FLORIDA ATLANTIC UNIVERSITY

Graduate Programs—NEW COURSE PROPOSAL

DEPARTMENT: EXCEPTIONAL STUDENT EDUCATION

RECOMMENDED COURSE IDENTIFICATION:
PREFIX _EEX__

COURSE NUMBER 6_0_8

LAB CODE (L or C)

(TO OBTAIN A COURSE NUMBER, CONTACT mmalдонado@fau.edu)

COMPLETE COURSE TITLE: Ethics in Applied Behavior Analysis

CREDITS: 3

TEXTBOOK INFORMATION:

GRADING (SELECT ONLY ONE GRADING OPTION): REGULAR _X_ SATISFACTORY/UNSATISFACTORY ______

COURSE DESCRIPTION, NO MORE THAN THREE LINES:
The objective of this graduate course is to enhance understanding of ethical & legal issues behavior analysts face when working in the field. This course also aims to build capacity for correctly implementing behavior analytic procedures & equipping students with the skills & knowledge needed to become ethically & professionally skilled behavior analysts.

PREREQUISITES *:
EEX 5612, EEX 6602, EEX 6609, and EEX 6615 OR permission from the instructor

COREQUISITES*:

REGISTRATION CONTROLS (MAJOR, COLLEGE, LEVEL)*:

* PREREQUISITES, COREQUISITES AND REGISTRATION CONTROLS WILL BE ENFORCED FOR ALL COURSE SECTIONS.

MINIMUM QUALIFICATIONS NEEDED TO TEACH THIS COURSE:
MEMBER OF THE GRADUATE FACULTY OF FAU AND HAS A TERMINAL DEGREE IN THE SUBJECT AREA (OR A CLOSELY RELATED FIELD)

Faculty contact, email and complete phone number: Michael Brady; mbrady@fau.edu; 561-297-3281

Please consult and list departments that might be affected by the new course and attach comments. All Departments in the College of Education; comments attached

Approved by:
Department Chair: College Curriculum Chair:
College Dean: UGPC Chair:
Graduate College Dean: UFS President:
Provost:

Date: 2/10/15
3/11/15
3/16/15
3/25/15

3. Consent from affected departments (attach if necessary)

Email this form and syllabus to UGPC@fau.edu one week before the University Graduate Programs Committee meeting so that materials may be viewed on the UGPC website prior to the meeting.

FAUnewcourseGrad—Revised November 2014
The following feedback from department chairs shows no conflicts in COE departments for the proposed course EEX 6xxx Ethics in Applied Behavior Analysis.

I see no conflict with EDLRM. RS

(Robert Shockley: Educational Leadership & Research Methodology)

Mike,
No conflict for ESHP.
Mike

(Michael Whitehurst: Exercise Science and Health Promotion)

I see no conflict with Counselor Ed.

Paul

Sent from my iPhone

(Paul Peluso: Counselor Education Department)

I do not see a conflict.

Barbara

(Barbara Ridener: teaching & Learning Department)

Hi Mike - CCEI has no conflicts with the course. It looks interesting. Just a mere suggestion, but I wonder if ESE considered including some discussion of ethical decision-making frameworks? For example, deontological, utilitarian, ethic of care, Kohlberg, etc. In the field of medical ethics, something I'm more familiar with, discussion of ethical issues typically begins with some examination of moral theories.

All the best,
Emery

Dr. Emery J. Hyslop-Margison
Professor and Chair
Department of Curriculum, Culture and Educational Inquiry
College of Education
Florida Atlantic University
Boca Raton, FL 33431

Subject: New Course Proposal

The ESE Department is proposing a new graduate course called EEX 6xxx Ethics in Applied Behavior Analysis. The course meets a new external requirement in the ABA certification program offered by the Department. Would you please review the course and cover sheet (attached) and reply to this email with a statement whether the course would create a conflict with the courses or programs in your department? I would appreciate a response by Friday afternoon, Feb 13.

