Alternate Estimated Cost of Living Expenses for International Students (2010 – 2011)

International students who have a sponsor or family residing in the U.S. and who plan to live off-campus with this sponsor/family member while attending FAU may request a lower estimate for living expenses. This lower/adjusted cost of living estimate is used for calculating the total estimated expense figures for the issuance of the I-20 or DS-2019. Please review the **Estimated Cost of Living Expense Form for International Students**. The family/sponsor must provide a notarized letter verifying that that s/he is able to provide room and board which is equivalent to the difference in U.S. dollars between the estimated cost of living for international students and the estimated cost of living for a student living at home with a family member. An international student may not serve as a sponsor to reduce living expenses for another international student. U.S. Citizens and Permanent Residents can fill out Form I-134 -- Affidavit of Support ([www.uscis.gov](http://www.uscis.gov) – forms section) instead of the letter of support.
