

FAU Employee Educational Textbook Stipend Policy

The textbook stipend/scholarship will provide selected employees currently using the FAU Employee Educational Scholarship Program (EESP) tuition for the same semester, a cash award based on established criteria and available funding. The award is designed to help offset the expenses associated with the purchase of required course textbooks. Ten (10) scholarships will be granted during each fall and spring semester with a cash value of up to \$250 each. This payment will be distributed to your student account through the Financial Aid Office.
