If you are injured on the job:

1. Notify your employer immediately to get the name of an approved physician. Workers’ comp insurance may not pay the medical bills if you don’t let the employer know you have been injured.

2. Remind the doctor and medical staff that you are covered under workers’ comp.

3. If you have any problems with your claim or suffer excessive delays in treatment, contact the Division of Workers’ Compensation at 1-800-342-1741.
