Crime Prevention Presentation Request

The Florida Atlantic University Police Departments principle is that we would much rather prevent crimes from occurring than react to them after the fact. A primary vehicle for accomplishing this goal is the University's comprehensive crime prevention program. The Crime Prevention Programs of the Florida Atlantic University Police Department are based upon the dual concepts of eliminating or minimizing criminal opportunities whenever possible, and encouraging students and employees to be responsible for their own security and the security of others.

If you or your group is interested in having a representative of the University Police speak to you or your organization, please complete the form below. Once completed, please submit the form via fax, e-mail, or U.S. Mail no less than thirty (30) days prior to scheduled day(s).

Incomplete applications or applications received less than thirty (30) days prior to scheduled day(s) may adversely affect our efforts to fulfill the request.
