**FRIDAY APRIL 17<sup>th</sup> | 4 – 6 p.m. | ED119**

Advocating for and on the behalf of students takes a (proverbial) village, or in this case a community. This community incorporates and requires collaboration among parents/caregivers, teachers, and legislators. This two-hour session will feature an overview of community advocacy from the legislative perspective, followed by a panel discussion reflecting perspectives on advocacy by community constituents. Immediately following the panel will be an interactive activity aimed at building advocacy skills.

**Come to this event to learn about the issues impacting our students and to boost your advocacy skills!**

This is a FREE event for all College of Education Students, FAU Constituents and Community members.
