**FLORIDA ATLANTIC UNIVERSITY**

**Graduate Programs—NEW COURSE PROPOSAL**

<table>
<thead>
<tr>
<th>DEPARTMENT: MANAGEMENT PROGRAMS/ HEALTH ADMINISTRATION</th>
<th>COLLEGE: BUSINESS</th>
</tr>
</thead>
</table>

**Recommended Course Identification:**
- **PREFIX:** HSA
- **COURSE NUMBER:** 6127
- **LAB CODE** (L or C) ______

(To obtain a course number, contact pplanski@fau.edu)

**Complete Course Title:** MANAGED HEALTH CARE

**Effective Date**
- (First term course will be offered)
- **Spring 2013**

**Credits:** 3

**Grading (Select only one grading option):**
- Regular ______
- Satisfactory/Unsatisfactory ______

**Course Description, no more than 3 lines:**
This course provides an introduction to the field of managed care. Topics include the history and structure of managed care, contracting, state and federal regulations, utilization review, and disease management.

**Prerequisites:** None

**Corequisites:**

**Registration Controls (major, college, level):**

- *Prerequisites, corequisites and registration controls will be enforced for all course sections.*

**Minimum Qualifications Needed to Teach This Course:** (Graduate Faculty Member, Ph.D., or Doctoral Degree plus a minimum of 5 years work experience in healthcare).

Faculty contact, email and complete phone number:
Dr. Marlene Mahle, mbernal@fau.edu, 347-617-7778
Or
Dr. Dennis S. Palkon, dpalkon@fau.edu, 561-297-3208

Departments and/or colleges that might be affected by the new course must be consult and listed here. Please attach comments from each.

**Approved by:**
- Department Chair:
- College Curriculum Chair:
- College Dean:
- UGPC Chair:
- Graduate College Dean:
- UPS President:
- Provost:

**Date:** 1-28-13

**Attachment Checklist**
- *Written consent from all departments affected by new course*
Email this form and syllabus to UGPC@fau.edu one week before the University Graduate Programs Committee meeting so that materials may be viewed on the UGPC website prior to the meeting.

Subject: Approval for New Course Proposals-MHA Electives

Allen,

Please see the responses of approval below from the various departments. Let’s move forward on this. Much thanks...Dennis

Dear Dr. Palkon:

I am supporting your new course proposals. Our School of Public Administration does not offer health care administration. Actually these courses will complement our Ph.D. program as once a while our Ph.D. students select health care policy as their specialization.

I wish you luck with your new course proposals.

Khi V. Thai, Ph.D., Professor
Director, School of Public Administration & Interim Director, School of Criminology & Criminal Justice
Florida Atlantic University
Editor, Journal of Public Budgeting, Accounting & Financial Management
Editor, Journal of Public Procurement
Editor, International Journal of Organization Theory and Behavior

Hi Dennis

I have reviewed the syllabi for these two health care administration courses (Global Health Delivery and Managed Care) that we currently encourage our Nursing Administration students to take as electives. Neither one is duplicative of any course we offer in the College of Nursing. The feedback on both from our nursing graduate students has been very positive.

I am putting our Dean on this email for her information as you move these courses forward for approval. Let us know if we can be of any further assistance to you.

Rose C Sherman, RN, NEA-BC, FAAN

The College of Medicine has no objections to these courses.

David J. Bjorkman, M.D., M.S.P.H.
Dean and Professor
Charles E. Schmidt College of Medicine

Subject: New Course Proposals

Dear Drs. Sherman, Bjorkman, Harris, and Thai,

Attached are the new course proposal forms and syllabi for our MHA Program, namely Managed Care and Global Issues in Healthcare Delivery. These courses have been approved but need permission from your colleges and/or departments in order to be finalized and offered. Please feel free to contact me if you have any questions. A simple email stating your approval will suffice. Much thanks...Dr. Palkon

Office Hours
This is a 100% Web-based course and I do not have an office on campus. However, given the
distance learning mode of the course, office hours are Tuesdays from 6-8pm and I will be
available via telephone during those times, or other times by appointment. I am always
available via email: mbernal@fau.edu and I will get back to you in less than 24 hrs.

Course Description
This course provides an introduction to the field of managed care. Topics include the history and structure of managed care, contracting, state and federal regulations, utilization review, and disease management.

Course Prerequisites and Credit Hours
This a 3 hour credit course, there are no pre-requisites.

Course Learning Objectives
By the end of this course students will be able to:

• Describe the origins of managed care.
• Recognize the principle elements of control found in each type of managed care plan.
• Describe and discuss the most important functions of a board of directors in managed care organizations.
• Describe a typical credentialing process in managed care.
• Outline the key differences between different types of managed care reimbursement models.
• Outline the key advantages and disadvantages of the various managed care reimbursement systems for healthcare providers.
• Describe the key attributes of managing basic medical-surgical utilization and case management in different types of managed care plans.
• Describe and discuss the key attributes of managed care information systems.
• Discuss the purpose of benefits administration and claims adjudication within a managed care organization.
• Explain the basic goals of a member services department.
- Discuss how different managed care entities are accredited and regulated.
- Describe the basic forms of premium rates used by managed care organizations.
- Describe the relationship between managed care and government programs such as Medicare and Medicaid.

