This person will be the liaison between your team and the Homecoming Committee. The designated team captain must be in attendance at all homecoming meetings. If a team has more than one “team captain” then both must be on the application and be present at all meetings.

3 Inappropriate behavior, comments and/or attire during the parade may result in disqualification and or removal from the parade line up.

4 The maximum height for entries, including moving parts at any point is 13 feet high. This is measured from the ground to the top of the entry. Any entries exceeding 13 feet high from the ground and 9 feet wide by the time of lineup will be disqualified from the competition and pulled from the parade lineup.

5 The Homecoming Committee will be inspecting the floats the day of the parade to ensure that the safety requirements are met. A second follow up inspection will be performed at line-up on the day of the parade. All entries must pass inspection by the Homecoming Committee. The Homecoming Committee will assign time slots for inspection. Organizations should insure that every part of the float is secure. Items prohibited on floats or spirit cars include, but are not limited to: fires, live animals, smoke machines, dry ice, or explosives.

Violation of this rule may result in point deductions for the entire organization. We ask that all Organizations complete their floats by 8:30am on October 31 to and move the float out of the premises to the Parade line up site by no later than 9:00am.

9 Parade entries will be judged during the parade. The floats will be judged one at a time by the judges sitting in the Grand-Stand at a point on the parade route.
