style-type: none"> ➤ For two capitation payments made to one ME, the payments exceeded the \$1,000 BNET capitation rate based on the number of eligible enrolled children for the applicable month. The amount overpaid totaled \$36.97. Additionally, our analysis of BNET capitation payments made to the ME during the 2012-13 fiscal year disclosed that the payments exceeded the maximum allowable BNET capitation rate by \$64,349.10. ➤ For one capitation payment made to another ME, the payment exceeded by \$2,481.59 the \$1,000 BNET capitation rate based on the number of eligible enrolled children for the applicable month. Additionally, our analysis of BNET capitation payments made to the ME during the 2012-13 fiscal year disclosed that the payments exceeded the maximum allowable BNET capitation rate by \$147,453.44.
Cause	FDCF contract managers did not recalculate, based on BNET enrollment totals on a monthly basis, the amounts requested by the MEs for reimbursement. Additionally, annual reconciliations were not always properly performed to ensure that the amounts reimbursed for BNET capitation payments correlated to the number of eligible enrolled children.
Effect	BNET capitation payments were made in excess of allowable amounts.
Recommendation	We recommend that the FDCF ensure that BNET capitation payments do not exceed established capitation rates and that reconciliations of the payments are periodically performed.
State Agency Response and Corrective Action Plan	<p>FDCF accepts the findings that inaccurately calculated payments may have been made; that monthly provider invoices should be verified to agree with provider enrollment; and that periodic payment reconciliations should occur in the interests of accuracy.</p> <p>The audit concluded with the recommendations that FDCF should ensure that BNET capitation payments do not exceed established capitation rates and that</p>

reconciliations of the payments are periodically performed. Upon learning of these errors and the overpayment issue, FDCF has implemented processes that will substantially fulfill these recommendations.

Recognizing that a misunderstanding occurred as to how ME operational cost was allowable to BNET, the SAMH office issued written clarification to both regional contract managers and to the MEs. The clarification included the finding here, and noted that the BNET capitation payment shall include, not exclude, the ME operational cost. This will prohibit an ME from offsetting the reduction in service dollars that occur as a result of the ME operational cost by contracting with a BNET provider for capitation plus the operational cost percentage.

**Estimated Corrective
Action Date**

February 6, 2014.

**Agency Contact and
Telephone Number**

Hayden J. Mathieson, Director, Substance Abuse and Mental Health
(850) 921-8461

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-049
CFDA Number	93.767
Program Title	Children's Health Insurance Program (CHIP)
Compliance Requirement	Allowable Costs/Cost Principles and Cash Management
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	05-1205FL5021 2012 and 05-1305FL5021 2013
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-055
Finding	FDOH procedures were not sufficient to prevent the accumulation of a significant cash balance in the CHIP capitation account.
Criteria	<p>OMB Circular A-133 Compliance Supplement provides that transfers of Federal awards to another component of the same auditee do not constitute a subrecipient or vendor relationship.</p> <p>31 CFR 205.11, <i>What requirements apply to funding techniques?</i> – A State and Federal Program Agency must limit the amount of funds transferred to the minimum required to meet a State's actual and immediate cash needs.</p> <p>45 CFR 92.21, <i>Payment</i> – Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee.</p>
Condition	<p>The FDOH received CHIP funds through a capitation agreement with the Florida Agency for Health Care Administration (FAHCA), whereby the FDOH submitted a capitation payment request each month to FAHCA for Children's Medical Services (CMS) provided to eligible enrolled children. The estimated CMS capitation rate in effect during the 2012-13 fiscal year was \$455.50 per eligible enrolled child per month.</p> <p>The FDOH accounted for the receipt and expenditure of CMS funds in the FDOH CHIP capitation account, which was maintained in the FDOH Donations Trust Fund. The cash analysis prepared by the FDOH for the Donations Trust Fund listed 27 accounts, including the CHIP capitation account. Our review of FDOH CHIP activity disclosed that, as of June 30, 2013, the CHIP capitation account had a cash balance of approximately \$21.8 million.</p>
Cause	The capitation rates were set at an amount higher than that required to administer the Children's Medical Services component of CHIP.
Effect	A residual balance in excess of Program needs has been accumulated. The FDOH may have, in effect, charged unallowable costs to CHIP.
Recommendation	We continue to recommend that the FDOH monitor capitation rates to determine whether reductions are needed to prevent the accumulation of excess CHIP funds.
State Agency Response and Corrective Action Plan	The FDOH routinely monitors the capitation rate and collections from FAHCA to better match revenues with expenditures while maintaining a 10% operating cash balance allowed by statute, 391.026(16)(a)(b) FS. The FDOH receives a monthly lump sum of funding from FAHCA, while it pays claims continuously during the month. Thus, the account balance will dramatically increase after the FAHCA payment is received and then decrease throughout the month as the FDOH pays claims. Currently, the audit practice determines whether the FDOH account balance is too high, based on the balance at a specific date in time. This practice inflates the actual reserve as it does not take into consideration expenses that have been or will be incurred but not yet paid, but that will be assessed against the monthly payment from FAHCA. Assessment of the low monthly cash balance

would be a better estimate of the reserves held by this program and the way to determine whether the reserves are excessive. As necessary, FDOH will continue to adjust claims to FAHCA or reduce the Capitation Rate request at the Social Services Estimating Conference to maintain an average cash balance that complies with statutory limits.

FDOH will continue to:

1. Reconcile cash monthly;
2. Request capitation rate adjustments at the Social Services Estimating Conference as reflected in the expenditure analysis; and/or
3. Adjust claims made to FAHCA to maintain an appropriate cash balance.
4. Schedule a meeting with the auditors to discuss the appropriate cash balance necessary to cover 10% reserve and one month's claims.

Finding Number	2013-050
CFDA Number	93.720, 93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Activities Allowed or Unallowed
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-1205FL5MAP 2012 and 05-1305FL5MAP 2013
Finding Type	Questioned Costs – \$2,256,842.84 (Federal Share - \$1,310,755.42; Federal Grant Nos. 05-1205FL5MAP \$519.35, 05-1305FL5MAP \$1,310,236.07)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-057
Finding	Medical service claim payments made to providers of Medicaid services were not always paid in accordance with established Medicaid policy and fee schedules. Specifically, some payments were for improper amounts or for unallowable services.
Criteria	<p>42 CFR 430, <i>Grants to States for Medical Assistance Programs</i></p> <p>42 CFR 433 Subpart C, <i>Mechanized Claims Processing and Information Retrieval Systems</i></p> <p>42 CFR 447 Subpart B, <i>Payment Methods: General Provisions</i></p> <p>Section 409.908(13)(b), Florida Statutes – Medicaid will pay no portion of the Medicare deductibles and coinsurance when payment that Medicare has made for the service equals or exceeds what Medicaid would have paid if it had been the sole payor. The combined payment of Medicare and Medicaid shall not exceed the amount Medicaid would have paid had it been the sole payor. There are exceptions related to end stage renal dialysis center services, emergency transportation services, and portable X-ray services.</p> <p>Medicaid Provider Coverage and Limitations Handbooks, Provider General Handbook, Medicaid Reform/Non-Reform Capitation Rate Tables, and Medicaid Fee Schedules.</p>
Condition	<p>The FAHCA contracted with a fiscal agent to administer the Florida Medicaid Information System (FMMIS) to process Medicaid claims submitted by providers. Claims totaling approximately \$19.6 billion were processed for Medicaid services during the 2012-13 fiscal year.</p> <p>We examined a sample of 200 claim payments (170 fee-for-service claims and 30 capitation [Managed Care] claims) made during the 2012-13 fiscal year. We found that 5 of the 200 claims (3 percent) were not paid in the correct amounts or were not reimbursed in accordance with Medicaid policy. Specifically:</p> <ul style="list-style-type: none"> ➤ Individuals receiving Medicare benefits may also be entitled to receive certain levels of Medicaid benefits. Once the Medicare Program has paid the covered portion of the claim, the claim can be submitted to the Medicaid Program for payment of any amounts due for Medicare coinsurance and deductible amounts. Such claims are referred to as crossover claims. Florida Statutes provide that the combined payments from Medicare and Medicaid shall not exceed what Medicaid would have paid if Medicaid were the sole payor. Additionally, for Federally Qualified Health Centers (FQHC), the Provider General Handbook limits Medicaid's payment of Medicare crossover claims to 100 percent of the Medicare deductible and coinsurance. For 3 claims, the FAHCA made payments in excess of the allowed amounts for Medicare crossover claims. We noted that: <ul style="list-style-type: none"> • For 2 claims, Medicare paid an amount that exceeded what Medicaid would have paid if Medicaid were the sole payor. Therefore, no

Medicaid payments should have been made for these claims; however, the FAHCA paid \$119 for one claim and \$18.66 for the other.

- For 1 FQHC claim, the FAHCA made a Medicaid payment in an amount that exceeded the Medicare deductible or coinsurance amount, resulting in a \$5.68 overpayment.
- For 1 Pharmacy claim, a price change was not timely updated in the Pharmacy system, resulting in an underpayment of \$21.11 to the provider.
- For 1 claim, a copayment was not deducted for each Chiropractor service listed on the claim resulting in questioned costs of \$1. Medicaid policy requires a \$1 copayment by the recipient for Chiropractor services for each provider or group provider each day.

We also performed queries of FMMIS data for claims paid during the 2012-13 fiscal year for certain types of Home Health services, Dental services, and Inpatient Hospital services in excess of 45 days. Total payments for the claims queried totaled \$11,385,371.03 during the 2012-13 fiscal year. The Medicaid Provider Coverage and Limitations Handbook for Hospital Services indicated that for covered inpatient days, Medicaid reimbursement was allowed for a maximum of 45 days per fiscal year for recipients 21 years of age and older. However, the Federal Balanced Budget Act of 1997 (BBA) provided exceptions to this requirement if certain criteria were met. Our queries disclosed 98 claims totaling \$2,004,942.40 that were paid for recipients 21 years of age and older who did not meet the criteria for the 45-day-limit exceptions provided by the BBA.

Our additional analyses disclosed that the FAHCA made payments during the 2012-13 fiscal year to one provider who had been retroactively terminated from the Medicaid Program effective March 14, 2013. Our query of the FMMIS data disclosed payments totaling \$254,390.72 were incorrectly made to this provider subsequent to March 14, 2013. Of this amount, \$251,756.10 was related to Medicaid claims payments and, as of November 15, 2013, none of the payments had been recouped from the provider.

Cause

For the Medicare crossover claims, the FAHCA had FMMIS corrections in production with implementation expected by the end of 2013.

For the Pharmacy claim, new drug pricing information was not timely input into the Pharmacy system.

For the claim in which the copayment was not deducted for each Chiropractic service listed on the claim, FAHCA management stated that this is a known FMMIS issue, and the FAHCA is working with the fiscal agent to correct the programming.

For payments of Hospital services claims exceeding the 45-day limit, FAHCA management stated that, for some claims, providers obtained authorization for BBA emergency services from FAHCA's Quality Improvement Organization. The providers then billed the claims using a non-emergency admission type; however, as a result of the authorization, the denial edit in FMMIS for the 45-day cap limit may have been bypassed.

Effect

Absent appropriate controls, unallowable claims may be processed and paid, or payments may be made in improper amounts, and not be timely detected by FAHCA personnel.

Recommendation

We recommend that the FAHCA ensure that appropriate electronic and manual controls are in place and operating effectively to ensure that Medicaid claims are accurately and properly processed.

**State Agency Response and
Corrective Action Plan**

The FL MMIS modifications to update the identified Medicaid/Medicare crossover issue have been partially completed. The required additional developmental resources were unavailable due to other Federal mandates and were not available to complete this task by the original target of December 2013. Work has restarted on this task and completion is planned to be finished by April 2014.

Regarding the pharmacy claim in question, pricing updates are occasionally received from manufacturers and are downloaded in the Agency's pharmacy system by First Data Bank with retroactive dates. Any claim paid during the interim would be reimbursed at the price in the system on the adjudication date. This was the condition for the claim noted. The claim was adjudicated December 20, 2012; a price increase was received January 5, 2013 retroactive to December 28, 2012. The provider has been advised that they may void and rebill the claim to receive the updated reimbursement.

The issue identified with copayments not correctly applying for each service provided is a previously documented system issue and is currently being researched. FL MMIS was updated previously with partial fixes that have been implemented. The Agency created CO #36821 (Claim copayment not being deducted) to further review and address this issue.

The Hospital Services 45 day limit issue was documented by CSR #2052-Balanced Budget Act of 1997 (BBA) Claims. There were 15 COs originally opened for this CSR and 14 are complete with only one outstanding. Additional research using the examples from this finding are being performed on this issue and once the research is completed, a projected completion date will be determined.

In coordination with multiple Bureaus and the General Counsel's Office, the Agency is in the process of reviewing procedures pertaining to the identification and recovery of amounts due to the Agency from retro-terminated providers. Upon completion of this review, procedures will be implemented to notify these providers of amounts due to the Agency for claims paid for services subsequent to the date for which the provider lost Medicaid eligibility.

**Estimated Corrective
Action Date**

Medicaid/Medicare crossover claims - April 2014

Copayment issue - July 2014

Hospital 45 day issue - August 2014

Retro-terminated providers - July 2014

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-051
CFDA Number	93.720, 93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-1205FL5MAP 2012
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-062
Finding	The FAHCA continued to record medical assistance related payments to incorrect appropriation categories in the State's accounting records.
Criteria	<p>OMB Circular A-87, Attachment A, Section C – To be allowable under Federal awards, costs must be authorized or not prohibited under State or local laws or regulations.</p> <p>Section 216.292, Florida Statutes – <i>Appropriations nontransferable: exceptions.</i> Funds provided in the General Appropriations Act or as otherwise expressly provided by law shall be expended only for the purpose for which appropriated, except that such moneys may be transferred as provided in this section when it is determined to be in the best interest of the State.</p>
Condition	<p>Using amounts reflected in the Florida Medicaid Management Information System (FMMIS) weekly appropriation report, it was the FAHCA's procedure to record medical assistance related payments in the State's accounting records for medical services appropriation categories (service types). The FAHCA established Other Cost Accumulator codes (OCAs) to ensure payments were recorded to the correct Federal program in the State's accounting records. During the 2012-13 fiscal year, the FAHCA recorded approximately \$19.4 billion to medical services appropriation categories in the State's accounting records.</p> <p>The FAHCA made Low Income Pool (LIP) and Disproportionate Share (DSH) payments during the 2012-13 fiscal year totaling approximately \$1.35 billion (\$1.032 billion LIP; \$319 million DSH). We reviewed 25 LIP and 15 DSH payments made to providers during the 2012-13 fiscal year. Our review disclosed that for 1 LIP payment totaling \$711,134.21 and 5 DSH payments totaling \$6,173,103.00, the FAHCA incorrectly recorded the payments in the State's accounting records as Inpatient Hospital payments.</p> <p>Further analysis disclosed instances where the FAHCA made initial entries to medical services appropriation categories in the State's accounting records which did not always agree with the FMMIS weekly appropriation reports. As a result, while the total amount recorded was accurate, there were inaccuracies across medical services appropriation categories. For example, medical assistance payments made on September 19, 2012, totaling \$226,149,334.86, were recorded to only three medical services appropriation categories, instead of to the 44 appropriation categories to which the payments likely applied. For those payments, \$186,977,059.77 was recorded in the State's accounting records as Inpatient Hospital payments, although the FMMIS weekly appropriation report reflected only \$53,532,488.98 in Inpatient Hospital payments. Subsequently, the FAHCA made journal transfers in the State's accounting records to allocate the payments to the correct appropriation categories. However, the journal transfers did not correct all the inaccuracies. For example, after the FAHCA made the journal transfers, Inpatient Hospital payments in the State's accounting records totaled \$85,287,360.84 rather than \$53,532,488.98.</p>

