Applicants who completed all or part of their education abroad are required to have their foreign credentials evaluated. Depending on the program, the evaluation required will be a “general” or a “course-by-course” evaluation with a grade point average from each institution attended. There are two options to have credentials evaluated. Option 1) Florida Atlantic University will evaluate transcripts internally. **Note:** Evaluations completed by FAU are only valid for FAU admission purposes. Transcripts must arrive in English 30 days prior to the application deadline for FAU to evaluate them internally. To find more information on internal evaluations, visit [fau.edu/graduate/applyonline/foreign-credential-evaluation.php](http://fau.edu/graduate/applyonline/foreign-credential-evaluation.php). Option 2) Choose an independent evaluating company who is a National Association of Credential Evaluation Services (NACES) member and send transcripts directly to the evaluating company. To find a NACES member, visit [naces.org/members.htm](http://naces.org/members.htm).

### Dorothy F. Schmidt College of Arts & Letters

Master of Music requires a course-by-course evaluation and GPA calculation. All degree programs require a general evaluation; GPA calculation is not necessary.

### Charles E. Schmidt College of Medicine

The Master of Science in Biomedical Science requires a course-by-course evaluation with GPA calculation.
