**COURSE REQUIREMENTS:**

2. **Develop a Classroom Management Plan:**
   Students will develop a classroom management plan that will be suitable for use in present or future settings. The plan should include the following elements:

   a. Statement of philosophy (i.e., education and discipline) that includes cultural considerations and behavior

   b. Overview of Classroom Organization
      1. Outline of Classroom routines: academic and nonacademic
2. Classroom management:
   - Classroom rules
   - Motivational Strategies (positive and negative consequences)
   - Transition Strategies

c. Communication: Description of strategies for communication with families.

NOTE: The Classroom Management Plan is the CRITICAL ASSIGNMENT for this course. The Florida Department of Education has identified a set of Accomplished Practices that are embedded in most ESE courses. Please read carefully the ESE departmental policy on Critical Assignments.

ESE Departmental Policy on CRITICAL ASSIGNMENT(S)

Assessment Criteria
A student must earn a minimum grade of 83% of the points allotted for the Critical Assignment to receive a passing grade in this course. In other words, a student cannot pass the course without successfully completing the critical assignment.

Remediation Policy
- If a student is passing the course, but has failed to pass the Critical Assignment with a minimum of 83% of the possible points for the assignment, the student will receive an “I” in the course until the Critical Assignment is successfully redone (only one attempt allowed). The conditions and time frame for the resubmission of the assignment will be determined by the instructor. However, the second attempt must be completed within one semester. Upon successful completion of the resubmitted assignment, the “I” will be changed to a grade for the course and the student may continue in the ESE sequence of courses. The original points earned for the initial attempt at the Critical Assignment will be used to calculate the final grade in the course. If the resubmitted Critical Assignment is not successfully passed, the grade for the course will be B- or below regardless of the total points earned in the course.
- If a student is not passing the course, and has failed to pass the Critical Assignment with a minimum of 83% of the possible points, the student will not be allowed to resubmit the Critical Assignment. The student will need to repeat the course and the Critical Assignment.

3. Functional Behavior Assessment: Conduct a functional behavior assessment on a child. Write a summary report.

4. Design a behavior intervention plan. Based on the functional behavior assessment, design an intervention plan based on positive behavioral interventions.

5. Please note: all work must be typed, double spaced, 12-point font with 1-inch margins for all written assignments.

Academic dishonesty is also destructive of the University community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see http://www.fau.edu/regulations/chapter4/4.001_Honor_Code.pdf.
