TRICK OR TREAT AT FAU

The Department of Housing and Residential Life, Resident Student Association, and resident students at the Boca Raton campus are gearing up for our annual Halloween Trick or Treat in Safety event. For the past four years, Housing and Residential Life in addition to numerous departments on campus has hosted between 300-500 children from our local after school programs, in a safe and traditional Halloween afternoon of trick-or-treating. We are asking for your help again this year. The event has been scheduled for Wednesday, October 31st from 2pm-5pm.

If you choose to sponsor a station, your responsibilities would include: decoration of the station, volunteers to staff the station for the duration of the event, and in keeping with the spirit of the event we ask that volunteers at the station wear a costume or mask. The Residence Life Office will supply you with the candy for distribution unless you would like to supply your own candy. If you would like to help us in making this event a success, please contact Matt Cameron, no later than Wednesday October 24th.

Please contact Matt Cameron, Resident Coordinator at ext.5003 or by e-mail at cameron@fau.edu

Cancer Awareness Forum

Zeta Phi Beta Sorority, Inc. & Phi Beta Sigma Fraternity, Inc. are co-hosting the "Know Your Body" Cancer Awareness Forum next week and would like to invite you all to attend. The program will focus on early detection of both breast & testicular cancers.

"Know Your Body" takes place on October 9, 2007 in the Majestic Palm Room. Start time is 7:20 p.m.

GREEK OF THE WEEK: STEVE SKEELS

Chapter:

- Alpha Tau Omega

Positions Held:

- Interfraternity Council President - 2007

- Alpha Tau Omega Chapter President - 2006

What is the most beneficial part of being in the FAU Greek Community?

- I've seen great benefit in the close ties that you can create with not only the members of your chapter, but with members of other chapters as well.

Favorite Leadership Quote?

- Progress occurs when courageous, skillful leaders seize the opportunity to change things for the better. - Harry Truman

DID YOU KNOW? Greek Life Research

Students who are not Greek worry that joining a Greek organization "will harm my grades." In fact, up to 40% of male and female students - Greeks and Independents - express concern about effects of Greek membership on academic performance.

Commentary

Each Greek organization needs to implement a non-flexible individual and chapter GPA requirement. The continued acceptance of individuals and chapters with sub-par academic achievement contributes nothing to the overall success of the Greek community.