I appreciate your time and review.
MB

Michael P. Brady, PhD  
Professor & Chair  
Department of Exceptional Student Education  
Florida Atlantic University  
777 Glades Road  
Boca Raton, FL 33431

mbrady@fau.edu
The objective of this graduate course is to enhance understanding of ethical & legal issues behavior analysts often face when working in the field. This course also aims to build capacity for correctly implementing behavior analytic procedures & equipping students with the skills & knowledge needed to become ethically & professionally skilled behavior analysts.

PREREQUISITES: EEX 5612, EEX 6602, EEX 6609, and EEX 6615 OR permission from the instructor

COURSE CONNECTION TO CONCEPTUAL FRAMEWORK

The Department of Exceptional Student Education has been approved to offer an Approved Course Sequence (ACS) for the preparation of graduate students to meet the requirements to become a Board Certified Behavior Analyst (BCBA). These course requirements have now been expanded by the Behavior Analyst Certification Board (BACB) so as to call for dedicated content in ethics. This course is designed to meet and exceed the requirements of the BACB as put forward in the Coursework Requirements for BACB Credentials, 4th Edition Task List. Specifically, this course meets this requirement:

Course Content Requirements: A. Ethical and Professional Conduct

The content must be taught in one or more freestanding courses devoted to ethical and professional conduct. The content should be based on the BACB Professional Disciplinary and Ethical Standards and the BACB Guidelines for Responsible Conduct for Behavior Analysts.

REQUIRED TEXTS

**REQUIRED READINGS**

As other readings and/or articles are assigned, they will be provided via FAU library or FAU Blackboard.

**TECHNOLOGY**

Your FAU email address and MyFAU will be used extensively. If you have not already signed up for an FAU email, please do so.

Students will be required to access Blackboard in a variety of ways. These include, but aren’t limited to quizzes, discussion responses, and accessing class materials. While class will generally meet live on campus, there may be times it will be taught online. Students will have ample notice if class will be taught online.

**Critical Assignments, Live Text, and the COE Assessment System**

Many courses in the ESE Department contain Critical Assignments (CAs), and the Department requires that students demonstrate mastery in these CAs. For this course...
however, students do not need to purchase *Live Text* to track the CA. Students are advised that they might need to purchase *Live Text* for other courses in the College of Education or this Department.

**GUIDELINES USED IN DEVELOPING COURSE OBJECTIVES**

- **Behavior Analyst Task List-Fourth Edition**
- **BACB Guidelines for Responsible Conduct for Behavior Analysts – July 2010**
- **BACB Disciplinary and Ethical Standards** www.bacb.com/index.php?page=85
- Council for Exceptional Children. (2010). *Special educational professional ethical principles*. Reston, VA: Council for Exceptional Children. (see Appendix A)

**COURSE OBJECTIVES** (see Appendix A)

By the end of this semester, students will have demonstrated their ability to describe the BACB’s guidelines for professional conduct and ethical behavior in the following areas:

1. Apply knowledge of these principles to make decisions about ethical practice in applied situations. (C-01 – 03; D-02 – 04; D-15 – 21)

2. Discuss relevant ethical issues as they are depicted in various professional scenarios. (H-01; I-05, I-06)

3. Demonstrate knowledge of professional conduct and ethical behavior as it applies to personal practice and experience in the field. (E-04; F-01; K-01 – 06)

4. Understand how ABA research is to be conducted in an ethical manner and know the institutional and societal expectations for such practice. (A-08; K-07 – 10)

5. Describe the essential professional skills and strategies a behavior analyst must present when interacting with parents, clients, and related service providers. (G-01 – 08)

6. Identify and use evidence-based criteria for examining empirically-validated interventions. (B-02; J-02, J-04 – 10)

**COURSE CONTENT/OUTLINE**

- Responsible conduct of a behavior analyst
- The behavior analyst’s responsibility to clients and colleagues
- Assessing behavior in a responsible and complete manner
- The behavior analyst and the individual behavior change program
- The behavior analyst as teacher and /or supervisor

EEX 6608    Master Syllabus    March, 2015
• The behavior analyst and the workplace
• The behavior analyst’s ethical responsibility to the field of behavior analysis and society as a whole
• The behavior analyst and research
• The disciplinary and ethical standards and disciplinary procedures of the Behavior Analysis Certification Board
• Applying knowledge of ethics in ABA to decision making
• Essential professional skills for behavior analysts
• Using ABA to work with others, for self-management, and for increasing person productivity
• The behavior analyst as behavior trainer, coach, and mentor
• Systems for ensuring ethical practice in state funded behavioral services

COURSE REQUIREMENTS

1. Exams
   There will be 2 exams throughout the course, one midterm and one final exam. Exams will be comprehensive in that they will cover all material presented in the weeks prior. The midterm exam will focus on the content of the BCBA Guidelines and ethical dilemmas. The final will require students to respond to ethical scenarios with principle-based decisions. All exams will be multiple choice and short response and will be taken in class.

