

Introduction: New Student Employee Form

Purpose

The New Student Employee Form is required to process the student as a student employee in the payroll system. Upon being hired for the first time by FAU, all students must come to Student Employment to complete a sign-in packet. This form will be brought, by the newly hired student, to the Student Employment Office (Building ADM 10, Room 102) with the appropriate documentation listed. Once the student employee completes the student employee package, the signed original copy of form is returned to the hiring department by the student.