**Grading Scale**
A 96-100 / A- 90-95 / B+ 87-89 / B 84-86 / B- 80-83 / C+ 77-79 / C 74-76 /
C- 70-73 / D+ 67-69 / D 65-66 / F less than 65

**Course Evaluation Method**
Discussion Forums: 50%
Tests: 40%
Final Assignment/Paper 10%

**Additional Course Policies**

**Missing Exams/Assignments**
Missing exams will not be able to be made up. Exceptions may be made by the instructor with documentation of extreme circumstances.

**Attendance Policy**
This is a 100% Web course. Your attendance will be based on your login to the course and posting assignments.

**Netiquette Policy**
It is important to keep in mind that although we are in a “virtual” environment, we still need to interact properly with each other and maintain an appropriate level of etiquette. The term netiquette is used to refer to online etiquette. By following these rules you will improve the readability of your messages and you will help others handle the large volume of information in an online classroom:

- **Stay on topic.** While discussion is encouraged, rambling and tangential conversations do not make postings substantive and are not be conducive to a quality learning experience.
- **Use appropriate subject lines in your replies.** As a conversation evolves, it’s helpful to change the subject line of a threaded message to reflect the changing topic.
• Add multiple comments directly into messages in your replies. While a straightforward reply is usually appropriate, interspersing your comments throughout an original posting may be more effective if you wish to respond to multiple points. For example, interspersing ***multiple*** comments in the body of the original message ***like this*** increases the readability of a response that addresses various points.

• Avoid "I agree" and "Me, too!" messages. Spending time reading messages without substance can be frustrating for all parties.

• Avoid the use of all caps. (IT'S LIKE SHOUTING!) Use caps occasionally for strong emphasis, but only for individual words.

• Avoid writing errors, even when "talking" with one another. Messages in the Main forums can be at times conversational and informal. Nonetheless, you should check your spelling and grammar and write in an appropriate manner.

• Carefully choose the format for your messages. Long paragraphs are difficult to follow on-screen. As a general rule, limit each paragraph to five to seven lines. Avoid fonts that are difficult to read because of style, color, or size.

Anti-plagiarism Software
Written components of any assignment or project may be submitted to anti-plagiarism software to evaluate the originality of the work. Any students found to be submitting work that is not their own will be deemed in violation of the University's honor code discussed above.
Disability Policy Statement
In compliance with the Americans with Disabilities Act (ADA), students who require special accommodation due to a disability to properly execute coursework must register with the Office for Students with Disabilities (OSD) – in Boca Raton, SU 133, (561) 297-3880; in Davie, MOD 1, (954) 236-1222; in Jupiter, SR 117, (561) 799-8585; or, at the Treasure Coast, CO 128, (772) 873-3305 – and follow all OSD procedures.

Religious Accommodation Policy Statement
In accordance with rules of the Florida Board of Education and Florida law, students have the right to reasonable accommodations from the University in order to observe religious practices and beliefs with regard to admissions, registration, class attendance and the scheduling of examinations and work assignments. For further information, please see Academic Policies and Regulations.

University Approved Absence Policy Statement
In accordance with rules of the Florida Atlantic University, students have the right to reasonable accommodations to participate in University approved activities, including athletic or scholastics teams, musical and theatrical performances and debate activities. It is the student’s responsibility to notify the course instructor at least one week prior to missing any course assignment.

College of Business Minimum Grade Policy Statement
The minimum grade for College of Business requirements is a “C”. This includes all courses that are a part of the pre-business foundation, business core, and major program. In addition, courses that are used to satisfy the university’s Writing Across the Curriculum and Gordon Rule math requirements also have a minimum grade requirement of a “C”. Course syllabi give individualized information about grading as it pertains to the individual classes.

Incomplete Grade Policy Statement
A student who is passing a course, but has not completed all work due to exceptional circumstances, may, with consent of the instructor, temporarily receive a grade of incomplete (“I”). The assignment of the “I” grade is at the discretion of the instructor, but is allowed only if the student is passing the course.

The specific time required to make up an incomplete grade is at the discretion of the instructor. However, the College of Business policy on the resolution of incomplete grades requires that all work required to satisfy an incomplete (“I”) grade must be completed within a period of time not exceeding one calendar year from the assignment of the incomplete grade. After one calendar year, the incomplete grade automatically becomes a failing (“F”) grade.
Withdrawals
Any student who decides to drop is responsible for completing the proper paper work required to withdraw from the course.

Grade Appeal Process
A student may request a review of the final course grade when s/he believes that one of the following conditions apply:

- There was a computational or recording error in the grading.
- Non-academic criteria were applied in the grading process.
- There was a gross violation of the instructor's own grading system.

The procedures for a grade appeal may be found in Chapter 4 of the University Regulations.

Disruptive Behavior Policy Statement
Disruptive behavior is defined in the FAU Student Code of Conduct as "... activities which interfere with the educational mission within classroom." Students who behave in the classroom such that the educational experiences of other students and/or the instructor's course objectives are disrupted are subject to disciplinary action. Such behavior impedes students' ability to learn or an instructor's ability to teach. Disruptive behavior may include, but is not limited to: non-approved use of electronic devices (including cellular telephones); cursing or shouting at others in such a way as to be disruptive; or, other violations of an instructor's expectations for classroom conduct.

Faculty Rights and Responsibilities
Florida Atlantic University respects the right of instructors to teach and students to learn. Maintenance of these rights requires classroom conditions which do not impede their exercise. To ensure these rights, faculty members have the prerogative:

- To establish and implement academic standards
- To establish and enforce reasonable behavior standards in each class
- To refer disciplinary action to those students whose behavior may be judged to be disruptive under the Student Code of Conduct.
