Re-contracting and Room Selection Process for the Fall 2016 – Spring 2017 year
Location, location, location
Live in the heart of campus and create memories and friendships for a lifetime.

Get INVOLVED
Students who live on campus have more opportunities to be involved in their campus community and make network connections for a lifetime. Studies show that students who are involved on campus are more likely to remain on track for graduation.
Why do we do re-contracting in November for the following fall semester?

• Priority to select your own living space for fall 2016 – spring 2017.

• Students who re-contract in November have 1st priority for a room change in the fall semester the week of January 25-29, 2016.

• Assignments are prioritized based on the date the housing contract has been completed. Early re-contracting puts you in front of new residents and new students.

• You may complete a contract at any time but you will not be able to select your own room after December 2.
