

**Be part of an important nutrition research study!**

# Weight Loss Prevention and Diabetes Study

**Are you between 13 and 21 years of age?**

**Do you want to change your eating  
habits in order to lose weight?**

**If you answered YES to these questions,  
you may be eligible to participate in a  
nutrition research study.**

The purpose of this research study is to compare the effectiveness of different diets in preventing Type II diabetes. Benefits include a comprehensive medical evaluation and individual nutrition program. Participants will receive an incentive payment and a voucher for free parking. No medications will be given.

Both adolescents (13 - 17 years of age) and adults (18 - 21 years of age) are eligible to participate.

**This study will  
be conducted at  
Florida Atlantic  
University, Boca  
Campus**

**When  
Saturday, April  
9, 2015  
4:30-6:30pm**

**Where  
FAU Boca/  
College of  
Medicine  
Room 137**
