The School of Business accepts exchange students nominated by its partner universities only. After being nominated by the home universities the students will receive a link to an online application form. Students are to provide a CV, a photo and a transcript of records as attachments. Once the application is completed and approved, the students will receive an official letter of acceptance. More information at into.aalto.fi > School of Business > Incoming Exchange Students website.

Application Deadlines
Autumn Term - Application of Admission (incl. housing): April 30th
Spring Term - Application of Admission (incl. housing): October 1st

Language Requirements
Although no official test records of English like TOEFL or IELTS are required, we expect nominated students to be proficient in English both in writing and in communicating in the classroom in order to fulfill the course assignments. The home institution verifies students’ proficiency prior to nominating them to Aalto. The expected level of English proficiency is equivalent to IELTS 6,5 (total) or TOEFL 92 (total).

Visa Requirements
Depending on the nationality and the length of stay, the student may need a visa or a residence permit. Students should immediately proceed with the visa/residence permit application after receiving the letter of acceptance as the process takes up to 6 weeks. Travel arrangements should only be made once the visa/residence permit has been issued. Information about Finnish consulates and embassies can be found at formin.finland.fi.

Orientation and Tutoring
Orientation days are organized at the beginning of each semester. Two local student tutors lead tutor groups of approximately 10 exchange students. The tutoring service is organized in close cooperation with the Student Association.

On Campus Services
Group training and gym are offered on both campuses by Unisport. Career Services offer career counselling, Aalto CareerWeb for vacant positions, workshops on CV writing and job hunting skills. And there is a campus wide wireless network available.

Benefits from the Student Union
Exchange students are entitled to join the Aalto University Student Union (AYY). The membership is well worthwhile and it translates into benefits (student health services) and discounts in transportation and student-priced meals in student cafeterias. The student union organizes many leisure time activities from parties to field trips, from sports to cultural activities. Visit ayy.fi/en/.

Health Insurance
By joining the Aalto University Student Union students are entitled to the services provided by the Student Health Service (YTHS). The service does not cover all medical costs, so international students are expected to have a medical insurance of their own. For some international students it is mandatory to have a medical insurance in order to get a residence permit in Finland.

Note!
Autumn term exchange students can experience the world class start-up event Slush by volunteering.
