# Graduate Programs—NEW COURSE PROPOSAL

**Department:** Biological Sciences  
**College:** College of Science

## Recommended Course Identification:

- **Prefix:** OCB  
- **Course Number:** 6266L  
- **Lab Code (L or C):** L

*(To obtain a course number, contact mjennings@fau.edu)*

**Complete Course Title:** Coral Reef Ecosystems Lab

**Credits:** 1

**Grading (Select only one grading option):** Regular **X** Satisfactory/Unsatisfactory

**Course Description, no more than three lines:** Field and laboratory based exploration of coral reef ecosystems focused on coral identification and underwater scientific methods for coral research.

**Prerequisites:** Demonstrated ability to swim/snorkel 400 yards continuously using a snorkel vest and Preferred but not required: open water scuba certification

**Corequisites:** Coral Reef Ecosystems

**Registration Controls (Major, College, Level):**

*Prerequisites, Corequisites and Registration Controls will be enforced for all course sections.*

**Minimum Qualifications Needed to Teach this Course:** Ph.D. in the relevant field

**Faculty Contact, Email and Complete Phone Number:**

Dr. Joshua Voss  
jvoss2@hboi.fau.edu  
(772) 242-2538

**Approved by:**

- Department Chair:  
- College Curriculum Chair:  
- College Dean:  
- UGPC Chair:  
- Graduate College Dean:  
- UFS President:  
- Provost:  

**Date:** 1/30/14  
2/10/14  
3/10/14  
2/26/14  
2/26/14

3. Consent from affected departments (attach if necessary)

Email this form and syllabus to UGPC@fau.edu one week before the University Graduate Programs Committee meeting so that materials may be viewed on the UGPC website prior to the meeting.

*FAUnewcourseGrad—Revised September 2013*
Course Syllabi for Coral Reef Ecosystems Lab

1. Course title/number, number of credit hours:
   Coral Reef Ecosystems Lab – OCB 6266L – 1 credit hour

2. Course prerequisites
   a. Corequisite: Coral Reef Ecosystems
   b. Demonstrated ability to swim/snorkel 400 yards continuously using a snorkel vest.
   c. Preferred but not required: open water scuba certification

3. Course logistics
   a. Term – Spring 2015, every other Spring thereafter
   b. Notation if online course – The course is not offered online.
   c. Class location and time (if classroom-based course) – To be determined

4. Instructor contact information
   a. Instructor’s name – Joshua Voss
   b. Office address – Harbor Branch Lab II, Room 121
   c. Office hours – To be determined
   d. Contact telephone number – office (772) 242-2538, fax (772) 468-0757
   e. E-mail address – jvoss2@hboi.fau.edu

5. TA contact information (if applicable)
   N/A

6. Course description
   Field and laboratory based exploration of coral reef ecosystems focused on
coral identification and underwater scientific methods for coral research.

7. Course objectives/student learning outcomes
   Students will be able to:
   a. Identify common coral reef species both in the field and lab, with emphasis on Florida and the Caribbean.
   b. Design and implement field surveys to assess coral reefs.
   c. Effectively use Coral Point Count to analyze photo and video survey images.

8. Course evaluation method
   Two practical exams, one in the laboratory and one in the water, will each account
   for 30% of the student’s cumulative performance. A group research project and
   presentation will account for 40% of the student’s cumulative performance. The
   overall grade in the course is derived from the cumulative performance according
to the following table.
9. Course grading scale (optional)

<table>
<thead>
<tr>
<th>Cumulative Performance</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>&gt;93%</td>
<td>A</td>
</tr>
<tr>
<td>&gt;90% - 93%</td>
<td>A-</td>
</tr>
<tr>
<td>&gt;87% - 90%</td>
<td>B+</td>
</tr>
<tr>
<td>&gt;83% - 87%</td>
<td>B</td>
</tr>
<tr>
<td>&gt;80% - 83%</td>
<td>B-</td>
</tr>
<tr>
<td>&gt;75% - 80%</td>
<td>C+</td>
</tr>
<tr>
<td>&gt;65% - 75%</td>
<td>C</td>
</tr>
<tr>
<td>&gt;60% - 65%</td>
<td>C-</td>
</tr>
<tr>
<td>&gt;57% - 60%</td>
<td>D+</td>
</tr>
<tr>
<td>&gt;53% - 57%</td>
<td>D</td>
</tr>
<tr>
<td>&gt;50% - 53%</td>
<td>D-</td>
</tr>
<tr>
<td>&lt;50%</td>
<td>F</td>
</tr>
</tbody>
</table>

10. Policy on makeup tests, late work, and incompletes

If a student cannot attend an exam or hand in a homework project on time due to circumstances beyond their control then the instructor may assign appropriate make-up work. Students will not be penalized for absences due to participation in University-approved activities, including athletic or scholastics teams, musical and theatrical performances, and debate activities. These students will be allowed to make up missed work without any reduction in the student's final course grade. Reasonable accommodation will also be made for students participating in a religious observance. Also, note that grades of Incomplete ("I") are reserved for students who are passing a course but have not completed all the required work because of exceptional circumstances. A grade of "I" will only be given under certain conditions and in accordance with the academic policies and regulations put forward in FAU's University Catalog. The student must show exceptional circumstances why requirements cannot be met. A request for an incomplete grade has to be made in writing with supporting documentation, where appropriate.

11. Special course requirements (if applicable)

This course will include an intensive field component at the Florida Keys Marine Laboratory to be completed during the week of spring break.

12. Classroom etiquette policy (if applicable)

University policy on the use of electronic devices states: "In order to enhance and maintain a productive atmosphere for education, personal communication devices, such as cellular telephones and pagers, are to be disabled in class sessions."

13. Disability policy statement

In compliance with the Americans with Disabilities Act (ADA), students who require special accommodation due to a disability to properly execute
coursework must register with the Office for Students with Disabilities (OSD) -- in Boca Raton, SU 133 (561-297-3880); in Davie, MOD 1 (954-236-1222); in Jupiter, SR 117 (561-799-8585); or at the Treasure Coast, CO 128 (772-873-3305) -- and follow all OSD procedures.

14. **Honor Code policy statement**

Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty, including cheating and plagiarism, is considered a serious breach of these ethical standards, because it interferes with the University mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the University community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see University Regulation 4.001 at http://www.fau.edu/regulations/chapter4/4.001 Honor_Code.pdf.

15. **Required texts/readings**

16. **Supplementary/recommended readings (optional)**

Selected articles to be provided from the journals *Coral Reefs, Marine Ecology Progress Series*, etc.

17. **Course topical outline**

<table>
