FAUPD presents the Tip of the Month!

TRAVEL SAFETY!

BEFORE YOU GO - Ensure you have your identification & required documentation. Keep copies of originals just in case something is lost or stolen. Bring a map as a backup to your phone or GPS.

PREPARING TO LEAVE - Make sure a friend or relative has your contact info & that you have theirs. Familiarize yourself with your area of travel, especially if you're travelling out of the country.

TRAVELLING - Keep your personal property with you at all times. If you're driving, do not text or drive under the influence! Let a friend or relative know when you leave & arrive at your destination!