2. Readings
   Each week students will be responsible for completing the assigned readings. Required readings will include chapters from the textbooks, articles, and/or other materials. Students will be held accountable for the weekly reading through the online quizzes and discussions on Blackboard and in class.

   a. Online quizzes
      Each week, there will be a short online quiz on Blackboard. These quizzes will cover the information from the assigned readings and class discussions of that week. There will be a total of 10 multiple-choice questions per quiz. These quizzes are open-book/open-note quizzes, however they are timed. Therefore, you should read and review your materials prior to taking the quiz because there will not be enough time to look up every answer. The total amount of time allotted per quiz will equate to 2 minutes per question so students will have a total of 20 minutes to complete the quiz. Collaboration with others during the taking of the quiz is considered cheating and is prohibited. Quizzes will open after class and will close prior to the beginning of the next class. Please make sure you are aware of the due dates as deadlines are firm and no make-up quizzes will be allowed. You will only be provided access to the quiz once.
b. Discussion posts
Throughout the semester, there will be 5 discussion prompts posted on the discussion board of Blackboard. The prompts will be based on the reading and/or previous week’s discussion and may pose a question or provide a scenario. Students will be required to provide a well-constructed, high-quality response in the form a paragraph (containing 5 or more sentences). Responses will reference the core ethical principles outlined in the BACB Conduct Guidelines and Burch & Bailey textbooks. Responses should be a minimum of 1 paragraph and not exceed 3 paragraphs. A grading rubric is provided in Appendix B. Students are required to respond to at least 1 other post. Discussion posts cannot be made up and late responses will not be accepted. The discussion board will close when the due date expires.

3. Presentation
Each student will conduct 2 mini-lessons in which they present the content from 2 chapters in Bailey and Burch’s 25 Essential Skills and Strategies for the Professional Behavior Analyst. Students will prepare a Powerpoint for each of selected lessons, which are to be distributed to the class at the beginning of the mini-lesson. Students will include 3 behavioral objectives for the mini-lesson and turn this in with the Powerpoint for grading.

Instructor’s Choice:

4. BCBA interview
Students will conduct a face-to-face or phone interview of approximately 30 minutes with a BCBA or BCaBA to discuss one ethical and one professional issue that he/she may have encountered in his/her practice. Students should briefly describe each issue as shared by the BCBA or BCaBA then describe how you think the issues could have been handled based on your knowledge of ethics and professional behavior. Responses should be no longer than 3 pages and should be related to the BACB Conduct Guidelines and/or the Bailey & Burch (2011) textbook. This assignment is due midway through the semester, so it is strongly recommended that you contact your interviewee early in the semester. Students may not interview the same BCBA or BCaBA, therefore you will need to confirm with your interviewee that they have not already agreed to conduct the interview with someone else. Final interviews will be submitted through Blackboard.

OR

Observation of ethics forum and report
Each student will attach to visit one of two ethics forums:
(1) A meeting of the FAU Institutional Review Board or (2) a meeting of the Florida Agency for Personal with Disabilities, Local Review Committee for Behavioral Services. The instructor will facilitate with the chair of each forum and provide you with the requirements for your visit which may include a written pledge of keeping information acquired fully confidential. You will be asked to
submit a written report on the nature of the process observed while carefully NOT reporting any confidential information. The process includes things as the role of the persons in attendance, the procedures for reviewing information and data, procedures for intervention monitoring, and the nature of decision-making at the meeting. This report should not exceed two, double-spaced word-processed pages with 1-inch margins.