Cause	FAHCA staff indicated that the medical assistance related payments reflected in the FMMIS weekly appropriation reports were to be recorded in the State's accounting records to only a few appropriation categories and then journal transfers were to be made to move the expenditures to the correct categories. However, the FAHCA failed to perform the necessary journal transfers.
Effect	Failure to correctly record medical assistance related payments in the State's accounting records limits the Federal and State governments' ability to properly administer the programs and the associated funding.
Recommendation	We recommend that the FAHCA strengthen procedures for the accurate recording of medical assistance related payments in the State's accounting records. We also recommend that the FAHCA consider revising the methodology used for recording payments to the correct medical services appropriation categories to reduce the need for subsequent journal transfers.
State Agency Response and Corrective Action Plan	The Agency submitted a budget amendment, which was approved on February 5, 2014, to realign the Medicaid Services budget to match the latest estimating conference (December 4, 2013). The approval of this budget amendment is the first step toward ensuring budget authority is available by category to ensure medical assistance related payments are paid and posted in the correct appropriation categories at fiscal year-end. The Agency is in the process of developing the necessary processes and procedures to ensure measures are in place by fiscal year-end to ensure medical assistance payments are initially paid or subsequently transferred to the correct medical services appropriation categories.
Estimated Corrective Action Date	June 30, 2014
Agency Contact and Telephone Number	Anita Hicks - Financial Services (850) 412-3815

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-052
CFDA Number	93.778 (Includes Recovery Act Funding)
Program Title	Medical Assistance Program
Compliance Requirement	Cash Management
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-1205FL5MAP 2012 and 05-1305FL5MAP 2013
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-035
Finding	The FAHCA did not ensure that refunds, including those for drug rebates, were accurately reported on the Cash Management Improvement Act (CMIA) Annual Report to the Florida Department of Financial Services (FDFS). In addition, the FAHCA did not always reduce Federal cash draws by the Federal share of drug rebates received.
Criteria	<p>The Cash Management Improvement Act (CMIA) of 1990, as amended</p> <p>31 CFR Part 205 §__.13 and §__.15, <i>State interest liability</i>, and §__.26, Preparing Annual Reports</p> <p>CMIA Agreement between the State of Florida and the United States Department of the Treasury (Treasury-State Agreement)</p>
Condition	<p>The FAHCA annually reports to the FDFS drawdown data related to the receipt of Federal funds, including data components for Direct Program Costs, Direct Administrative Costs, Payroll Costs, and Indirect Costs. The FAHCA also reports data for refund transactions exceeding \$50,000, and data for balances in the Medical Assistance Program (MAP) and Special Purpose Investment Account (SPIA) bank accounts.</p> <p>Our review of the report the FAHCA submitted to the FDFS for the 2011-12 fiscal year disclosed errors in the refunds reported and the associated interest liability. Specifically, our review disclosed that the FAHCA understated refund transactions reported to the FDFS resulting from drug rebates, amounts received from third-party payors, and provider refunds by \$62,699,538.71 (Federal Share - \$35,136,821.50).</p> <p>Additionally, our review of 20 Medicaid Program cash draws totaling approximately \$2.1 billion disclosed that the FAHCA did not always appropriately account for drug rebates when calculating cash draw amounts. Our test disclosed that, for 3 cash draws totaling approximately \$693.3 million, the FAHCA did not reduce the draw amount by the Federal share of drug rebates received by the FAHCA. As a result, the FAHCA drew down approximately \$40.1 million in excess of Medicaid Program needs.</p>
Cause	Some refunds were inadvertently excluded from the CMIA report while other refunds were excluded due to improper year-end cut off. Supervisory review did not detect the errors.
Effect	Without ensuring the accuracy of the reported amounts, the risk is increased that interest liability amounts reported to the FDFS could be materially misstated and errors not timely detected. As a result, the annual report prepared by the FDFS pursuant to the Treasury-State Agreement could contain inaccuracies. Additionally, the failure to correctly calculate cash draws may result in cash draws being made for excess amounts which could affect the State's interest liability.

Recommendation	We recommend that the FAHCA ensure that CMIA report data submitted to the FDFS is accurate and complete and that cash draws are appropriately reduced for drug rebates received.
State Agency Response and Corrective Action Plan	<p>Understated Refund Transactions</p> <p>The Bureau is developing a process to compile, reconcile, and enter the data used in the CMIA report on a quarterly basis. This quarterly reconciliation process will identify errors earlier in the process allowing more time for research and resolution. The Bureau is working to properly update the written procedure for this process.</p> <p>Cash Draws in Excess of Medicaid Program Needs</p> <p>As a result of a provision of the Patient Protection and Affordable Care Act (PPACA), the rebate sharing arrangement with states and the federal government was changed, retroactive to January 1, 2010, requiring states to remit a higher percentage of rebate revenue to CMS. In addition, PPACA requires drug manufacturers that participate in the Medicaid Drug Rebate program to pay rebates for drugs dispensed to individuals enrolled in a Medicaid managed care organization (MCO), if the MCO is responsible for coverage of such drugs. The rebate revenue from MCOs is a new source of revenue not previously collected.</p> <p>In November 2012 and February 2013, drug manufacturers were invoiced for outpatient prescription drugs dispensed to Medicaid patients by MCOs for January 2010 through December 2012. The Agency received \$1,213,544,586 in drug rebate revenue during Fiscal Year 2012-2013; however, the Agency was appropriated \$730,555,925 in the Grants and Donations Trust Fund in the Prescribed Medicine/Drugs category to transfer the expenditures from the General Revenue Fund and the Medical Care Trust Fund. Expenditures for outpatient prescription drugs are initially paid from the General Revenue Fund (state share) and the Medical Care Trust Fund (federal share). The Agency transfers the state and the federal share of expenditures to the Grants and Donations Trust Fund to utilize the revenue received from rebates because rebate revenue is deposited in the Grants and Donations Trust Fund. The Agency reduces its federal draw in the amount of the federal share of the rebate as the mechanism of returning the federal share to CMS. The Agency exhausted its Grants and Donations Trust Fund budget authority due to the receipt of manufacturer rebates invoiced for the period retroactive to 2010, and had to suspend its standard process of returning the federal share of the rebate revenue to the federal government.</p> <p>As an interim solution, the Agency submitted a non-operating budget amendment in accordance with chapter 216.181 (12), F.S. This amendment requested an increase in transfer authority in the Grants and Donations Trust Fund in order to transfer the federal share of the rebate revenue to the Medical Care Trust Fund, which allows the federal share of the rebate to be returned to CMS and prevents the assessment of interest payments and/or other penalties. This amendment was approved on June 11, 2013, and \$283,960,417.29 in drug rebate revenue was transferred to the Medical Care Trust Fund. The amount transferred is the amount of drug rebate revenue (federal share) that we should have reduced the federal draw by during the period of March 18, 2013 through June 24, 2013, but were unable to due to the lack of budget authority to implement our standard process.</p>
Estimated Corrective Action Date	June 30, 2014
Agency Contact and Telephone Number	Anita Hicks - Financial Services (850) 412-3815

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-053
CFDA Number	93.720, 93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Eligibility
State Agency	Florida Department of Children and Families (FDCF)
Federal Grant/Contract Number and Grant Year	05-1205FL5MAP 2012 and 05-1305FL5MAP 2013
Finding Type	Noncompliance and Material Weakness
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-065
Finding	Income and Eligibility Verification System (IEVS) and non-IEVS data exchange responses received by the FDCF were not always timely processed.
Criteria	<p>42 CFR 435.940 through 435.965, <i>Income and Eligibility Verification Requirements</i></p> <p>FDCF ACCESS Florida Program Policy Manual Chapters 3030 and 3040 – Requires department personnel to review responses considered verified upon receipt and dispose of them within 10 calendar days. All other responses that are not verified upon receipt should be disposed of within 45 calendar days.</p> <p>FDCF FLORIDA Data Exchange Reference Guides – Requires the review of data exchanges from sources that are Federally mandated within 10 days and are considered verified upon receipt. Data exchanges from sources that are not Federally mandated must be reviewed within 45 calendar days.</p>
Condition	Federal regulations require the FDCF to verify certain information through electronic data exchange with other State and Federal agencies. The FDCF has established a time frame of 10 days for processing the IEVS information, and 45 days for processing non-IEVS information returned by data exchange procedures. We examined the FDCF IEVS and non-IEVS data exchange records for 60 cases. Our examination disclosed 14 cases (7 IEVS and 7 non-IEVS) for which the FDCF had not processed the data exchange responses within the established time frames. As of November 6, 2013, 27 to 341 days had elapsed beyond the specified time frame for the 14 cases.
Cause	FDCF staff indicated that other data exchange responses may have been given higher priority for review purposes.
Effect	Failure to timely review data exchange responses could preclude the FDCF from identifying changes in a client's eligibility status.
Recommendation	We recommend that the FDCF process data exchange responses within the established time frames.
State Agency Response and Corrective Action Plan	<p>The Department concurs. The policy for Data Exchange (DE), IEVS and Non-IEVS includes requirements for prioritizing the alerts to process within the established time standards. Policy Transmittal I-09-05-0014, Work Priorities for the Case Maintenance Unit, provides guidance to staff in processing this workload. The audit reflects seven of the 14 cases were priority DE alerts.</p> <p>As part of its quality assurance efforts, the Department monitors DEs to ensure they are processed timely and accurately and requires corrective action, where necessary. In addition to current efforts, a DE review element will be added to the Medicaid case reviews in the statewide electronic case review system (QMS) to ensure the timely and accurate processing of DEs.</p>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-054
CFDA Number	93.720, 93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Special Tests and Provisions – Provider Eligibility
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-1205FL5MAP 2012 and 05-1305FL5MAP 2013
Finding Type	Questioned Costs – \$96,958.45 (Federal Share \$55,848.45; Federal Grant Nos. 05-1205FL5MAP \$12,774.27, 05-1305FL5MAP \$43,074.18)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-067
Finding	The FAHCA made payments to an ineligible provider.
Criteria	<p>42 CFR 431.107, <i>Required Provider Agreement</i></p> <p>Section 409.907, Florida Statutes, <i>Medicaid Provider Agreements</i> – Payments for medical assistance and related services on behalf of Medicaid recipients are to be made only to individuals or entities with a provider agreement in effect. Additionally, the FAHCA may require as a condition of participating in the Medicaid Program and before entering into a provider agreement, that the provider submit information, in an initial and any required renewal application, concerning the professional, business, and personal background of the provider. After receipt of a completed, signed, and dated application, and completion of any necessary background investigation and criminal history record check, the FAHCA can enroll the applicant as a Medicaid provider.</p> <p>Florida Medicaid Provider General Handbook, Section 2 – Both institutional and noninstitutional providers enrolled in the Medicaid Program are to submit a signed and dated Provider Agreement, and are required to submit a completed enrollment application.</p>
Condition	We reviewed documentation for 40 providers enrolled in the Medicaid Program who received payments during the 2012-13 fiscal year to determine whether the providers met the Program eligibility requirements. Our review disclosed that the Medicaid Provider Agreement on file with the FAHCA for one provider expired on March 25, 2008. Our review of payments made to this provider during the 2012-13 fiscal year disclosed that the FAHCA paid this provider \$96,958.45 during the period when the provider did not have an agreement in effect.
Cause	FAHCA staff did not always follow laws, regulations, and established procedures in maintaining documentation to ensure Medicaid Program payments were made only to eligible providers.
Effect	Failure to ensure that current Medicaid Provider Agreements are in effect could preclude the FAHCA from demonstrating provider eligibility and enforcing the provisions of applicable laws and regulations.
Recommendation	We recommend that the FAHCA ensure that payments are made only to providers with Medicaid Provider Agreements in effect.
State Agency Response and Corrective Action Plan	The Agency along with the Medicaid fiscal agent operations and system staff reviewed MMIS coding and operational guidelines and determined a vulnerability which, under extreme circumstances, would cause a provider to miss renewal. As a result, the Agency has implemented an automated job which will run periodically to identify any provider who has missed renewal. The MMIS will restrict claims for the delinquent provider and generate a renewal notice to the provider. Upon submission of a successful renewal packet, the provider agreement end date will be extended and the restricted claims will be released.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-055
CFDA Number	93.720, 93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Special Tests and Provisions – Provider Health and Safety Standards
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-1205FL5MAP 2012 and 05-1305FL5MAP 2013
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-069
Finding	The FAHCA did not always ensure that facilities receiving Medicaid payments met required health and safety standards.
Criteria	<p>42 CFR 431.610(c), <i>Relations with standard-setting and survey agencies</i></p> <p>Florida Medicaid State Plan Section 4.11 – Designates the FAHCA as the State agency having authority to establish and maintain health and nonhealth related standards for private or public institutions that provide services to Medicaid recipients.</p> <p>FAHCA Division of Health Quality Assurance Licensure and Certification Standard Operating Procedures, Section 6-7 – Establishes time frames for the completion of Life Safety Surveys. Hospitals, nursing homes, and intermediate care facilities for the developmentally disabled (ICF-DD) are to receive a Life Safety Survey on an annual basis, with new Life Safety Surveys conducted within 9 to 15 months of the exit date of the last survey.</p> <p>FAHCA Division of Health Quality Assurance Licensure and Certification Standard Operating Procedures, Section 5-6 – Establishes requirements for follow-up surveys. The field office manager or designee shall monitor and schedule follow-up surveys, which are unannounced, to determine if corrective action has been taken on facility deficiencies found and cited during the survey. For certified facilities, the follow-up visits must be conducted no later than 45 days from the date of the survey.</p>
Condition	<p>During the 2012-13 fiscal year, Medicaid payments to hospitals, nursing homes, and ICF-DD, all of which were required to have an annual Life Safety Survey, totaled approximately \$10.1 billion. We reviewed documentation for 40 facilities (15 hospitals, 15 nursing homes, and 10 ICF-DD) to determine whether the FAHCA retained documentation evidencing that Life Safety Surveys and any necessary follow-up surveys were timely conducted. We noted that:</p> <ul style="list-style-type: none"> ➤ For 4 hospitals, a Life Safety Survey was due, but had not been completed as of June 30, 2013. As of June 30, 2013, 16 to 24 months had elapsed since the date of the last survey. The FAHCA made Medicaid payments totaling \$22,110,706.42 to these 4 hospitals for the period of time during the 2012-13 fiscal year in which the hospitals did not have a current Life Safety Survey certification. ➤ For 3 hospitals, the FAHCA completed the Life Safety Surveys late, with the completion dates ranging from 17 to 26 months after the last survey. The FAHCA made Medicaid payments totaling \$17,616,231.17 to these 3 hospitals for the period of time during the 2012-13 fiscal year in which the hospitals did not have a current Life Safety Survey certification. ➤ For 10 facilities (3 hospitals, 6 nursing homes, and 1 ICF-DD), the FAHCA could not provide documentation evidencing that the facilities had received a follow-up survey within 45 days of a survey with cited deficiencies. In 9 instances, the follow-up surveys were completed from 1 to 24 days late. In

the other instance, the follow-up survey was 7 days past due as of June 30, 2013. The FAHCA made payments totaling \$1,542,965.11 to these 10 facilities for the period of time during the 2012-13 fiscal year in which a follow-up survey was due, but had not been completed.

