Dear Faculty,

As Dean of the College of Education at Florida Atlantic University, and on behalf of all my colleagues, I would like to welcome you to the College. The College of Education has three campus locations: Boca Raton, Davie, and MacArthur/Jupiter, as well as off-site locations.

Thank you in advance for your support and continuing the tradition of excellence at FAU COE. If I can be of any further assistance to you, please do not hesitate to contact me.

MISSION STATEMENTS

FAU Mission
Florida Atlantic University is a public research university with multiple campuses along the southeast Florida coast serving a uniquely diverse community. It promotes academic and personal development, discovery, and lifelong learning. FAU fulfills its mission through excellence and innovation in teaching, outstanding research and creative activities, public engagement and distinctive scientific and cultural alliances, all within an environment that fosters inclusiveness.

College of Education Mission
The mission of the College of Education is to serve the community of Florida Atlantic University by providing effective leadership in areas of research, service and teaching at the local, state, national and international levels, through the initial and advanced preparation of informed, capable, ethical and reflective decision making professionals. Our faculty and students seek to promote and sustain authentic change, excellence and equity in their respective fields, and in the organizations and systems with which they are associated. The College’s programs reflect changing societal needs and incorporate web-supported delivery systems, current methodologies and research, which bring faculty and students together to improve the quality of education for all in an increasingly diverse, technological, inclusive and global society.

College of Education Academic Department and School Missions
Each academic department and school within the College has established guiding mission statements:

College of Education Graduate Expectations
Graduates of programs in the College of Education at Florida Atlantic University are informed, ethical, and capable reflective decision-makers.

Informed reflective decision-makers are grounded in the subjects they teach and understand how knowledge in their subject is created, organized, linked to other disciplines and applied to real-world settings.

Ethical reflective decision-makers apply a systematic, rational approach to dilemmas offering difficult choices between competing values.

Capable reflective decision-makers have mastered the skills and competencies that enable them to function in their professional roles. They contribute to the effectiveness and collegiality of the educational environment by working collaboratively with other professionals on policy matters, curriculum development and professional preparation.
STANDING COMMITMENTS

The College of Education at Florida Atlantic University has long-standing commitments to focus on underserved populations, continually improve assessment practices, and embrace current technologies.

Commitment to Diversity and Inclusivity
The College of Education is committed to supporting the value of diversity and inclusivity among its students, faculty, and staff, and in the learning experiences, scholarship, and community engagement taking place at all levels, including ethnicity, gender, nationality, race, sexual orientation, social class, ability and age. We believe the quality of teaching and human services is enriched by differences in perspectives shaped by diversity. One of the important goals of achieving diversity in the College of Education at Florida Atlantic University and in our society is to provide support and empathy for all groups that have historically been discriminated against, excluded or marginalized in our schools, our institutions and in our society. The College of Education is committed to fostering student and faculty experiences, community relationships, curricula and governance accountability essential to creating an inclusive environment for all. The College of Education prepares teachers and human service providers to work with culturally diverse learners and clients and to foster a climate of respect and open dialogue among students and faculty of all ethnicities and orientations. Additional information about the committee, publications, resources, links, and outreach can be found on the Diversity website: http://www.fau.edu/education/facultystaff/committees/diversity.

Commitment to Assessment
The College considers assessment to be a key to student success through the consistent evaluation of established learning outcome measures. To ensure academic student achievement, rigorous assessment requirements are implemented and evaluated. Two of the online evaluation assessment tools used by the College of Education, Canvas and LiveText by Watermark, aid in providing timely student feedback and allow for actionable data in the evaluation of curricular effectiveness.

Commitment to Technology
The College is committed to developing and sustaining technology to support the work of students, faculty and staff. This commitment is grounded in the awareness that teaching and learning processes, including effective research, are increasingly dependent on electronically generated data to make sense of complex educational issues. The adoption of electronic communication systems, assistive technology, and the need to provide equitable access to information systems make it essential for the College to have in place a comprehensive Technology Plan that includes a renewal cycle.
ALIGNMENT OF PROFICIENCIES WITH STATE PROFESSIONAL STANDARDS

Florida Atlantic University Behavioral Indicators
As part of the State University System of Florida, Florida Atlantic University adheres to required core student learning outcomes. In doing so, Academic Learning Compacts (ALCs) are established for the College’s undergraduate programs. These student learning outcomes address content knowledge and skills, communication, and critical thinking skills students are expected to master at the completion of a bachelor degree program.

