FINLAND
Summer Term: Exchange Program
Aalto University School of Business
Mikkeli campus

The School of Business was established in 1911 and is ranked among the best in
Europe, providing students with a multidisciplinary, international learning
experience. The focus is on teaching through real life challenges, cases, and
consultancy projects. Finland has a low population density with 5.5 million
people. It is a high-tech country and best known for the world’s leading mobile
phone company, Nokia. Yet, there are still large areas of untouched nature –
Finland is 70% forest. Mikkeli is located in the largest Lake District in Europe
with lots of outdoor activities and endless summer days. For more information,