Cause	FAHCA internal controls were not operating effectively to ensure that Life Safety Surveys and follow-up surveys were conducted within established time frames.
Effect	Failure to timely complete the required Life Safety Surveys and follow-up surveys could allow facilities that do not meet applicable health and safety standards to continue to provide Medicaid services.
Recommendation	We recommend that the FAHCA increase its efforts to ensure that Life Safety Surveys and follow-up surveys are conducted within the established time frames.
State Agency Response and Corrective Action Plan	<p>During the audit period of 7/1/2012- 6/30/2013 the auditors identified seven hospitals in which the annual Life Safety Code (LSC) inspections were conducted late. All seven of these hospitals were in the South Florida area which would be inspected by the Agency's Delray Beach and Miami Offices.</p> <p>During this past year, all vacant LSC positions in Delray Beach and Miami Offices have been filled. However, the surveyors still had to complete training and orientation prior to being able to survey independently, which will assist the offices in the future for the timely completion of the surveys. Also, the LSC lead for the Bureau of Field Operations, along with other life safety surveyors in the state, has assisted the field offices to timely complete the surveys. The Survey & Certification Support Branch is responsible for monitoring the timely completion of survey activity and reporting of any issues that fail to meet the established annual, recertification and revisit survey timeframes to the Bureau Chief of Field Operations.</p> <p>The Bureau of Field Operations reassessed their workload and developed overall priority levels to assist Field Office Management in scheduling their workload. Level 1 includes the Centers for Medicare & Medicaid Services (CMS) Tier 1 and Tier 2, Priority 1 State complaints, state statutory required inspections and initial licensure surveys. Level 2 includes CMS Tier 3 work, Priority 2 State Complaints, state health follow-up inspections and Rule required inspections.</p> <p>In October 2013, the Bureau of Field Operations updated their policy for conducting LSC inspections. Inspections are conducted annually, but no later than 15.9 months from the previous annual licensure and/or recertification survey.</p> <p>The Bureau's policy for conducting revisits has also been updated. Each field office is responsible to ensure the surveys are conducted in accordance with state and federal timeframes. If a revisit is needed based on the initial visit, the field office manager would determine, based on the survey findings, if an onsite revisit will be conducted. If it is determined an onsite revisit is necessary, the onsite revisit will be conducted a minimum of 45 days, but no later than 90 days following the survey for which noncompliance was determined. Exceptions to the scheduling timeframes may be approved by the Chief of Field Operations. Documentation of the approval will be maintained by the field office and Quality Assurance lead.</p>
Estimated Corrective Action Date	Complete

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-056
CFDA Number	93.720, 93.775, 93.777, and 93.778 (Includes Recovery Act Funding)
Program Title	Medicaid Cluster
Compliance Requirement	Special Tests and Provisions – Inpatient Hospital and Long-Term Care Facility Audits
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-1205FL5MAP 2012 and 05-1305FL5MAP 2013
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-070
Finding	The FAHCA's established policies and procedures did not provide for the timely issuance of cost report audits of nursing homes and Intermediate Care Facilities for the Developmentally Disabled (ICF-DD). Additionally, the FAHCA had not performed monitoring of the vendor contracted to perform hospital cost report audits.
Criteria	42 CFR 447.253(g), <i>Audit Requirements</i>
Condition	<p>During the 2012-13 fiscal year, 652 nursing homes received Medicaid payments totaling \$3,598,274,569.45, 105 ICF-DD received Medicaid payments totaling \$928,803,288.43, and 243 hospitals received Medicaid payments totaling \$5,424,494,810.02. Payments to nursing homes, ICF-DD, and hospitals are based on approved cost-based rates. To ensure the accuracy of those rates, periodic audits of the financial and statistical records of providers participating in the Medicaid Program are required. Periodic audits may be in the form of desk audits or field audits.</p> <p>The FAHCA contracted with certified public accounting (CPA) firms to perform periodic nursing home and ICF-DD cost report audits. The FAHCA developed nursing home and ICF-DD audit programs to be utilized by CPA firms when performing cost report audits. It was the FAHCA's procedure to review each CPA-audited cost report and CPA working papers prior to issuing the audit report to the provider. In addition, the FAHCA contracted with a Medicare intermediary to audit hospital cost reports. For the hospital cost report audits completed by the Medicare intermediary, the FAHCA's procedure was to select and review a sample of audit working papers during the monitoring of the Medicare intermediary.</p> <p>We would consider the issuance of an audit report to be timely and the most useful when issued within 2 years after the close of the year-end of the provider. Our audit disclosed that the FAHCA's policies and procedures did not ensure the timely issuance of nursing home and ICF-DD cost report audits. Specifically:</p> <ul style="list-style-type: none"> ➤ For nursing home cost report audits issued during the 2012-13 fiscal year, the average length of time from the cost report fiscal year-end to the issuance of the audit report was approximately 4 years. The following table shows the fiscal years for each nursing home audit issued during the 2012-13 fiscal year.

Cost Reports With Fiscal Years Ended in the Year	Number of Nursing Home Audits Issued During the 2012-13 Fiscal Year
2004	4
2005	30
2006	16
2007	17
2008	21
2009	54
2010	33
2011	3
Total	<u>178</u>

- For ICF-DD cost report audits issued during the 2012-13 fiscal year, the average length of time from the cost report fiscal year-end to the issuance of the audit report was approximately 3 years. The following table shows the fiscal years for each ICF-DD audit issued during the 2012-13 fiscal year.

Cost Reports With Fiscal Years Ended in the Year	Number of ICF-DD Audits Issued During the 2012-13 Fiscal Year
2009	1
2010	4
Total	<u>5</u>

Additionally, as of January 6, 2014, the FAHCA had not performed programmatic or administrative monitoring of the Medicare intermediary contracted to perform hospital cost report audits during the 2012-13 fiscal year.

Cause

FAHCA procedures did not provide for the timely issuance of cost report audits. The FAHCA's review of supporting working papers for each CPA firm's audit report, and preparation for cost report audit appeals, may have hindered the timely issuance of reports. FAHCA staff also indicated that monitoring of the Medicare intermediary had not occurred because a new contract manager had been assigned and had not received instruction to begin contract monitoring activities.

Effect

The failure to timely issue audits reduces the effectiveness of FAHCA efforts to ensure that nursing homes and ICF-DD are reimbursed at appropriate rates and limits the FAHCA's ability to timely apply rate adjustments, if necessary. Furthermore, untimely monitoring of the Medicare intermediary's contractual performance related to hospital cost report audits increases the risk that contractual noncompliance may occur and not be detected by the FAHCA.

Recommendation

We recommend that the FAHCA enhance policies and procedures to provide for the timely issuance of cost report audits. We also recommend that the FAHCA ensure that the performance of the hospital cost report auditor (Medicare intermediary) be timely monitored.

State Agency Response and Corrective Action Plan

Nursing Home Audits

According to the State Reimbursement Plan, Section I.A, cost reports are to be submitted five months after the fiscal year end of the cost report, but are not late until the January or July rate setting deadline, which is April 30 and October 31 of that year. Feasibly, a cost report with a fiscal year end of September 30 is not due until February, and then is not late until April 30th. That is over seven months, not taking into consideration the time taken to review the cost report, set rates, etc. Therefore, the policies in place are already using all the available time for cost report review, rate setting and then auditing. Currently, the Audit Services unit is attempting to take timing into consideration, so that we audit cost reports only going back two years in order to fit into the timeline of expediting the audit process. However, cost reports still have the five month FYE deadline, and

the rate setting deadline to meet before they can even be reviewed. Going forward, the Audit Service unit will attempt to identify cost reports for audit and assign, given adequate budget and staffing, in a more timely fashion, in accordance with State and Federal guidelines.

Hospital Audits

The current policies and procedures that are in place do provide for an adequate number of cost reports to be audited annually. The cost report is a combination of Medicare Title XVIII & V and Medicaid Title XIX. The Medicaid portion of the audit process cannot begin until the audit is completed for the Medicare program. The completion of the Medicare audit may take more than a year depending on the scope of the audit. In addition, the scope of the Medicaid audit may take a year or longer to finalize. At the beginning of each federal fiscal year, the Agency and the Medicare intermediary perform a reconciliation of pending audits to ensure audits are completed within a reasonable timeframe. Also, there are legislative budget restraints which only allow for a certain number of audit hours to be performed each state fiscal year. Moving forward, the Agency is in the process of contracting with a new vendor to perform Hospital audits. It is anticipated that the contract will be executed within the next month. The contract mandates a certain number of audits be completed each state fiscal year.

Hospital Monitoring

For the hospital cost report audits completed by the Medicare intermediary, the FAHCA's procedure was to select and review a sample of audit working papers during the monitoring of the Medicare intermediary.

The most recent First Coast Service Options, Inc. (FCSO) monitoring field review was performed for the time period of July 1, 2010 through December 31, 2011.

Since the submission of that report, three events have occurred which have delayed the completion of a more current monitoring report. First, the individual responsible for the completion of the report is no longer with the Agency and the position is still vacant. Secondly, this position's duties and responsibilities for managing the Audit contract have been moved to another Agency staff. The new Contract Manager was unaware of the existence of this report. Finally, effective January 1, 2014 FCSO is no longer the Medicare intermediary for the audit work for the Medicaid portion of the cost report. Meyers and Stauffer is the new Medicaid vendor for the Medicaid audit work.

The Agency will continue under the new contract with Meyers and Stauffer to have the vendor submit a periodic audit status report, which will reflect the status of audit work for each hospital. In addition, we will have the new vendor provide documentation and information required in the monthly monitor report, which will allow for an annual monitoring report to be completed at any given time. The current contract monitoring for the new vendor will be for the time period of March 1, 2014 until June 30, 2014. This limited report will be completed by September 30, 2014.

ICF-DD Audits

The Audit Services unit will attempt to identify cost reports for audit and assignment, given the state fiscal year budget and current staffing, in a more timely fashion, in accordance with State and Federal guidelines. Currently, there are 10 ICF-DD home offices that make up 77 ICF providers and 12 providers without a home office. The Audit Services unit will attempt to ensure that an audit is assigned and completed for at least one provider in each of the home offices and the 12 providers without a home office for a total of 22 audits every two years.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-057
CFDA Number	93.917
Program Title	HIV Care Formula Grants
Compliance Requirement	Eligibility
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	2 X07HA00057-22 2012 and 2 X07HA00057-23 2013
Finding Type	Questioned Costs – \$19,759.92 (Federal Grant Nos. 2 X07HA00057-22 \$16,903.28 and 2 X07HA00057-23 \$2,856.64)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-072
Finding	Eligibility determination procedures were not sufficient to ensure that only eligible individuals received AIDS Drug Assistance Program (ADAP) benefits.
Criteria	42 USC 300ff-26(b), <i>Provision of Treatment – Eligible Individuals</i> 42 USC 300ff-27(b)(7)(f)(ii) – <i>Description of intended uses and agreements</i> FDOH HIV/AIDS Eligibility Procedures Manual
Condition	During the 2012-13 fiscal year, the FDOH expended approximately \$66,781,407 in ADAP funds to purchase and distribute drugs to eligible clients. We reviewed records for 40 clients receiving ADAP benefits who were enrolled or re-enrolled in ADAP during the 2012-13 fiscal year. Clients eligible to participate in the Medicaid Program are not eligible to receive drugs through ADAP. For 2 of the 40 client records we reviewed, the FDOH did not identify the client's ineligibility for ADAP benefits. Our comparison of records from the ADAP database to the Medicaid system disclosed that these 2 clients received ADAP benefits totaling \$19,759.92 during the 2012-13 fiscal year when they also received Medicaid benefits.
Cause	FDOH procedures required initial screening for Medicaid eligibility through ACCESS, Florida's Online Public Assistance Pre-screening Tool, and redetermination of client eligibility every 6 months. In addition, FDOH staff were to perform periodic matches between the ADAP database and the Medicaid system. During the 2012-13 fiscal year, the FDOH pursued an electronic match process with the Florida Agency for Health Care Administration (FAHCA); however, the FDOH did not finalize the Memorandum of Agreement (MOA) with FAHCA allowing the FDOH to perform daily matches of client records until June 2013.
Effect	Drugs benefits were provided to clients who did not meet ADAP eligibility requirements.
Recommendation	We recommend that the FDOH conduct periodic matches of client records in the ADAP database to those in the Medicaid system to better ensure that Medicaid eligible clients are not provided ADAP benefits.
State Agency Response and Corrective Action Plan	FDOH will pursue a process to establish more frequent electronic matches with the FAHCA Medicaid system to ensure that ADAP is the payer of last resort. The FDOH HIV/AIDS and Hepatitis Section is currently conducting weekly matches with the Medicaid system. At the present time, FAHCA has informed the section that they do not have the resources to conduct daily matches. Staff will contact FAHCA on a quarterly basis to find out if resources are available for a daily exchange. Once available, we will move to daily matches.

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	2013-058
CFDA Number	97.036 and 97.067
Program Title	Disaster Grants – Public Assistance (Presidentially Declared Disasters) Homeland Security Grant Program
Compliance Requirement	Reporting
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	FEMA-4068-DR-FL 2012, FEMA-4084-DR-FL 2012, EMW-2011-SS-00067-S01, and EMW-2012-SS-00109-S01
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-076
Finding	The FDEM did not report applicable Disaster Grants – Public Assistance (Public Assistance) and Homeland Security Grant Program (HSGP) subaward data in the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS) pursuant to Federal regulations.
Criteria	2 CFR 170 <i>Reporting Subaward and Executive Compensation Information</i>
Condition	<p>FFATA regulations required the FDEM, as a recipient, to report in the FSRS key data elements regarding its subawards. The FSRS is a reporting tool used to capture and report subaward and executive compensation data and make it available to the public via a single, searchable Web site. FFATA reporting is required for grants or cooperative agreements exceeding \$25,000, effective on or after October 1, 2010, and made with a new Federal Assistance Identification Number on or after that date. Pursuant to Federal regulations, the FDEM should have reported, by the end of the month following the month in which the obligation was made, the key data elements for such grants. During the period July 1, 2012, through June 30, 2013, the FDEM made 182 subawards totaling \$79,152,177.76, for which FFATA reporting was required; however, the FDEM reported in the FSRS data related to only 32 subawards totaling \$1,943,605.40, and also reported 7 transfers to State agencies totaling \$8,454,644 as subawards. Our review of the FDEM's FFATA reporting disclosed that improvements were needed. Specifically, we noted that:</p> <ul style="list-style-type: none"> ➤ The FDEM did not report in the FSRS 105 subawards totaling \$57,929,789.36 made directly to other entities for the Public Assistance Program and 42 subawards totaling \$19,078,126 made directly to other entities for the HSGP. ➤ The FDEM transferred HSGP funds totaling \$2,054,262.40 to the Florida Department of Financial Services (FDFS) and the FDFS used the funds to make 34 subawards to other entities. The FDEM did not report 4 of the subawards totaling \$245,464 in the FSRS. The FDEM reported in the FSRS the other 30 subawards made by the FDFS; however, all key data elements, including subaward obligation/action date and subaward number, were not properly reported. Specifically, we noted that: <ul style="list-style-type: none"> • For the 30 subawards, the FDEM reported the Federal award date rather than the FDFS subaward execution dates and reported the FDEM award number for transferring funds to the FDFS rather than the FDFS subaward numbers. • The FDEM incorrectly reported the DUNS number for one subaward and amounts for 2 subawards. One of the 2 incorrect subaward amounts was a budgeted amount rather than the final subaward amount. • Although less than the \$25,000 threshold for reporting, the FDEM reported in the FSRS a subaward in the amount of \$24,762.

- The FDEM transferred HSGP funds to the Florida Department of Law Enforcement (FDLE), from which the FDLE made 1 subaward in the amount of \$90,000. However, the FDEM did not properly report in the FSRS key data elements, including the subaward obligation/action date and subaward number.
- The FDEM incorrectly reported a total of \$8,454,644 in HSGP funds transferred to 7 State agencies as subawards in the FSRS.
- The FDEM reported 27 HSGP subawards in the FSRS from 32 to 154 days late. Two other subawards were reported 41 and 63 days prior to the subaward obligation date and, as a result, the FDEM reported budgeted amounts rather than the final subaward amounts.