Graduate programs respond to FAU student learning outcomes, as part of the FAU Assessment Plan. Select courses in programs measure student learning using the same “three C’s”; content knowledge, critical thinking and communication skills.

On a regional level, the College of Education earns accreditation with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) with a variety of bachelor’s, master’s, and doctoral degrees. Having this status assures students the rigor provided in their coursework meets the SACSCOC mission, vision, and core values.

Some College of Education programs may also respond to additional student learning standards, as required by specific accrediting and licensing entities. These professional standards vary by program in the college, and can be found on the department page of this handbook.

Academic Assignment
You are to sign your teaching contract prior to beginning your assignment. The letter of intent (See Appendix A) clarifies the conditions of the appointment and is not a guarantee that you will be assigned to teach the course(s). The appointment is contingent upon sufficient enrollment, sufficient budget, and non-availability of regular college faculty to teach. When it has been determined that your professional services will be used, a contract will be processed based on the conditions stated in the letter of intent. University policy allows an adjunct to teach up to two courses each semester (.50 FTE).

Onboarding
As a new employee, you will be asked to get started with your new employee onboarding tasks in Workday, FAU's Human Resource (HR) and Financial Management system. Once you have had confirmation of your hire, you should receive two consecutive emails from workday@fau.edu with a series of steps that should be completed before your first day at work.

● The first email will contain information with your temporary login information. It will contain the URL used only for the onboarding process, and your temporary username.
● The second email will contain the onboarding URL as well, and the initial password to start the onboarding process.

After completing some of the initial onboarding steps, you will receive another email letting you know that your FAUNet ID has been generated and your permanent FAU account is ready to be...
activated. Once you receive the activation email, your temporary account information will no longer be valid and you will need to activate your FAU account and set its password to be able to continue any remaining onboarding tasks thru the employee Workday portal. Activation of your FAU account also gives you access to many FAU services including your FAU email. The onboarding process is further outlined at http://www.fau.edu/hr/onboarding.

Change of Personal Data
Updates in your Workday profile are required of any changes in name, address, telephone number or banking information for direct deposit. Failure to do so could cause a check to be lost or may result in an employee not receiving a Form W-2 for income tax purposes. To update your information, visit https://workday.fau.edu. Personal contact information is updated under your Personal Information section. Direct Deposit information is updated under the Payment Elections section. Please also notify the departmental secretary with changes of personal data. For additional information regarding direct deposit, W-2 and form W-4, visit the Payroll website: http://www.fau.edu/controller/payroll.

Holidays
No course will meet during any legal holiday observed by the university. Holidays observed by the university can be found on the website: http://www.fau.edu/hr/holiday-schedule.php. Adjunct Faculty are not paid for holidays. If there is an exception to this rule, it will be marked on the Request to Pay Form.

Faculty Absence
All Adjunct Faculty members are expected to hold classes for the entire semester on the days scheduled on the Academic Calendar and in the Letter of Intent. The Adjunct Faculty member, must inform the appropriate Department Chair of any necessary absences and classes not held. When an Adjunct Faculty member must miss a class, remuneration for that semester may be adjusted based on the time involved. A Faculty Absence form should be on file in the department office for any missed class. The form to be complete can be found at http://www.fau.edu/provost/resources/files/Faculty-Leave-Form-4.11.17.pdf.

Professionalism
As an instructor, you are representing the college as well as your discipline and the profession. In essence, we believe that you serve as an example for your students. Therefore, we ask that you avoid casual dress in favor of more professional attire and that you maintain the highest professional standards when interacting with your class and individual students (See University Regulation in Chapter 5.011, University Ethics and Appendix B, Regulation 5.010 Anti-Discrimination and Anti-Harassment Regulation).
Teaching Excellence
The College of Education hired you because you possess the academic credentials and the commitment to excellence in teaching that are the hallmark of this college. We fully expect you to facilitate learning as well as share current, accurate and useful information with your students as it pertains to the subject matter for which you have been hired to teach.

Academic Rigor
One of our primary concerns is that you challenge your students. Classes in which all students automatically earn A’s, represents a learning environment, which may seem void of higher levels of cognitive activity. Your course should require the integration and synthesis of concepts as well as memorization and recognition of facts. As a result of such an approach, your students should have the opportunity to distinguish themselves in your class.

