Dive into...
Ocean Science for a Better World®
Founded in 1971, Florida Atlantic University's Harbor Branch Oceanographic Institute is a research community of marine scientists, engineers, educators and other professionals focused on *Ocean Science for a Better World.*

**Research**

Our core research areas include: marine biomedicine and biotechnology, aquaculture, ocean exploration, ocean engineering and technology, marine botany, harmful algal blooms, marine ecosystem health, ocean dynamics and modeling, marine mammals, coral reefs and population biology and behavioral ecology.

**Education**

We are dedicated to fostering a deeper understanding and appreciation of the oceans and their impact on our lives. Offerings include FAU courses, postdoctoral fellowships, summer internships, public lectures, workshops and degree programs.

**Community Engagement**

We invite the public to share in our research through *Mission: Ocean Discovery,* which includes Immersion Tours, activities and programs at the Ocean Discovery Visitors’ Center, the Ocean Science Lecture Series, volunteer opportunities and special events.

**Donate Today**

We rely on private funding to maintain and expand our research, public programs and educational opportunities. Please make a full tax-deductible gift today. We are grateful for your support!
