

So Simple

As

Tea

If you're still struggling
just imagine a cup of tea...

Mutual

Just because you're in the mood to
make it doesn't mean they're in the
mood to drink it

Informed

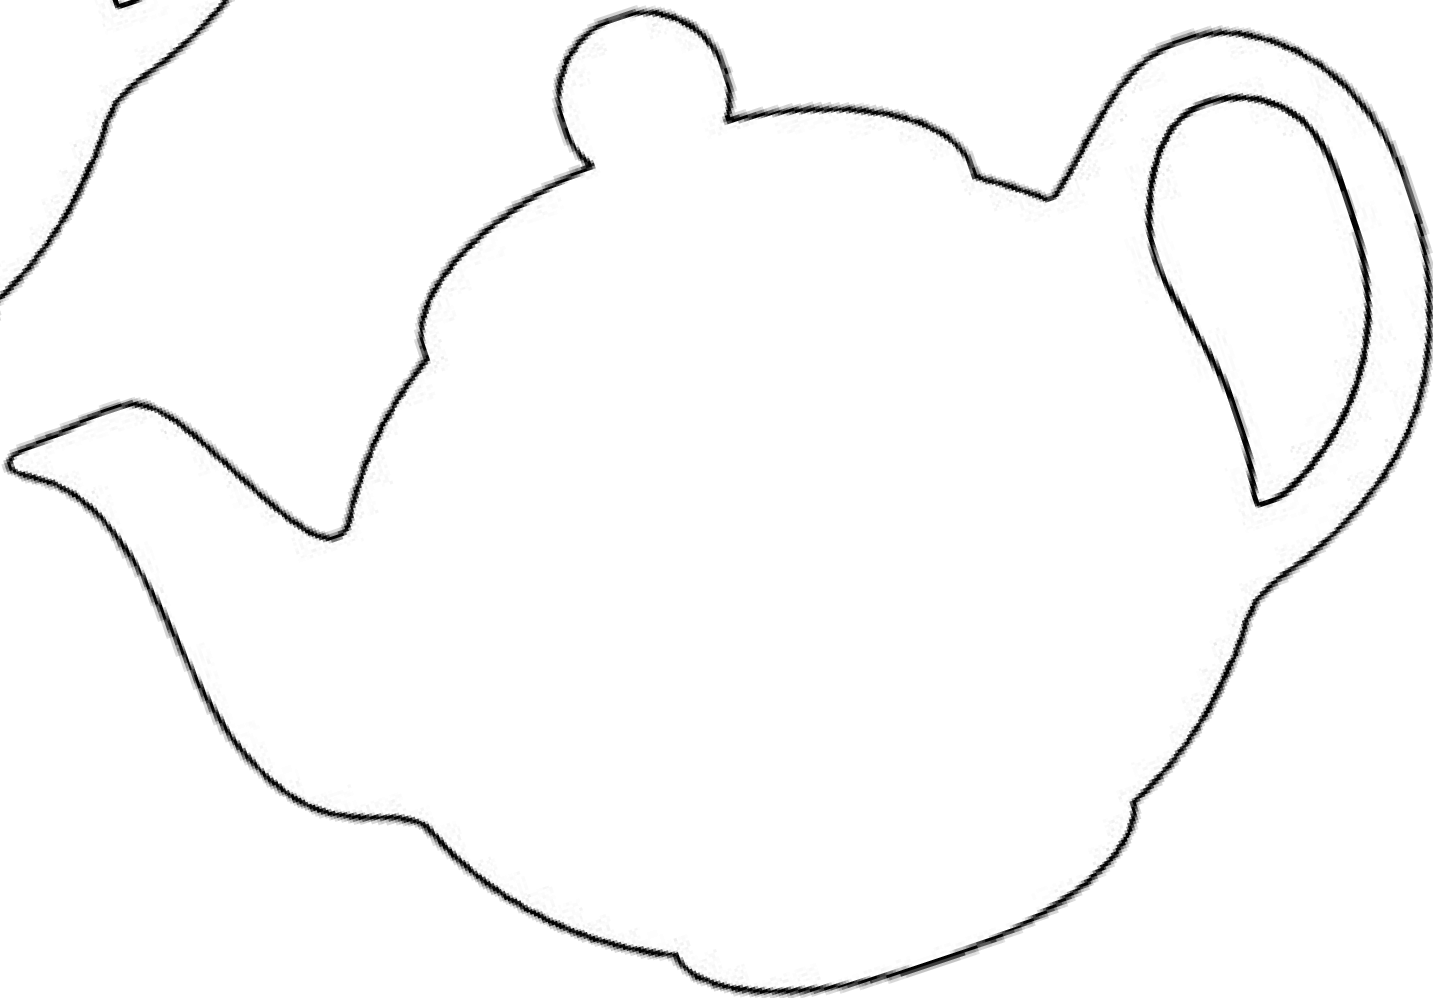

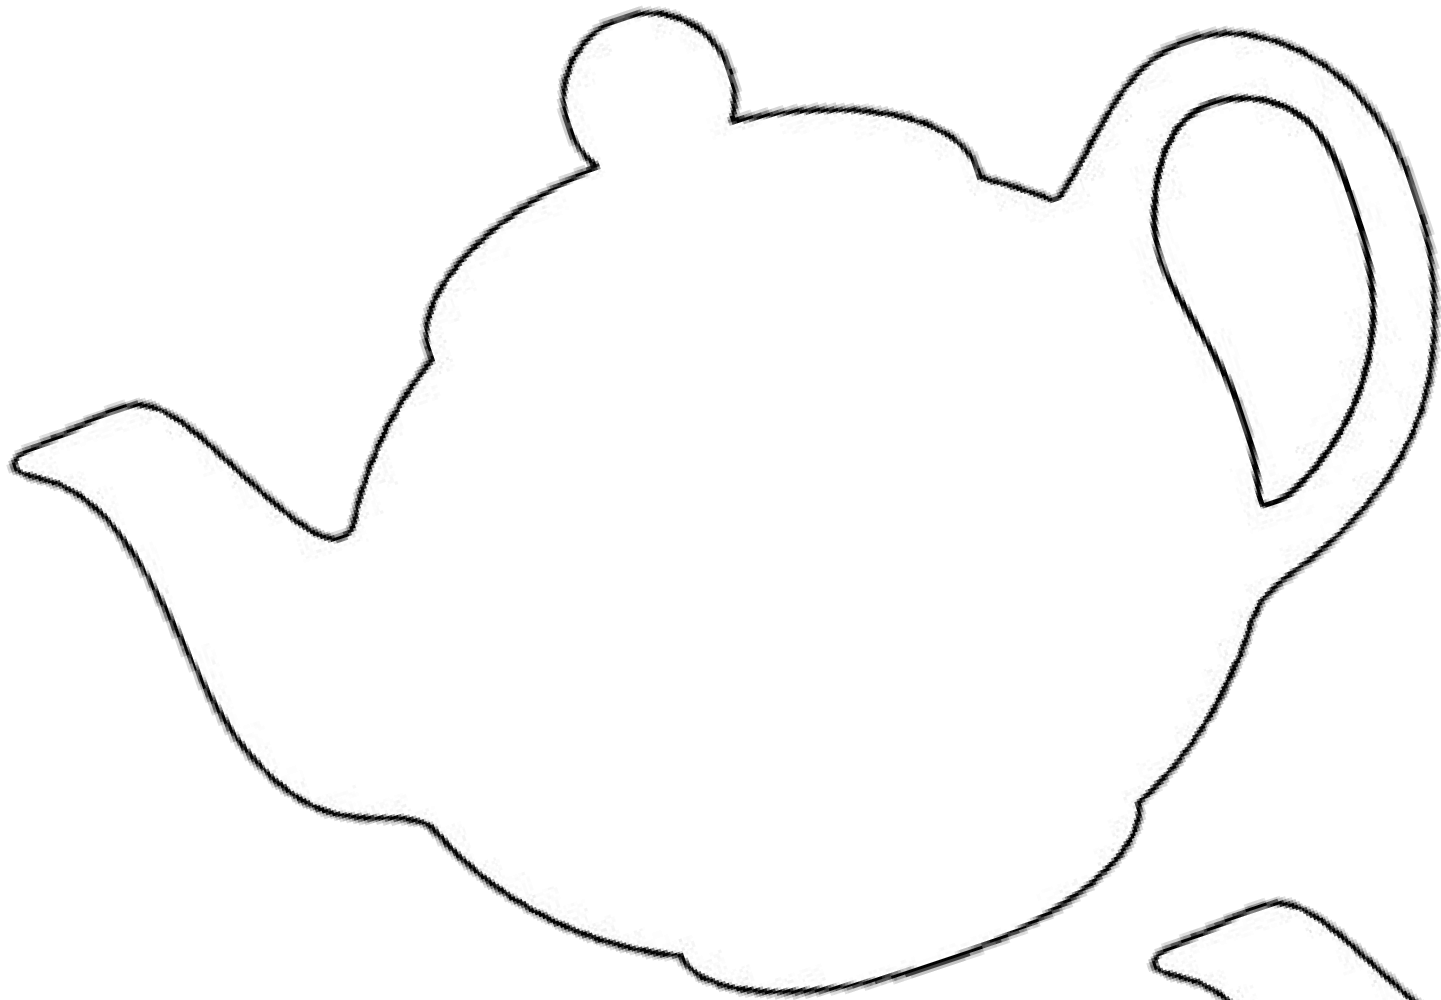

If someone invites you over to make a hot beverage, don't assume they want tea