Preparation of the Syllabus
In an attempt to ensure quality and comply with SACSCOC and other accrediting guidelines, use the syllabus on file with the department as a guide in preparing your syllabus. Please include all subsections. Each department link to this guide will identify the contact person for you to secure the most recent syllabus copy. As you prepare your syllabus keep in mind that the syllabus represents a contract between you and the student. As such, it is imperative that you are absolutely clear as to what you expect of your students in terms of both attendance and performance. The current term, credit hours, weighting of assignments, papers, exams, the grading scale and dates when assignments are due are essential elements of your syllabus.

Meeting Your Classes
Meeting your class means not only meeting every session, but also being on time and meeting for the entire time scheduled. If for some reason you cannot meet your class, please find a suitable replacement (i.e. from your department or the college) and notify the department office as soon as possible. If it is not possible for you find a replacement for you class, you must notify the Department Chair. As a last resort, contact the department secretary. You are not to cancel classes.

University Closing/Cancellation of Classes
Individual instructors cannot cancel classes due to inclement weather. On rare occasions, such as floods, hurricanes, tornadoes, security emergencies, the University may cancel classes. In the event of an approaching hurricane or other emergency situation, please check the FAU website, http://www.fau.edu or current advisories: http://www.fau.edu/advisory or call 888-8FAUOWL (888-832-8695).

Instructor Evaluation
University regulations require that the Student Perception of Teaching survey be conducted in all sections of all courses with enrollments of five or more students. SPOT is an anonymous and effective tool given at the end of each semester to help evaluate the quality of instruction and improve the university’s education standards. The SPOT is administered online during the last two weeks of the course, except in summer when it is conducted during the last week. Results of
the SPOTs are available for individual instructors or can be queried in the aggregate at the IEA website campus office. For more information regarding SPOT, visit http://www.fau.edu/spot.

**ONLINE SETUP AND ASSESSMENT**

**Accounts and FAUNet ID**
The FAUNet ID is the account name you use to login to many of the systems you will utilize in your daily life at Florida Atlantic University, and it is a part of your official FAU e-mail address (e.g., FAUNetID@fau.edu). At FAU we use single-sign on for most of our applications. This means that you will be using the same FAUNet ID and password for most of the applications offered to you as a student, faculty, and/or staff.

For faculty and staff, your FAUNet ID is generated when the onboarding process has been completed within Workday. Prior to logging in to any of FAU’s systems with your new FAUNet ID, you will need to activate it by visiting the FAU Account Self-Service portal.

More information regarding Accounts and FAUNetID at [https://www.fau.edu/oit/accounts](https://www.fau.edu/oit/accounts).

**LiveText by Watermark (Formerly LiveText)**
The adjunct professor must understand how to use LiveText before teaching any course. For all adjunct faculty that have previously had a LiveText account as a student, please email FAU.LTSupport@fau.edu to inform of your need to be migrated from a student to faculty LiveText account. This will avoid delay of accessing your LiveText course.

LiveText is the adopted student performance assessment tool. The college responds to multiple accrediting organizations. One of these accrediting bodies, The Council for the Accreditation of Educator Preparation (CAEP), is a national accrediting body for schools, colleges, and departments of education authorized by the U.S. Department of Education. CAEP reviews how schools, colleges, and departments of education meet rigorous national standards in preparing teachers and other school specialists for the classroom. LiveText specializes in providing the tools to help accrediting bodies support students, faculty and administrators in meeting these challenges and assist in demonstrating and ensuring effective student learning and program enhancement.

Referenced by many students and institutions already using the assessment tools, LiveText is intuitive, easy to use, and very user friendly. With this digital assessment tool, you will be better able to track electronically the assessment of competencies embedded in your critical assignments. You will have opportunities to chronicle practicum experiences, internships, and work-based learning in a professional manner.

Use of LiveText in required courses is not an option for faculty and students working with those courses. All courses that require LiveText need the statement in the “Required Text/Materials” section of the syllabi.

**Canvas**
Canvas is a valuable tool to communicate with your students, allow for online class discussion, and to post announcements and documents (including your syllabus). Canvas training is required and necessary to utilize this teaching option within your course, as well as to post syllabi, assignments, grades and handouts online. Once you receive your FAU ID, visit http://techevents.fau.edu to schedule a Canvas training.