5. Participation
Active and meaningful participation is essential for this class. We will be discussing controversial topics related to ethics and making connections to how these areas relate and apply to our own field experiences. It is critical that students complete the readings prior to class so they are able to reflect and participate in these discussions. Of equal importance is valuing fellow classmates’ opinions and maintaining a safe learning environment, therefore it is expected that courteous and respectful behavior will be maintained during classroom discussion and in response to online posts. It is expected that students will appropriately manage their use of laptops and cell phones so as to respect the instructor and fellow classmates.

**ASSESSMENT PROCEDURES**

<table>
<thead>
<tr>
<th>Assignment</th>

*Points are subject to change due to academic calendar and syllabus adjustments*

**GRADING (ESE GRADING SCALE)**
Activity scores are cumulative and the grade scale represents percentage of total points earned.
A = 93-100  A- = 90-92  B+ = 87-89  B = 83-86
B- = 80-82  C+ = 77-79  C = 73-76  C- = 70-72
D+ = 67-69  D = 63-66  D- = 60-62  F = Below 60

**PROFESSIONAL ETHICS / POLICIES AND EXPECTATIONS**
Successful graduate students, and students pursuing certification as professional behavior analysts, are reflective decision-makers who practice ethical behavior during class and in the community. Professional demeanor is a firm expectation in FAU courses, and includes attendance, participation, and responsible attention to requirements and deadlines. Students

EEX 6608  Master Syllabus  March, 2015
are also expected to demonstrate a professional demeanor in the application of their behavioral practices and consultations with students, their families, and with other educators.

Audio or Video Recording Policy: Any student wishing to record any portion of class activity must first obtain the permission of the instructor. For students with disabilities, please provide documentation from the Office for Students with Disabilities if you are seeking an accommodation in this regard.

**POLICIES AND PROCEDURES**
To avoid learner confusion or disappointment, the following are assumptions and expectations for this course:

**University Attendance Policy:** Students are expected to attend all of their scheduled classes and to satisfy all academic objectives outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of nonattendance. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class.

**Course Policies:**
1. The course carries three (3) credits. Students are expected to complete course requirements sufficient to earn three credits during the time-span of the course.
2. Students are encouraged to talk with the instructor if there are concerns or problems relating to the course.
3. All **written assignments** must be typed, double-spaced with the name of the assignment. All assigned projects will be discussed in class and a format provided for each.
4. Due dates for assignments are provided in the course outline and will be enforced. Late submissions will not be accepted.

**Attendance Policy**
Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class. Reasonable accommodations are made for religious observances.

**Students With Disabilities:** In Compliance with the Americans with Disabilities Act (A.D.A.), students who require special accommodations due to a disability to properly execute coursework must register with the Office for Students with Disabilities (OSD) located in Boca – SU 133 (561-297-3880), in Davie – LA-203 (954-236-1222), or in Jupiter – SR 117 (561-799-8585) and follow all OSD procedures. The purpose of this office “is to provide reasonable accommodations to students with disabilities.” Students who require assistance should notify the professor immediately by submitting a letter from the Disabilities Office to your instructor requesting your need of specific
assistance. Without such letter, the instructor is not obligated to make any accommodations for students.

**Honor Code:** Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty, including cheating and plagiarism, is considered a serious breach of these ethical standards, because it interferes with the University mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the University community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see www.fau.edu/regulations/chapter4/4.001_Honor_Code.pdf.

EEX 6608  Master Syllabus  March, 2015
Appendix A

A. Measurement
A-08: Assess and interpret interobserver agreement.

B. Experimental Design
B-02: Review and interpret articles from the behavior-analytic literature

C. Behavior-Change Considerations
C-01: State and plan for the possible unwanted effects of reinforcement.
C-02: State and plan for the possible unwanted effects of punishment.
C-03: State and plan for the possible unwanted effects of extinction.

D. Fundamental Elements of Behavior Change
D-02: Use appropriate parameters and schedules of reinforcement.
D-03: Use prompts and prompt fading.
D-04: Use modeling and imitation training.
D-15: Identify punishers.
D-16: Use positive and negative punishment.
D-17: Use appropriate parameters and schedules of punishment.
D-18: Use extinction.
D-19: Use combinations of reinforcement with punishment and extinction.
D-20: Use response-independent (time-based) schedules of reinforcement (i.e., noncontingent reinforcement).
D-21: Use differential reinforcement (e.g., DRO, DRA, DRI, DRL, DRH).