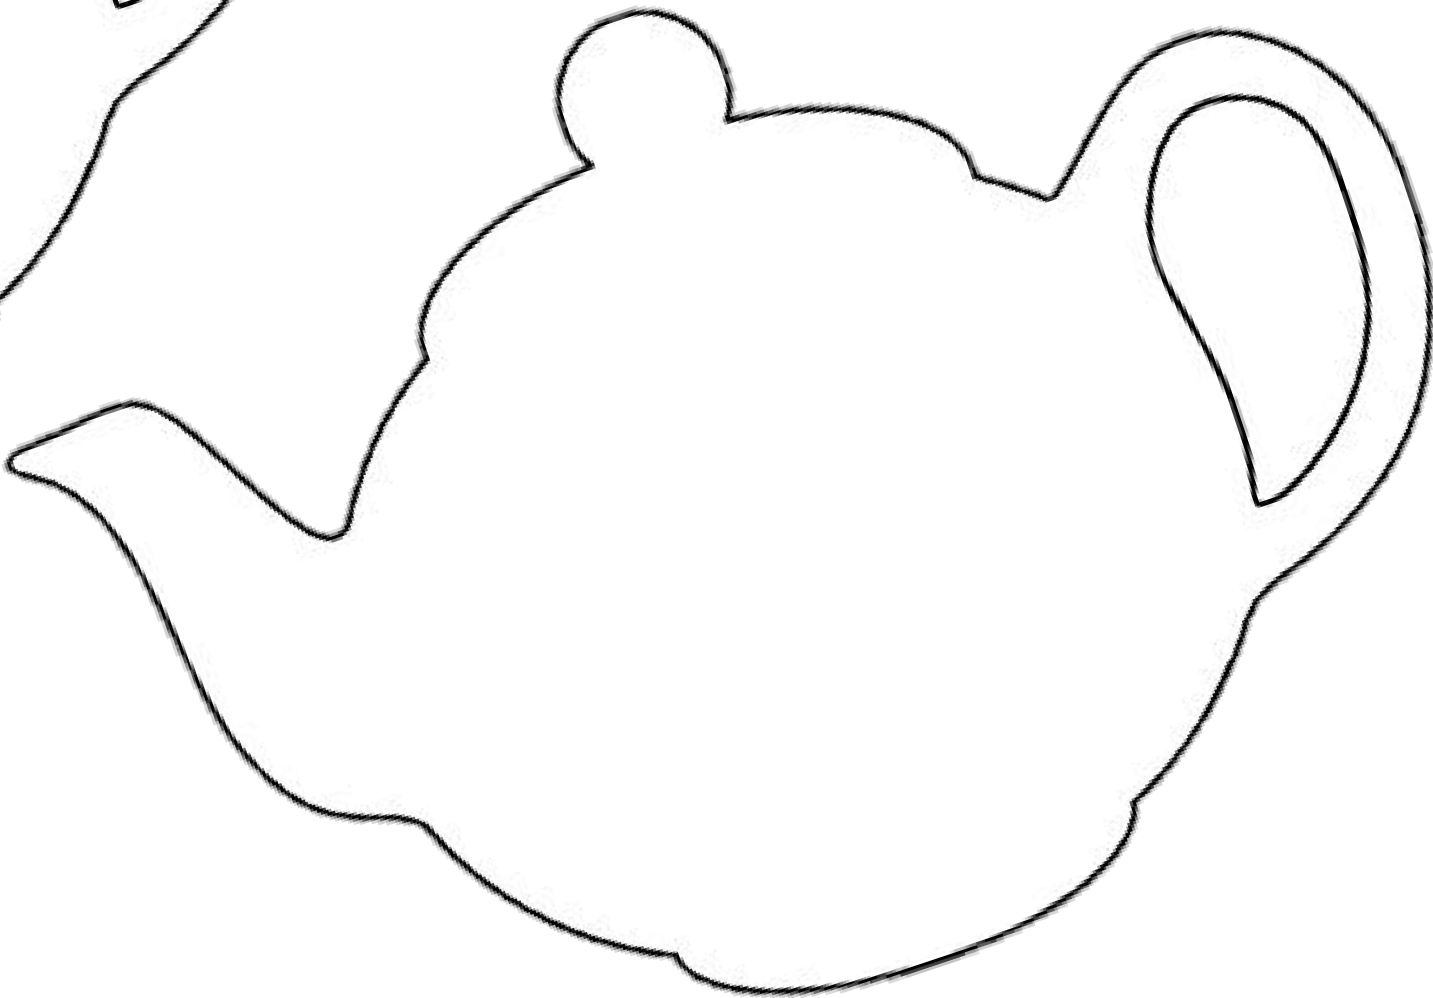

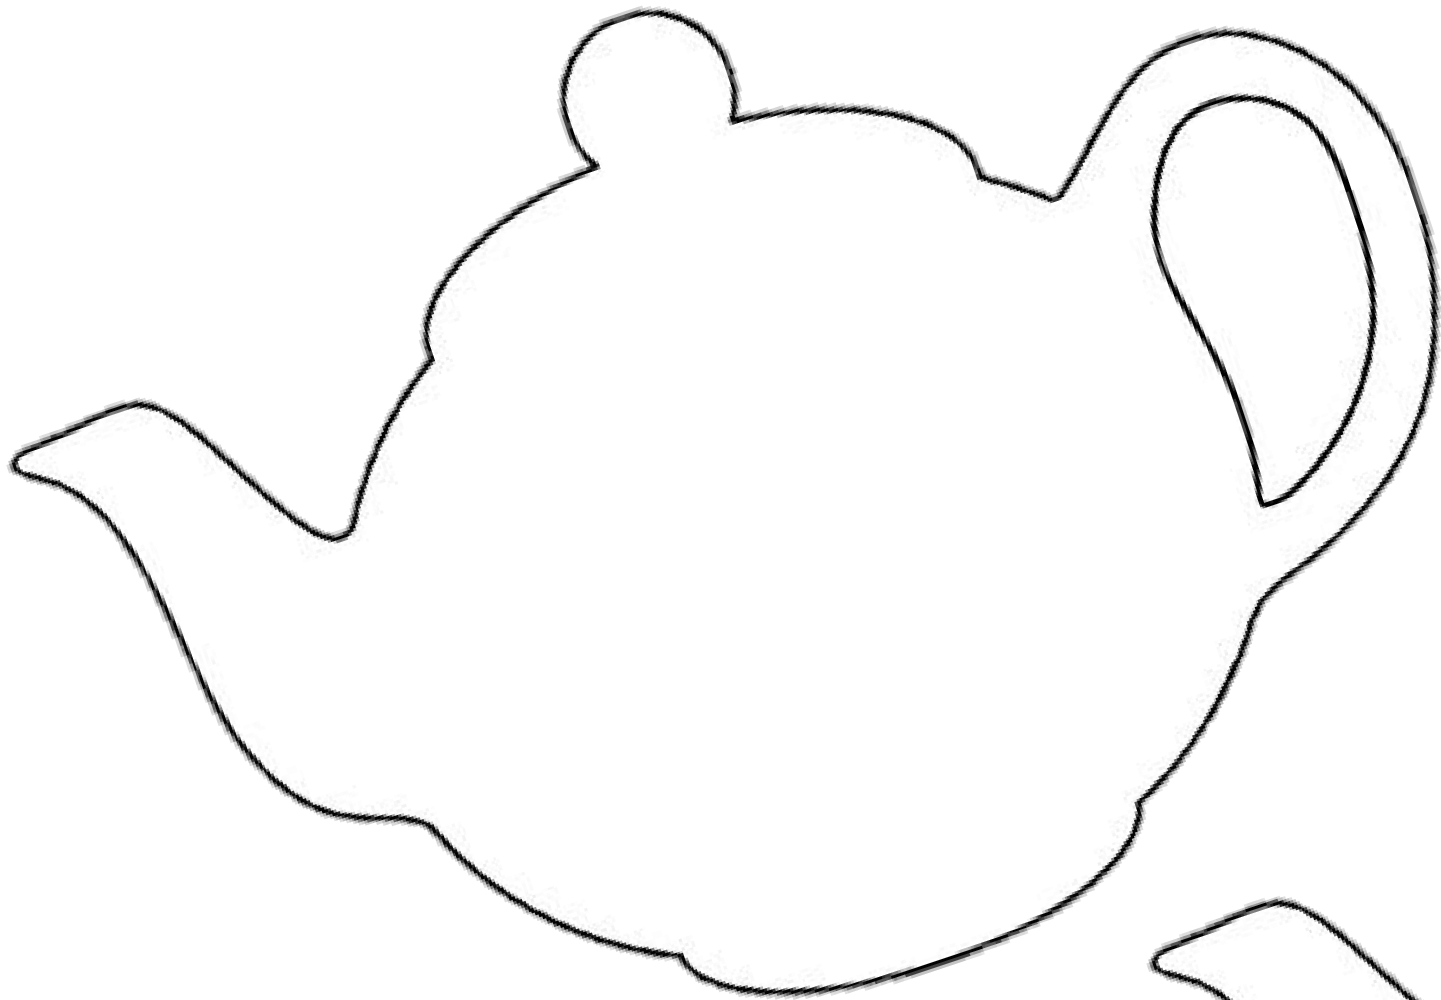

Ongoing

If someone wants tea on Monday,
they don't automatically want to on
Saturday...or any day after that