APPENDIX B: REGULATION 5.010 ANTI-DISCRIMINATION AND ANTI-HARASSMENT REGULATION

I. Policy

A. Florida Atlantic University (“FAU” or University) shall comply with applicable federal, state and local discrimination/harassment laws to provide an educational, employment, and business environment free of all forms of discrimination or harassment. Unlawful discrimination or harassment based upon an individual’s race, color, religion, sex, national origin, age, disability, veteran status, marital status, sexual orientation, gender identity or expression, or other protected status is prohibited. This policy applies to all FAU students, applicants for employment, faculty, and staff (hereinafter collectively referred to as “University Community Members”), as well as third parties providing services to FAU. This Regulation 5.010 (“Regulation”) establishes procedures for a University Community Member to file a complaint of alleged discrimination, harassment or retaliation. Discriminatory conduct in the form of sexual misconduct/sexual harassment is also prohibited, and procedures for processing and investigating claims of sexual misconduct/sexual harassment by a University employee will be processed in accordance with current University policy on prohibited sexual conduct.

B. The Office of Equity, Inclusion and Compliance (“EIC”) shall administer this Regulation. Inquiries regarding the procedures contained in this Regulation should be forwarded to EIC.

C. It shall be a violation of this Regulation for any University Community Member to discriminate against or harass any other University Community Member on the basis of a protected status as defined by law or University regulations and policy.

D. Retaliation, or otherwise taking adverse employment or educational action, against a University Community Member because he/she in good faith reported discrimination or harassment, or who assisted or participated in any investigation, regarding a complaint, is prohibited.

E. Activities covered under this Regulation include, but are not limited to, all educational, athletic, cultural and social activities occurring on campus or sponsored by FAU, housing supplied by the University, and employment practices between the University and its employees.

F. Those found to have violated any term, condition or provision of this Regulation will be subject to disciplinary action, up to and including termination or separation.

G. Any supervisory employee who receives a report, observes or learns of an alleged violation of this Regulation has an absolute and unqualified duty to immediately report the conduct to the EIC Director.

H. Every University employee has a duty to cooperate fully and unconditionally in a University investigation. This duty includes, among other things, speaking truthfully with the EIC investigator or his/her designee and voluntarily providing all documentation which relates to the claim being investigated.
II. Definitions/Examples

A. For the purpose of this Regulation, “unlawful discrimination” is defined as a difference in treatment on the basis of a person’s status in a protected class. Harassment is a form of unlawful discrimination under Title VII of the Civil Rights Act of 1964 (“Title VII”), the Florida Civil Rights Act and other applicable local, state or federal laws. “Prohibited discrimination” includes unlawful discrimination and that which is based on other protected classes defined by University regulations or policy. A violation of this Regulation may occur regardless of any finding of “unlawful” conduct, as the standards for finding a violation of this policy are independent.

B. Discrimination on the basis of sex in education programs and activities receiving federal financial funding as set forth in Title IX of the Education Amendments of 1972, as amended (“Title IX”), is included in this Regulation’s definition of prohibited discrimination. Discrimination on the basis of sex includes sexual violence, sexual battery, sexual harassment, domestic battery, dating violence, stalking and bullying (as defined below). Title IX prohibits sex discrimination in both the educational and employment settings. Sex discrimination is governed by the current University policy on prohibited sexual conduct.

C. For purposes of this Regulation, examples of prohibited conduct that fall into the definition of discrimination include, but are not limited to:

1. Disparity of treatment
   Disparate treatment occurs when an individual suffers less favorable treatment than others because of the protected status.

2. Disparate Impact
   Disparate impact occurs when an employment policy, although neutral on its face, adversely impacts persons in a protected status. Disparate treatment on the basis of a class not protected by federal, state or local law shall not constitute discrimination or harassment if such disparate treatment is required by federal or state law.

3. Retaliation
   Retaliation is adverse action taken against a person for engaging in protected activity. Examples of adverse action include: firing, denial of a promotion, lowering a grade, unjustified negative performance evaluations and reports, increased supervision or scrutiny, sudden enforcement of previously unenforced policies, exclusion from activities or privileges open to others, making critical comments about the protected activity to others, or any other action that would deter a reasonable person in the same circumstances from filing a complaint or engaging in protected activity.

D. For the purposes of this Regulation, examples of prohibited conduct that fall into the definition of harassment include, but are not limited to:

1. Verbal and/or physical conduct based on a protected characteristic that: (A) has the purpose or effect of creating an objectively intimidating, hostile or offensive work or educational environment; (B) has the purpose or effect of unreasonably interfering with an individual’s work or learning
1. Examples of the foregoing verbal and/or physical conduct that may constitute harassment could include making comments ("humorous" or "non-humorous") based on a protected characteristic, objectionable epithets/slurs, threatened or actual physical harm or abuse, the display of hostile symbols/objects, and other intimidating or insulting conduct directed against the individual because of their protected characteristic or Membership.

