

Department of Teaching and Learning

Certificate in Instructional Design

Information Sheet

The **Graduate Certificate in Instructional Design** provides an opportunity for students to earn a 12-credit master's certificate. This program incorporates current technologies into instruction or training and allows you to acquire the knowledge and skills necessary to apply modern technology in both higher educational course design and online training settings. Through our program, you will gain applied skills in instructional design, distance learning, and instructional technology to engage students and create web based and multimedia instructional content. Classes in the certificate can be applied to the masters in Instructional Technology meeting the 1/3 non-degree seeking limit of the total degree. If you have questions about any of the course work before being admitted, please contact the Department of Teaching and Learning at DeptTeachLearn@fau.edu.

Advisement: An advisor will be assigned upon acceptance to the program. The Program of Study is to be done together with your advisor before filing electronically with the Graduate College via MyFAU.

Core Courses: 15 credits

Take all of the following (all three credits courses):

EME 6209	Self-Regulated Learning Systems
EME 6601	Instructional Design
EME 6051	Models of Learning and Instruction
EME 6458	Distance Education in Theory and Practice

ADMISSION REQUIREMENTS

- A bachelor's degree in an area is the only requirement

Careers:

- Entry level instructional designer
- Entry level instructional technologist
- Trainer
