About UIFI

The Undergraduate Interfraternity Institute is a five day institute, held at Indiana University, that brings together fraternity men and sorority women from across North America to create opportunities to explore, define, and enhance their leadership skills, personal awareness, commitment to their fraternity or sorority, and grow to expect values based action from themselves and those they lead. At UIFI, you will be given the skills to improve your own leadership abilities and positively affect your chapter, council, and community.

Participating in UIFI means that you are willing to talk about how fraternity and sorority leaders live their Ritual. It means having the courage, character, and commitment to do what is right and devise a plan to change the current direction of some fraternities and sororities. It means having a vision of positive change.

The institute is interactive, fun, challenging, and intentional. During a session, you'll experience hands-on interaction, experiential activities, discussion time, and personal reflection time. There is considerable focus on the positive aspects of fraternities and sororities in addition to important discussions about issues that threaten our future.