Cause	The FDEM did not have an effective process in place to accurately report all Public Assistance Program and HSGP subawards in accordance with FFATA reporting requirements.
Effect	Applicable Public Assistance Program and HSGP subaward data was not reported in the FSRS as required by FFATA.
Recommendation	We recommend that the FDEM ensure that all key data elements are properly and timely reported in the FSRS for subawards made from applicable grants.
State Agency Response and Corrective Action Plan	We concur with the finding. The Division has begun corrective actions to report applicable Disaster Grants - Public Assistance and Homeland Security Grant Program subaward data in the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System. A process to gather and report all Public Assistance Program and Homeland Security Grant Program subaward data is being developed to include a Division policy for FSRS reporting and modifying contracts and agreements to require grantees to provide the Division necessary information for FFATA subaward reporting.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-059
CFDA Number	Various
Program Title	Student Financial Assistance (SFA) Cluster
Compliance Requirement	Allowable Costs/Cost Principles and Eligibility
State Educational Agency	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-078
Finding	Certain access controls protecting the institution's information technology (IT) resources needed improvement.
Criteria	<p>IT Industry Standards: General Controls</p> <p>IT Governance Institute <i>Control Objectives for Information and related Technology (COBIT)</i> 4.1:</p> <p>DS5.3 Identity Management – User access rights to systems and data should be in line with defined and documented business needs and job requirements.</p> <p>PO8.2 IT Standards and Quality Practices – Standards, procedures, and practices for key IT processes should be identified and maintained.</p> <p>Effective access controls over IT resources provide safeguards to assist in the prevention or detection of errors or misappropriations. Effective access controls provide employees access to IT resources based on an employee's demonstrated need to view, change, or delete data and restrict employees from performing incompatible functions or functions outside of their area of responsibility. Periodic reviews of IT access privileges are necessary to ensure that employees can only access IT resources that are necessary to perform their assigned job responsibilities and that the assigned access privileges enforce an appropriate separation of incompatible responsibilities.</p>
Condition	Our audit testing of selected access privileges to the financial aid system disclosed certain institution employees had access privileges that were inappropriate and unnecessary, and that permitted the employees to perform incompatible functions.
Cause	The institution may not have properly separated access responsibilities and, as a result, inappropriate or unnecessary user access may have been granted.
Effect	While our tests did not disclose any instances of errors or fraud, inappropriate or unnecessary access privileges increase the risk of unauthorized disclosure, modification, or destruction of institution data and IT resources.
Recommendation	<p>The institution should ensure that assigned access privileges significant to determining eligibility for awarding and disbursing student financial aid enforce an appropriate separation of incompatible duties and restrict employees to only those functions necessary for their assigned job responsibilities.</p> <p><u>Florida Gulf Coast University (FGCU)</u></p>
FGCU Response and Corrective Action Plan	Corrective actions were taken immediately to remove access for those employees noted, and to further separate duties and limit access controls for the processing and awarding of Federal financial aid. A complete review of employee access is currently in process. Appropriate enhancements are being implemented to strengthen the periodic reviews of access controls and the procedures involved, as well as incorporate the recommendations cited during the audit.

Estimated Corrective Action Date	Corrective actions on the majority of items are substantially complete. All items will be corrected by June 30, 2014.
FGCU Contact and Telephone Number	Linda Bacheler Assistant Vice President Administrative Services & Controller (239) 590-1212
	<u>University of West Florida (UWF)</u>
UWF Response and Corrective Action Plan	For the recommendations of this finding, the University is taking steps to implement appropriate changes in our new Banner financial aid system, which is entering operation for Fall Term 2014. Due to the cost and effort involved, and the limited remaining lifespan of the legacy CICS system, we do not plan to address these issues in CICS. Documentation of the business procedures that will be followed in Banner to address these issues is considered confidential but is available for your review upon request.
Estimated Corrective Action Date	Corrective actions are being taken in the Banner system and will be implemented with the go-live of Banner Financial Aid for Fall Term 2014. Thus, final completion of these processes will occur by September 2014.
UWF Contact and Telephone Number	Michael Dieckmann, CIO (850) 474-2558
	<u>Brevard Community College (BCC)</u>
BCC Response and Corrective Action Plan	The College has taken action to limit access controls over IT resources based on an employee's job responsibility. The College has also developed system reports by functional area that list all users and their system access. Functional managers are required to periodically review these access reports, note changes, and certify that access is appropriate for each users job responsibilities.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-060
CFDA Number	Various
Program Title	Student Financial Assistance (SFA) Cluster
Compliance Requirement	Allowable Costs/Cost Principles and Eligibility
State Educational Agency	Various
Finding Type	Significant Deficiency
Finding	Certain information technology (IT) monitoring controls protecting the institution's IT resources needed improvement. We are not disclosing specific details of the deficiencies to avoid the possibility of compromising institution student financial aid system information. However, we have notified appropriate institution personnel of the deficiencies.
Criteria	IT Industry Standards: General Controls United States Government Accountability Office's Federal Information System Controls Audit Manual: DA-1.2 Detective controls are implemented in a manner that effectively supports requirements to identify and react to specific system or user activity within the data management system and its related components.
Condition	Discussed with appropriate institution personnel.
Cause	Discussed with appropriate institution personnel.
Effect	Without adequate monitoring of the student financial aid system activity, there is an increased risk that inappropriate or unauthorized changes, should they occur, may not be detected in a timely manner.
Recommendation	The institution should improve its IT monitoring controls related to student financial aid system activity to ensure the continued confidentiality, integrity, and availability of institution data and IT resources.
	<u>Florida Gulf Coast University (FGCU)</u>
FGCU Response and Corrective Action Plan	Corrective actions were taken immediately to enhance independent IT monitoring controls of student financial aid system activity. The actions included a more extensive review process of changes to student award records and review of student-supplied documentation.
Estimated Corrective Action Date	Corrective actions on items cited during the audit are complete.
FGCU Contact and Telephone Number	Linda Bacheler Assistant Vice President Administrative Services & Controller (239) 590-1212
	<u>University of West Florida (UWF)</u>
UWF Response and Corrective Action Plan	The University has plans in place to address these issues in our new Ellucian Banner financial aid system. Documentation of these processes and procedures is considered confidential, but is available for your review upon request. Due to the cost and effort involved, and the limited remaining lifespan of our legacy CICS system, we do not plan to address these issues in CICS.
Estimated Corrective Action Date	Corrective actions are being taken in the Banner system and will be implemented with the go-live of Banner Financial Aid for Fall Term 2014. Thus, final completion of these processes will occur by September 2014.

UWF Contact and Telephone Number	Michael Dieckmann, CIO (850) 474-2558
	<u>Brevard Community College (BCC)</u>
BCC Response and Corrective Action Plan	The College has developed and implemented procedures to monitor student financial aid activity related to this condition. These procedures will identify the specific activity related to this condition and verify that such activity is appropriate and authorized.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-061
CFDA Number	84.007, 84.063, and 84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Supplemental Education Opportunity Grants (FSEOG) Federal Pell Grant Program (Pell) Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	Florida Agricultural and Mechanical University (FAMU)
Finding Type	Noncompliance Questioned Costs – \$17,050 (\$1,500 FSEOG, \$5,550 Pell, \$5,500 FDSL subsidized, \$4,500 FDSL unsubsidized)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-080
Finding	The institution's policies and procedures were not always adequate to ensure that students met SAP requirements and were eligible for Title IV Higher Education Opportunity Act (HEOA) funds.
Criteria	34 CFR 668.32 <i>Student Eligibility – General</i> 34 CFR 668.34 <i>Satisfactory Progress</i> Federal Student Aid Handbook
Condition	Although the institution's policies and procedures generally appeared to be in compliance with Federal SAP requirements, we noted that 1 of 25 students tested did not complete at least 67 percent of attempted hours as required. The student received Title IV HEOA funds totaling \$17,050 during the 2012-13 award year for which they were not eligible. The student's academic record began in Fall 2008, and the student never met the 67 percent completion rate requirement over 10 terms. Completion percentages ranged from a low of 20.8 percent to a high of 60.7 percent completion rate for the Spring 2012 term evaluation for the 2012-13 award year. In response to our audit inquiry, the institution indicated that while the student was placed on SAP probation, an approved appeal was not available for this student. Absent appropriate documentation supporting the institution's decision to award Title IV HEOA funds, the student was not eligible during the 2012-13 award year to receive a total of \$17,050.
Cause	While the institution had revised its student financial assistance policies and procedures to comply with Federal regulations, those policies and procedures and Federal regulations were not always followed.
Effect	In the absence of adequate controls to ensure compliance with established policies and procedures, and Federal SAP regulations, ineligible students may receive Title IV HEOA funds.
Recommendation	The institution should continue to enhance its controls to ensure compliance with its policies and procedures and Federal regulations. The institution should also review SAP eligibility for all recipients of Title IV HEOA funds for the 2012-13 award year to determine if other ineligible students received Title IV HEOA funds and return any additional funds, including the Title IV HEOA funds totaling \$17,050, for the student noted above, as applicable to the appropriate Federal programs.
FAMU Response and Corrective Action Plan	The University has enhanced the Satisfactory Academic Progress (SAP) policy standards in accordance with the Department of Education's guidelines to include a University SAP appeals committee with representation from Academic Affairs and Student Affairs, revised the Academic Plan, and limited the number of appeals that could be granted during a student's enrollment. The implementation of the University's SAP policy and process was validated by an external agency

during the Fall 2013 semester. Although the student in question did not have an overall cumulative 67 percent at the end of the Spring 2012 semester, the student did have a 75 percent completion rate for the 2011-2012 academic year and 67 percent completion rate over multiple semesters, specifically Fall 2009, Summer 2011 and Spring 2012. The student was approved under a probationary status for the 2012-2013 academic year. Because the appeal form was not available for review, the funds have subsequently been returned to the Department of Education.

**Estimated Corrective
Action Date**

Fall 2013

**FAMU Contact and
Telephone Number**

Lisa Stewart, Financial Aid Director
(850) 412-5278

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-062
CFDA Number	84.063 and 84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell) Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	University of Central Florida (UCF)
Finding Type	Noncompliance Questioned Costs – \$8,903 (\$2,775 Pell, \$2,723 FDSL subsidized, \$3,405 FDSL unsubsidized)
Finding	While the institution's Satisfactory Academic Progress (SAP) policies and procedures were in accordance with Federal regulations, institution personnel did not consistently apply the institution's SAP policy to all students.
Criteria	34 CFR 668.32(f), <i>Student Eligibility – General</i> 34 CFR 668.34 <i>Satisfactory Progress</i> Federal Student Aid Handbook
Condition	<p>The institution's SAP policy states that "A student must maintain SAP in a course of study regardless of whether the student received financial aid or transferred in from another institution." Additionally, the SAP must include the student's total academic history and contain qualitative and quantitative measures of progress. The quantitative measure of progress at the institution is that a student must complete 70 percent of all credit hours attempted including transfer hours.</p> <p>For 8 of 25 student SAP calculations tested, the attempted hours did not include courses transferred in from another institution if the grades were W or I, or if it was a repeat course. If these attempted hours had been included in the calculation, 3 student calculations would have been affected and would not have met SAP standards.</p> <p>As a result, the 3 students were not placed on Financial Aid Warning at the end of the semester for which they did not meet the standard. One student should have been placed on SAP Cancellation status, since the student did not meet the institution's SAP standards for two semesters in a row and should not have received \$8,903 in Title IV Higher Education Opportunity Act (HEOA) funds.</p>
Cause	While the institution had an established SAP policy, it did not have adequate procedures in place to detect that the SAP calculation did not include all prior institutional attempted hours.
Effect	In the absence of adequate controls to ensure compliance with established policies and procedures and Federal SAP regulations, ineligible students may receive Title IV HEOA funds.
Recommendation	The institution should enhance its procedures to ensure compliance with its SAP policy. Additionally, the institution should perform a complete review of student SAP eligibility for all students who previously attended another institution and received Title IV HEOA funds during the 2012-13 award year to determine whether other ineligible students received Title IV HEOA funds and return any additional funds, including the Title IV HEOA funds totaling \$8,903 for the student noted above, to the applicable Federal programs.
UCF Response and Corrective Action Plan	As requested, we have reviewed the eight students identified during the audit review that appear to have not been monitored correctly through the SAP standards. During this review it was noted that not all attempted credit hours were included in the SAP pace and maximum time frame calculations.

As recommended, we will perform a complete review of students' SAP eligibility for all students who previously attended another institution and received Title IV funds during the 2012-13 award year at UCF. We anticipate this corrective action to be completed by November 2014.

Federal regulations require that accepted transfer credit hours be included in the SAP review. We are revising our SAP policy to meet this standard by reviewing a student's total academic history (UCF, Advanced Placement, dual enrollment/transient, and accepted transfer credit hours). This revision will align our policy with our procedures. This policy revision will be effective for the Summer 2014 SAP evaluation for summer financial aid eligibility.

**Estimated Corrective
Action Date**

November 2014

Telephone Number**

Alicia Keaton, Director of Student Financial Assistance
Office of Student Financial Assistance
(407) 823-2827

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-063
CFDA Number	84.063 and 84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell) Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	University of North Florida (UNF)
Finding Type	Noncompliance and Significant Deficiency Questioned Cost – \$4,125 (\$375 Pell, \$2,750 FDSL subsidized, \$1,000 FDSL unsubsidized)
Finding	The institution's SAP policies and procedures were not always adequate when determining student eligibility and assessing SAP appeals, which could allow ineligible students to receive Title IV Higher Education Opportunity Act (HEOA) funds.
Criteria	34 CFR 668.34 <i>Satisfactory Progress</i> Federal Student Aid (FSA) Handbook
Condition	<p>Although the institution's procedures generally appeared to be in compliance with Federal SAP requirements, our audit testing disclosed the following:</p> <ul style="list-style-type: none"> ➤ Not all periods of the student's enrollment were considered when assessing student academic progress, such as periods in which the student did not receive SFA funds, contrary to Federal regulations. <p>For 1 of 25 students tested who received Title IV HEOA funds during the 2012-13 fiscal year, the student was re-enrolled in good academic standing and received \$4,125 for the Fall 2012 term despite poor performance and SAP deficiencies during the prior enrollments. The institution converted to the Banner data system in 2005 and enrollments and SAP statuses of inactive students at the time of the conversion were not transferred into the student financial aid module of Banner. Consequently, a student's entire academic history was not always considered when assessing SAP during the Fall term. Subsequent to audit inquiry, the \$4,125 was returned to the applicable Federal programs.</p> <p>Beginning in the Spring term, the institution developed Banner reports to identify students with prior enrollment hours. These students are now being placed in a suspended/review status, unable to obtain student financial aid, until a thorough manual SAP review of all academic activity is performed.</p> <ul style="list-style-type: none"> ➤ The institution did not always notify students of both the qualitative (GPA) and quantitative (pass rate and maximum timeframe) standards that affected their eligibility to receive Title IV HEOA funds. For a student to be eligible, they must be enrolled as a regular student working toward a degree or certificate in an eligible program. To remain eligible, a student must make SAP by maintaining a GPA of 2.0, achieving satisfactory grades in 67 percent of credit hours attempted (pass rate), and must not exceed 150 percent of credit hours required for their program of study or degree (maximum timeframe). <p>For 5 of 25 students tested whose SAP determination resulted in a warning or suspension for being over the 150 percent maximum timeframe, the students were not notified when they also failed the GPA and/or the pass rate requirements, contrary to Federal regulations. Of the 5 students, 2 appealed the 150 percent maximum timeframe suspensions, focused their appeals on this deficiency, and were approved because the excess hours</p>

were attributed to transfer credits, rather than the multiple withdrawals and/or failed classes. These students were placed on an academic plan or graduation agreement, without due consideration of their past GPA or pass rate deficiencies. Both of these students ultimately failed to meet these agreements and their financial aid was subsequently suspended.

Cause

Prior to Spring 2013, the institution did not have a process in place to assess all prior enrollment performances as the Banner financial aid module had incomplete histories subsequent to its conversion in 2005.

Also, the Banner financial aid module was not programmed to identify students who fail the GPA and pass rate requirements along with the 150 percent maximum timeframe.

Effect

In the absence of adequate policies and procedures to ensure compliance with Federal regulations, ineligible students may receive Title IV HEOA funds.

Recommendation

The institution should continue its efforts to identify students with prior enrollments and SAP deficiencies prior to disbursing Title IV HEOA funds and return funds, as applicable, to the appropriate Federal programs. Additionally, the institution should revise its procedures to ensure students are notified of all applicable SAP qualitative and quantitative deficiencies prior to approving an academic plan or graduation agreement.

**UNF Response and
Corrective Action Plan**

We concur with the finding. UNF recognized this issue prior to this year's audit when finalizing procedures from the previous audit. UNF began reviewing cumulative Satisfactory Academic Progress (SAP) standards in 2012. By January 2013, UNF developed a series of Banner and COGNOS jobs to identify students with legacy SAP codes in Banner, inactive students who have re-activated applications, and students with prior academic history but no Banner SAP status. The files are placed in an "Entire Review" (ER) status. The ER SAP code prevents disbursement of Title IV aid. The students with an ER status are manually reviewed at regular intervals each month, and placed in the appropriate SAP status.

