Whether you decide to head home for Spring Break, or stay and enjoy the Florida weather, we encourage you to kick back, relax, and have fun, but safely and responsibly!

- **Be aware of your surroundings** - Protect your valuables and be aware of what’s going on around you. Immediately report suspicious activity to law enforcement and use the buddy system - It works!
- **Limit alcohol consumption** - Excessive alcohol consumption can be extremely dangerous, especially when combined with sun exposure and physical activity. Know your limitations, set a limit, and pace yourself!
- **Don't Drink and Drive** - Drinking and driving is not only dangerous, it brings with it serious legal and financial consequences. Have a designated driver or use a taxi or ride sharing service. It’s not worth it.
- **Avoid prolonged exposure to the sun** - Too much exposure to the sun can lead to dehydration, sunburn, and other heat related injuries. Drink plenty of water throughout the day and wear sunscreen!