E. Specific Behavior-Change Procedures
E-04: Use contingency contracting (i.e., behavioral contracts).

F. Behavior-Change Systems
F-01: Use self-management strategies.

G. Identification of the Problem
G-01: Review records and available data at the outset of the case.
G-02: Consider biological/medical variables that may be affecting the client.
G-03: Conduct a preliminary assessment of the client in order to identify the referral problem.
G-04: Explain behavioral concepts using nontechnical language.
G-05: Describe and explain behavior, including private events, in behavior-analytic (non-mentalistic) terms.
G-06: Provide behavior-analytic services in collaboration with others who support and/or provide services to one’s clients.
G-07: Practice within one’s limits of professional competence in applied behavior analysis, and obtain consultation, supervision, and training, or make referrals as necessary.

G-08: Identify and make environmental changes that reduce the need for behavior analysis services.

H. Measurement
H-01: Select a measurement system to obtain representative data given the dimensions of the behavior and the logistics of observing and recording.

I. Assessment
I-05: Organize, analyze, and interpret observed data.
I-06: Make recommendations regarding behaviors that must be established, maintained, increased or decreased.

J. Intervention
J-02: Identify potential interventions based on assessment results and the best available scientific evidence.
J-04: Select intervention strategies based on client preferences.
J-05: Select intervention strategies based on the client’s current repertoires.
J-06: Select intervention strategies based on supporting environments.
J-07: Select intervention strategies based on environmental and resource constraints.
J-08: Select intervention strategies based on the social validity of the intervention.
J-09: Identify and address practical and ethical considerations when using experimental designs to demonstrate treatment effectiveness.
J-10: When a behavior is to be decreased, select an acceptable alternative behavior to be established or increased.

K. Implementation, Management, and Supervision
K-01: Provide for ongoing documentation of behavioral services.
K-02: Identify the contingencies governing the behavior of those responsible for carrying out behavior-change procedures and design interventions accordingly.
K-03: Design and use competency-based training for persons who are responsible for carrying out behavioral assessment and behavior-change procedures.
K-04: Design and use effective performance monitoring and reinforcement systems.
K-05: Design and use systems for monitoring procedural integrity.
K-06: Provide supervision for behavior-change agent
K-07: Evaluate the effectiveness of the behavioral program.
K-08: Establish support for behavior-analytic services from direct and indirect consumers.
K-09: Secure the support of others to maintain the client’s behavioral repertoires in their natural environments.
K-10: Arrange for the orderly termination of services when they are no longer required.

Professional special educators are guided by the CEC professional ethical principles and practice standards in ways that respect the diverse characteristics and needs of individuals with exceptionalities and their families. They are committed to upholding and advancing the following principles:

A. Maintaining challenging expectations for individuals with exceptionalities to develop the highest possible learning outcomes and quality of life potential in ways that respect their dignity, culture, language, and background.

B. Maintaining a high level of professional competence and integrity and exercising professional judgment to benefit individuals with exceptionalities and their families.

C. Promoting meaningful and inclusive participation of individuals with exceptionalities in their schools and communities.

D. Practicing collegially with others who are providing services to individuals with exceptionalities.

E. Developing relationships with families based on mutual respect and actively involving families and individuals with exceptionalities in educational decision making.

F. Using evidence, instructional data, research and professional knowledge to inform practice.

G. Protecting and supporting the physical and psychological safety of individuals with exceptionalities.

H. Neither engaging in nor tolerating any practice that harms individuals with exceptionalities.

I. Practicing within the professional ethics, standards, and policies of CEC; upholding laws, regulations, and policies that influence professional practice; and advocating improvements in laws, regulations, and policies.

J. Advocating for professional conditions and resources that will improve learning outcomes of individuals with exceptionalities.

K. Engaging in the improvement of the profession through active participation in professional organizations.

L. Participating in the growth and dissemination of professional knowledge and skills.