The student in question had prior academic history with no prior Banner SAP status. This student had been out of school for 8 years, but re-enrolled prior to the implementation of the jobs in January 2013.

All funds have been repaid to the appropriate programs.

In addition, Satisfactory Academic Progress notifications for 150% maximum timeframe have been modified to include GPA and pass rate notification. This change was made in Fall 2013, and was initially used for the Spring 2014 SAP status run.

**Estimated Corrective
Action Date**

December 20, 2013

**UNF Contact and
Telephone Number**

Anissa Agne, Director of Student Financial Aid
(904) 620-2681

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-064
CFDA Number	83.063
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell)
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	Florida State College at Jacksonville (FSCJ)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$3,666 Pell
Finding	The institution's policies and procedures were not always adequate to ensure that students met SAP requirements and were eligible for Title IV Higher Education Opportunity Act (HEOA) funds.
Criteria	34 CFR 668.34 <i>Satisfactory Progress</i> Federal Student Aid Handbook
Condition	<p>The institution's SAP procedures generally appeared to be in compliance with Federal regulations. However, for 3 of 29 students tested who received Title IV HEOA funds during the Fall 2012 term, the institution awarded Pell grants totaling \$4,857 to students who were ineligible.</p> <p>The Federal Student Aid Handbook states that a student who loses financial aid eligibility for not making satisfactory progress cannot regain eligibility by either paying for one's classes or sitting out a semester, and that a "warning" status can only be assigned to students who were making SAP (i.e., in good standing) during the prior payment period. However, beginning in July 2011, an administrative decision was made by the institution to bring students with a previous SAP deficiency status (i.e., not in good standing), into the new SAP methodology with a "warning" status to allow the student's one term of aid to bring their SAP status into "good standing" or appeal a suspension of aid. Consequently, this allowed for the possibility of HEOA funds being paid to students who did not meet Federal SAP requirements. Our test of 29 students disclosed the following for 3 of the students:</p> <ul style="list-style-type: none"> ➤ One student failed the annual SAP in Spring 2010, had an appeal denied in August 2010, and aid was suspended effective for the Fall 2010 term. The student re-enrolled during Spring term of 2011 but did not apply for, nor receive, financial aid and did not achieve satisfactory academic standing. The student next applied for aid for the Fall 2012 term and was placed in "warning" status per the institution's administrative decision rather than bringing the "suspended" status forward from the 2010 denied appeal and 2011 and 2012 repeated SAP failures. As a result, the student received \$2,082 in Pell funds for the Fall 2012 term for which he was not eligible. The institution subsequently returned \$541 to the USED because the student withdrew before the end of the term, leaving \$1,541 of ineligible funds. ➤ The institution's SAP policy includes remedial course hours in the determination of a student's SAP except for excluding up to the first 30 remedial hours from the 150 percent maximum hour limit. One student's remedial hours were not correctly included in their SAP determination. When the hours were included, the student was not eligible for \$2,081 in Pell funds received during the 2012 Fall and 2013 Spring terms. The institution subsequently returned \$463 to the USED because the student withdrew before the end of each term, leaving \$1,618 of ineligible funds. ➤ A student's SAP status is determined by a computer run as of a particular date, and associated SAP history and calculation history screens reflect the status on the date the SAP status program was run. The institution has

another SAP screen which is updated in real time for occurrences such as a change in Program of Study or the issuance of a grade for previous incomplete (I) or not reported (NR) grades. It is not unusual for this real time screen to have a different SAP status for a student than the static SAP history screens generated during the SAP run.

For one student, the SAP history screens indicated that the student was on SAP probation during the 2011 Fall term as a result of an approved appeal and in good SAP standing during the 2012 Spring and Summer terms. However, our review and analysis of transcripts and review of the real-time SAP status screen for the same period (printed in June 2013) indicated that this student did not pass SAP during the Fall 2011 and Spring 2012 terms and, consequently, was ineligible for \$694 in Pell funds received during the Fall 2012 term. The institution could not explain the different SAP determinations between the SAP history run and the real-time SAP screen other than to surmise that something must have changed in the student's grades since the original SAP run. However, we considered multiple scenarios and none resulted in the student being eligible for SFA during the Fall 2012 term. The institution subsequently returned \$187 to the USED because the student withdrew before the end of each term, leaving \$507 of ineligible funds.

Cause

The administrative decision to assign "warning" status to students with prior SAP deficiencies, including suspensions of aid, is not consistent with Federal SAP regulations. Additionally, the institution does not determine the SAP status for inactive recipients of Federal aid, and applied a proposed policy change that excluded remedial courses from the 67 percent pass rate calculation during 2012-13 award year prior to its approval in the 2013-14 award year.

Effect

In the absence of adequate policies and procedures to ensure compliance with Federal regulations, ineligible students may receive Title IV HEOA funds.

Recommendation

The institution should enhance its procedures to ensure SAP determinations are in compliance with Federal regulations, and enhance its procedures to accurately identify prior SAP statuses and their effect on future SAP determinations. The institution should also document to the USED the SAP eligibility of the 3 students that received the questioned Pell funds totaling \$3,666 or return such funds to the Pell program. In addition, the institution should review SAP eligibility for recipients of Title IV HEOA funds for the 2012-13 award year, as appropriate, to determine whether other ineligible students received Title IV HEOA funds and return any funds paid to other ineligible students to the applicable Federal programs.

**FSCJ Response and
Corrective Action Plan**

1. The Institution concurs that the first student was ineligible to receive the \$1541 in Pell grant funds that was disbursed to and retained by her during the fall 2012 semester. Accordingly, the institution will return the \$1541 in Pell grant funds to the U.S. Department of Education.
2. Although the Institution is of the opinion the student was eligible for Pell funds based upon an SAP evaluation performed on August 2, 2012, that excluded prior remedial classes as permitted by the U.S. Department of Education's 2012-13 Federal Student Aid Handbook in making the quantitative SAP determination, the College will return the funds as recommended above.
3. Although the Institution is of the opinion the student was eligible for Pell funds based on an approved appeal in a prior term, the College will return the funds as recommended above.

During the audit fieldwork the SAP APM was used as the sole reference for institutional policy. In order for the financial aid office to be operationally nimble and responsive it maintains departmental policies and procedures that reflect

updates in processing. These updates are much like the Dear Colleague Letters that the U.S. Department of Education issues while the Federal Handbook is being updated. The APM review and approval process, while effective, is not as nimble as is sometimes necessary for the financial aid office to implement changes in Federal regulations and to enhance operational efficiency. As a corrective action, the institution is reviewing the process used to update those APMs that govern financial aid policies.

**Estimated Corrective
Action Date**

The institution has and will continue to enhance and strengthen its policies and procedures in order to comply with Federal regulations to prevent Title IV funds from being disbursed to ineligible students. The institution will also undertake a review of a statistical sample, not to exceed 100 files, of Title IV recipients for the audit period. The institution will report its findings to the U.S. Department of Education and act promptly on any recommendations.

Telephone Number**

Dr. Judith Bilsky
(904) 632-3105

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-065
CFDA Number	84.007, 84.063, and 84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Supplemental Education Opportunity Grants (FSEOG) Federal Pell Grant Program (Pell) Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	Northwest Florida State College (NWFSC)
Finding Type	Noncompliance Questioned Costs – \$26,726 (FSEOG \$200, Pell \$ 21,276, FDSL unsubsidized \$5,250)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-084
Finding	The institution's SAP Committee appeal determinations were not always adequately documented and in accordance with Federal SAP standards, and may have resulted in students receiving Title IV Higher Education Opportunity Act (HEOA) funds for which they were not eligible.
Criteria	34 CFR 668.32 <i>Student Eligibility – General</i> 34 CFR 668.34 <i>Satisfactory Progress</i> Federal Student Aid Handbook
Condition	<p>Federal regulations provide that an institution can have financial aid probation in its SAP policy if, after the initial warning, SAP is still not met. The regulations further provide that when a student loses Title IV HEOA fund eligibility due to failed SAP (i.e., warning or subsequent probations) the student may appeal on the basis of injury or illness, the death of a relative, or other special circumstances. The institution's policy provides that students can appeal their failure to meet the standards of academic program for financial aid if unusual and mitigating circumstances exist. Unusual and mitigating circumstances include, but are not limited to, a death in the student's family, medical condition, hospitalization, documented emotional distress, or other situations beyond the student's control. The institution's appeal form requires written documentation supporting the reasons for an appeal.</p> <p>In our report No. 2013-161, we noted that the institution's SAP Committee appeal determinations were based primarily on academic progress rather than all elements of the Federal SAP standards, which may have resulted in students receiving Title IV HEOA funds for which they were not eligible. The institution had initiated a comprehensive review of the 2011-12 award year appeals and is in the process of evaluating the review and determining the amount of Title IV HEOA funds to be returned. In addition, the institution was waiting for final resolution with the USED.</p> <p>Our test of SAP procedures implemented by the institution for the 2012-13 award year disclosed that of the 25 students tested, Title IV HEOA funds totaling \$26,726 were awarded to 8 students who were ineligible to receive Title IV HEOA funds based on Federal regulations. Specifically, we noted the following:</p> <ul style="list-style-type: none"> ➤ Appeal requests for these 8 students did not clearly identify the special circumstance, or did not provide adequate documentation to support a special circumstance, as follows: <ul style="list-style-type: none"> • Appeal requests for 3 students were approved based on old grades and maturity shown by time or major changes in life. However, only student transcripts were provided as supporting documentation for the appeal requests.

- Appeal requests for 3 students were approved based on family issues such as being a single parent. While family issues may affect academic progress, it was not documented how these circumstances were any different from circumstances noted for other student appeal requests which were denied for having no basis for appeal. Supporting documentation consisted of only a copy of divorce papers, a note from a parent indicating that the student was a single mother and had a difficult life, and the student's transcript.
 - Appeal requests for 2 students were approved based on medical issues. However, supporting documentation consisted of only a medical professional note dated in 2005 that related to prior medical issues instead of documentation related to the more current medical issues noted in the appeal request and a note from the student's parent instead of a medical professional.
- Federal regulations require academic plans to be developed for students who do not meet SAP after being placed on probation. The academic plans must be developed to ensure the students can meet SAP by a specific point in time. The Institution's policies provide that the academic plans become the core of approved appeals. In addition, the institution's SFA office notifies the students that they will not award financial aid until the students sign and return their academic plans. However, we noted that the institution had awarded and disbursed Title IV HEOA funds to 4 students prior to the students agreeing to the terms of their academic plans. Two of the students signed and returned their academic plans to the institution 15 to 43 days after Title IV HEOA funds were disbursed to the students. The remaining two students never returned their academic plans and the institution had to return the disbursed Title IV HEOA funds to the applicable Title IV HEOA programs.
- For 2 students, the institution did not properly deny SFA when the student failed to meet the terms of their academic plan and did not appeal to change the terms of the academic plans.

Cause	The institution's SAP Committee's appeal determinations were not always adequately documented and in accordance with Federal SAP standards.
Effect	In the absence of adherence to Federal regulations, ineligible students may have received Title IV HEOA funds.
Recommendation	The institution should complete its resolution with the USED and return Title IV HEOA funds based on the institution's comprehensive review of SAP appeals for the 2011-12 academic year. The institution should also review SAP eligibility for all recipients of Title IV HEOA funds for the 2012-13 award year to determine whether other ineligible students received Title IV HEOA funds and return any additional funds to the appropriate Federal programs, including the \$26,726 for the 8 students noted above.
NWFSC Response and Corrective Action Plan	<p>The College has reviewed the eight appeals the auditor questioned, and has discussed each with the auditor. We have simply not been able to come to an agreement with the auditor as to the definition of "special circumstance" and "adequate documentation." We will review each of the questioned appeals with the Office of Federal Student Aid (FSA), and remit any Title IV HEOA funds determined to be awarded in error.</p> <p>As noted by the auditor, the College's policy is to not disburse financial aid until the students sign and return their academic plans. In the future, the Student Financial Aid Office will ensure that the policy is more strictly followed.</p> <p>The College will return the Title IV HEOA funds awarded to the two students who failed to meet the terms of their academic plans.</p>

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-066
CFDA Number	Various
Program Title	Student Financial Assistance (SFA) Cluster
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	Valencia College (VC)
Finding Type	Noncompliance
Finding	The institution did not consistently apply its Satisfactory Academic Progress (SAP) policy to all students, which could result in students receiving Title IV Higher Education Opportunity Act (HEOA) funds for which they are not eligible.
Criteria	34 CFR 668.32(f), <i>Student Eligibility – General</i>
Condition	<p>The institution's SAP policy states that "SAP standards are calculated using the cumulative GPA and cumulative completion rate." Additionally, students must maintain an overall GPA of 2.0 or higher, an institution GPA of 2.0 or higher after they have attempted 24 credit hours, and a completion rate of 67 percent or more. Credits evaluated will include credits attempted at the institution, transfer credits accepted by the institution, and courses funded through a consortium agreement.</p> <p>Contrary to institution policy, for transfer credits, the attempted hours in the SAP calculation did not include transfer credits accepted by the institution. If these attempted hours were included in the calculation, 9 of the 30 students' SAP calculations tested would be affected. However, for these 9 students, recalculations did not affect their eligibility for Title IV HEOA funds after including attempted hours for accepted transfer credits.</p> <p>A similar finding was noted by the USED during a program review in September 2013. The USED required the institution to review all students with advance or transfer credits who received Title IV aid during the 2011-12 and 2012-13 award years and, if Title IV aid was disbursed to students who did not meet SAP, those funds are to be reported as ineligible to the USED.</p>
Cause	While the institution had an established SAP policy, it did not have adequate procedures to detect that the SAP calculation did not include all prior institutional attempted hours.
Effect	The institution may have disbursed Title IV HEOA funds to ineligible students.
Recommendation	The institution should enhance its procedures to ensure compliance with its SAP policy.
VC Response and Corrective Action Plan	Valencia has revised processes to include CLEP, AP and Military credit into the attempted hours for calculation in SAP. These credits are now included in attempted and completed credits so the SAP percentage of completion calculation is accurate.
Estimated Corrective Action Date	November 2013
VC Contact and Telephone Number	Christen Christensen, Director of Financial Aid (407) 582-1458

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-067
CFDA Number	84.063
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell)
Compliance Requirement	Reporting – Common Origination and Disbursement System (COD)
State Educational Entity	North Florida Community College (NFCC)
Finding Type	Noncompliance
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-086
Finding	Pell disbursement dates and amounts in the institution's records did not always agree with the USED Common Origination and Disbursement (COD) System's disbursement dates, contrary to USED regulations and technical references.
Criteria	34 CFR 690.83, <i>Submission of Reports</i> COD Technical Reference
Condition	The USED COD System is a streamlined method for processing, storing, and reconciling Federal Pell Grant financial aid information. The COD Technical Reference defines the disbursement date as the date cash was credited to the student's account or paid to the student directly. Our test of 10 students from our test of withdrawals who received Pell awards disclosed differences in disbursement dates reported in the COD System. For 6 of the 10 students tested, the disbursement dates in the COD System were incorrectly reported by the institution. The disbursement dates reported in the COD System ranged from 72 days before to 56 days after the actual disbursement dates.
Cause	The date posted to the COD System as the disbursement date was generally not the disbursement date but the date the award was calculated by the institution. Institutional personnel indicated that prior to the completion of the 2012-13 fiscal year, the institution's information technology department implemented program changes that will provide for the proper reporting of disbursement dates in the COD System during the 2013-14 fiscal year.
Effect	Inaccuracies of student information in the COD System increase the risk that students may not receive the correct amount of Title IV HEOA funds to which they are entitled, and the level of Pell authorization for an institution is affected by the accuracy with which the Pell information is reported in the COD System.
Recommendation	The institution should continue its efforts to ensure that information provided to the USED through the COD System is accurate.
NFCC Response and Corrective Action Plan	Based on the suggestion from the U.S. Department of Education, for 2012-2013, IT provided programmatic changes adjusting disbursement dates to that covered in policy, allowing awards and adjustments to award amounts to be timely reported to COD. For 2013-2014, IT has provided programmatic changes which allow actual disbursements to be indicated in our internal data files and accurately reported to COD. The necessary changes were final on June 20, 2013.
Estimated Corrective Action Date	September 13, 2013, utilized for the first data submission to the Common Origination and Disbursement website of the U.S. Department of Education.
NFCC Contact and Telephone Number	Amelia Mulkey, Dean of Administrative Services (850) 973-1604