Sober

If someone is passed out from drugs or alcohol, make sure they are safe and **DON'T MAKE THEM DRINK TEA**

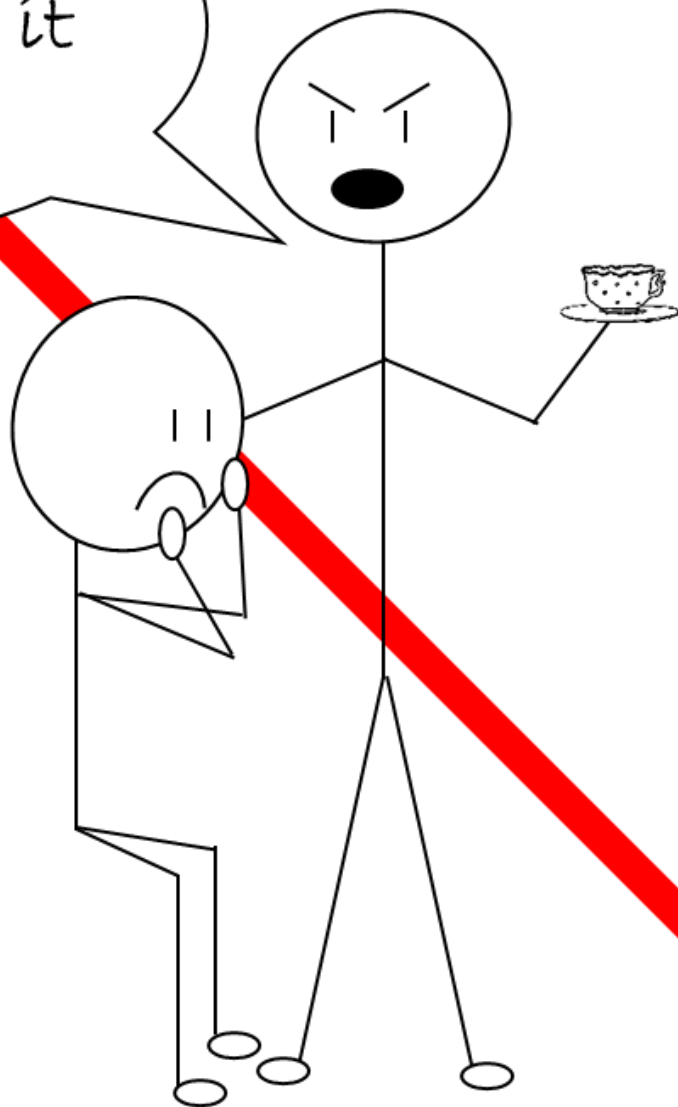

Consent is NOT

Intimidation

You drink this
tea or I'll splash it
in your face!

Blaming

If you don't drink my
tea, I will tell everyone
your homemade cookies
are store bought.

Blackmail

Consent is

THING
