

# FAU's New Wireless Network

Register your MAC address once to connect to the network and never have to log in again. You can also add additional wireless devices (see below).

## Connect to the New FAU Wireless Network

1. Connect to the **fau** wireless network from your wireless device (e.g., laptop or mobile device).
2. The first time you open up a browser you will be redirected to the FAUNet ID Central Authentication Service.
3. Enter your FAUNet ID and password and click LOGIN.

The screenshot shows the FAU NetID Central Authentication Service login page. At the top, the FAU logo and "FLORIDA ATLANTIC UNIVERSITY" are displayed. The page is divided into several sections:

- Related Sites:** Links to Florida Atlantic University, Information Resource Management, MyFAU, and Support.
- Support Information:** Links to Information Resource Management, How do I get an FAUNet ID?, and What is my FAUNet ID?.
- Computer Support:** Provides contact information: URL: www.fau.edu/helpdesk, phone: (561) 297-3999, toll-free: (866) 885-8325.
- System Maintenance:** States that IRM performs system maintenance Thursdays 3:00 a.m. - 7:00 a.m. and that supported systems may be unavailable during this time.
- FAUNet ID Central Authentication Service:** Features a login form with fields for "FAUNet ID:" and "Password:", each with a help icon. Below the fields are "LOGIN" and "CLEAR" buttons. To the right of the form is a photo of three smiling women.
- Security:** Includes a checkbox labeled "Warn me before logging me into other sites."

4. Enter a name for your device (ex: Joe's laptop). The MAC address should automatically appear in the box.
5. Accept the Use Policy and then click Register Device.

The screenshot shows the Talon Device Registration System page. At the top, the FAU logo and "FLORIDA ATLANTIC UNIVERSITY" are displayed. The page is divided into several sections:

- Menu:** Shows "You are logged on as: Username" and a "Logout" link.
- Talon Device Registration System:** Features a form with the following fields:
  - "Enter your device name here" with a text input field containing "My Laptop".
  - "Device Name:" followed by the input field.
  - "MAC Address:" followed by the text "00:fa:u2:3u:12:e8".
  - A link: "Click here to read our Acceptable Use Policy".
  - A checkbox labeled "I agree to the Acceptable Use Policy above:" which is checked.
  - A "Register Device" button.

6. You have successfully added/registered your wireless device!

**\*\* Very Important\*\*** In order for the settings to take effect properly, please turn your wireless connection off and on or reboot your device. Make sure you are on the **fau** network to accept the new network settings.

**Wireless Authentication Successful!**

Please turn the wireless feature on your device off and on to receive your new connection settings. If you are uncertain how to do this, you may also restart the device to receive your new connection settings.

After successfully reconnecting you may view your registered devices at:  
<https://talon.fau.edu/netreg>.

7. After your device has received its new network setting you should be able to browse the Internet without being prompted to log in.

---

### Manually Add Additional Wireless Devices

1. Go to <https://talon.fau.edu/netreg> and log in.
2. Click on Enter New Device.

**Device Registration System**

My Registered Devices

Status	MAC Address	Device Name	Edit	Remove
● = Enabled ● = Disabled				

3. Enter the Device Name (ex: Joe's Xbox) and the MAC Address of the wireless device.

**Device Registration System**

Add your device here

Device Name:

MAC Address:

[Click here to read our Acceptable Use Policy](#)

**I agree to the Acceptable Use Policy above**

[Return to Previous Page](#)

4. Accept the Acceptable Use Policy and click Register Device.
5. You have successfully added/registered an additional wireless device!

For further wireless information please visit <http://www.fau.edu/oit/wireless/> or submit a ticket via our online Help Desk <http://helpdesk.fau.edu>.