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-068
CFDA Number	84.063 and 84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell) Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Official Withdrawals
State Educational Entity	Valencia College (VC)
Finding Type	Noncompliance Questioned Costs – \$1,680.41 (\$271.80 Pell, \$83.93 FDSL subsidized, \$1,324.68 FDSL unsubsidized)
Finding	The institution did not always determine the correct withdrawal date for calculating and timely returning Title IV HEOA funds to applicable Federal programs for students who officially withdrew.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	For 9 of 20 students tested who officially withdrew and received Title IV HEOA funds during the Fall 2012 and Spring 2013 terms, we noted the following: <ul style="list-style-type: none"> ➤ For 8 students, the institution did not timely return funds totaling \$1,553.27 (\$271.80 Pell, \$83.93 FDSL subsidized, \$1,197.54 FDSL unsubsidized). The funds were returned from 9 to 80 days late. ➤ For 1 student, the institution used an inaccurate withdrawal date when calculating the return, which resulted in the institution returning \$127.14 less than it should have (FDSL unsubsidized). Subsequent to audit inquiry, the funds were returned 134 days late.
Cause	The institution relied on faculty to provide accurate and timely last dates of attendance at an academic related activity to determine the student's withdrawal date, and institution procedures were not adequate to ensure that the last date of attendance was timely provided to ensure the accurate calculation and timely return of unearned funds.
Effect	When returns are not accurate and timely, the institution retains unearned Title IV HEOA funds that should be returned to applicable Federal programs.
Recommendation	The institution should enhance its procedures to ensure that instructional personnel timely input accurate withdrawal information to ensure the accurate calculation and timely return of unearned Title IV HEOA funds to applicable Federal programs. Further, a review of official withdrawals during the 2012-13 fiscal year should be completed and any additional funds, as applicable, should be returned to the Federal programs.
VC Response and Corrective Action Plan	Valencia has created a weekly report that identifies changes in student enrollment and sends requests to faculty and Admission Staff to update last date of attendance for more timely and accurate response. In addition, academic leaders receive a weekly report of those who have not responded in 7 days. This will enable the financial aid office to accurately report and calculate return of federal funds in the necessary time frame.
Estimated Corrective Action Date	January 2014
VC Contact and Telephone Number	Christen Christensen, Director of Financial Aid (407) 582-1458

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-069
CFDA Number	84.063
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell)
Compliance Requirement	Special Tests and Provisions — Return of Title IV Higher Education Opportunity Act (HEOA) Funds — Official Withdrawals
State Educational Entity	Polk State College (PolkSC)
Finding Type	Noncompliance
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-091
Finding	The institution's procedures were not always adequate for returning Title IV HEOA funds in a timely manner to applicable Federal programs for students who officially withdrew.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	For 5 of 25 students tested who officially withdrew from the institution and received Title IV HEOA funds during the Fall 2012 and Spring 2013 terms, the institution returned Pell funds totaling \$4,575.19 from 9 to 221 days late.
Cause	The late returns were the result of oversight and turnover of staff assigned to processing returns of Title IV HEOA funds.
Effect	When returns are not timely, the institution retains unearned Title IV HEOA funds that should be returned to applicable Federal programs.
Recommendation	The institution should enhance its procedures to ensure the timely return of unearned Title IV HEOA funds to applicable Federal programs for students that officially withdraw.
PolkSC Response and Corrective Action Plan	The College has made departmental changes and enhanced its procedures to ensure the timely and accurate return of unearned Title IV HEOA funds to applicable Federal programs.
Estimated Corrective Action Date	Corrected
PolkSC Contact and Telephone Number	Marcia M. Conliffe, Director of Student Financial Services (863) 292-3680

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-070
CFDA Number	84.063
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds - Official and Unofficial Withdrawals
State Educational Entity	Hillsborough Community College (HCC)
Finding Type	Noncompliance Questioned Costs – \$90,588 Pell
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-079
Finding	Improvements were needed over the institution's policies and procedures for returning Title IV HEOA funds to the applicable Federal programs for students who withdraw.
Criteria	<i>34 CFR 668.22, Treatment of Title IV Funds When a Student Withdraws and 690.75, Determination of Eligibility for Payment</i>
Condition	In our report No. 2013-161, finding No. FA 12-079, we noted that improvements were needed in the institution's procedures for returning Title IV HEOA funds. During our current audit, our test of 15 students disclosed 1 student who unofficially withdrew from the Spring 2013 term and was responsible for paying back unearned Pell funds in the amount of \$204.15. The institution paid the Title IV HEOA funds back timely to the program on behalf of the student on January 16, 2013. The student was sent a letter, dated January 9, 2013, and given a time frame of 45 days to repay the institution for the total amount due or to establish payment arrangements with the institution. On April 5, 2013, the student had not responded and the institution notified the USED. On April 16, 2013, the institution reversed the earlier transaction that originally repaid the Pell funds on the student's behalf for the Title IV HEOA funds, by drawing down another \$204.15. However, the student was no longer eligible at the time that the institution drew down the funds the second time. A letter was sent out on April 16, 2013, notifying the student to make payments to the USED.
Cause	<p>According to institution personnel, if a student has a Federal portion that needs to be paid to the USED, the student is notified that there is a balance due. The institution then returns the funds to the USED on the student's behalf to create a debt on the student account to allow for repayment. If the student fails to make payment or make acceptable payment arrangements, the USED is then notified of the overpayment. The institution will then reverse the payment to the USED. These procedures allowed for the possibility of students receiving Pell funds for which they were not eligible.</p> <p>Institution personnel indicated that during the 2012-13 award year there were a total of 260 students, including the above noted student, who incurred grant overpayments totaling \$90,588, and did not repay the full amounts due or make acceptable payment arrangements with the institution, for which the institution reversed payments to the USED. Given the number of students, the full extent to which these students may have received Pell funds to which they were not entitled was not readily available.</p>
Effect	The institution drew down unearned Title IV HEOA funds on students that were no longer eligible.
Recommendation	The institution should seek clarification from the USED regarding this matter and, as appropriate, determine the amount of any Pell funds paid to ineligible students and restore such amount to the Pell program.

**HCC Response and
Corrective Action Plan**

Hillsborough Community College acknowledges that funds were returned to the U.S. Department of Education for overpayment of Return of Title IV. The funds were returned to create the necessary debit on the student record with no intention of returning funds on the student's behalf. Funds were drawn down if students did not repay the federal portion within 45 days. HCC has reviewed the files for the 260 students in question and all Title IV funds were paid according to the Return of Title IV calculation; therefore zero students received ineligible funds. The College has discussed this issue with the U.S. Department of Education and has updated its procedures accordingly.

**HCC Contact and
Telephone Number**

Ms. Bonnie Carr, CPA, College Controller
(813) 253-7006

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-071
CFDA Number	84.063 and 84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell) Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds - Unofficial Withdrawals
State Educational Entity	Gulf Coast State College (GCSC)
Finding Type	Noncompliance Questioned Costs – \$2,179 (\$1,388 Pell, \$791 FDSL subsidized)
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-090
Finding	Improvements were needed over the institution's procedures for documenting a student's last date of attendance to determine whether a return of Title IV HEOA funds is required for students that received all failing (F), incomplete (I), and withdraw (W) grades (unofficially withdrew) and did not attend past the 60 percent point of the payment period.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	<p>The institution is not required to take attendance by an outside entity or internal policy. Therefore, the institution uses the midpoint of the semester in calculating the return to Title IV HEOA funds. In addition, the institution's faculty is required to report a last date of academic activity when they issue a grade of W, F, or I to determine if the student attended beyond the 60 percent point in the semester. However, the institution did not always maintain documentation evidencing that the date reported by faculty was correct. In some cases, this led to an incorrect calculation. For 2 of 20 students tested who unofficially withdrew and received Title IV HEOA funds during the 2012-13 fiscal year, the last date of academic activity recorded was beyond the 60 percent point indicating that no return of Title IV HEOA calculation was required. However, in response to our inquiry, we were provided documentation evidencing that these students did not attend beyond the 60 percent point and therefore, a calculation of return of Title IV HEOA funds was required.</p> <p>Subsequent to our inquiry, the institution returned Title IV HEOA funds totaling \$2,179 to the applicable Federal programs (76 and 83 days after the end of the payment period).</p>
Cause	The institution relied on faculty to provide accurate last dates of attendance at an academic related activity to identify students who unofficially withdraw; however, faculty members sometimes entered an incorrect date.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal programs.
Recommendation	The institution should enhance its procedures to ensure the accurate and timely identification, calculation, and return of unearned Title IV HEOA funds to the applicable Federal programs. A review of unofficial withdrawals during the 2012-13 fiscal year should be completed and any additional Title IV HEOA funds should be returned as applicable.
GCSC Response and Corrective Action Plan	The Return to Title IV (R2T4) regulations state that if an institution can document a student attended more than 60% of a semester, that student earned 100% of the Federal aid disbursed. It has been GCSC's policy that faculty are required to report a last date of academic related activity for all grades of W, F, or I. It has also been GCSC's policy that if that date is past the 60% point, through the R2T4 calculation the college and student do not have to return funds. In that regard, GCSC has been complying with the Federal R2T4 regulations.

Over the past year, GCSC has made improvements in communications to faculty as to what constitutes a last date of academic related activity (LDA). Staff has discussed the issue at faculty meetings and uses email extensively to send out reminders. Verifications of LDA have been occurring more frequently to ensure faculty are reporting correct dates. These changes were implemented after last year's finding and are ongoing. The two instances reported in this audit were from the Fall semester around the time of the previous finding, and the corrective actions from the previous audit hadn't been fully implemented. No discrepancies have been identified in the following Spring semester indicating the procedural changes are having a positive impact. Additional communications are ongoing and LDA verification is being increased to insure faculty understand the date that should be reported.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-072
CFDA Number	Various
Program Title	Student Financial Assistance (SFA) Cluster
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Unofficial Withdrawals and Nonattendance
State Educational Entity	University of Florida (UF)
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-087
Finding	For the Fall 2012 term, the institution had not implemented adequate procedures to determine, within 30 days after the end of the payment period, whether Title IV HEOA funds were earned for students who ceased attendance without providing official notification to the institution for their withdrawal. As a result, the institution did not always timely identify, calculate, and return (within 45 days) unearned Title IV HEOA funds to the applicable Federal programs for students who unofficially withdrew prior to the 60 percent point of the payment period.
Criteria	34 CFR 668.21 and 668.22, <i>Treatment of Title IV Grant and Loan Funds if the Recipient does not Begin Attendance at the Institution</i> and <i>Treatment of Title IV Funds When a Student Withdraws</i> .
Condition	<p>Our prior audit disclosed that the institution's procedures were not adequate to ensure that faculty assigned the appropriate grade to the course of a student who unofficially withdrew prior to the end of the term so that unearned Title IV HEOA funds could be timely identified, calculated, and returned to the applicable Federal program. This procedural deficiency continued to exist during the Fall 2012 term, but the institution revised its procedures to correct the deficiency for the Spring 2013 term.</p> <p>Our review of revised institution procedures effective for the Spring 2013 term, and grades assigned to ten students who ceased attendance without providing official notification to the institution for their withdrawal during the Spring 2013 term, disclosed that, with the revised procedures, institution faculty assigned appropriate grades for students who unofficially withdrew prior to the end of the term.</p>
Cause	The institution relies on the faculties' accurate input to the grading system. Procedures during the Fall 2012 term required faculty to accurately record attendance by assigning an E grade to students who attended the entire enrollment period but failed; an E1 grade to students who stopped attending prior to the end of the enrollment period; and an E0 grade if the student never attended or participated. Under the revised Spring 2013 term procedures, the submission of an E or U grade required faculty to answer up to 3 questions to allow the institution to better determine whether a student never attended, stopped attending, or completed the course.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal programs for the Fall 2012 term.
Recommendation	The institution should continue its efforts to ensure institutional personnel input accurate grade information for students who unofficially withdraw prior to the end of the enrollment period. In addition, the institution should make a determination of any unearned assistance provided during the Fall 2012 term and restore those amounts to the applicable Federal programs.
UF Response and Corrective Action Plan	In December 2012, the University of Florida (UF) was notified by the Auditor General that adequate procedures were not in place to determine, within 30 days after the end of the payment period, whether Title IV HEOA funds were earned for students who ceased attendance without providing official notification to the

institution for their withdrawal. Based on that notification, UF revised its procedures to correct the deficiency beginning in the Spring 2013 term.

Because the audit finding for the 2011-12 reporting period was not finalized until late December 2012, UF was unaware of the requirement to retroactively review the Fall 2012 term. The enhancements made in the Spring 2013 term addressed the audit finding outlined in the 2011-12 audit and based on information contained in the 2012-13 audit, since the Spring 2013 term, faculty have been assigning appropriate grades for students who unofficially withdrew prior to the end of the term.

As a result of the 2012-13 audit, UF will make every effort to identify and correct those files that may have been incorrectly processed for the Fall 2012 term. This will be accomplished by requiring faculty to follow the same procedure implemented in the Spring 2013 term.

After 30 days, UF will compile the results received and those files needing revision will be recalculated and funds will be returned to the appropriate Title IV programs. UF will also provide the Auditor General with the names of the students identified, as well as the details of the amounts and corresponding programs that were refunded.

