RAs also receive a partial meal plan.
- The RA is expected to work an average of 10 hours per week. As a Resident Assistant, it is difficult to determine the exact hours for duties because you are both a student living on campus and a part-time staff member of the Department of Housing and Residential Life responsible for serving in a leadership and advisory capacity for the building assigned to you. This student position is a co-curricular, experiential learning opportunity for students designed to enhance the quality of the residential living experience. As such, all payments, stipends, credits and waivers received or made on your behalf are not construed to be compensation for "work" per se, but as a form of financial aid.
- RAs are selected to work for the Department of Housing and Residential Life, not for a specific area/building. Placement into a specific location is based upon a variety of factors. The Department of Housing and Residential Life reserves the right to change a position assignment at any time, if deemed necessary for the best interest of the Department.
