**Attendance** Students having more than three unexcused absences from studio class will receive a fail grade for the course. Students absent from a required presentation or review will receive, without exception, a fail grade for that presentation or review. Students are expected to arrive to class on time, prepared, and having completed all reading and work assignments. Students appearing more than 20 minutes late for class will be logged absent in the roll without exception. Absence does not absolve the student from assignments, or work progress due on the day of absence and the work due the following class. It is the student's sole responsibility to contact someone from the class to get information on the material covered and the assignments.

**Grading** Grade determination shall be based on the following:

Class participation	25%
Projects	75%

Letter grades are defined as follows:

A ...A- Exceptional work and effort exceeding the requirements.

B+...B- Good work and effort meeting all of the requirements.

C+...C- Average work and effort meeting the minimum requirements.

D+...D- Marginal work, meeting less than the minimum requirements.

F Failing work, meeting less than the minimum requirements.

Note that the School of Architecture requires a minimum passing grade of 'C' or better for this course.

**SPC**

Upon completion of this course, a minimum-passing grade (C) indicates the student:

**Readings****General**

Information concerning academic regulations, student rights and responsibilities may be found in the current Florida Atlantic University Catalog and Student Handbook.

Personal communication devices such as pagers, beepers, and cellular telephones are to be disabled in class sessions.

**Course work**

1. The student shall keep a sketchbook for class notes and sketches. The sketchbook shall be submitted along with the project at the end of the term.
2. The student is responsible for acquiring the required and recommended reading materials.
3. The student is required to conduct self-directed research, investigations, analysis, and design work.
4. The student is responsible for acquiring the necessary materials and tools to complete all projects and assignments.

**Foreign Travel**

Students are invited to participate in a collaborative project at the Anhalt University of Applied Science Dessau Institute of Architecture at the Bauhaus-Dessau, Germany. The project duration will be from 9 through 23 October. Students interested in participating are asked to make travel arrangements to arrive at Berlin no later than 7 October to join a tour of the city and transfer to Dessau. Additional travel and project information will be made available to any interested students.