Rick Wilder, Director, Student Financial Affairs
(352) 294-3220

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-073
CFDA Number	Various
Program Title	Student Financial Aid (SFA) Cluster
Compliance Requirement	Special Tests and Provisions – Return to Title IV Higher Education Opportunity Act (HEOA) Funds – Unofficial Withdrawals
State Educational Entity	University of Central Florida (UCF)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – Unknown
Finding	The institution needed to improve its procedures for determining the last day of attendance for students who unofficially withdrew and received Title IV HEOA funds.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	The institution uses an electronic grading roster to document if a student receiving an I, U, or F grade has never attended class, began and stopped by the 60 percent point, or began and stopped after the 60 percent point. The 60 percent point or date is when a student earns all of their received Title IV HEOA funds and this date appears on the grade roster for the instructor to view. However, for the Spring 2013 semester, the date that appeared on the roster was March 10, 2013, instead of the correct 60 percent point date of March 19, 2013. Therefore, all students who were documented as attending 60 percent or more of the semester may have actually completed less than 60 percent of the term, which would require a return of funds. Subsequent to audit inquiry, the institution provided a list of 297 students who stopped attending on March 10, 2013, or later and for which the institution would need to determine the correct last day of attendance. These students received Title IV HEOA funds totaling \$1,302,314 (\$339,150 Pell, \$381,255 FDSL subsidized, \$532,325 FDSL unsubsidized, \$46,384 FDSL PLUS, \$1,200 FSEOG, and \$2,000 FPL).
Cause	The institution did not have adequate procedures to ensure that the date they are using in the electronic grading roster was the actual 60 percent point of the term.
Effect	The Institution may have retained unearned Title IV HEOA funds that should have been returned to the applicable Federal programs.
Recommendation	The institution should enhance its procedures to ensure that institution personnel input the correct dates into the electronic grade rosters to accurately calculate the percentage of attendance for unofficial withdrawals. Additionally, the institution should review the last date of attendance for the 297 Spring 2013 students noted above who unofficially withdrew from the institution and for whom the grade roster indicated that they had completed over 60 percent of the term to determine whether additional returns of Title IV HEOA funds are required and, if so, return the funds to the applicable Federal programs.
UCF Response and Corrective Action Plan	<p>The Registrar's Office and Office of Student Financial Assistance (OSFA) has taken corrective action for the Spring 2013 semester and future semesters to ensure this error does not occur moving forward.</p> <p>The error occurred as a result of a miscommunication between the Registrar's Office (responsible for preparing the Academic Calendar drafts) and OSFA over the draft that was actually slated for approval. There was a date change that was not communicated to OSFA after being slated for approval. Moving forward, OSFA will review the drafts prepared for the committee and will be present for the calendar committee meeting.</p>

Our office is in the process of taking corrective action to recalculate the withdrawals that occurred between March 10th and March 19th and will return any funds based on the revised calculations. We anticipate this corrective action to be completed by November 2014

**Estimated Corrective
Action Date**

November 2014

Telephone Number**

Alicia Keaton, Director of Student Financial Assistance
Office of Student Financial Assistance
(407) 823-2827

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-074
CFDA Number	84.063, 84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Pell Grant Program (Pell) Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Nonattendance
State Educational Entity	University of Central Florida (UCF)
Finding Type	Noncompliance Questioned Costs – \$14,708.20 (\$3,279.20 Pell, \$4,042 FDSL subsidized, \$7,387 FDSL unsubsidized)
Finding	The institution did not always document attendance in at least one class for students who received Title IV HEOA funds and return applicable Title IV HEOA funds to the Federal programs.
Criteria	34 CFR 668.21, <i>Treatment of Title IV Grant and Loan Funds if the Recipient does not Begin Attendance at the Institution.</i>
Condition	For 14 of 25 students tested that received Title IV HEOA funds during the Fall 2012 and Spring 2013 terms, the institution did not document attendance in at least one class. Absent documentation evidencing that the students attended at least one class, the students were not eligible for Title IV HEOA funds. Subsequent to audit inquiry, the institution was able to obtain documentation supporting at least one day's attendance for 29 of 42 total classes for these 14 students, resulting in 13 classes having no support of the students ever attending. Regarding these 13 classes for 7 students, the institution recalculated the students' SFA award amounts, which resulted in a total of \$14,708.20 payments being submitted back to the respective Federal programs.
Cause	Due to a change in procedures, the instructors can no longer input into the grade roster whether a student attended one class when receiving a W grade.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal programs.
Recommendation	The institution should enhance its procedures for documenting whether a student attended at least one class when they receive a W grade. Additionally, they should review all students in the 2012-13 award year with a W grade to determine whether they attended at least one class and return any additional Title IV HEOA funds, as appropriate, to the applicable Federal programs.
UCF Response and Corrective Action Plan	In regards to documenting attendance in at least one class for withdrawn classes our office has taken the following corrective action: We have worked with UCF's Computer Services and Telecommunication Office to develop a custom modification through PeopleSoft that will allow faculty to report the attendance/non-attendance status for students who were issued a W grade. We will be requiring faculty to report this information for the 2012-13 academic year and beyond. This modification has just been moved into PeopleSoft production and communication with faculty is forthcoming. Once this data has been collected, we will take corrective action to recalculate awards and/or correct the Return of Title IV calculations as necessary. We anticipate this corrective action for the 2012-13 aid year to be completed by November 2014.

**Estimated Corrective
Action Date**

November 2014

**UCF Contact and

Alicia Keaton, Director of Student Financial Assistance
Office of Student Financial Assistance
(407) 823-2827

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-075
CFDA Number	84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Special Tests and Provision – Student Status Changes – National Student Loan Data System (NSLDS) Roster Files
State Educational Entity	Pasco-Hernando Community College (PHCC)
Finding Type	Noncompliance
Finding	The institution did not always accurately and timely report enrollment status changes to the NSLDS for FDSL student loan borrowers. Unless the institution expects to submit its next roster file (enrollment data) to the NSLDS within 60 days, it must notify the NSLDS directly within 30 days of discovering that a student who received an FDSL loan ceased to be enrolled on at least a half-time basis.
Criteria	34 CFR 685.309(b)(2), <i>Administrative and Fiscal Control and Fund Accounting for Schools Participating in the Direct Loan Program – Student Status Confirmation Reports</i> .
Condition	For 2 of 6 student loan borrowers tested who either graduated or otherwise ceased to be enrolled at least half-time during the 2012-13 fiscal year, the institution did not timely report enrollment status changes to the NSLDS. Status changes reported to the NSLDS were 77 and 54 days late for the two students.
Cause	The institution submitted its roster files to the National Student Loan Clearinghouse (NSC) and relied on the NSC to transmit student status changes to the NSLDS for FDSL student loan borrowers; however, the institution did not have monitoring procedures in place to ensure that the NSC submitted student status changes to the NSLDS timely.
Effect	When the NSLDS is not timely notified, the NSLDS may not be aware of when an FDSL student loan borrower ceases at least half-time enrollment, thereby not timely starting the grace period for repayment of FDSL student loans, which may result in an increased default rate.
Recommendation	The institution should enhance its procedures to ensure that all enrollment status changes for FDSL student loan borrowers who cease to be enrolled at least half-time are reported timely to the NSLDS.
PHCC Response and Corrective Action Plan	The College concurs with the audit finding and has enhanced its procedures to monitor changes in enrollment status.

CFDA Number	84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Special Tests and Provisions – Student Status Changes – National Student Loan Data System (NSLDS) Roster Files
State Educational Entity	Florida State University (FSU)
Finding Type	Noncompliance
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-098
Finding	The institution did not always timely report enrollment status changes to the NSLDS for FDSL student loan borrowers. Unless the institution expects to submit its next roster file (enrollment data) to the NSLDS within 60 days, it must notify the NSLDS directly within 30 days of discovering that a student who received an FDSL ceased to be enrolled on at least a half-time basis.
Criteria	34 CFR 685.309(b)(2), <i>Administrative and Fiscal Control and Fund Accounting for Schools Participating in the Direct Loan Program – Student Status Confirmation Reports</i>
Condition	As similarly noted in report No. 2013-161, finding No. FA 12-098, for 10 of 15 FDSL student loan borrowers tested who withdrew or ceased to be enrolled at least half-time during the 2012-13 fiscal year, the institution did not report enrollment status changes to the NSLDS timely. One student had been academically dismissed during the Fall 2012 term and 9 students had been academically dismissed during the Spring 2013 term. The institution notified the NSLDS 9 days late for the 1 student academically dismissed during the Fall 2012 term and 46 to 47 days late for 8 of the students academically dismissed during the Spring 2013 term. For the remaining student, the institution had not notified the NSLDS, as of October 31, 2013, 110 days late. Further testing revealed that the institution did not timely report enrollment status changes to the NSLDS for a total of 254 academically dismissed students from the Spring 2013 term that were also FDSL student loan borrowers.
Cause	The institution uploads data monthly to the National Student Clearinghouse (NSC) for students who withdraw, and the NSC then provides the FDSL student loan borrower's enrollment status change data to the NSLDS. However, for academically dismissed students (institutionally withdrawn) the institution did not have adequate procedures for reporting the enrollment status changes, which resulted in late reporting.
Effect	When the NSLDS is not timely notified, the NSLDS may not be aware of when an FDSL student loan borrower ceases at least half-time enrollment, thereby not timely starting the grace period for repayment of FDSL student loans, which may result in an increased default rate.
Recommendation	The institution should enhance its procedures to ensure that all enrollment status changes for FDSL student loan borrowers who cease to be enrolled at least half-time are reported timely to the NSLDS.
FSU Response and Corrective Action Plan	The academic year 2012-2013 was a time period of massive change within the University, resulting from the complete and total replacement of all student systems including, but not limited to, financial aid, advising, student records, and student financials. As a result, many processes were transitioned during this time period from one set of programming and reporting structures to another. This included the enrollment reporting processes to the National Student Clearinghouse and the NSLDS.

Last year the University received clarification that reporting requirement for withdrawals was interpreted to include students who had been academically dismissed. At the time, the University lacked the resources to reprogram the legacy system. It was determined that staff would manually update records during the interim and that new coding would be added to the new system processes in development at the time.

The audit notes one student from Fall 2012 whose change in status at Florida State University was reported to NSLDS on 2-25-13, or nine days late. The University reported the student's change in status to the National Student Clearinghouse on 01/19/2013, approximately 30 days after the academic dismissal was posted. This date is well within the 60 day period allowed to report a change in status. As we understand, the Clearinghouse also takes in data from other institutions and aggregates that for reporting to NSLDS. For reasons we are not aware, the NSLDS did not acknowledge receipt of the information we submitted to the Clearinghouse until 2/25/2013. Going forward the University will work with the National Student Clearinghouse to evaluate and enhance reporting processes.

In the case of the Spring 2103 dismissed students, the staff did not manually enter the updates for dismissed students until late summer semester. As previously noted, this delay in reporting occurred because of the system conversion process that over took the University during the 2013 calendar year.

The University is in the final stages of its system conversion. The enrollment reporting process within the new system that went live in Fall 2013 semester does include the new logic to report academically dismissal students along with regular withdrawn students. This process is automated and no longer requires staff to manually enter adjustments.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-077
CFDA Number	84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Special Tests and Provisions – Student Status Changes – Exit Counseling
State Educational Entity	Florida Agricultural and Mechanical University (FAMU)
Finding Type	Noncompliance
Prior Year Finding	Report No. 2013-161, Finding No. FA 12-096
Finding	The institution did not always timely (within 30 days) provide exit counseling materials for FDSL student loan borrowers who graduated, withdrew, or ceased to be enrolled at least half-time.
Criteria	34 CFR 685.304(b), <i>Counseling Borrowers, Exit Counseling</i>
Condition	Ten of 25 FDSL student loan borrowers tested required exit counseling during the 2012-13 award year. For 3 of the 10 FDSL student loan borrowers, the exit counseling materials were provided 142 to 284 days late.
Cause	The institution's procedures for sharing student enrollment status information between departments were inadequate, resulting in untimely exit counseling compliance.
Effect	When exit counseling information is not provided timely, FDSL student loan borrowers may not be aware of their loan repayment obligations, and the National Student Loan Database System may not be timely updated with important personal and contact information, thereby not timely starting the grace period of repayment of those student loans, which could lead to an increase default rate for the institution.
Recommendation	The institution should enhance its procedures to ensure that exit counseling is performed, or exit counseling materials provided, within 30 days of an FDSL student loan borrower ceasing at least half-time enrollment.
FAMU Response and Corrective Action Plan	The University has enhanced its procedures by developing reports and queries that are shared between the Office of the Registrar and the Office of Financial Aid to include official and unofficial withdrawals, candidates for graduation, students with prior term enrollment who do not return to the university, students who enroll for less than half-time status and students who drop below half-time status within a semester. These enhancements ensure exit counseling notification is provided within 30 days upon a student loan borrower ceasing at least half-time enrollment. An external agency is in the process of validating that that process has been fully implemented.
Estimated Corrective Action Date	Fall 2013
FAMU Contact and Telephone Number	Lisa Stewart, Financial Aid Director (850) 412-5278

U.S. DEPARTMENT OF EDUCATION

Finding Number	2013-078
CFDA Number	84.268
Program Title	Student Financial Assistance (SFA) Cluster Federal Direct Student Loan Program (FDSL)
Compliance Requirement	Special Tests and Provisions – Student Status Changes – Exit Counseling
State Educational Entity	Valencia College (VC)
Finding Type	Noncompliance
Finding	The institution did not always timely (within 30 days) provide exit counseling materials for FDSL student loan borrowers who graduated, withdrew, or ceased to be enrolled at least half-time.
Criteria	34 CFR 685.304(b), <i>Counseling Borrowers, Exit Counseling</i>
Condition	For 7 of 19 students tested who received FDSL loans during the 2012-13 award year and ceased to be enrolled at least half-time during the Fall 2012 and Spring 2013 terms, exit counseling materials were provided from 2 to 200 days late. In addition, institution personnel informed us that 12,858 students with certain enrollment changes at the end of Fall 2011, Spring 2012, Summer 2012, Fall 2012 and Spring 2013 terms were not provided exit counseling materials until August 2013.
Cause	In late 2010, the institution made a modification error to its notification programming process during the installation of a system update. The programming error resulted in the inadequate identification of some FDSL student loan borrowers who withdrew or ceased to be enrolled at least half-time, and exit counseling materials were not provided until the error was discovered and corrected in August 2013.
Effect	When exit counseling information is not provided timely, FDSL student loan borrowers may not be aware of their loan repayment obligations, and the National Student Loan Database System may not be timely updated with important personal and contact information, thereby not timely starting the grace period for repayment of those student loans, which could lead to an increased default rate for the institution.
Recommendation	The institution should enhance its procedures to ensure that exit counseling is performed, or exit counseling materials provided, within 30 days of an FDSL student loan borrower ceasing at least half-time enrollment.
VC Response and Corrective Action Plan	Valencia has corrected the programmatic queries in the system of students required to receive exit loan notifications. These notifications are now accurate and timely to meet the required regulation.
Estimated Corrective Action Date	October 2013
VC Contact and Telephone Number	Christen Christensen, Director of Financial Aid (407) 582-1458

**STATE UNIVERSITIES AND COLLEGES
SUMMARY OF QUESTIONED COSTS
For the Fiscal Year Ended June 30, 2013**

<u>Compliance Requirement/ Institutions</u>	<u>Questioned Costs</u>
<u>Research and Development Cluster (R&D)</u>	
ALLOWABLE COSTS/COST PRINCIPLES - Finding No. 2013-079	
General Expenditures:	
University of Florida	\$ <u>1,578.00</u>
ALLOWABLE COSTS/COST PRINCIPLES - Finding No. 2013-080	
Recharge Centers:	
University of Central Florida	<u>12,650.00</u>
Total Research and Development Cluster	\$ <u>14,228.00</u>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-079
CFDA Number	81.086
Program Title	Research and Development (R&D) Cluster High Efficiency Organic Light Emitting Devices for Lighting
Compliance Requirement	Allowable Costs/Cost Principles – General Expenditures
State Educational Entity	University of Florida (UF)
Federal Grant/Program Number and Grant Year	DE-EE0001522, September 11, 2009 – December 30, 2012
Finding Type	Noncompliance Questioned Costs – \$1,578
Finding	The institution did not always properly monitor Federal grant expenditures to ensure the expenditures were allowable, reasonable, and necessary, and adequately documented.
Criteria	OMB Circular A-21, Section C.4. <i>Basic Considerations, Allocable Costs</i> ; and Section J. <i>General Provisions for Selected Items of Costs</i> .
Condition	Our test of 57 expenditure transactions for three Federal grants disclosed improper charges for one of the grants as follows: <ul style="list-style-type: none"> ➤ The purchasing card (P-card) approval form for one \$1,423 charge indicated that the expenditure should have been charged to a different grant. Additionally, the approval form did not evidence the approval of the principal investigator who managed the grant. ➤ Two expenditures, totaling \$155, for training when using institution auxiliary research facilities were charged; however, the training expenditures were for institution employees who did not work on the grant.
Cause	The institution's review and approval of grant charges were not adequate to ensure that expenditures charged to Federal grants were adequately documented, approved, reasonable, and necessary.
Effect	Federal grant funds may have been used for goods or services that are not allowable or reasonable under terms of the Federal grants.
Recommendation	The institution should enhance its procedures to ensure only allowable expenditures are charged to the appropriate Federal grants. In addition, the institution should return the remaining questioned costs of \$1,578 noted above to the grantor.
UF Response and Corrective Action Plan	<p>With regard to the expenditures, we agree that these transactions should not have been charged to these Federal grants and have restored the appropriate sponsors for these costs.</p> <p>The University believes controls are generally appropriate and adequate for these types of errors to be found and corrected in a timely manner. Additionally, the University has a continual improvement process that is strengthening controls over charging costs to Federal Grants. For instance, the University is currently in the process of hiring a Quality Assurance auditor whose sole responsibility will be reviews of the appropriateness of sponsored program charges. Also, procedures have been enhanced to include a closer, more detailed, review of expenditures at project closeout. However, no system of internal controls can ensure that 100% of allowable expenditures are charged to the appropriate Federal grants. We do believe the University's procedures are sufficient to ensure that the allowable expenditures are charged to appropriate federal grants and that errors, such as these, are infrequent, are usually found and corrected before the grant is closed, and comprise an immaterial amount of charges to Federal grants.</p>

