

Brainy DAYS

A CELEBRATION OF NEUROSCIENCE

FOR OUR COMMUNITY:

Date	Event	Speaker or Host	Location	Time
Friday, March 2	Brains and Bites: "Brain Health: From Childhood to Adulthood" Refreshments provided, RSVP to Bloutreach@fau.edu	Nicole Baganz, Ph.D.	College of Medicine, Rm 130; Boca Campus	12-1 PM
Sunday, March 4	Palm Beach Autism Speaks Walk act.autismspeaks.org/goto/Neurosquad	FAU Brain Institute Neurosquad	Meyer Amphitheatre, West Palm Beach	9 AM Registration 10 AM Walk
Thursday, March 15	Engaging Brains: Opportunities in Brain Education and Health	Neuroscience Student Organization (NSO)	SE Building, first floor foyer, Boca Campus	10 AM-2 PM
Monday, March 19	"The Opioid Crisis" www.fau.edu/osherjupiter/ "Scientists Tackling the Opioid Crisis" immediately following "The Opioid Crisis"	Lynn Hankes, Ph.D. Laura Bohn, Ph.D., Larry Toll, Ph.D., Janet Robishaw, Ph.D.	PC151, Osher LLI, Jupiter Campus	12-1:30 PM 1:45-3 PM
Tuesday, March 20	"Is it a Quirk or a Personality Disorder?" www.fau.edu/osherjupiter/	Bert Diamant, Ph.D.	Osher LLI Auditorium, Jupiter Campus	7-8:30 PM
Friday, March 23	Brains and Bites: "Can a Mouse have ADHD, and How Would We Know if it Did?" Refreshments provided, RSVP to Bloutreach@fau.edu	Randy Blakely, Ph.D.	Physical Science Building, PS226 Boca Campus	12-1 PM
Wednesday, March 28	Illuminating Alzheimer's Disease and Dementia	Melissa E. Murray, Ph.D. Jim Galvin, Ph.D.	AD119, Wilkes Honors College, Jupiter Campus	2-3 PM
Friday, March 30	Brains and Bites: "What is Different about the Autistic Brain, and Can we Treat it?" Refreshments provided, RSVP to Bloutreach@fau.edu	Gavin Rumbaugh, Ph.D.	PC151, Osher LLI, Jupiter Campus	12-1 PM
Saturday, March 31	"Brain Blitz" hands-on brain fun for kids	FAU Brain Institute, ASCEND Program	South Florida Science Center and Aquarium Museum, Stiles-Nicolson STEM Education Center, West Palm Beach	10 AM-2 PM

FOR NEUROSCIENTISTS:

Thursday, March 1	Special Neuroscience Seminar, "Of Mice and Men... and Worms: Regulators of Neuronal Plasticity and Neurodegeneration"	Asim Beg, Ph.D.	MC17, Rm 119, Jupiter Campus	12-1 PM
Tuesday, March 6	Tri-institutional Postdoc Symposium (TIPS)	Audrey Bonnan, Ph.D., Nathaniel Noyes, Ph.D.	MC17, Rm 119, Jupiter Campus	4-5 PM
Friday, March 9	Brainy Days Keynote Lecture, "Receptors, Synapses and Memories"	Richard Haganir, Ph.D.	Scripps Fink Auditorium, Jupiter Campus	4 PM
Tuesday, March 13	FAU Neuroscience Seminar, "MMP-9, an Extracellular Protease at the Synapse: Linking Brain to Mind"	Leszek Kaczmarek, Ph.D.	MC17, Rm 119, Jupiter Campus	4 PM
Tuesday, March 20	FAU Neuroscience Seminar, "Network Inhibition Hypothesis: Depressed Subcortical Function in Seizures"	Hal Blumenfeld, Ph.D.	College of Medicine, BC-17, Rm 126, Boca Campus	4-5 PM
Friday, March 30	College of Medicine Distinguished Lecture Series, "A Novel Cognitive Stress Test, Brain Biomarkers and Early Detection of Preclinical Alzheimer's Disease"	David Loewenstein, Ph.D.	College of Medicine, Rm 130, Boca Campus	4 PM