E. Sexual harassment, which includes acts of sexual violence and may include gender-based harassment, is a form of unlawful discrimination prohibited by Title VII, Title IX and other applicable laws. Sexual harassment can take the form of hostile environment harassment, or "quid pro quo" harassment.

1. Hostile Environment
   Hostile environment harassment exists when harassment has the purpose or effect of unreasonably interfering with a person's work or educational performance or participation in a university program or activity, or is sufficiently severe or pervasive to create an intimidating, hostile, or offensive work or educational environment.

2. Quid Pro Quo
   Quid pro quo harassment is established when submission or rejection of conduct is used, explicitly or implicitly, as the basis for decisions affecting an individual's education, employment, or participation in a University program or activity.

F. Gender-based harassment may be a form of sexual harassment prohibited under Title IX or other state or local laws. Gender-based harassment includes acts of verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

G. The definition of sexual harassment excludes the use of sexual material in a classroom setting for academic purposes.

III. Reporting Violations

A. EIC is responsible for administering the complaint and investigation process set forth in this Regulation.

1. In cases where the individual making an allegation that they have been subjected to conduct that violates this regulation ("Complainant") chooses not to file a formal complaint, EIC will take action it deems necessary, including but not limited to informing the alleged offender ("Respondent") of the concerns, and suggesting that the individual monitor and modify (if necessary) his/her behavior. All complaints, formal or informal, must be reported to EIC.

2. The EIC contact information is provided below:
   Equity, Inclusion and Compliance
   Florida Atlantic University
   Administration Building
B. In all cases in which a violation of Title IX is alleged against a University Community Member, the University shall provide notice to the Complainant of his/her rights as soon as possible after it receives notification of the alleged violation. For complaints involving allegations of student misconduct by a student, the Student Code of Conduct, Regulation 4.007, will govern.

1. The EIC Executive Director is the Title IX Coordinator for the University.
2. Individuals with questions or concerns about Title IX may contact the University’s Title IX Coordinator and may file a complaint directly with that office consistent with the procedures outlined herein.

C. Any University employee who believes he/she has been harassed, discriminated or retaliated against in violation of this Regulation should report the facts and circumstances thereof to the EIC Director, or in the alternative, may report to the appropriate Vice President or Provost, College Dean, or the Director of Human Resources, who in turn must notify the EIC Director.

D. Any student who believes he/she has been harassed or discriminated against in violation of this Regulation should report the facts and circumstances thereof to the EIC Director, or in the alternative, may report to a University Vice President or Provost, the Dean of Students, the Dean of his/her College, or to his/her Department Head, who in turn must notify the EIC Director.

E. Reports or allegations of an alleged violation of this Regulation will be processed upon the filing of a written complaint with EIC. The Director of EIC may process an alleged violation without a written complaint if deemed necessary by the Director and if enough information is available to conduct a responsible Investigation.

F. A complaint must be filed with EIC within one-hundred eighty (180) calendar days of the alleged act(s) of discrimination/harassment. EIC may process an alleged violation outside of this time limitation if deemed necessary by the Executive Director. The filing of a complaint under this Regulation is independent and does not preclude the Complainant from also filing a complaint with federal, state or local enforcement agencies. The filing of a complaint with EIC does not constitute a filing with, or have any effect on the filing time limitations of those external agencies. All Complainants are urged to contact these external agencies directly to learn the filing deadlines and procedures for each agency. Contact information for these agencies is available from the EIC office.

G. All complaints shall contain the name of the Complainant and state the nature of the act(s) complained of, including such details as the name of the alleged offender and the date(s) or approximate date(s) on which the offending act(s) occurred, the name(s) of any witnesses, and the desired resolution(s). Any portion of a complaint file that is exempt from public disclosure under the Florida Public Records law shall remain confidential to the extent permitted by law.
IV. Investigation of Complaints
   A. EIC shall investigate all complaints that contain enough information to allege prohibited discrimination or harassment. This investigation will include, but shall not be limited to, interviewing the alleged offender and the complainant. APPENDIX C: CLINICAL/FIELD EXPERIENCE

Field Experience
Many courses within the College of Education require a Field Experience component: https://www.fau.edu/education/students/oass/fieldexperience. Each county requires students to apply for security clearance and follow specific policies and procedures. In order to incorporate a field placement component into a particular course requirement, the university instructor must contact the Field Experience Director/Coordinator. These individuals assume the responsibilities as a liaison between the university and the school district offices. Field Placement arrangements must be processed through these offices. Students cannot assume placement arrangements privately and should not contact the School District Offices directly.