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	2013-080
CFDA Number	81.UNK
Program Title	Research and Development (R&D) Cluster Building America Partnership for Improved Residential Construction (BA-PIRC) Task Order 3
Compliance Requirement	Allowable Costs/Cost Principles – Recharge Centers
State Educational Entity	University of Central Florida (UCF)
Pass-Through Agency or Administering State Agency	Alliance for Sustainable Energy, LLC
Federal Grant/Contract Number and Grant Year	KNDJ-0-40339-03, April 9, 2012 – September 30, 2013
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$12,650
Finding	While the institution had developed policies and procedures to apply service charges from recharge centers to R&D grants, such policies and procedures were not always sufficient to ensure compliance with OMB Circular A-21 regarding service charges applied to R&D grants.
Criteria	OMB Circular A-21, J.47, <i>Specialized Service Facilities</i> .
Condition	<p>OMB Circular A-21 states that the cost of services provided by highly complex or specialized facilities operated by the institution, such as computers, wind tunnels, and reactors, are allowable provided that service charge rates are applied directly to Federal awards at a rate calculated based on actual costs of services provided and do not discriminate against Federally supported activities of the institution including usage by the institution for internal purposes.</p> <p>The institution allowed recharge centers to charge rates that included administrative costs in their rate calculations. Therefore when costs for recharge center services were charged directly to Federal grants, the institution's procedures did not allow for indirect cost rates to be applied to the recharge amounts. However, our review of one grant for which recharge center costs for data monitoring and database storage services were charged directly to the grant, we noted that the grant's indirect cost (facilities and administrative (F&A)) rate was improperly applied to the recharge costs, resulting in questioned costs totaling \$12,650.</p>
Cause	The recharge center was not using the correct account code for the recharge costs, which would have enabled the Finance and Accounting Department to identify and eliminate them from the expense base in the monthly F&A calculation. Institution personnel indicated that in February 2013 an account code was created that should readily identify these amounts. Additionally, the institution is currently in the process of finalizing a Recharge Center Procedures Manual.
Effect	There is an increased risk that recharge center expenditures will not be in compliance with OMB Circular A-21 and could be disallowed by the U.S. Department of Health and Human Services.
Recommendation	The institution should continue to enhance procedures regarding recharge center costs. Additionally, the institution should perform a retroactive analysis of all recharge services charged to Federal grants to determine whether other F&A costs were inappropriately charged and return any additional funds, including the \$12,650 noted above, to the applicable Federal grants.
UCF Response and Corrective Action Plan	The University of Central Florida (UCF) agrees the recharge center did not use the correct account code for the recharge costs. UCF has corrected the account code error for the transactions that resulted in the \$12,650 F&A noted above.

F&A has been recalculated and the appropriate credit will be reflected in the final invoice.

UCF has implemented a rigorous retroactive review of all recharge centers to identify any unallowable F&A costs. Any F&A corrections will be returned to the sponsor as required. Furthermore, UCF will enhance its transactional procedures to ensure the proper account code is being utilized.

The accompanying notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

(1) These items include non-cash assistance.

***NOTE 1 - BASIS OF PRESENTATION AND SIGNIFICANT
ACCOUNTING POLICIES***

NOTE 1 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards has been prepared in accordance with the United States Office of Management and Budget (OMB) Circular A-133 and presents Federal awards expended by the State of Florida. The Single Audit Act Amendments of 1996 (Public Law 104-156) and the OMB Circular A-133 define Federal awards as Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. Federal financial assistance is defined as assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property, cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, or other assistance.

The following summary of the State of Florida's significant accounting policies and related information is presented to assist the reader in interpreting the Schedule of Expenditures of Federal Awards and should be viewed as an integral part of the accompanying schedule.

- **Reporting Entity**

The reporting entity for the purposes of the accompanying schedule is the State of Florida primary government (i.e., legislative agencies, the Governor and Cabinet, departments and agencies, commissions, boards of the Executive Branch, and various offices relating to the Judicial Branch), the State Universities (SU), and the State Community Colleges and Florida Colleges (SCC) exclusive of any component units of the State Universities and Community Colleges and Florida Colleges.

- **Catalog of Federal Domestic Assistance**

The Catalog of Federal Domestic Assistance is a government-wide compendium of individual Federal programs. A five-digit program identification number (CFDA No.) is assigned to each program included in the catalog. Those programs that have not been assigned a CFDA number by the Federal Government and those programs for which CFDA numbers could not be identified are listed as CFDA No. XX.UNK entitled "Other Federal Awards" and are on the accompanying schedule. Note 5 further identifies these awards by a required agency-specific identifier.

- **Expenditures**

The column on the accompanying schedule captioned "2012-2013 Expenditures" includes amounts using different bases of accounting. The reporting entities also include expenditures related to transfers received from other State Agencies, State Universities, State Community Colleges, and Florida Colleges in this column.

Amounts reported on the accompanying schedule consist of amounts expended from Federal programs by those entities determined in accordance with the accrual, modified accrual, and cash basis of accounting.

The majority of State Agencies, State Universities, State Community Colleges, and Florida Colleges reported expenditures in accordance with the accrual, and modified accrual basis of accounting. The Executive Office of the Governor, the Public Service Commission, Florida State University, and Florida International University reported expenditures on the cash basis of accounting.

Expenditures reported for the Unemployment Insurance (UI) Program (CFDA No. 17.225) and the Direct Loans Program (CFDA No. 84.268) are reported using the accrual basis of accounting.

Appropriate adjustments have been made to the expenditures reported on the accompanying schedule to preclude reporting both the transfers of Federal awards between the various State Agencies, State Universities, State Community Colleges, and Florida Colleges, and the subsequent expenditures.

- **Transfers to Subrecipients Column**

The column on the accompanying schedule captioned “2012-2013 Transfers to Subrecipients” represents the amounts transferred by the State Agencies, State Universities, State Community Colleges, and Florida Colleges to subrecipients that are not included in the State’s Schedule of Expenditures of Federal Awards. The amounts in this column are also included in the column captioned “2012-2013 Expenditures”. Transfers of Federal awards between the State Agencies, State Universities, State Community Colleges, and Florida Colleges are not included in this column.

- **Administering Agency**

The agencies and institutions reported as the administering agencies on the accompanying schedule represent the entities that expended and/or administered the respective Federal awards programs.

- **American Recovery and Reinvestment Act of 2009 (ARRA)**

On February 13, 2009, Congress passed the American Recovery and Reinvestment Act of 2009 (Public Law 111-5)(Recovery Act). The Recovery Act’s three main goals are to create and save jobs, jump-start economic activity and invest in long-term economic growth, and promote accountability and transparency in government spending.

To maximize the transparency and accountability of funds authorized under the Recovery Act, recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133 must separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards.

ARRA funds reported during the 2012-2013 Fiscal Year are included within the accompanying schedule. Expenditures reported on the accompanying schedule for ARRA awards totaled \$589,005,217.

- **Noncash Assistance**

The State participates in several Federal awards programs in which noncash benefits are provided through the State to eligible program participants. The programs that report noncash benefits [i.e., Supplemental Nutrition Assistance Program (CFDA No. 10.551), School Breakfast Program (CFDA No. 10.553), National School Lunch Program (CFDA No. 10.555), Special Supplemental Nutrition Program for Women, Infants, and Children (CFDA No. 10.557), Emergency Food Assistance Program (CFDA No. 10.569), Donation of Federal Surplus Personal Property (CFDA No. 39.003), Energy Efficiency and Conservation Block Grant Program (CFDA No. 81.128), and Immunization Cooperative Agreements (CFDA No. 93.268)] are identified on the accompanying schedule by a (1) next to the applicable grantor/program. All programs identified with a (1) report 100% of their expenditures as noncash benefits with the exception of Immunization Cooperative Agreements (CFDA No. 93.268), Energy Efficiency and Conservation Block Grant Program (CFDA No. 81.128), Donation of Federal Surplus Personal Property (CFDA No. 39.003), School Breakfast Program (CFDA No. 10.553), National School Lunch Program (CFDA No. 10.555) and Special Supplemental Nutrition Program for Women, Infants, and Children (CFDA No. 10.557). The State distributed vaccine, through the Immunization Cooperative Agreements, valued at \$204,823,195 during the 2012-2013 Fiscal Year. The State distributed noncash benefits in the amount of \$8,016 through the School Breakfast Program, \$67,653,264 through the National School Lunch Program, \$266,864,754 through the Special Supplemental Nutrition Program for Women, Infants, and Children, \$4,051,100 through the Donation of Federal Surplus Personal Property, and \$1,188,768 through the Energy Efficiency and Conservation Block Grant Program. The State uses the Electronic Benefit Transfer system to issue Supplemental Nutrition Assistance Program benefits (CFDA No. 10.551) to eligible recipients.

NOTE 2 - LOANS AND LOAN GUARANTEES

NOTE 2 - LOANS AND LOAN GUARANTEES

The State of Florida participates in several Federal loan programs in which funds are provided through the State to eligible program participants.

- **Higher Education Loans**

The current year loan disbursements administered by the State Universities, State Community Colleges, and Florida Colleges for the loan programs Federal Family Education Loans (CFDA No. 84.032) and Federal Direct Student Loans (CFDA No. 84.268) are \$0 and \$2,285,737,686, respectively. Additionally, the SU and SCC reported having a value of loans outstanding for programs Federal Perkins Loan Program – Federal Capital Contributions (CFDA No. 84.038), College Housing and Academic Facilities Loans (CFDA No. 84.142), Nurse Faculty Loan Program (CFDA No. 93.264), Health Professions Student Loans - Including Primary Care Loans/Loans for Disadvantaged Students (CFDA No. 93.342), Nursing Student Loans (CFDA No. 93.364), and ARRA-Nurse Faculty Loan Program (CFDA No. 93.408) in the amounts of \$79,076,680, \$1,514,000, \$1,375,805, \$4,639,579, \$59,465, and \$62,044, respectively.

- **State Infrastructure Bank (CFDA No. 20.205)**

The Federal State Infrastructure Bank (SIB) for the Highway Planning and Construction Program (CFDA No. 20.205) is an investment fund from which loans and other forms of credit assistance are provided for highway construction, transit capital, or other surface transportation projects. The Federal share (80 percent) of SIB disbursements made during the 2012-2013 Fiscal Year totaled \$13,346,503.37. This amount is included on the accompanying schedule with other expenditures from the Highway Planning and Construction Program. The balance of SIB loans outstanding at June 30, 2013 totaled \$78,372,835.28.

- **Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan (CFDA No 20.223)**

The Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan Program is a form of credit assistance for the Department up to the amount of \$270,000,000. The TIFIA Loan Agreement allows the Department to make draws on the Loans (“2005 RCF Loan” not to exceed \$170,000,000 and “2007 RCF Loan” not to exceed \$100,000,000) to partially reimburse the State Transportation Trust Fund for amounts expended on “Eligible Project Costs” of the Miami Intermodal Center Rental Car Facility. The loan obligations are secured by and will be repaid by Miami-Dade County using Customer Facility Charges and, if necessary, Contingent Rent from the Rental Car Facility. A Draw from the RCF Loan was made on June 25, 2013 in the amount of \$100,000,000.00. There were not any eligible funds expended for Fiscal Year 2012-2013.

- **Capitalization Grants for Clean Water State Revolving Funds (CFDA No. 66.458)**

A revolving loan trust fund is used by the State to provide loans to eligible recipients for the construction of wastewater treatment facilities and implementation of other water quality management activities. The current year loan disbursements made during Fiscal Year 2012-2013 totaled \$192,397,323 (\$88,325,778 disbursed from the State bank and \$104,071,545 disbursed from the Florida Water Pollution Control Financing Corporation bank). Of the loans disbursed during Fiscal Year 2012-2013, \$65,779,220 were state funded. All other loan disbursements were federally funded. The value of loans made in previous years but are still in the construction phase at June 30, 2013, totaled \$359,529,620.01, of which \$247,271,920.84 are pledged to the Florida Water Pollution Control Financing Corporation (Corporation). The Corporation was created pursuant to State law for the purpose of financing or refinancing water pollution control projects and other activities in the State. The Corporation issued debt obligations that were secured by loan repayments and related interest from loans pledged to it from the revolving loan trust fund accounts.

- **Capitalization Grants for Drinking Water State Revolving Funds (CFDA No. 66.468)**

A revolving loan trust fund is used by the State to provide loans to eligible recipients for infrastructure improvements to drinking water systems and for other eligible activities. The current year loan disbursements made during Fiscal Year 2012-2013 totaled \$20,924,320. Of the loans disbursed during Fiscal Year 2012-2013, \$12,983,587 were state funded. All other loan disbursements were federally funded. The values of loans made in previous years but are still in the construction phase at June 30, 2013, totaled \$138,617,102.81. Currently, all loan disbursements are federally funded.

- **Federal Family Education Loans (CFDA No. 84.032)**

Under the Federal Family Education Loans (FFEL) Program, the U.S. Department of Education guarantees the repayment of loans made to students by participating financial institutions. The Florida Department of Education administers the FFEL Program (CFDA No. 84.032) for the State. During the 2012-2013 Fiscal Year, payments made to lenders to cover student loans in default totaled \$181,052,174. The value of outstanding loans guaranteed at June 30, 2013, totaled \$2,009,467,951.

NOTE 3 - UNEMPLOYMENT INSURANCE

NOTE 3 - UNEMPLOYMENT INSURANCE

The Unemployment Insurance (UI) Program (CFDA No. 17.225) is a unique Federal-State partnership, founded upon Federal law but implemented primarily through State law. Pursuant to this Program, unemployment benefits are paid to eligible unemployed workers for periods of involuntary unemployment. Benefits are paid from Federal funds and from State unemployment taxes that are deposited into the State's account in the Federal Unemployment Trust Fund (FUTF). State benefits were funded from State Taxes. (No advances from Federal Unemployment Trust Fund were used to fund State benefits.) The State's administrative expenditures incurred under this Program are funded by Federal grants. Expenditures reported on the accompanying schedule for the UI Program are identified in the following table.

Federal Administration	133,239,886
Federal Benefits Ex Military/Federal Employees	20,908,532
Federal Benefits Emergency	1,160,558,383
Federal Benefits TRADE/Disaster	1,295,309
State Benefits funded by State Taxes	1,335,122,040
Total	<u>2,651,124,150</u>

***NOTE 4 - SUPPLEMENTAL NUTRITION ASSISTANCE
PROGRAM (SNAP)***

NOTE 4 - SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

The reported expenditures for benefits under the Supplemental Nutrition Assistance program (SNAP) (CFDA No. 10.551) are supported by both regularly appropriated funds and incremental funding made available under section 101 of the American Recovery and Reinvestment Act of 2009. The portion of total expenditures for SNAP benefits that is supported by Recovery Act funds varies according to fluctuations in the cost of the Thrifty Food Plan, and to changes in participating household's income, deductions, and assets. This condition prevents USDA from obtaining the regular and Recovery Act components of SNAP benefits expenditures through normal program reporting processes. As an alternative, USDA has computed a weighted average percentage to be applied to the national aggregate SNAP benefits provided to households in order to allocate an appropriate portion thereof to Recovery Act funds. This methodology generates valid results at the national aggregate level but not at the individual State level. Therefore, we cannot validly disaggregate the regular and Recovery Act components of our reported expenditures for SNAP benefits. At the national aggregate level, however, Recovery Act funds account for approximately 10.95 percent of USDA's total expenditures for SNAP benefits in the Federal fiscal year ended September 30, 2012, and 7.79 percent of USDA's total expenditures for SNAP benefits in the Federal fiscal year ended September 30, 2013.

NOTE 5 - PASS-THROUGH AWARDS

In accordance with OMB Circular A-133, Section .310(b)(2), the following identifies in detail the expenditures relating to Federal awards provided by pass-through entities to State Agencies, State Universities, State Community Colleges, and Florida Colleges. These amounts are included in the Schedule of Expenditures of Federal Awards under the amounts reported for indirect programs (clustered or not clustered) under the respective CFDA numbers.
